

Nebraska

TEST SOON ON CONTROL BOARD

Senate Today Will Take Action on Governor's Choice.

TWO APPOINTEES ARE ANXIOUS

Graff and Gregg Are Not Certain What Their Fate Will Be, While Gerdes Is Not Worrying.

(From a Staff Correspondent.) LINCOLN, Neb., March 10.—(Special.)—To be or not to be is the question. Whether to stay in this fight against the passage of the bill for the control board is the question of the moment.

That these two members fully appreciate the danger their confirmation is in is evidenced by the fact that they have been haunting the lobby almost constantly during the last week and this morning Mr. Graff was busy interviewing the members and seeking to discover what the fates had in store for him.

In fact, the senate chamber was a very busy place at one time, from the standpoint of the lobbyist. Only a few senators were on deck, as the senate had adjourned until 2 o'clock.

Union Pacific Sued for Forty Thousand

KEARNEY, Neb., March 10.—(Special.)—John W. Patterson, administrator in the estate of Orel A. Bleau, has filed suit in the state court at Lexington in behalf of the widow of Bleau, seeking \$40,000 damages for the death of her husband.

The defendant in the case is the Union Pacific company, who it is alleged are at fault for the death of Bleau through negligence on the part of their company.

Bleau, in company with Herman Finkle, a chauffeur, was killed June, 1912, while crossing the Union Pacific tracks on the main highway east of Lexington. The petition filed in the case alleges that the necessary precautions were not taken by the engineer driving the train at the time and that no whistle was sounded for the crossing.

NOTES FROM NEBRASKA WESLEYAN UNIVERSITY

UNIVERSITY PLACE, Neb., March 10.—(Special.)—Chancellor Fulmer gave his lecture, illustrated with 150 views taken in and around Wesleyan, to a crowded house in the Auditorium here Monday night.

The colored views of the campus brought frequent encores. The lecture will be given at Pawnee City tomorrow evening.

Plans are being made for the Pan-Wesleyan banquet which is one of the big events of the college year. The capacity of the banquet hall chosen is 425 and there is no question that every seat will be taken.

The register lists made out the grades of the different literary societies for the last semester in accordance with the rules made by the trustees last June. The Willards lead the women with an average grade of 90 per cent, while the Theophanians lead the men with an average of 88 per cent.

GOLDSTEIN'S BODY WILL BE BROUGHT TO OMAHA

NEBRASKA CITY, Neb., March 10.—(Special.)—Word was received in this city yesterday of the death of Julius Goldstein of the firm of Mandelston & Goldstein at Chicago, where he had been for some months for treatment for the loss of the red corpuscles of the blood.

A Message to "Faded" Men. E. S. Bacon, 11 Bath St., Bath, Me., sends out this warning to railroaders everywhere. "My work as conductor caused a chronic inflammation of the kidneys and I was interable and all played out. I was weak and had dizzy spells, and a friend recommended Foley's Kidney Pills. From the day I began taking them, I commenced to regain my strength. The inflammation is gone and I feel better now than I have in twenty years." Try them. For sale by all dealers everywhere.—Advertisement.

MAKE IT A TEST

For the charter convention election tomorrow the Water board has filed the name of P. C. Heafey, one of its own members, as its particular and special representative.

The Water board is just now asking the legislature at Lincoln to enlarge its powers and perpetuate its high-salaried political engineer in life tenure control.

The candidacy of Mr. Heafey as the Water board race horse is, therefore, in the nature of an appeal to the public for a vote of confidence.

LET US, THEN, MAKE IT A TEST. If Mr. Heafey wins out it will mean that the people of Omaha endorse and support the demand the Water board is making at Lincoln and its bill should be passed.

If Mr. Heafey loses out it will mean that the people of Omaha oppose the Water board demands and its bill should be killed.

IF YOU ARE FOR THE WATER BOARD BILL, VOTE FOR HEAFEY.

IF YOU ARE AGAINST THE WATER BOARD BILL, VOTE AGAINST HEAFEY.

ASSESSORS HAVE NEW JOB

County Officers Must Petition Separate Listings Hereafter.

WIRE AND EXPRESS COMPANIES

Hearing of Complaint of Hastings Chamber of Commerce Against St. Joe & Grand Island Set for Wednesday.

(From a Staff Correspondent.)

LINCOLN, Neb., March 10.—(Special.)—This year county assessors will be compelled to make separate listings to the state board of assessment on the amount of property owned by the telephone, telegraph and express companies. Heretofore the listings of these corporations have been in blanket form without any regard to the amount held by either.

It is necessary to make this step in order that these corporations may be listed for taxation purposes, according to Secretary Seymour of the board of assessment. There are several bills before the legislature at this session contemplating the payment of taxes on the amount of property owned by these companies and if any of these pass it will be necessary to know the value for taxation purposes.

In Douglas county the assessed valuation of telephone, telegraph and express companies on their property was \$488,731 last year, while for the state at large the amount was \$2,090,713.

Switching Case Comes Up

There will be a hearing before the railway commission tomorrow on the College View switching case against the railroads. The College View people claim that the companies charge too much for switching cars from their lines to the track of the Traction company which runs into that town.

Another hearing will be had before the commission Wednesday in which the Hastings Chamber of Commerce charges the St. Joe & Grand Island railway with discrimination in freight charges.

Notes from Nebraska City and Otoe County

NEBRASKA CITY, March 10.—(Special.)—Clinton Smith, who is confined in the county jail on the charge of carrying firearms, and James Taylor on the charge of wife desertion, tried to saw their way out last evening, while Sheriff Fischer was at home for supper. When he returned he found the men had sawed two of the steel bars over the windows out and had the third one about half through and would have been able to have made their escape in a short time.

