"BRUNSWICKS" BROUGHT CROWD

Henry Muggler, Manager of the Flor de Knapels of St. Paul, is Sick with Acute Indigestion.

TOLEDO, March 12.—When the five-man teams went to the alleys in the morning in the bowling congress tonight the crowd of spectators was so large as to endanger the fence separating the bowlers from the spectators. The large crowd was brought out by the appearance of the Brunswick All Stars of New York, winners of the event in 1912, who were scheduled to roll against the record-breaking score of 3095 made by the Flor de Knapels of St. Paul last night. Harry Muggler, manager of the Flor de Knapels, who was to have rolled today with his teammate Dorfmeil in the two-man event, was confined to his bed with acute indigestion. He was ill last night when he helped his team to break a record. The leaders were undisturbed by the scores made today in the individual and two-man events.

Rourke Clans Are Gathering for Trip to Oklahoma City

Members of the Rourke base ball family are drifting into Omaha, preparatory to the move for Oklahoma City for spring training Saturday afternoon. Jack Fugate and Pitcher Cloeman have arrived. Those who are now in Omaha and will go with Rourke Saturday are Lutz, Fugate, Cloeman, Thomason, Robinson, Goding and Schlipa.

ROURKE SCHEDULES ONE GAME FOR HIS TRIP

Fa Rourke has scheduled another practice game to be played in Oklahoma City while the Omaha team is encamped there for twenty-five days in preparation for the 1913 pennant race. The game scheduled Tuesday is with Topoka of the Western League, and will be played on April 2. This will give Rourke games from April 1 to 9, inclusive, meeting Denver, Topoka, Chicago White Sox and Sioux City.

Western League Gossip for the Real Live Fans

Transportation to twenty players has been sent out by Jack Holland.

Second Baseman Walsh of the Topoka team has been sold to Evansville, Ind. club.

Transportation to fifteen players has been sent out by Tom Fairweather, president of the Des Moines base ball club.

Normal Coyle, Omaha's classy outfielder, has not yet come through with his 1913 contract, but Rourke thinks and winks and says "of course he will report at Oklahoma City."

Harry Butcher, who has "done time" in the big leagues, has been secured by Jimmy McGill to play the outfield on the Denver team. Butcher holds some classy records for hitting and fielding in years past.

And the latest bit of information from base ball headquarters is that Jim Kane, the Rourke first sacker, was scheduled to leave Pittsburgh for Oklahoma City on Wednesday morning, which means that Jimmie is sailing towards the south, if he didn't miss his train.

Herbert Whitner, a Cheyenne Indian pitcher, is one of the recent acquisitions of the Wichita club, according to exchange dope. He is a graduate of Carlisle and they do say as how he is some terrific slugger. George Hughes needed a few of them last season.

Whitmore, a first sacker last year with the Hub team in the Little Rock City league, has been secured by Jack Holland to try to fill the place left vacant on the St. Joseph team by Baker Burton's leaving. He is 30 years old, weighs 186 pounds, is 5 feet 9 inches tall and unmarried.

Phil Ketter, who caught last year with the Chester, Pa. club of the Tri-State League, has been signed by Jack Holland to fill the gap left when Dick Gossett was gobbled up by the Chicago White Sox. Holland says he has been after Ketter for three years and is sure he has landed a real buster.

The Denver club is having trouble in signing Fisher, the new first baseman purchased from Louisville. The new man thinks he is above the Western League class and does not want to come in, but before the season has opened Fisher will find that it is better to play in the Western than not to play at all.

Several of the 1912 Western League players, who moved up into faster company, are creating a stir. Mark Hall, last year with Omaha bids fair to steal a regular berth with Hughie Jennings' Tigers, while Powell, last year with St. Joseph, is attracting attention in the Tiger outfield. Chief Johnson is making a credit-

able showing with Comiskey's White Sox as is Dick Gossett, who wants the job of backstop with the Sox.

Fa Rourke now has a chance to get some more practice games at Oklahoma City. The Pawnee Indian team wants to mix it with the Omaha team, but Rourke has over fifteen games scheduled already and is wondering whether to take on two others with other league teams.

A committee of five was appointed and given power to act in the matter of securing a chautauqua this season. Dr. F. L. Prink and A. T. Rodman were appointed good roads committee again. A proposition from the firemen to join in with the Commercial club in a big celebration was met with favor and left for further consideration.

Confession of Firebug is Confirmed by the State's Attorney

CHICAGO, March 12.—The statement of John Danies, alleged to have been chief of the so-called arson trust, had made a confession was confirmed today by First Assistant State's Attorney Frank Johnston.

Danies, according to Johnston, named forty members of the arson ring, including the names of several men "higher up." Danies admitted that he had set more than twenty fires in Chicago. The confession is said to be even more startling than that recently made by Benjamin Fink, who confessed complicity in 100 incendiary fires. An aggregate of \$500,000 in insurance was collected from the Danies fires, according to Johnston, who said that at least forty warrants for business men, public fire insurance adjusters and actual incendiaries named by Danies would be issued.

"The ramifications of the 'trust' as described by Danies are almost beyond belief," said Johnston. "The gang seemed to have worked in almost every state in the middle west. Arson was a business with them, and it was highly organized on a scientific basis. Danies and Fink were the chiefs of the firebugs, although they did not belong to the same gang. Both men say they don't know each other except by reputation."

Danies said that on several occasions persons for whom he had set fires de-

frauded him out of his share of the insurance money.

Burleson Decides to Enforce Newspaper Publicity Statute

WASHINGTON, March 12.—Unless the supreme court restrains Postmaster General Burleson from enforcing the newspaper publicity law, as it was asked to do yesterday, he will immediately do so, regardless of an agreement by former Postmaster General Hitchcock to withhold action pending a determination of its constitutionality. Mr. Burleson so announced today.

Final notices have been sent to a number of publishers that if they do not furnish the information required by law within ten days their publications will be denied admission to the mails.

Approximately 91 per cent of the publications affected have filed their reports with the postmaster general and otherwise have complied with the law. The delinquents constitute about 9 per cent and, generally, include the larger daily newspapers in Boston, New York, Philadelphia, Chicago, St. Louis and other cities. The number of publishers who have not filed their reports, due last October, is about 180.

It was pointed out today, however, that Postmaster General Hitchcock, before leaving office, had on February 23 decided to terminate the agreement and

Wages of Laborers on Farms Advanced

"Since 1902," says the bulletin, "the increase has been about 34 per cent."

KEARNEY, Neb., March 12.—(Special.)—The basket ball game played here last night between the State Normal and the Hastings college resulted in the defeat of the visitors, 40 to 15. The game was the last one of the season and the visitors lost all interest in the game after the first half was played. The game was very slow throughout.
