OMAHA DRUGGISTS DESERVE PRAISE The Sherman & McConnell Drug Co., 16th and Dodge, and the Owl Drug Co., 16th and Harney, deserve praise from Omaha people for introducing here the simple buckhorn bark and glycerine mixture, known as Adler's-Ka.

WANT CONVICT ROAD LABOR Iowa Attorney General Thinks Experiment Could Be Made. BOARD OF CONTROL OBJECTS Wardens of Prisons Report that Not More Than Two Hundred Men Would Be Available at Any One Time.

calendar with the house resolution standing. This will enable the suffragettes to force the consideration of the resolution on its merits. Adoption of the House. The senate adopted the joint resolution with an amendment which in effect permits unanimous consent for consideration of business other than appropriation bills the last two days of the session.

Highway Bills Satisfactory. Members of the legislature are receiving compliments on the good work that has been done and is being done toward perfection of the legislation regarding road work. No attempt has been made to hastily pass any of the many bills presented, but the committees have worked hard to secure agreements as to the details of the bills before bringing them to a head in the senate or house.

Farmers and Tax Commission. Already some agency has been at work among the farmers to induce them to oppose a state tax commission. The representation has been made that the tax commission plan will increase the taxes of the farmers especially and in fact it is represented to the farmers that it is what is desired of the commission.

Legislature Doing Much Work. Members of the legislature declare that in the last six weeks more real hard work in committees has been done than ever before in similar time by a state legislature. But little effort has been made to force early consideration of the important bills. The work has all been in committee. It has been found in the past that the bills passed early are usually not well considered, and it is better to have all the committee work done at the first. This policy has been followed in the legislature. Next Wednesday a recess will be taken and all members will go to their respective homes and consult with their constituents as to the important measures. When they return they will be ready for the big things of the session.

Delighted with Storm. Reports from all over the state of Iowa indicate that the snowstorm of last Friday was general and that every part of the state was well covered with snow. The moisture was greatly needed for the ground was very dry and there had been practically no precipitation during the winter. The farmers had been hoping for at least sufficient moisture to put the surface of the ground into best condition for the spring working. There was also some complaint of lack of water on many of the farms.

Women Will Make Demands. To impress the Iowa legislature with their earnestness in asking for a woman factory inspector, a woman's building at the fair and other things, the forty or fifty women composing the Board of Directors of the State Federation of Women's Clubs will visit the state capitol March 5.

To Make Corn Tests Free. An arrangement has been perfected by which the farmers in the vicinity of Des Moines will be able to have seed corn tests made free by sending samples to the principal of the West high school of Des Moines. The school officials have desired to interest the school pupils in this work, and have fitted up a testing room, where the work can be done.

Cigarette Sellers Fined. Eighteen cigar dealers and tobacconists were today assessed \$500 each by the city assessor for the privilege of selling cigarettes in Des Moines during 1912.

Suffragettes Win a Victory. The suffragettes won another victory today in the senate. An effort was made to get consideration of the adverse report of a committee ahead of the consideration of the house resolution looking to equal suffrage. This finally failed, and the senate sent the adverse report back to the committee for further consideration by a vote of 25 to 30 and left the

journal for church services. Mrs. Emery Ellis spoke at the Methodist church and Mr. Lowe spoke to 400 or 500 at the Congregational church. Sunday afternoon a meeting was held for those who have decided to go to the foreign field. This was followed by an open discussion and question box. The questions were answered by the missionaries. In the evening Rev. King gave a stereopticon lecture on the work in Africa and he was followed by several volunteers who told their reasons for making their decisions. Miss Anna Brown, traveling secretary of the students' volunteer movement, then gave an address and the conference was closed by an appeal by Vitis Luu. Plans are being made for Nebraska to send a big delegation to the quadrennial international conference to be held at Kansas City next January.

Child Labor Conference. Governor Clarke appointed the following as delegates from Iowa to the ninth annual conference of the National Child Labor committee to be held at Jacksonville, Fla., March 2-15, 1913: Mrs. James G. Herrhill, Des Moines; Mrs. C. E. Curtis, Ames; Mrs. H. E. Bremer, Red Oak; Miss Jennie M. Montgomery, Burlington; and Mrs. Julia Clark Hallen, Sioux City.

