of Original and Authentic Styles in Women's Apparel, Millinery Fabrics and Accessories to the Costume

Entire Week, Beginning **Monday**

March Seventeenth

An Important Feature of the Second Annual Omaha Style Show.

POLICE ARE INDIFFERENT

Women Testify Officers Did Not Try to Protect Paraders.

WILL QUESTION THE OFFICERS

Mrs. Forest Says Three National Guardsmen Jumped Upon One Float and Tore Away Part of Decorations.

WASHINGTON, March 12.—When the senate committee, inquiring into the failure of the police to afford proper protection to the suffragist parade March 2, prepared to resume hearings today, it had before it a small army of police officers and patrolmen. It was decided to cross-examine them after District Commissioner Johnson had concluded his testimony begun yesterday, in which he applauded the efforts of the police and the preparations made by Major Richard Sylvester, superintendent of police.

Major Sylvester has defended his preparations for protection of the women marchers and has laid the blame for any failure of the plan squarely on the shoulders of his subordinates.

Further details of the difficulties experienced by the marchers in the suffrage parade were told today by women and men. Mrs. Elizabeth A. Ballock attacked the conduct of the special policemen. She described them as "rough, coarse men, whose attitude was facetious, and who made flippant, silly remarks."

Women Act as Police. Mrs. Olive H. Hasbrouck and Mrs. Randolph Forrest told of polling a portion of the crowd at the end of the line of march after vain appeals to policemen. "We had no difficulty," said Mrs. Hasbrouck, "the people were good natured and willing to do what we asked."

Mrs. Forrest told of an attack by three national guardsmen on a float which she accompanied. She said they jumped on the float and tore down some decorations. The women of the company, she said, were badly frightened.

Dion Miller, a Washington lawyer, testified that of 150 policemen he saw along the line on march, only two or three were taking active steps to keep the crowd back. He appealed to several officers without result. He declared that the crowd would have obeyed any concerted action by the police.

Policemen Are Indifferent.

Miss Ella Wambaugh of Cambridge, Mass., said that the policemen that she saw were doing nothing to keep back the crowd and seemed interested in the parade.

"A drunken man fell into our ranks out of the crowd just behind me," she said. "I do not know what happened to him, it was all a nightmare."

Two members of the citizens' committee on public order, Walter A. Brown and T. Percy Meyers, insisted that the police, so far as they could observe, did their full duty. Mr. Brown declared that the crowd was so dense it would have been physically impossible to confine it behind the ropes stretched along the curb.

On the list of witnesses were Mrs. Champ Clark, wife of the speaker of the house, and her sister, Mrs. Pitzer. They were unable to attend today's hearing, but will probably appear later.

HALL COUNTY CITIZENS PROTEST STOUT PAROLE

GRAND ISLAND, Neb., March 12.—(Special)—Notice having been given that an application has been filed with the State Board of Pardons and Paroles, for the parole of Edward Stout, serving a seven year sentence for the murder of Joseph Richardson, protests against such action are in circulation among the people here and are being numerously signed.

The protest drawn and put out by a local attorney sets forth that in the first place the seven-year sentence was inadequate to the crime and that the convicted man has so far only served three years. Stout, young and vigorous, killed Richardson, a smaller and much older man, in a hayfield at the Stout farm, by beating him, according to the evidence of spectators at some distance, with his fists and the butt end of a buggy whip.

He was charged with murder in the first degree but an alleged technical defect in the information, ascertained only when Stout had once been in jeopardy for the crime, caused an agreement to plead guilty to manslaughter.

A former effort to parole the prisoner was made in the last days of Governor Shallenberger, and the order was issued, but there were protests from Doniphan, this county, where Stout is better known, as also from this city, and Governor Aldrich caused the recall of the order of his predecessor. During his recent senatorial campaign for United States senator, Governor Shallenberger devoted a large part of his Doniphan address to the case in which he stated that he had not, at the time of issuing the parole, been fully informed as to the facts in the case.

