WARN CONSUMPTIVES AWAY

Admit that Tuberculosis Culture is "Live Bug" and that They Are Breeding It to Try on Consumptive Monkeys.

WASHINGTON, March 22.—The Public Health service, through Surgeon General Hiss, issued its first statement today relative to the government investigation of Dr. F. F. Friedmann's alleged tuberculous cure. The statement, which emphasizes the government's policy to proceed cautiously, is as follows: "On March 8 the secretary of the treasury, on the recommendation of the surgeon general of the public health service, caused a board of medical officers to be detailed to make a thorough investigation of Dr. Friedmann's alleged cure for tuberculosis. These officers proceeded immediately to New York and arranged with Dr. Friedmann for demonstrations of his remedy upon persons suffering from tuberculosis. These demonstrations are being carried on in certain New York hospitals through the courtesy of their respective authorities and will be continued until sufficient information has been obtained for the forming of an opinion as to the merits of the treatment. "Dr. Friedmann has submitted to the board a culture of the bacteria, which is stated as used in his method of treatment. In addition to the observation of persons under treatment by Dr. Friedmann, the board of officers will make experiments to ascertain whether this culture is, as Dr. Friedmann claims, harmless to warm-blooded animals. "Will Take Time to Tell. "Considerable time will necessarily be required to carry out these investigations."

You Should Enjoy Your Meals

One of the Most Important Questions to Consider in the Search for Happiness and Health. If your stomach can't digest your food, what will? Where's the relief? The answer is in Stuart's Dyspepsia Tablets, because, as all stomach troubles arise from indigestion and because one ingredient of Stuart's Dyspepsia Tablets is able to thoroughly and completely digest 2,000 grains of food, doesn't it stand to reason that these tablets are going to digest all the food and whatever food you put into your stomach?

You Can Eat With the Appetite of a Eucalyptus Tree. Science nowadays can digest food without having it enter the stomach at all. And Stuart's Dyspepsia Tablets are the result of this scientific discovery. They digest and digest thoroughly and well, anything and everything you eat.

The burning question to you is, "Are you getting out of life all the pleasure and health you are entitled to?" If not, why not? No matter whether every organ and member of your body is in a sound state of health and strength, if your stomach is in any way disordered, you are not going to be "yourself." You are going to be a worried, out-of-sorts, nervous or ailing individual, whose actions will reflect your condition inside, and people will naturally avoid you.

So, if your stomach refuses to work or can't work, and if you suffer from eruptions, blotch, rash, fermentation, bitterness, sour stomach, heartburn, irritation, indigestion, or dyspepsia of whatever form, just take one or two of Stuart's Dyspepsia Tablets, and see the difference. It doesn't cost you much to prove it. Then you can eat all you want, what you want, whenever you want, if you use these tablets, and you can look the whole world in the face with a beaming eye and you will have a cheerful spirit, a pleasant face, a vigorous body and a clear mind and memory and everything will look and taste delicious to you. That's life.

Get a 50 cent box of Stuart's Dyspepsia Tablets at any drug store.

TRYING TO SET DIPLOMATS

Wilson Making Effort to Find Men for Foreign Jobs.

ELIOT MAY NOT ACCEPT POSITION

Guthrie, Ex-Mayor of Pittsburgh and Democratic State Chairman, May Be Chosen Ambassador to Mexican Republic.

WASHINGTON, March 22.—President Wilson is making an effort to fill the more important diplomatic posts before the extra session of congress begins so that he may otherwise devote his energies when the time for legislation arrives. The president is desirous of filling the American embassy at London as quickly as possible and is said to be in hopes that Charles W. Eliot, former president of Harvard, would accept, though there were intimations among some of Dr. Eliot's friends today that he might decline. Whether or not William F. McComb, the democratic national chairman, will be ambassador to France, is still an open question. Mr. McComb had a long talk with the president early today and was at the White House again tonight, but made no announcement.

George W. Guthrie, former mayor of Pittsburgh, and a democratic state chairman of Pennsylvania, has been chosen the ambassador to Mexico, but it is likely that the announcement will be deferred until the State Department formulates its policy with regard to recognition of the Huerta government. It is certain, however, that the resignation of Henry Lane Wilson, present ambassador to Mexico, has been submitted and will be accepted.

Princeton Professor to Germany. That Prof. Henry Richard Fine of Princeton university can be ambassador to Germany if he chooses was learned from callers at the White House today. Prof. J. W. Jenks of Cornell university was a White House caller today. He has been very much interested in the selection of John R. Mott of Montclair, N. J. the Young Men's Christian association leader to be minister to China, and is said to be urging Mr. Mott, on behalf of the president, to accept the post.

For the ambassadorships to Italy, Austria, Brazil, Russia, Turkey and Japan, no definite selections have been made, though Justice James W. Gerard of New York; Augustus Thomas, Thomas Nelson Page, Seth Low and William Church Gilmore are still being prominently mentioned in this connection. It is likely that John W. Garrett will continue as minister to Argentina, and Maurice Francis Egan as minister to Denmark.

Joseph E. Willard of Virginia, Thomas H. Birch of New Jersey, and Frederick C. Penfield of New York are also regarded as certain to be ministers in the foreign service. The president took up chiefly routine matters with his cabinet at the meeting today. Tomorrow he will meet the Illinois vice commission.

WARDEN DISCOVERS CONVICT NEAR DEATH

(From a Staff Correspondent.) LINCOLN, Neb., March 22.—(Special Telegram.)—Last night as Warden Eaton was making his rounds of the state penitentiary before retiring, as is his usual custom, he discovered Roy Maynard, sentenced to life imprisonment from Box Butte county, hanging in his cell, suspended by a towel. He cut him down and today Maynard was reported resting easily.

Maynard was a "dope" fiend, but when the new warden took charge of the prison and inaugurated the no dope program Maynard seemed to suffer for the want of the drug and frequently said he would rather be dead than to go without it. He was sent up for killing a restaurant keeper at Alliance, and outside of being a "dope" fiend, had been a model prisoner. He was one of the leading characters in the minstrel shows given by the convicts.

SCHOOL GIRL FALLING FROM SEAT, DISLOCATES VERTEBRA

BEATRICE, Neb., March 22.—(Special Telegram.)—An unusual accident occurred in the Fairview school today when Goldie Hawkins, 8 years old, fell from her seat and dislocated the second cervical vertebra of her spine. She was removed to a local hospital, where it required the efforts of three physicians to bring the bones back into place. The child has been in a state of coma since the accident and her recovery is doubtful.

Geronimo's Captive Apache Indian Band Will Be Given Liberty

ALBUQUERQUE, N. M., March 22.—By order of Secretary of War Garrison and Secretary of the Interior Lane, 200 members of Geronimo's band of outlaw Apache Indians, held prisoners for many years at Fort Sill, Okla., will leave there March 25 for New Mexico. The Indians will travel aboard a special train and be taken direct to the Mesquero, Apache Indian reservation in Otero county, where they will be given their liberty. The transfer of the Indians back to New Mexico was protested against by the recent legislature, which addressed a memorial to congress and by United States Senators Fall and Catron and Congressman Ferguson. Feeling against the return of the Indians is bitter, but no trouble is expected unless the Indians should leave the reservation.
