## NO FLAG FLIES OVER HALL

House Has Session Without Stars and Stripes Floating.

SENATE HOLDS TO ITS COLORS

State Board of Education Meets to Distribute Money that Is to Go to Normal Schools Under New Law.

(From a Staff Correspondent.) LINCOLN, Neb., April 21 .- (Special) For the first time in the history of Nebraska the house met with no flag flying from the masthead. The flag which has flown all winter over the east end of the capitol building was given away, according to the usual custom and the representative to whom it went hied himself to the woods and took the flag with him Saturday. The senate has likewise given away its flags, but Old Liberty is still flying from its usual pole to show that the senate is not ashamed to let the world know that It is standing pat on university removal.

Grounds for State Guard. Adjutant-General Hall went to Waterloo today to look up grounds for the maneuvers of the state troops this summer when the encampment is held. He proposes to make the maneuvers of such a nature that it will give the guard an insight into the real thing in warfare. His investigation will cover the expense as well as other important matters in connection with the movements of the

The state normal board was in session today for the purpose of assigning the funds according to the new law which sets aside the proceeds of 85 per cent mill lavy for the maintenance of the four schools at Peru, Wayne, Kearney and Chadron.

The board figures that probably about \$785,000 will be raised by the levy, of which the Kearney school will receive \$141,000; about \$16,000 less than it received the last biennium. Other schools may receive a little more than was given them under the old plan.

## Governor Signs Bills

(From a Staff Correspondent.) LINCOLN, April 21,-(Special.)-Governor Morehead today signed the following bills:

S. F. \*'45, by Macfarland—County com-nissioners' salary bill. S. F. 424, by Kiechel—Peru Normal may supply light heat and water for village. S. F. 27, by Shumway—State aid for high schools that teach agriculture. S. F. 1, by Heagland of Lincoln—Workrmen's compensation act.

F. 343, by Wolz-Dutles of municipal

S. F. 309, by Dodge-Clothing, \$10 and a Bible for discharged convicts. S. F. 316, by Dodge-Relating to powers of municipalities to issue bonds and bor-S. F. 144, by Klein-County treasurers

to keep accounts of amounts of war-rants paid, by number only.

S. F. 4, by Cordeal—Blue sky law.
S. F. 9, by Hoagland of Lincoln— Method of cancellation and method of

Method of cancellation and method of perfecting titles to real property.

S. F. 71, by Wolz-Raises limit on city's heating and lighting bonds.

S. F. 401, by Dodge-Douglas county work house bill.

S. F. 420, by Talcott-Increases powers of State Board of Health.

S. F. 451, by Hoagland of Lancaster—Care and custody of dependent children.

S. F. 307, by Ollis-Revenue and taxation commission greated by this got.

S. Rid You of All Blood Disorders.

If you are down with rheumatism if you sneeze, feel chilled, are choked with catarrh, have a cough, or your skin is pimpled and irritated with rash, eczema, or any other blood disorder, just remember that almost all the ills of life come from impure blood. And you can easily give your bleed a good, therough cleansing, a bath, by using S. S. S. There is no need for anyone to be despendent over the filness of blood impurities. No matter how badly they attack the system, or how unsightly becomes the skin, just remember there is one in-gredient in S. S. S. that so stimulates the cellular tissues throughout the body that each part selects its own essential nutriment from the blood. This means that all decay, all breaking down of the tissues, is checked and repair work begins. S. S. S. has such a specific influence on all local cells as to preserve their mutual welfare and afford a proper relative assistance to each other. More attention is being each other. More attention is being given to constructive medicine than given to constructive medicine than ever before and S. S. S. is the highest achievement in this line. For many years people relied upon mercury, iodide of potash, a. senic, "physics," cuthartics and "dope" as remedies for blood sickness, but now the pure, vegetable S. S. S. is their safeguard. You can get S. S. S. in any drug store, but insist upon having it. And store, but insist upon having it. Anyou should take no chance by per initting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist freely and confidentially, address the Medical Dept. The Bwift Specific Company, 127 Swift Bidg., Atlanta

## Governor Makes Reply to Norfolk Doctor's Scoring

(From a Staff Correspondent.) LINCOLN, April 21.—(Special.)—In answer to a published statement made by Dr. Johnson that Governor Morehead was using the game of politics at the Norfolk insane asylum where Johnson has been reappointed as superintendent, the governor issued the following statement this

print with his story.

