(From a Staff Correspondent.)
LINCOLN, Neb., March 29.—(Special.)—The enterprise of Henry Richmond, chief clerk of the house, in organizing present and past members of the legislature into a legislative league has been met by the ladies who are wives of the Richmond syndicate, and this week they called themselves together at the mansion of the governor and organized what will go down in history as the Omaha Legislative Ladies' league.

The league will meet at the same time as the men folks and will hold a banquet and duplicate as nearly as possible the work of the men.
All women whose husbands have been members of the legislature and wives of past governors are eligible.
The officers are: Mrs. J. H. Morehead, honorary president; Mrs. Max Hostettler of Shelton, president; Mrs. C. H. Aldrich of Lincoln, vice president; Mrs. W. V. Hoagland of North Platte, secretary; Mrs. A. E. Sheldon of Lincoln, treasurer.

MONEY FOR SUFFERERS POURING INTO STATE

(From a Staff Correspondent.)
LINCOLN, Neb., March 29.—(Special.)—Funds for the relief of the storm sufferers in Omaha and other points hit by the storm last Sunday evening are beginning to reach the office of the governor, the Studebaker Wagon company of South Bend, Ind., sending a check this morning for \$1,000. Others who have contributed are the city of Fairbury, \$200; Robert Sample of Le Grand, Tex., \$5; and J. E. Houts of Lincoln, \$25.

The secretary of state received this morning from the Illinois legislature resolutions of sympathy for the state in its affliction, which will be presented to the two houses when they meet Monday. Many telegrams of sympathy are being received and all contributions received will be forwarded to the proper relief committee.

REGISTRATION BOARD HAS MONEY ON HAND

(From a Staff Correspondent.)
LINCOLN, Neb., March 29.—(Special Telegram.)—Secretary Mellor of the

Stallion Registration board has on hand a considerable sum of money belonging to the board. The decision of the supreme court yesterday declaring the law unconstitutional places him in a position where he does not know what to do with it. He has written Governor Morehead about the matter and between their fifty will probably decide a way to devote it so it will not have to be burned up.

Mr. Bryan Predicts Direct Nominations of National Tickets

TRENTON, N. J., March 29.—Secretary of State William J. Bryan, at the annual banquet of the Chamber of Commerce of this city last night delivered an address on the subject of the "Sign of the Times." In discussing the advancement in the science of government, Colonel Bryan told of the specific reforms that had been wrought both in this and other countries and spoke with great emphasis in describing reforms brought about in the United States within the last fifteen years. "All making for the advancement of democracy over aristocracy."
Woodrow Wilson, Colonel Bryan said, is president of the United States today because he believed in the democracy of Jefferson and placed himself on the side of the common people. Among specific reforms enumerated, Colonel Bryan placed first the election of United States senators by the people, which he said was practically accomplished.
Mr. Bryan predicted that "we have had our last great national convention, and national candidates hereafter will be nominated by the people at home instead of by delegates in convention controlled by bosses."

and these lists, the committee declares, must, under the circumstances, suffice. Beautiful weather rendered much more endurable the condition of the thousands of homeless. Food is being delivered expeditiously, but it is impossible, however, to provide milk for the thousands of babies in this city, including scores born since the flood came.
In a statement issued by the citizens relief committee today, it was declared that no further donations of cash or clothing would be accepted because of the fear that by this means some epidemic might be brought here. Committees in charge of policing and receiving donations in all cities are urged to refuse old clothing, no matter whence it comes, as it would be refused at Dayton and only burden transportation facilities.
Foodstuffs, and particularly bread, are wanted. There are few ovens, and those only in private homes outside the flooded district, in operation here.

that had been spread before Brown on the counter.
He then left the bank on the run. Citizens, alarmed by the sound of shooting, were in pursuit before he had covered a block.
Within three blocks of the bank he fell before a volley of bullets, still clutching the bag of gold in his hands. He died within a few minutes.
The robber could not be identified. He apparently was about 35 years old and is believed to have been a member of the "Wymora gang" of bank robbers that has robbed a number of banks along the Nebraska-Kansas line within the last few years.
Brown is 40 years old. He leaves a widow and three children.

FORMER FOOD COMMISSIONER SUED FOR ARREST OF THORPE

(From a Staff Correspondent.)
LINCOLN, Neb., March 29.—(Special Telegram.)—John F. Thorpe of Cuming county has sued Neils P. Andrews, the deputy inspector who made the test, is made a party to the suit, as is also the Fairmont Creamery company and John Kyl. LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions
An examining physician for one of the prominent life insurance companies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease.
He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Klinger's Swamp-Root is soon realized. It stands the highest for its remarkable record of cures.
We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty cents and one dollar.
However, if you wish first to test its wonderful merits, send to Dr. Klinger & Co., Binghamton, N. Y., for a sample bottle, absolutely free. When writing be sure and mention the Omaha Sunday Bee.

error Cox, has telegraphed the chief executive the following:
"The situation is rapidly improving. Ninety bodies have been recovered and the work of digging corpses from the mud and debris is progressing."