Federal Law Takes Precedence. The supreme court in deciding the case of Lefebvre against American Express company involving a claim for loss of live stock shipped, decided that the live stock limited liability contract which the company held with the shipper is good. In former times the Iowa courts were disposed to hold such contract not good, but since the submission of this case the United States supreme court has decided and held that under the Carmack amendment to the interstate law, "all state regulations and decisions relative to the liability of carriers upon interstate shipments have been superseded and that there is now one general national law upon the subject which must govern, and in applying the act to such limited liability contracts as the one upon which the defendant relies that there is nothing in the aforesaid amendments which in any way prohibits the making of such contracts and nothing in public policy for binding them." The Iowa court, therefore holds that this upsets all Iowa laws.

Control of Public Utilities. A tentative program for a law to create a public utilities commission is under discussion in the senate committee on that subject and it is expected that full power to handle important matters regarding the public service corporations of the state, the bill as prepared looks to a commission of five, including the three members of the present railroad commission, but ultimately the commission is to be reduced to three members. These are to be appointed by the governor. The commission will have very large powers of investigation and recommendation and the regulation of service and prices of the same. It will handle all matters relating to gas, water, light and street cars.

Severn Laboratory at Ames. The state serum laboratory will probably be removed from near Des Moines to a point near Ames so that the state college authorities may have control. State veterinarians and others interested in the live stock industry appeared yesterday before the proper committee and explained the need for a large laboratory and for a considerable appropriation to combat the swine plague in Iowa. There has been a most excellent feeling all along about the matter, the chief question among legislators being as to how to accomplish results in the easiest way.

Four State Farms Proposed. Attorney General Cosson is working on a plan to have the state appropriate \$100,000 for the purchase of four farms to be designated as district custodial farms. These will be fitted up for the keeping of persons who have been convicted of petty offenses from the courts of the state. Instead of sending men to jail as punishment for small offenses they will be committed to one of these district farms. The jails will then become only places of detention and not be used in any sense as places of punishment.

Income Tax Commended. The house today approved the income tax amendment to the state constitution, which simply authorizes the legislature to lay a tax on income as on other things, and does not commit the state to the plan of having a state income tax.

San City Will Dedicate Library. SAC CITY, Ia., Feb. 23.—(Special Telegram.)—The new Carnegie library at San City will be dedicated on the evening of February 21. Dr. Homer H. Stealy, president of the Iowa State Teachers' college, Cedar Falls, will be present and speak on "The Library, a Factor in Education." Miss Alice Tyler, secretary of the state library commission, will give a congratulatory address, and local speakers will also participate in the program. The speaking will take place at the Church of Christ and a reception at the library building will follow. A children's reception will be held in the afternoon of the 25th and will include a story hour in charge of Miss Edna Simonson, kindergarten teacher in the public schools.

SENATOR BROWN MAKES HIT AT THE PRESS CLUB. (From a Staff Correspondent.) WASHINGTON, Feb. 23.—(Special Telegram.)—Senator Brown proved himself a game loser by the speech he made tonight at the National Press club at a "jane duck" celebration in which Uncle Joe Cannon, Representative Nye of Minnesota, Senator Brown and half a score of other party men who are about to leave public life, took temporary leave, were entertained as the guests of the club. As the proceedings were of the nature of an executive session, none of the speeches was reported at length, but Senator Brown's remarks were one of the hits of the evening.

MISSIONARY CONFERENCE AT CRETE COMES TO CLOSE. (From a Staff Correspondent.) WASHINGTON, Feb. 23.—(Special Telegram.)—Sunday evening closed the missionary conference here. Saturday evening after short talks by Rev. King Ellis and Miss Brown, Vitis Luu of India gave a talk on the needs of the India quiet hour service. Sunday morning after a quiet hour service, Mr. Lowe again addressed the conference on an address for mission work. The meeting then ad-

REYNOLDS DISOWNS BILL Measure Bearing Name of Senator Not Introduced by Him. LAWYER FOR NEW CONSTITUTION Meeting of Bar Association Results in Vote in Favor of Convention to Write New Document—Opponents Arraigned. (From a Staff Correspondent.) LINCOLN, Feb. 23.—(Special.)—Somebody put one over the plate when Senator Reynolds of Dawes was not looking, who emphatically denies that he introduced S. F. 46, the bill which has been in hiding and was suddenly discovered Friday afternoon by the revenue committee while investigating other bills referred to them.

