Easter comes unusually early this year, consequently most of the traveling contingent will be at the various winter resorts in California, Honolulu and Palm Beach.

Fewer Omahans than usual will spend Easter in Rome this year. Miss Mae Louise Hamilton, who is making her second trip around the world, will spend Easter there. Mrs. E. W. Nash and Miss Frances Nash, who are now in Berlin, Germany, had planned to go to Rome, but will instead remain in Berlin, where they will meet Mr. and Mrs. L. F. Crofoot, who sail next Tuesday from New York for Europe. They will then go to Paris before returning home.

The Easter season at Atlantic City has proved to be a most popular place for many Omahans and this season will find a number at this fashionable seaside place.

Mrs. Charles Offutt left Thursday to join her children, who are in the east at school and will spend the Easter holidays with them at Atlantic City.

Mrs. Arthur Crittenden Smith will spend this time in Brookline, Mass., with her daughter, Harriet, who is attending school in the east.

Mrs. Charles Test Stewart of Council Bluffs, will spend the Easter holidays in New York City with her daughter, Mrs. Mary Stewart.

Mrs. Frank Bacon will chaperone several of the young girls who are attending National Park seminary at Washington, D. C., including her daughter, Lucie, during their spring vacation at Atlantic City.

Mrs. A. L. Head left several days ago for California to spend the spring vacation with her daughters, Elizabeth and Erna, who are attending school near Los Angeles.

**Attractive Guest from Chicago.**  
Miss Loretta Rogers of Chicago, who is one of the attractive debutantes of that city this season, returned to Omaha with her sister, Mrs. George Brandeis, and will spend a fortnight here. Miss Rogers made her debut this winter at a large reception given at the Blackstone in Chicago.

**To Assist Humane Society Benefit.**

One of the most interesting developments of the week, in the campaign now being inaugurated in behalf of the Humane society, is the charming invitation of Mrs. DeForest Richards to 300 little girls from the public schools to be her guests at the matinee performance of "Alice in Wonderland," at the Brandeis theatre, April 25.

After a conference with Superintendent E. U. Graff, it was decided that three children from each of the graded schools be chosen by the principal, and it is Mrs. Richards' desire that these three of the children whose influence in the school is, in every way, most beneficial.

The Humane organization has long had a plan in the curriculum of the Omaha public schools, and the greatest interest in the present campaign is being evinced by Dr. Holovitchner and Superintendent Graff. When interviewed yesterday, Mr. Graff said he would announce at an early date, a meeting of the principals of all the schools in the city, to formulate a definite plan for assisting in the movement.

**Dancing Parties.**

To reduce the monotony of the interval between the end of Lent and the beginning of the season at the country clubs, society will entertain with a number of dances.

One of the first will be Easter Monday at the Omaha club. The entertainment committee has issued cards announcing a dinner-dance. It has been the custom to give an annual dinner Shrove Tuesday for the ladies. The affair was so enjoyable that the committee decided to give another entertainment and many reservations have been made for dinner parties.

The Junior club will give a dancing party for the younger set Saturday, March 23, at the Country club.

A dinner-dance will be given the first week in April at the University club, the exact date of which has not been announced.

A subscription dance will be given at the Country club by about forty of the younger members. This will be third and last of a series of enjoyable parties planned by Mrs. Frank Wilhelm and Miss Helen Davis. The next party will probably be given before the formal opening of the club.

A new dancing club called the Interscholastic, has been organized and will give its first dance Monday evening at Chambers. Mr. Brandon Howell and Mr. Alfred Kennedy, Jr., have charge of the arrangements and are preparing for 100 guests, who will include students from the University of Nebraska, the University of Omaha and the Omaha high school.

**At Three Arts Club, Chicago.**

An engagement announced this week was that of Miss Hazel Crow of Chicago, daughter of Mr. and Mrs. Joseph Crow of Omaha, to James Cady Howell of Grand Rapids, Mich. The announcement was made at a tea given at the Three Arts club. Miss Crow is active in the club and for some time has been connected with the Art Institute as instructor in designing. At the tea she was assisted in receiving by Miss Moffatt.

The announcement was made in a unique manner. Miss Elizabeth Ches-

**For Freckled, Rough or Spotty Complexions**

The freckling, discoloring or roughening to which delicate skins are subject after exposure to wind or sun, often appearing in early spring, may readily be gotten rid of. Mercolized wax spread lightly over the face before retiring and removed in the morning with soap and water, completely peels off the disfiguring skin. Get out of the wax at any druggist's. There is no more effective way of banishing freckles or other unsightly defects than skin particles come off each day, so the process doesn't even temporarily mar the complexion, and one soon acquires a brand new, spotless, girlishly beautiful face.

Wrinkles caused by weather, worry or illness, are best treated by a simple solution of powdered sazonite, one ounce, dissolved in a half pint witch hazel. Rub over the face in this produce a truly marvelous transformation.—Adv.