The funeral of Henry J. Wales, who died suddenly at his home in this city Saturday, having suffered a stroke of apoplexy, was held this afternoon. The deceased was one of the best known contractors in this part of the state and quite wealthy. He was born in Broad-stair, Kent, England, March 14, 1844, and came to this country in 1870 and reached Nebraska City in 1872 and has since made it his home. He built the postoffice building here, court house at Sidney, Ia., and a large number of the large buildings in this part of the state. He never married and is survived by a sister and a nephew, both residents of this city.

The only will left by the late Captain L. Enyart gave to his brother, Albert L. Enyart, a share in his large estate and named him as executor over all of the property named in the will. He qualified as executor of the estate, in which he was interested, and then resigned and asked the court to appoint his son, Frank B. Enyart, in his stead. The widow of the deceased and a large number of the heirs filed an objection to this and the case was called in court, when the attorneys got together and decided that to avoid litigation they would ask him to withdraw his resignation and be reinstated as executor of the estate. To this several of the heirs filed a protest and want a disinterested party named in his stead. The case is to be heard this week before the county judge and there is liable to be a bitter fight before the matter is settled. There is already several suits pending, growing out of the remainder of the estate and a host of heirs have appeared who want a share of the big estate.

Grover Cleveland Powikes and Miss Elizabeth Lane were married at the home of the bride's parents, Mr. and Mrs. Charles Lane, in this city last evening in the presence of the members of the respective families. The Monarch Bridge company of Falls City have been awarded the contract for the bridge building in this county for the coming year. They were \$150 lower than the next lowest bidder, Ward Brothers of Tecumseh, who have been doing the bridge building in this county for the past four years. It took the county commissioners nearly a week to figure the bids over and arrive at this conclusion. Earl P. Storck, a traveling man of Des Moines, Ia., and Miss Gladys Shelby of Butler, Mo., came to this city and were quietly married by County Judge A. A. Bischof last evening. The couple left for the east on their wedding trip shortly after the ceremony.

Absalom Tipton, one of the pioneer settlers of this section of the state, is dangerously ill at his home north of the city and no hopes are entertained for his recovery.

BEATRICE, Neb., March 10.—The Woodmen circle, an auxiliary to the Woodmen of the World, will hold its fifth biennial convention here Tuesday, March 11. The address of welcome will be given by Mayor Mayor, with response by Supreme Guardian Emma H. Manchester of Omaha. Monday evening a reception will be tendered to the visiting delegates in the Commercial club rooms. On Tuesday evening the Manchester drill team of Omaha will put on the work in the Commercial club rooms.

Mrs. Erastus Starlin died Saturday at her home at Pilley after an illness of ten days, aged 36 years. She is survived by her husband and a baby daughter 10 days of age. Representative C. F. Allen and wife were called to Atchison, Kan., Saturday to attend the funeral of the former's mother, who passed away a few days ago at Flagstaff, Ariz. Mrs. Harry Dibble, an old resident of Gage county, died Saturday at her home in this city, aged 45 years. She was born in Peoria, Ill., and came to Nebraska when 3 years of age. She is survived by her husband and six children, three daughters and three sons.

THREATEN SUIT TO HOLD UP SALARY OF MAYOR

BROKEN BOW, Neb., March 10.—(Special.)—This city will probably have another law suit on its hands by a recent action taken by Councilman John G. Painter in filing a protest against allowing the salary claim of ex-Mayor Snyder. Mayor Snyder has been absent in Oregon for over three months, and at the last session of the city council the office of mayor was declared vacant, but immediately after the council passed a resolution allowing the salary claim for the time the mayor had been absent. Previous to this a warrant had been drawn and placed to the mayor's credit. Mr. Painter asserts, in his protest, that the claim was not legally allowed by the city council in open session, and also no services had been rendered to the city for more than three months. Councilman Painter declares that unless the money is refunded to the treasury of the city at the next session, that he will take the matter up immediately and have it taken to the next session to get into court, where it will be settled. The council will be given an opportunity at its next regular session to cancel the warrant if it sees fit.

WOODMEN CIRCLE Meets in Beatrice

NEBRASKA CITY, Neb., March 10.—(Special.)—At a recent meeting of the stockholders of the King Alfalfa mills, whose plant was destroyed by fire during the winter, it was decided to wind up the affairs of the association, divide the insurance money and dispose of their holdings here. The winding up of the affairs of the association was left to the directors, H. H. Hanks, C. B. Bickel, E. D. Marnell, W. W. Sim and W. W. McNamara. The company had something like \$8,000 insurance at the time of the fire and they have left the grounds and a large number of small buildings, which formerly belonged to the National Starch company, which was wrecked and sold to them.

A Bloody Affair is lung hemorrhage. Stop it, and cure weak lungs, coughs and colds with Dr King's New Discovery. 50c and \$1.00 For sale by Beaton Drug Co.—Advertisement.

Failures in advertising

Advertising campaigns that are failures are numerous—but nevertheless advertising is the secret of every big success in retail business.

Why do some advertisers succeed and some fail? Largely because the one man keeps up his advertising long enough and often enough to make people know about him and the other fellow quits because he expects the impossible from advertising.

Usually the failure is because the advertiser doesn't keep at it regularly. Take the Drexel Shoe Co., and the Fry Shoe

advertising, for examples of success. They have been in The Bee three or four times a week for years. They don't use big copy, yet every Bee family knows them—knows where they are—knows what class of goods they carry—and feels that they will be safe in buying shoes of them, whether they have ever been in their stores or not. As a result they have a big, steady, growing trade. That is what advertising has done for these two firms.

Any other merchant can do the same thing. But how foolish it is, to suppose the new man can do in a few months what has taken others years to accomplish.

Make people think of you every day. Those who know you are reminded to come and buy. Those who don't know you become acquainted and sooner or later become customers.
