

### Nebraska INSURANCE BILL ADVANCED Senate Orders Measure Engrossed for Third Reading.

### BOARD FEATURE IS LEFT IN Attempt to Strike It Out During Session of Committee of the Whole Falls—Note Amendment Is Attached.

(From a Staff Correspondent.)  
LINCOLN, Neb., March 19.—(Special.)—After something over four days' discussion of the code insurance bill, the senate this morning recommended the measure for passage. During its discussion the lobby has made of the time been filled with insurance men and others interested in the bill, and occasionally some of them would drift inside where the chairs offered an easier chance to view the scenery over and a closer view of the orators.

The bill as it stands now places the jurisdiction of the insurance business of the state in the hands of a board consisting of the governor, attorney general and state auditor, with an insurance commissioner who will draw a salary of \$2,500 a year; an actuary at a salary to be fixed by the board, and such other examiners and office help as the board may determine.

One of the provisions of the bill which causes the greatest opposition by the companies was forbidding the sale of notes given for insurance until the policy had been delivered. The present law permits an agent to take a note, and as the nearest bank and disposes of it, and then should the insured fail to pass an examination, it is up to him to get his note back if he can. Yesterday an amendment was passed which provided that no note could be negotiated until after thirty days from the delivery of the policy. However, this was reconsidered this morning and the section stands as originally drawn, making it unlawful to negotiate notes until after the policy had been delivered to the insured or policy holder.

**Dividends as Liabilities.**  
Another section of the bill which was fought bitterly, but which was able to come through successfully, was that which provided that after three years there shall be an accounting, the dividends separated and carried on the companies' books and in their statements as liabilities.

When the senate met this morning on reports of committees six bills were indefinitely postponed, all senate files, as follows:  
S. F. 24, by Wols—Regarding fees to county judges.  
S. F. 20, by Hoagland of Lincoln—Known as the anti-log roll bill.  
S. F. 23, by Krumpholtz—Abolishing the Pardon Board.  
S. F. 22, by Macfarland—Regarding care of actives blind.  
S. F. 25, by Macfarland—Regarding duties of probation officers.  
S. F. 6, by Placek—Regulating fees of county officials.

**Douglas Measure Held Up.**  
In committee of the whole Senate File No. 44, by Macfarland of Douglas, which raises the salary of the county commissioners of Douglas county from \$2,100 to \$2,500, was discussed principally by Macfarland, who told of the duties of the commissioners and the necessity of paying them a sufficient salary that there would be no occasion for them to resort to perquisites to help out the high cost of living. Grossman of Douglas arose to speak on the matter, but for some reason changed his mind and sat down. Macfarland then asked the inasmuch as he had discovered that the bill was not approved by all the Douglas county senators he would ask unanimous consent

### BAGKACHE IS A DANGAR SIGNAL

### Kidney Troubles, Bladder Disorders, Rheumatism, and Serious Diseases Follow.

There are other symptoms, such as pains in the region of the kidneys, nervousness, dizziness, tired and worn-out feeling, weak bladder, painful, scaldy, or urinary troubles, which are just as dangerous, for the slightest kidney derangement if neglected may develop into the deadly Bright's Disease, Dropsy, or Diabetes.

It is not only dangerous, but needless, for you to suffer, and endure the tortures of these troubles, for the new discovery Croxone, quickly and surely ends all such misery.

There is no more effective remedy known for the cure of kidney, bladder trouble, and rheumatism, than this new scientific preparation, because it removes the cause. It soaks right into the kidneys, through the walls and linings, cleans out the clogged-up pores, neutralizes and dissolves the poisonous uric acid and waste matter, that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter the poison from the blood and excrete it out of the system.

Three doses of Croxone a day, for a few days is often all that is ever needed to cure those lachache or overcome disagreeable urinary disorders, and you can take it with the utmost confidence that nothing on earth will so quickly cure the worst case of kidney, bladder trouble, or rheumatism.

You will find Croxone at all drug stores, or different from all other remedies. There is nothing else like it. It is so prepared that it is practically impossible to take it into the human system without results. An original package costs but a trifle at any first class drug store. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.—Advertisement.