FRIEDMANN REFUSES INFORMATION TO DOCTORS

WASHINGTON, March 12.—Government tests of Dr. F. F. Friedmann's tuberculosis vaccine in the public health service hygienic laboratory here are proceeding under difficulties because the Berlin physician has not imparted to the official investigators the method of making his vaccine from the culture, nor has he divulged the dose, in spite of the fact that public health officials repeatedly have asked him to do so.

Surgeon General Blue announced today that his official mail has been increased fourfold with letters from all parts of the country for an opportunity to offer themselves as subjects for tests. He reiterated today that under no circumstances would the public health service administer the vaccine to human beings at this time, if at all.

A Message to Railroad Men.

E. E. Bacon, 11 Bath St., Bath, Me., sends out this warning to railroaders everywhere. "My work as conductor caused a chronic inflammation of the kidneys and I was miserable and all played out. I was weak and had dizzy spells, and a friend recommended Foley Kidney Pills. From the day I began taking them, I commenced to regain my strength. The inflammation is gone and I feel better now than I have in twenty years." Try them. For sale by all dealers everywhere.—Advertisement.

Citizens' Caucus at Deshler.

DESHLER, Neb., March 12.—(Special Telegram).—At the citizens' caucus Monday evening, August Poppe, Robert Liermann and Julius Hoffman were nominated for trustees for two years and Clamor Lange was nominated for one year to fill vacancy. Deshler is wet and license will not be an issue in the approaching election.

matter of the eradication of hog cholera entirely under the control of the animal health commission and holds it directly responsible for failure to control the disease.

Glenwood Notes.

GLENWOOD, Ia., March 12.—(Special)—School election here was devoid of issues. The old board, composed of J. A. Swapp, W. E. Bruce and C. E. Dean, were opposed by G. M. Agan and G. L. Dunn. Less than one-third of the vote was polled. Mr. Dean of the old board narrowly escaped defeat by Dr. G. M. Agan. The other old members were elected by comfortable majorities.

Friday evening, at the residence of the bride's parents in this city, Eva Lambert was married to Walter Campbell of Norton, Kan. Relatives and close friends witnessed the ceremony, performed by Rev. J. D. Stone of the Congregational church. The newly wedded young people will reside at Norton, Kan.

Young Woman Drops Dead.

EAGLE GROVE, Ia., March 12.—(Special)—Nora Steffenson, aged 22 years, dropped dead at her home near here today when told that her father had been run down and injured by a locomotive on a highway crossing. The young woman was in poor health and subject to attacks of heart disease, which was given as the cause of her death. Although Steffenson was hurried halfway across the right-of-way and was unconscious, it is thought he will live.

An Auto Collision

means many bad bruises, which Buckle's Arnica Salve heals quickly, as it does sores, cuts, burns and piles. 25c. For sale by Beaton Drug Co.—Advertisement.

Hog Cholera Serum Legislation in Iowa

(From a Staff Correspondent.) DES MOINES, Ia., March 12.—(Special).—Iowa at last seems to be getting in line for proper legislation for the eradication of hog cholera. There has been a little conflict of interests there. Some legislators have favored locating the serum manufacturing plant at Ames, and leaving the whole matter of the administration of the serum and of police control of epidemics to the animal health commission located at Des Moines, at this plan were adopted it would result

in a divided responsibility, which would result in failure to place misuses, of failures, to the credit of the party to whom they belong. Besides, the location at Ames is such that it would be impossible to make direct shipment of serum from Ames to many of the localities in the state. All these objections will be cured if the bill presented by Representative Bauman is adopted. This bill places the manufacture of serum in the control of the animal health commission, appropriates \$25,000 for the manufacture of serum, provides that all serum used in the state shall be tested for potency and prescribes the method of licensing commercial plants engaged in manufacturing serum. This places the

WOMEN TAKE NOTICE!

A man cannot understand the torture and suffering many women endure uncomplainingly. If the majority of men suffered as much pain and endured with patience the weakening sicknesses that most women do, they would ask for immediate sympathy and look for a quick cure.

