## OMAHA MEN OFF STRIDE

Make Low Marks in American Bowling Congress.

### LEADERS RUN UP ONLY 1,117

Fitzgerald, in Singles Events, High Man for Day, with Score of 564—Other Scores Run Much Lower.

**Tournament Leaders.**

Paterson, Columbus, O.	693
Huebner, Chicago	623
Hanz, Newark, N. J.	601
Spencer, Chicago	558
Spring, Cincinnati	554

**Two-man teams:**

Schultz-Koster, Newark, N. J.	1,201
Montgomery-Carlson, Chicago	1,177
Fischer-Bruck, Chicago	1,209
Wilson-Christy, Excelsior Springs, Mo.	1,223
Hayer-Ashley, Sioux City, Ia.	1,247
Hays-Carr, Fort Wayne, Ind.	1,247

**Five-man teams:**

Overland, Toledo, O.	2,902
Hudson Stars, Newark, N. J.	2,946
St. Clifflins, Chicago	2,943
Gambrius, Columbus, O.	2,903
Colonna, Chicago	2,900

TOLEDO, O., March 10.—Special Telegram.—Omaha bowlers were off their stride in the doubles of the American Bowling congress tournament here today and failed to qualify for any of the first division berths. None of the teams could reach the 1,100 mark.

Cochran and Fitzgerald were the leaders of the Nebraska delegation and came through with 1,117. Cochran hit the pins nicely for totals of 292, 313 and 351. Fitzgerald couldn't get going in the first game and scored only 147. He rolled 381 and 383 in his other games.

**Turn in 117 Top Scores.** Chadd and Lapinski nosed over the 1,100 mark with twelve pins to spare, but William and Ben Hull couldn't reach the mark, falling thirteen pins short, with 1,067.

When the individual contestants scheduled to bowl today completed their games, 117 scores of 700 or better had been turned in. This equals the former American Bowling congress record for the event and it is expected the record will be far exceeded before the tournament closes Thursday night. There were no changes today in the leaders of the individual or two-man events.

**Scores—Doubles:**

C. Cochran, Omaha	1st	2d	3d	Total
J. J. Fitzgerald	147	153	181	1,117
W. Chadd, Omaha	179	149	175	1,111
F. Lapinski	178	173	176	1,111
William Hull, Omaha	152	177	135	1,064
Ben Hull, Omaha	153	171	204	1,097

## Finnish Sprinter Has Shin Splints

NEW YORK, March 10.—Panes Kolehmainen, the Finnish Olympic champion runner, who recently has been breaking records at amateur meets here, has temporarily broken down, according to reports in athletic circles tonight. Constant pounding on board floors has brought about "shin splints." It is understood, and the speedy Finn will not be ready to run again for several months, it is believed.

It was trouble with his shins that caused him to quit after running a few laps in a race at Madison Square Garden last Thursday night.

## Bill Schipke May Be Returned to Third

Since the reported sale of Bert Nicholf to the Louisville club of the American association it is now almost certain that "Skipper" Bill Schipke will cover the corner sack this season. Grubb, the new third sacker, may prove a surprise at the training camp and thus split a regular berth at third, but from appearances now Schipke will cover third and either Scanlon or Neff, a recruit, cover the keystone sack. There is no doubt whatever but what Schipke is well able to cover third and has demonstrated in years past that he is the peer of any western league third sacker.

## Invite Legislature to See Prize Matches

KENOSHA, Wis., March 10.—Officials of Illinois and Wisconsin and members of the legislatures of both states investigating pending bills for boxing commissions have been invited to attend the bout here tomorrow night between Pat Moore of Philadelphia and Charley White of Chicago.

**An Epidemic of Coughing** is sweeping over the town and young and old are alike affected. Foley's Honey and Tar Compound is a quick safe reliable family medicine for coughs and colds. A. S. Jones, of Lee Pharmacy, Chgo., Calif., says: "I consider Foley's Honey and Tar Compound has no equal, and it is the only cough medicine I can recommend to my friends, as containing no narcotics or other harmful properties." Beware of substitutes and take only Foley's Honey and Tar Compound. For sale by all dealers everywhere.—Advertisement.

## Would Hold Speed Championship at Harvard Stadium

BOSTON, March 10.—A proposal to have the national track and field championships held at the Harvard stadium next summer under the auspices of the Boston Athletic association is being considered by officials of that club. The probability that the English athletes of Oxford and Cambridge universities will be here for their meeting with Harvard and Yale about the time the championship meet would be held has been mentioned as likely to give an international flavor to the competitions this year.

## PROBE WHITE SLAVE TRAFFIC

Governor Clarke to Ask Iowa Legislature to Investigate.

## CUMMINS BACK FROM CAPITAL

Senator Says His Suggestion Relative to Plan for Re-organization of Republican Party Nears Completion.

(From a Staff Correspondent.)  
DES MOINES, March 10.—(Special Telegram.)—The plan I suggested before I left for Washington for reorganizing the republican party in a special national convention has gone far toward completion," said Senator A. B. Cummins in an interview after he had arrived from Washington. "The so-called standpatners in the senate are strongly in favor of the plan, and there seems little doubt that a convention will be held this year."

"Up to this time the preparations for the reorganization have been chiefly upon matters of personal conferences between leaders. The time has now come for discussion of the plan and full publicity for the methods by which it is proposed to rehabilitate the party."

Cummins is here to consult with members of the legislature regarding state legislation.