### Railway Commission Asks Roads to Suspend Operation.

### OMAHA COMPANIES INCORPORATE

### Hippodrome Amusement Company and Omaha Tractor Company Submit Their Articles to Secretary of State.

(From a Staff Correspondent.)  
LINCOLN, March 19.—(Special.)—The railway commission has asked the railway companies not to put in operation the rate made from Lincoln to the coast on flour, which raises the rate from 65 cents to 75 cents, until the commission has had time to make an investigation.

### TALK OVER COMPENSATION ACT

### Measure Read Section by Section in Committee.

(From a Staff Correspondent.)  
LINCOLN, March 19.—(Special.)—The house spent the entire morning over a discussion in committee of the whole of the workmen's compensation bill as prepared by a committee of the Judiciary committee. The bill was read section by section, and with the exception of one the committee's work was accepted without discussion. Sugarman objected to exempting farmers from the provisions of the act. He accused the committee of having thrown this out as a sop to the farmers in order to get them to vote for the bill. The committee, however, was sustained. Only about one-third of the measure was gone over.

### Hundreds of Cattle Perish in Rivers

NORTH PLATTE, Neb., March 19.—(Special.)—Reports are just coming in concerning the damage which the severe storm and blizzard of Friday did to stock in Lincoln and adjoining counties. On ranches along the Platte river a great many cattle were drowned by being driven by the storm into the river. In other cases the stock were driven into snow banks by the wind and storm and were killed by freezing or being strangled by the snow which filled their eyes and nostrils. Nearly all the ranchmen who owned stock suffered more or less, and the reports from Logan and Adair counties indicate that some ranchmen lost several hundred head.

**THEEPOR, Neb., March 19.—(Special.)**—What was in some respects the worst wind and snowstorm ever known here swept over this part of the state last Thursday night and all day Friday. The seriousness of the storm is noticeable in the great loss of live stock. It is too early to get complete accurate reports, but it is known that the losses will aggregate thousands of head of cattle besides some losses in sheep and hogs. The losses run from a few head on the small or dairy ranches to hundreds on the range cattle ranches. Hundreds of head were driven by the ferocity of the storm into the North and Middle Loup rivers, only to perish in the freezing waters.

### BROKEN BOW, Neb., March 19.—(Special.)

The ravages of the late storm seem to have left a lighter impression in Custer county than at any other point in the Alliance, although many people lost stock. The number of each individual was not particularly large. It is estimated that the loss of stock will not exceed 5 per cent in this county. The heaviest individual losses so far as known are the Tierney brothers, who lost 30 head of cattle out of 700 head, but this stock was in Logan county at the time of the storm. Very little damage was done to property in and about the town and nothing serious is reported from out over the county.

### HEIR TO ESTATE FOUND THROUGH ADVERTISEMENT

NORTH PLATTE, Neb., March 19.—(Special.)—Mary Foster, for whom a search has been conducted by the administrator of Michael Albert Foster and also by her sister, has at last been found and came here yesterday to meet her sister from whom she had not heard for twenty-three years. Each supposed the other dead. The death of a brother, Michael Albert Foster, brought about the union of the two sisters. He left an estate consisting of 19 acres of land and \$2,000 insurance. Edward R. Goodman of this city was appointed administrator and began efforts to find the sister who had not been heard from for these years. An advertisement was placed in a Chicago paper and finally brought the desired results, although detectives who had been employed were unable to locate the missing sister. She had been married to a Mr. Zipperer and was residing in Chicago and she saw the advertisement and responded. Arrangements were then made for her to come and meet her sister, Ella Foster, here, and the two met yesterday morning and readily recognized each other.

### News Notes from Alliance.

**ALLIANCE, Neb., March 19.—(Special.)**—Up to this evening reports from ranches and cattlemen in the vicinity of Box Butte county indicate that the stock loss in the blizzard of last week will exceed 1,500 head, the greater loss to any one man being that of E. M. Eldred, 900 head, most of which perished in Swan lake, where they drifted.

Mrs. Emma Englehorn, living seven miles southwest of Alliance, died this morning of a complication of diseases. She was 61 years of age and lived in Box Butte county for over twenty-five years. She is survived by a husband, John Englehorn, and three children.

Three candidates, with the possibility of a fourth, have announced their names for the mayoralty race in Alliance. They are J. H. Vaughan, A. D. Rogers, F. D. McCormick and possibly T. H. Barnes, whose friends are urging him to enter the race.

