Printers Want Tariff on Books Official Count of Ballots Disproves

NEW YORK, March 14 -- A mass meet ing last night of labor unionists affili-ated with the allied printing and book binding trades associations of America. adopted a resolution calling on congress to adjust the tariff laws on all books and kindred importations from Europe or any other part of the world, by at least equalizing the difference paid to labor in these industries in European countries and the United States.

Remarkable

Gets Right into the Affected Parts and Stops Gathering in Eyes, Nose, Throat and Lungs.

"Nine-tenths of humanity suffer with but do not know what catarrh is," said an expert doctor, a specialist in blood analysis. It is treated locally be-cause nature tries to drive it out of the system. But nature must have help. Nasal catarrh is merely an outlet, and It is folly to expect a curs by inhalants or local applications. If a stream is pol-luted at its source it is ridiculous to waste time in purification at its mobth,

waste time in purification at its mooth. By a long series of elaborate experiments at the Swift Laboratory it is definitely known that catarrh can be cured by the simple process of inoculating the blood with antidotal remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Sure Specific, or as it is widely known, E. S. B. It is taken into the blood just as naturally as the most neurlahing food. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating flammatory acids and other irritating substances for arterial elements that efsubstances for arterial elements that ef-fectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous ac-cumulations, enables only pure blood-mak-ing materials to enter the intestines, com-bines with these food elements to enter the circulation, and in less than an bour is at work throughout the body in the process of purification. at work throughout the body in the

process of purification.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. B. S. on sale at all drug stores at \$1.00 per bottle. It is a remarkable remedy for any and all blood affections, such as eccema, rash, hupus, tetter, psoriasis, boils and all acrofulous conditions. For special advice on any blod disease write in confidence to The Swift Specific Co., 127 Swift Bidg., Atiants, Gs. Do not delay to get a bottle of S. S. S. at your druggists. of S. S. S. at your druggista.

VOTE DISPROVES STATEMENT

Water Board Views.

WOULD BE ELECTED, ANYWAY If Votes of Third and Tenth Wards Were Entirely Withdrawn Results for Three Contestants Would Be Changed.

The official count of the vote cast at the charter commission election Tuesday disproves conclusively the statements manating from Water board sources that the "gang" elected the fifteen commissioners, giving them necessary majorities in the Third and Tenth wards. Excluding the vote cast for all candidates in these wards and this disfranchising their residents, the fifteen men elected all lead except three. Jacob Kopp, socialist, would displace one of these and Samuel Burns, jr., and Robert S. Wilcox would take the place of the other

Following is the vote cast for the fifteen high vandidates, not counting the ballots cast in the Third and Tenth

WILL PRESENT PLAN TODAY

(Continued from Page One.)

Lovett, chairman of the Union Pagific Railroad company; Julian Kruttschnitt, chairman of the Southern Pacific, and other officers of these companies left today for St. Louis to appear before the United States circuit court tomorrow in connection with the presentation of the modified plan for the dissolutions of the two rallroads under the decree of the United States supreme court.

California Stands Pat. SAN FRANCISCO, March 14.-The Callfornia Raliroad commission on the date now before it finds itself unable to pronounce an opinion on the modified plan for the dissolution of the Union Pacific Southern Pacific merger presented by the

rallroad attorneys. In a message to Attorney General McReynolds outlining its policy as to the dissolution the commission so stated today. Additional data is expected from Robbetween the Southern Pacific and the ert S. Lovett of the Union Pacific in response to telegrams sent earlier today. In substance the message to Altorny General McReynolds says that while the ommission does not believe the sale or lesse of the Central Pacific to the Union Pacific is necessary or required under the iterms of the order of the supreme

court, it recognizes that it has no juris-

diction over such matters outside the

boundaries of California. The message

States that if the federal authorities re-

quire or permit the lease and sale as played out. I was weak and had diszy proposed the commission will not oppose the consummation of the deal.

The commission reiterates that any ortaking them. I communed to regain my taking them. I communed to regain my der it may make after receipt of the additional information as to the modified I feel better now than I have in twenty unmerging plan will certainly embody
