SECURITY COMPANY FIGHTS

Files Objections to Attitude of Receiver Freeman Reed.

SUIT FOR DAMAGE RESULTS

Stockholders Declare They Have Sustained Heavy Damages as Result of Suit that Started Whole Procedure.

Harry M. Brown, clerk of the district court, and his force of deputies, were kept busy for a while yesterday afternoon receiving and filing motions, objections, answers and other legal processes in connection with the affairs of the lawa Security company, the holding company organized and conducted in connection with the Mutual Lafe Insurance company, which suddenly moved its offices to Des Moines in January.

The first filing was a motion to dismiss the suit instituted by Victor Laustrup, another was an application for the removal of Attorney J. J. Hess as counsel for Freeman L. Reed, the temporary others related to objections to the report filed Monday evening by Receiver Reed. The final filing came just before the office closed and was in the shape of a suit for \$17,500 damages against Hess and Laustrup and the insurance company for which Laustrup is acting agent.

All of the documents were very volumnous. The motion to dismiss the suit of Laustrup and discharge the receiver

Allegation of Threat.

The allegation is made that he acquired The allegation is made that he acquired the \$500 of stock in the Security company on December 19 and had it transferred on December 19 and had it transferred on December 30, and that on January 14 he demanded of the company to buy his stock or he would throw the company into the hands of a receiver, and that the company caused an offer to be made to him, but it was refused. The Security company says it later secured security company says it later secured securities on the Laustrup stock, which an option on the Laustrup stock, which he refused to honor and that he is now asking \$1,165 for his \$500 block of stock in addition to all costs of his suit. The company alleges that there has been no company alleges that there has been no mismanagement of its uffairs before or since the suit; that it is not insolvent and has no debts that cannot be paid it is permitted to manage its own business as week ago.

An Omana man, who gave the manage it reached the place with its double chemics; tanks. Streams from both quickly extinguished the flames without amaging the rest of the house. The loss was thus nominal. The building was owned by M. Marcus. ness; that stockholders had knowledge all along that all money they invested was spent in acquiring commissions, "and in the very nature of the business there could not be tangible realizeable assets to the amount of their investments." Attacks Receiver.

is that he is prejudiced and is acting in bad faith as attorney for the plaintiff out and slashed and entirely ruined. and for the receiver, and Receiver Reed

"incompetent." All of these allegations are again covered in the specific application for the removal of Attorney Hess as counsel for the receiver, although he was appointed by Judge Thornell after the latter had heard all the evidence in the Laustrup is claimed, renders him unfit counsel for

The objections to the report of the receiver are equally lengthy. The report la characterized as unfair and cannot be based on the records. The allegation is that Receiver Reed did not go into the company's affairs and consequently could not make a fair report; that he has been guided by the advice of Heas and had stated to various persons that he had not had time to go into the records and make a report, and that the report of M: D. Thomas, who has acted as auditor of the company for the last two years, would be his report; that the receiver has in his possession records which he is using as a basis for criminal action against ofanimosity, and is being actuated by personal feeling to the detriment of the stockholders

It is alleged that the receiver has no knowledge of the insurance business and is misleading the court for the purpose of continuing the receivership so that he and his attorney can receive big fees.

In addition to the general allegation that Receiver Reed "is wholly incompet ent." it is alleged the report is not in accord with the representations made to

Lindsey returned from Des Moines yes-terday where they went to bring back George Potter and William Gwens, two Bluffs youths who were picked up there in the Rock Island yards while trying to beat their way to Chicago. Both lais have been charged with the theft of a bag of sugar from a Milwaukee freight car. There is doubt, however, about the culpability of the Owens boy and an investigation in juvenile court will prob-ably exonerate him.

ably exonerate him.

The funeral of Mary Caster, 72 years old, was held yeaterday afternoon at the farm home near Underwood. The body was buried in the private burial ground on the farm where she had lived for thirty-three years. The services were conducted by Rev. Joshua Carlisle and were largely attended. The music was furnished by ida Darrington and Vills Klopping. The palibearers were Peter Matheson, Henry P. Shields, William Geise, z. L. Boones, M. J. Hanniphan and A. G. Klopping, all life long friends.

and A. G. Klopping, all life long friends.

ou T. Genung was in the city last evening, returning to his home in Gienwood, after spending several days at Avoca defending his brother lawyer, Frank Shinr of Carson, in the \$3,000 libel suits that had been instituted against him by Supervisors W. C. Children and George Darrington, growing out of the hot fight that was made on the republican members of the county board prior to the election last fall, and which resulted in the defeat of both. The case was tried in the Avoca branch of the district court and was based upon a circular letter which Lawyer Shinn published in the Carson papers and then had printed in half sheet form and scattered well over the country. It was largely based on discussion of the board's action in the famous Nishnabotna ditch. After consuming two days and after all

Bursting Bottle May Cause Total Blindness

Fred Borts, an employe at the wholesale grocery house of Groneweg & Schoentgen, is in Mercy hospital suffering from injuries that may cause his total blindness. Many years ago he lost the sight of one eye. Yesterday while burning some rubbish he had raked together a bottle, partly filled with water or some other fluid, was drawn into the fire. It was tightly corked and when a heavy steam pressure was generated it burst, sending broken glass in all directions. A splinter of the glass struck him in the sound eye, inflicting a dangerous injury. He was hurried to the hospital and the services of Drs. Dean and Henninger called. It is feared that the injury cannot be overcome. Bortz is about 35 years old and is unmarried.

Study the Quality of an automobile. Then consider price.

Marion cars are for discerning buyers

Human

lives are

trusted

to cars

Marion cars are seeking that class of farmers and stockmen who have made a success of their business by making it their chief concern to consider the seeds they sow-the buds they propagatethe pedigree and lineage of each animal selected. In short, the specifications from which they expect definite results.

How many have thus considered a Motor Car?-a vehicle to which they commit their lives and those of their family. To all who have invested with this foresight there is but one answer-they are satisfied customers and users of cars. To that class which has let price be the ruling consideration the answer is different.

A good car, at a Fair price.

good car, in common with good quality farm products and live stock, commands a fair price. A cheaply constructed car goes to its own funeral and the man who bought it is the chief mourner.

The MARION is now, and always has been, a good car. No radical changes have been found necessary. Just consistent evolution to meet the requirements of the intelligent, discerning buyer. No detail has ever been overlooked, and no experiments have ever been imposed on the trade. No well tried-out equipment lacking in the 1913 product.