MADERO KILLED WITH SUADEZ IN TRIP TO PRISON (Continued from Page One.) being conducted to the penitentiary in automobiles, which were killed in an encounter which the escort guarding the prisoners had had with a group of individuals who attempted to liberate the two men.

Investigation Promised. "Other members of the cabinet having arrived, it was agreed that it was an absolute necessity for the honor of the government that not only should it proceed to a minute investigation of this act but that a demand be made, going further, that immediate notice should be given to the chief attorney of the military court, Jose Vasquez Targio, that he, with the judge advocate, should make investigations and consign those responsible, whoever they might be, to custody, and that he proceed to examine them in conformity with the law.

Five Men Fire on Auto. "According to the reports which President Huerta received and communicated to the ministers, a group of five individuals at a point about half way between the palace and the penitentiary, fired upon the chauffeur of one of the automobiles which was under escort. The order was given for more speed. Shortly afterward, another group, more numerous, sallied from the cross streets, firing on the escort. It seems that Madero and Suarez at this point attempted to escape.

Lent a Period for Good Resolutions. Rev. George Southworth of St. Matthias Episcopal church, spoke Sunday morning on the "Object of Lent." He said, "Lent is not only a period of self-denial, but by true Christian people is considered a period of resolution; a time in which one should cast out the unclean spirits of evil, and resolve to do what is righteous and just in the sight of God.

There is Only One "Bromo Quinine" That is Laxative Bromo Quinine USED THE WORLD OVER TO CURE A COLIC IN ONE DAY. Always remember the full name. Look for this signature on every box. 25c. E. W. Grover

Piles — Fistula — Cured My mild treatment will cure Piles, Fistula and other Rectal diseases in a short time, without a surgical operation. I do not use Chloroform, Ether or other general anaesthetic. I guarantee a cure of every case accepted. No pay until cure is effected. Write for a book on Rectal diseases and testimonials. DR. E. R. TARRY, 240 Bee Bldg., Omaha

men who were the biggest men the state contained at that time. But few of them are alive today and most of those whose names were familiar throughout the state have gone from us. Of those who are still alive you will see the names of John L. Webster, W. H. Munger, A. M. Walling and G. A. Abbott, who are well known now, and that is about all, while among our constitution framers who have passed away and whose names were familiar to all were J. E. Boyd, M. L. Hayward, M. R. Hopewell, A. G. Kendall, James Laird, Charles F. Manderson, Samuel Maxwell, James W. Dawes, C. H. Gere, W. M. Robertson, C. H. Van Wyck and several others whose names are familiar to most of the people of Nebraska.

Music for Women at Commercial Club In recognition of the greater attendance of women at the Commercial club Saturday noon, the house committee of the organization has decided upon an innovation for them on those days, beginning March 1. An orchestra of three or four pieces will furnish music and flowers will decorate each of the tables.

PAISLEY IS TO LECTURE AT THE UNIVERSITY OF OMAHA Next Friday evening W. O. Paisley will deliver an illustrated lecture on "The Cliff Dwellers" at the University of Omaha. Mr. Paisley for many years managed chautauquas and was himself on the lecture platform. He has spent much time among their ruined cities and has made many interesting discoveries concerning the Cliff Dwellers. The slides used are all made from pictures taken by Mr. Paisley.

RAILS FOR TELEPHONE POLES In Common Use in Panama Because Ants Destroy Wooden Ones. In the telephone system of the canal zone steel rails are used as poles. According to a correspondent of the Telephone Review wooden poles cannot be maintained any great length of time on account of the ants that will cut into a wooden pole and before long leave nothing but the shell.

A Blue and Gray Monument. Plans for a "Blue and Gray" monument here, believed to be the first in the United States raised in honor of both union and confederate civil war heroes have been accepted by the Fitzgerald (Ga.) commission in charge of construction. The monument will be of bronze and will cost \$15,000. The shaft, which will rise 125 feet, will be surmounted by a winged figure representing peace, and facing northward. Below statues of Abraham Lincoln and Jefferson Davis will stand together and General Grant and Lee will be represented as clasping hands. Many war relics will be arranged in the interior of the base of the monument, which will be fitted out as a museum.—Pittsburgh Dispatch.

A Sudden Collapse of stomach, liver, kidneys and bowels is most surely prevented with Electric Bitters, the safe regulator, 50 cents. For sale by Beaton Drug Co.—Advertisement.