As to the appointment of the steward, as the steward is a republican of long standing, he served under the administration for two years and was of sufficient republican proclivities that the former gave him six weeks vacation and sent into the first weeks weeks vacation and it is to show that the doctor's allegations are unfounded. I desire to state that until July 1, I have the appointment and removal power over state institutions and I shall exercise that power. If he is disguissified with my methods he has the liberty to vacate, and I will place another man at the head of

I will place another man at the head of the Norfolk institution.

### RAILWAY COMMISSIONER TAYLOR BECOMES BENEDICT

(From a Staff Correspondent.) LINCOLN. April 21.-(Special.)-Railway Commissioner H. G. Taylor went to Havelock, Ia., today, where he will be married to Miss Jessie Hart of that city. They will make a short honeymoon trip before returning to Lincoln, where they will reside.

### JOHN TROUTON APPOINTED RAILROAD CLAIM AGENT

(From a Staff Correspondent.) LINCOLN. April 21 .- (Special.)-John C. Trouton, who has been holding the position of postmaster of the senate for the present session, has been appointed special claim agent for the Burlington raliroad and left this morning to take up his new duties.

Barn Burned at Glenwood. GLENWOOD, Ia., April 21.-(Special.)-The large barn on the Fay Wright farm was destroyed by fire of unknown origin at 7:45 last evening. The barn was built even years ago and was a fine structure the state library department is here asof its kind. The horses were saved by sisting the librarian, Miss Laura Roump Mrs. Andrew Noah and her young son, the only persons on the place at the tomorrow evening. Miss Templeton will binders, one mower, one riding lister and and musicians will assist in presenting gang plow, farm blacksmith outfit, fifteen good program. tons of hay and 100 bushels of corn were destroyed. The barn and contents are

## DRAWING ANTI-ASIATIC BILL

California Will Pass Law Aimed Solely at Japanese.

GOV. JOHNSON WILL SIGN IT

Lawmakers Decide that Bill Drawn Along General Lines Will Drive European Capital from the State.

SACRAMENTO, Cal., April 21.-1t was said today by administration leaders in the state senate and assembly that a definite agreement to enact an antiallen land law directed solely against the Japanese and exempting all foreigners 'sligible to citizenship in the United States" has been reached and would be carried out this week.

It is understood that this course has the approval of Governor Hiram W. Johnson and that he will sign the bill immediately upon its passage. Whether such a law would be constitutional will remain in doubt until it is tested in the federal courts, but it is the settled policy of the majority party in the legislature to regard the state as having full rights in the matter until declared otherwise by judicial decision.

Drawing New Bill. The wording of the new bill has not been decided upon, but it probably will be formulated before night. draft will be offered as a substitute, for the Thompson-Birdsall bill in the senatwhere it will come to a vote. It is said the danger of irreparable loss to the state through frightening away European capital coupled with the fact that o matter what the form of the measure the Japanese would know it was aimed at them, caused the legislative commit tee to decide upon a bill frankly intended to affect only Asiatics.

The announcement from Tokio that Japan aiready had withdrawn its support from the Panama-Pacific exposition n San Francisco is said to have had some

Bryan's Telegram Disregarded. Secretary of State Bryan's telegram received last Saturday containing advice directly contrary to the present plan of action, is taken only as an expression of opinion and not as interfering in any way with the state's right to act. The sentinent favoring an alien land law has been nonpartisan from the beginning and it is doubtful if more than one democrat in the senate will heed the message from the State department at Washington when the measure comes to a final vote. Leaders of the progresive republican najority declare they are not restricted politically or otherwise by the views of the democratic national administration.