## Probe of White Slave Traffic

Governor George W. Clarke will ask the Iowa legislature now in session to make a complete investigation of industrial condition in Iowa as to effect of the white slave traffic, according to an announcement here today. The governor will send a special message to the legislature on the subject, following the suggestion of Chairman O'Hara of the Illinois state senate committee now investigating the traffic and its relations to business in Chicago.

"If it is true as has been said that Iowa is supplying Chicago's red light district," said the governor today, "we want to find out how to stop it."

## Tom Sheehan is Reinstated

CINCINNATI, March 10.—Player Thomas F. Sheehan of the Brooklyn club of the National league who was promulgated as an ineligible player some time ago because he refused to report to his club, was today reinstated by the National baseball commission without the imposition of a fine. Sheehan's application was accompanied by a statement that he intended retiring from baseball and that the Brooklyn club had agreed to give him his unconditional release.

## COLLEGES ARE AWARDED PLACES ON AMERICAN TEAM

NEW YORK, March 10.—Columbia university was awarded two places, the University of Pennsylvania two, and Princeton one on the American team which will play against Oxford and Cambridge in the next cable chess match, April 12, according to an announcement today by the American cable chess committee. In addition there will be a representative on the team either from Harvard or Yale, but this must be determined by match play between the two candidates for the fifth board. The American end will be played from Alexander hall in Princeton, which will be placed in direct communication by cable with London.

The selections made by the intercollegiate committee are the following:  
First Board—Rudolph See, University of Pennsylvania.  
Second Board—Herbert A. Wise, Columbia.  
Third Board—M. J. Tetterbaum, University of Pennsylvania.  
Fourth Board—E. F. Van Vliet, Princeton.  
Fifth Board—B. Winkelman, Harvard, or R. Beak, Yale.

## NORTHWESTERN ADDS TO NUMBER OF OIL BURNERS

The Northwestern continues converting its coal burning engines into oil burners on all of the lines west of the Missouri river at the rate of six to eight per week. By June 1 there will not be a coal burner west of the river. All of the oil for the Northwestern engines will come from the fields around Lander, where new wells are constantly being brought in. Tankage is being put in at all of the important stations on the lines in Nebraska and Wyoming. Omaha is to be one of the principal storage plants. The tanks here will be located in the yards north of Locust street.

## Chicago Americans Clean Coast Teams

SAN FRANCISCO, Cal., March 10.—The Chicago Americans won two more games today, beating the Oakland team in Oakland, 9 to 1, in the morning, and taking the afternoon game from the locals in San Francisco, 3 to 2.

The morning game was clinched when the visitors, by heavy hitting, garnered five runs. The pitching of Ed Walsh for the White Sox in the afternoon was the feature. Score, morning game: R.H.E. Chicago 9 1 1 Oakland 1 6 2

## Wilson to Be Base Ball Fan

WASHINGTON, March 10.—President Wilson probably will take advantage of his presidential base ball pass when the Washington team opens the American league season here April 10 with New York. Former President Taft last year pitched the ball into the field for the opening game and President Wilson this season may do the same.

## WOULD HAVE UNITED STATES TAKE OVER ISLE OF PINES

PITTSBURGH, March 10.—Announcement was made tonight by Thomas J. Keenan, president of the American Association of the Isle of Pines, that a petition directed to President Wilson and the senate, requesting the annexation of the island, will be put in circulation tomorrow in this country and the Isle of Pines. The Isle of Pines, the petition states, has become a distinctively American colony, citizens of the United States owning over 95 per cent of the land and constituting a majority of the population.

## STUDYING HIGH COST HERE

Special Agent of Bureau of Labor is Gathering Figures.

## STARTING WITH RETAIL PRICES

Says that Some Cities Demand a Higher Grade of Meat, for Which it is All Right to Charge More.

Miss Mary Louise Mark, special agent of the bureau of labor, Department of Commerce and Labor, is studying retail prices of various commodities sold in Omaha. She is beginning with dairy products and with Dairy Inspector Bossie will find the average cost of milk and butter and other dairy products. She will also find, for the bi-monthly bulletin published by the department the cost to consumers of meat, vegetables and other materials that figure in the "high cost of living."

"It is not easy to compare prices in different cities," said Miss Mark. "There is Boston, for example. The meat merchants sell the finest meats—trimmed and boned steaks—say, at 35 cents a pound. Now, it wouldn't be fair to compare these prices with the price of meat in some city where a cheaper grade of meat is sold at a lower figure."

## Has Visited Many Cities.

Miss Mark has visited all the important eastern and middle west cities in the quest of information of value to the Department of Commerce and Labor. She has made a special study of European systems of gathering and presenting statistics and is working on a "write-up" of such methods that she is familiar with.

## WANT WOMAN WHO WILL SING GREEK SONGS FOR MURDERER

SAN QUENTIN, Cal., March 10.—A woman who will sing Neapolitan and Athenian ballads for a condemned murderer, is wanted at San Quentin penitentiary. P. Pantirkos, a Greek convicted of having murdered two policemen, told Warden John Doyle that he wished to be hanged as soon as possible but wanted the music first.

"All I'm going to ask of you, warden," he said today, "is lots of black coffee, a good cigar, and a woman to sing to me. I want a good singer, who can give

me some of those Italian and Greek street songs. There are a lot of them I want to hear just once more. Then I'll be ready." He will have his wish if the singer can be found.