Many women have been saved from a life of misery and suffering by turning to the right remedy—Dr. Pierce's Favorite Prescription—a remedy which is safe to take because containing no narcotics, alcohol or injurious ingredients. It is an alterative extract of roots, made with pure glycerine, and first given to the public by that famous specialist in the diseases of women—Dr. R. V. Pierce, of the Invalids' Hotel and Surgical Institute of Buffalo, N. Y.

Mrs. Lizzie M. HESSHEIMER, of Lincoln, Neb., 329 "C" St., says: "I would testify with much pleasure so that some suffering woman may know the true worth of your remedies. I was a great sufferer from female troubles but after taking one bottle of Dr. Pierce's Favorite Prescription, which a friend advised me to take, I found myself very much improved. After taking three more bottles, and using two boxes of Dr. Pierce's Lotion Tablets, I found myself on the road to recovery. I was in poor health for five years but now I am cured."

"I hope all women suffering from female weakness will give Dr. Pierce's Favorite Prescription a fair trial."

Doctor Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

Mrs. L. Hessheimer

Here's An Easy Breakfast

Many who never liked cereals before are loud in praise of this new one.

Dr. Price's ALGRAIN

—the Cereal Food for everyone.

Eat less meat and more Algrain—made of **Wheat, Oats, Rice and Barley** supplying all the body's needs in a wholesome, delightful way—it's delicious.

ORKIN BROTHERS

Our Splendid Spring

Suits, Coats and Dresses

Embody the Season's Utmost in Elegance of Style and Beauty

BEING faithful reproductions of the famous 1913 French models, our suits are the very acme of quality and grace, while their modish makeup will command the profound admiration of particularly dressed women. Our careful selection includes fine bedford cords, men's wear serges, eponge, poplins, shepherd checks, whipcords and melrose cloth. Colors, tan, navy, copenhagen, brown, light gray, black, white and American beauty. The jackets are smart-cutaways, Russian and Bulgarian effects, that will be so popular this spring—every garment has the snap and snugness so much desired. Prices range from **\$19⁵⁰ to \$75**

Pretty Spring Dresses

WE were very careful in picking these garments and as a result we have one of the most excellent assortments ever brought to the city. The materials are pretty bedford cords, eponge, black and white shepherd checks, etc., in colors of tan, Copenhagen, navy and blue. In style they are unsurpassed, as they are the pick of well known foreign and domestic makers—the best way to judge these dresses is to come in and see for yourself. The prices, like the style and quality, are right.

Dashing Spring Coats

LIKE the suits and dresses, our coats will surprise you, in quality as well as in beauty and style. Every coat is fashioned after the season's accepted French copies, and, therefore, are becoming amazingly popular as spring apparel. They are cutaways, 48 inches in length, lined with rich peau de cygne, some have linings of various other materials. The colors are in a large variety, and you'll have no trouble in choosing your favorites. There is a wide range of most attractive prices.

MISS RAE POTTER Chicago's Most Beautiful Working Girl

is meeting with pronounced success with her Melorose demonstrations. Hundreds of women, misses and girls have attended and all came away delighted.

Receptions Daily — 10:30 to 1:00 — 2:30 to 4:30. Miss Potter uses and recommends Melorose Beauty Preparations—come and see what they do for her and have their merits demonstrated.

FREE 50c worth of Willard White Co.'s Blue Melorose Perfume this week with every 50c purchase of Melorose toilet articles.

MELOROSE Massage cream removes freckles, tan, wrinkles, pimples, blackheads, etc., makes complexion perfect. 50c size box **45c**

Orkin Brothers—Your Home Store

There are some wise advertisers in Omaha--also some of the most foolish in the world

Look around Omaha—pick the merchants who have made the big successes and you will name the consistent advertisers. These merchants advertise practically every day—not now and then—**The Omaha Bee**—but all the time. They did it when they were little fellows and that's why they are big today. One ad in itself doesn't pay unless you have a remarkable offer. It's the pounding away day after day, month after month that brings people to you. People get to know you and your store, inside and out, and when they want something they know you keep it—they know who you are and are willing to buy from you.

The Omaha Bee is delivered to the homes. With a home paper you can reach the same homes day in and day out.

It's continuous advertising that pays