## Officers Check Up Damage by Forest Fire Near Custer

DEADWOOD, S. D., April 21.-(Special relegram.)-Forest Supervisor Imes of Custer, in charge of the Harney Park National forest, who directed the efforts to, fight the big forest fire in Custer county this week, is busy checking up the extent of the damage done by the flames. while State Marshal S. E. Crane of Lead is investigating the origin to determin if warrants for criminal negligence should issue for the destruction of the state timber.

A conservative estimate of the total oss in timber and property of the ranchers living near the fire, is put at \$75,000, but this will probably be increased when the check-up is completed. In all about Superintendent Johnson says that I am 50,000 acres of timber was either partly or

LOS ANGELES, Cal., April 21.-The names of forty-one girls, all under 21 years of age, and most of them not yet past 18, were given to the coder grand jury today when it was asked to investigate white slavery charges in which a number of millionaires are said to have lured girls systematically from home and placed them in a "protected resort."

Affidavits of four of these girls already have been obtained, and according to the allegations contained in their sworn declarations the millionaires involved had a complete organization for the trapping of girls. There were cadets in their employ and a well known attorney, who, besides being involved in the actual enslaving of the girls; also is alleged to have spirited away one of the young women who revealed the alleged facts of the case after she had been threatened with prosecution for attempted

It is said the leader of the white slave ring was known to his victims only as "The Black Pearl," a name given him because of a peculiar scarf pin, but the names of most of his alleged fellow slavers are in the hands of the police Katherine Phillips, Helen Barker, Myrtle Adair and Marie Brown are the names of girls who have told of their relations with the alleged millionaire white slavery crew. Detectives are in San Bernardine today to bring back Marie Brown, who it is claimed, was taken to that city by private detectives employed by the white slavers to prevent her telling what she

# DO TEN DAYS' WORK IN ONE

ECHANICAL power as developed by I H C oil tractors is far more efficient than horse power. Here is the proof.

Twelve teams and fifteen men completed a piece of road building in thirty days. An I H C tractor with four men did the same amount of work in seven.

The tractor cost less than the teams. It cost less to operate.

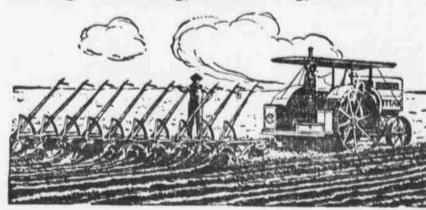

It made a saving in wages on that one job sufficient to pay more than a year's interest on the investment.

That is efficiency plus economy.

It takes a month to plow eighty acres with a team. An I H C oil tractor drawing 10 plows will turn the same amount of soil in 32 hours. Here is efficiency in a ten to one ratio.

For the heavier work of the farm, such as plowing, disking, seeding, harrowing, harvesting, threshing, corn husking and shredding, ensilage cutting, hauling products to market, an I H C oil tractor is more profitable than horses.

There is also a great exriety of general work, such as road grading, leveling and rolling, well driving, con-

crete mixing, and other modern activities for which IHC oil tractors are far more effective and economical than any other known form of power, and are constantly proving it in actual practice.

IHC oil tractors are built in 6-12, 7-15, 10-20, 12-25, 15-30, 30-50, and 30-60-H. P. sizes, to operate on kerosene and gasoline. I H C general purpose engines, for farm, mill and shop use, are made in I to 50-H. P. sizes, to operate on high and low grade fuel oils, gas, and alcohol. Catalogues containing interesting, helpful information about I H C oil tractors, and oil and gas engines will be sent on request. They will make you familiar with all the important mechanical features of the machines.

> I H C local dealers, in your own town, or I H C general agents in nearly a hundred principal cities, and their field men, are ready at all times to show you the meaning of I H C service as applied to I H C tractors and engines. Thousands of local dealers keep stocks of repair parts on hand constantly. Write or visit the nearest general agency or address us for full information.