Official reports and identification of flood victims poured in steadily today. As fast as the bodies were identified they were buried. The revised list so far reported showed the following dead:

- ALEXANDER FORD.
- MRS. BOWEN.
- J. MASON.
- MRS. HAYKINS.
- MRS. HAWKE.
- MRS. JAMES WALLACE.
- R. S. CUPP.
- CHRIST POLK.
- VIRGINIA SNYDER.
- HOWARD SNYDER.
- MRS. CLEMENCEAU or CLEMSON.
- GEORGE MORGANTHAUER.
- GEORGE BLITZ.
- MRS. QUINN.
- MRS. YOUNG.
- T. E. HARKREADER.
- FRANK C. SCOTT, years old.
- JOHN MCCONNELL.

More than 1,000 militiamen under command of Adjutant General Wood have the afflicted sections thoroughly patrolled and little or no disorder is reported. The city is divided into four military zones, as follows: North Dayton, Colonel Vollrath; East and South Dayton, Colonel Catrow; Central Dayton, Major Hubler and Lieutenant Colonel McQuinn.
It was reported that the federal government would take control of Dayton both from a military and sanitation standpoint. Adjutant General Wood said he had heard of no such plan and that he did not believe it would be put into effect.

Digging Bodies Out of Mud.

Digging bodies out of the mud was the chief work of rescuing parties today. The water had drained off from almost all of the flooded area, leaving thick layers of mud, which in some instances piled up by the eddies—was several feet deep. It soon began to dry up in portions of the street exposed to the sun, but for six blocks the searchers for bodies waded through a sea of oozy sludge.
A brilliant sunshine threw an uncanny light over the desolate scene in the areas where the homes of 25,000 people were swept away or toppled over. A view down almost any street revealed among the debris tumbled-over houses, pianos, household utensils and dead horses brushed together in confusion. At two points the bodies of horses were seen still caught in the top of trees where they had been swept.

Over on the north side of Dayton View, where a relief station was established under martial law in the Longfellow school house, thousands of homeless people gathered for supplies of food and clothing. Every able-bodied man was pressed into service. A man with a megaphone stood at the door calling out orders.
At least thirty people were killed when the Leonard building collapsed Wednesday

night, according to the statement of Detective Kincaid today. Kincaid was marooned by the flood in the city hall just across Main street from the Leonard building.

Sees Building Collapse.

Standing in a window at police headquarters he was watching passersby on the street below prior to the coming of the torrent. He saw twenty people, he says, enter a saloon which occupied one-third of the ground space of the Leonard building. None got out. Other people had entered other stores in the building and some were on the upper floors. Kincaid felt sure that there were at least thirty-five in the structure and possibly more.

When the waters came a portion of the persons caught in the building made their way to the roof.

As the walls began to tremble, those in the building let out terrible shrieks and calls for help. Two men leaped into the flood, a distance of four floors and were instantly killed. The others went down with the building.

Kincaid said that the police were taking steps to examine the interior of the ruins. More than twenty persons were rescued from the nearest houses near the city building Thursday night by Edward Schaeffer, who sat astride of his horse and swam into the markets carrying a rope. About twenty people were trapped in the markets and standing on meat blocks. Schaeffer fastened the rope around one after another and then police officers and detectives in the building pulled the men to safety.

HUNDRED DEAD IN HAMILTON

Caskets Are Piled High on East Side of Court House.
HAMILTON, O., March 29.—Less than a hundred is the estimate today of the dead in the flood here.

As the water recedes the evidence of the property destruction is more appalling, but the death list, it is said, will not exceed 100.

Piled high on the east side of the court house are caskets awaiting the flood victims, whose bodies are being gathered rapidly as possible.

Because of the demoralized condition Governor Cox today assigned Colonel Zimmerman of the Ohio National Guard to take charge of the flood situation here. Colonel Zimmerman already has arrived from Columbus and has divided the city into districts and has it under complete control.

At the same time three federal authorities also arrived and have begun the systematic search for the dead and those in need of medical assistance. Captain Buckner arrived from Fort Thomas, Ky., and divided the city into four districts, with an officer in charge of each. A telegram was received today from Secretary of War Garrison that three United States army engineers would be detailed

to this city to aid in reconstruction work.

Besides this list of thirty-seven identified dead and the nineteen unidentified bodies in the morgues, the authorities have reports of about ten bodies recovered by individual searchers and placed in houses on the edge of the flooded area.
The military authorities allowed hundreds to return to their homes in the flooded area to make repairs and clean up their houses. The health authorities took charge of the cleaning up process.
A letter was shot and killed early today on the West Side. The shot is said to have been fired by a private of the Marysville company. The loot's body dropped into the water and was not recovered. Many shots were fired at looters by state troops on guard during the early morning.
Governor Cox today issued the following proclamation as to relief work:
"In order to stimulate the situation growing out of requests coming from every direction with reference to funds and supplies, we suggest the following arrangements:
"That all supplies in the future be consigned to Colonel Edward T. Miller, in charge of general relief depot, Columbus, O., and that all funds be sent to Colonel M. L. Wilson, treasurer of the commission representing the Red Cross, the state and the citizenship. It is desirable that there be submitted by wire a statement giving car number and character of supplies that are shipped.
"There is every indication that the Ohio river will reach the highest stage in its history. Calls for food and clothing are coming from unexpected parts of the state. A critical situation has developed in all Ohio river towns. We are still greatly in need of help."