A bazaar for the benefit of St. Joseph's hospital will be held by the women of Alliance Monday and Tuesday after Easter. A caterer's supper will be served each evening. Fancy work, painting and needlework will be sold.

**A Cold, La Grippe, Then Pneumonia.** Is too often the fatal sequence. La Grippe coughs hang on, weaken the system, and lower the vital resistance. R. G. Collins, Postmaster, Batesburg, N. D., says: "I was troubled with a severe La Grippe cough and was completely exhausted after each fit of violent coughing. Before I had taken one half of a bottle of Foley's Honey and Tar Compound, the coughing spells had entirely ceased. I wish to say it can't be beat. All others are imitations. ### Amendment May Take Deadlock from Illinois Legislature

### WASHINGTON, March 19.—With the ratification of only three states remaining to insure the adoption of a constitutional amendment for the direct election of senators, speculation was heard at the capital today in regard to the effect of the adoption of the amendment upon the senatorial contests in Illinois. Two senatorial vacancies exist in Illinois, but the legislature has been deadlocked many weeks.

The consensus of opinion was that the ratification of the amendment by three more states and the subsequent proclamation by the secretary of state that the amendment had been adopted would deprive the Illinois legislature of power to elect senators. The selection then would be made under the terms of the new amendment. This requires that when vacancies occur, such as exist in Illinois, the governor of the state shall issue writs for an election at the polls to fill such vacancies. It is provided, however, that the legislature may empower the governor to make temporary nominations until the vacancies are filled by election.

### Turks Claim a Victory in Battle that Raged All Day

CONSTANTINOPLE, March 19.—A victory is officially claimed for the Turkish soldiers in a twenty-four-hour battle which lasted until early today along the Tebratalia lines defending this city.

The Ottoman troops took the offensive, opening the attack by an advance of their right which proceeded as far as Sivaskoi, Kalifakoi.

Large forces of Bulgarians were encountered at these three places and fierce fighting soon spread along the whole front. The Turkish troops drove the Bulgarians from their trenches and took possession.

### Strike of Girls Ties Up Potteries

EAST LIVERPOOL, O., March 19.—A strike of 700 girls employed in the finishing departments of potteries in this city, Wellsville, O., and Chester and Newell, W. Va., today crippled the operations of thirty clay products manufacturers in this district. Operators say that a two-day continuance of the strike will mean the closing down of the potteries. This would throw 5,000 men out of employment. The girls struck because they were refused an increase from \$1.00 and \$1.10 to \$1.50 per day.

### Canadian Forger Sent to Sing Sing

NEW YORK, March 19.—William B. Treacy, a young Canadian bank clerk who started the capitals of Europe by lavish expenditure of money, was sentenced to Sing Sing today for four years. He pleaded guilty to forgeries by which he defrauded the branch of the Royal Bank of Canada out of many thousands of dollars. With the aid of a young woman whom he met in New York he spent all the money in Europe in about a month and returned to New York, where he was arrested.

### BRAKEMAN IS KILLED IN NORTH PLATTE YARDS

NORTH PLATTE, Neb., March 19.—(Special.)—At 1 o'clock yesterday morning Nelson Nichols, a freight brakeman of Grand Island, was accidentally killed in the west part of the railroad yards in this city. He came here on an extra freight, the train of which was taken through to the west yards where the engine was detached and started back to the round house. Nichols was riding on the tender and when the engine struck a snow bank he was thrown off and under the wheels, where he was badly cut to pieces. Mr. Nichols was about 30 years old and had been employed by the company for several years. His widow, father and father-in-law came from Grand Island yesterday and took the body back to that city.

### You Can Stop Those Headaches

**MOST headaches are congestive headaches. A congested stomach, sluggish circulation, inactive bowels, dietary indiscretion, biliousness, all produce congestion, and the headache is the signal of distress. Every ache and pain the human body is nature's cry that something is wrong. Tend to it at once. A delay cannot improve it. If your system is congested remove the poisonous material which causes it and your headache disappears. The remedy which moves your bowels quickly within an hour or so and clears the system is SUTHERLAND'S NATURAL LAXATIVE. 1/2 glass taken in the morning or at any time on an empty stomach acts within one hour, gently and surely.
