

PUTS IT UP TO THE POWERS

Austria to Proceed Alone if Fail to Force Evacuation.

WILL WAIT UNTIL TODAY

Germany Reported to Have Promised to Stand by Vienna Government Under All Circumstances.

VIENNA, April 22.—Austria-Hungary will wait till Monday for some decisive action of the powers regarding Serbia, according to a statement made in official quarters. Should the powers fail to vindicate its political and military prestige...

It is reported that Germany has promised to support Austria under all circumstances. Much significance is attached to the conference which the foreign minister and minister of war had with the emperor at Schoenbrunn this evening.

Greeks Concentrate Forces. LONDON, April 22.—Diplomatic circles in London regard the Bulgarian withdrawal from Saloniki as having a grave bearing on the Greco-Bulgarian differences regarding the possession of the town. Since the fall of Janina the Greeks have been concentrating considerable forces in the neighborhood of Saloniki...

Although a rupture is not believed to be imminent, developments are awaited with anxiety, as the withdrawal of troops is not regarded as indicating any modification of Bulgaria's attitude on the question of Saloniki.

VIENNA, April 22.—The official Fremdenblatt, discussing Soutari, says: "If Austria-Hungary is to be really tranquilized the great powers must not stop at a platonic declaration of their unanimous intentions; they must convert their good will into deeds without delay."

In this connection the constant talk abroad of compensating Montenegro for its military successes met with an especially bad impression. "The political and military prestige of Europe has suffered by the fall of Soutari. If this injury to their prestige, this check to their actions, is a matter of indifference to the powers, Austria cannot follow them along such a path."

The minimum its demands in the immediate presentation by the powers to Kettine of the protest they have already decided upon in the form of a vigorous demand for the evacuation of Soutari at once and in the event of refusal, the adoption of further military measures for the forcible carrying out of the will of Europe. Any hanging back on the part of Europe from this minimum would excite feelings of dissatisfaction and bitterness in Austria-Hungary. It will be to Europe's interest to prevent this."

SALONIKI, April 22.—On urgent orders from the Bulgarian commander at Seres, the Seventh Bulgarian artillery regiment left here Saturday for that place. The Fourteenth Bulgarian infantry regiment is to follow on Monday.

The reason for this movement of troops has not transpired, but the Bulgarian army has been concentrating for some time at Seres, which lies forty-two miles northeast of this city and is the most important town in eastern Macedonia. Presumably the troops are preparing to face the Serbian concentration on the Vardar river.

MEN'S NOTES OF SEWARD AND OF SEWARD COUNTY

SEWARD, Neb., April 22.—(Special.)—Mrs. Dana Ewden, wife of the commandant of the Soldiers' and Sailors' Home at Milford, met with some severe injuries Saturday in a runaway accident. She jumped out and her clothing was caught in the wheel and she was dragged some distance before she could be extracted.

Chamberlain of the Milford garage, while looking around the rim of a wheel to see whether he had placed a tire on right, was hit in the face by the tire, which suddenly exploded. He was struck in the left eyeball, part of the eyeball being peeled off.

Dr. Conde, spoke at the opera house on Saturday afternoon on "The Principles Governing the Management of Land, from the Practical Standpoint."

The Pin de Siecla club will close its year's work with "Good Drink Demonstration," on Monday evening. The Woman's club will give a progressive luncheon on Wednesday to celebrate the end of the club year. The members of the History and Art club will participate in a picnic at Riverside farm, the home of Mrs. L. H. Diers, as the "windup" of their year's work.

NEW WATER PLANT AT MINDEN IS TESTED

MINDEN, Neb., April 22.—(Special.)—The city council met Friday evening in an informal meeting for the purpose of approving the installation of new machinery in the waterworks system. A new pump and a compound air compressor have been installed at a cost of about \$2,000. The machinery was guaranteed to increase the pumping efficiency 50 per cent over that which was already in use. The machines which have been used for several years was an air lift system. A pumping test for one hour demonstrated that the old machinery was capable of pumping 172 gallons per minute. The new plant yielded 215 gallons per minute or an increased efficiency of 55 per cent. No accurate account was taken of the coal used, but an estimate places the saving very much over the old system. The council is highly pleased with the new machinery.

Fatally Shot by Robbers. CHATTANOOGA, Tenn., April 22.—Two negro highwaymen entered the drug store of Dr. F. H. Rogers at St. Elmo, a suburb, tonight and fatally shot Dr. Rogers and seriously wounded a young clerk. The robbers' machinery was guarded by a large mob of citizens. A tracking is probable if the highwaymen are caught.

PLAN TO REDUCE NUMBER OF BILLS OFFERED WANTED

(Continued from Page One.) upheld the governor and the bill failed to become law. The following will give some idea of the work of the last four sessions: 1910-11 bills passed, 281 signed, 1 vetoed; 1911-12 bills passed, 227 signed, 22 vetoed; 1912-13 bills passed, 202 signed, 1 vetoed; 1913-14 bills passed, 202 signed, 1 vetoed. 1907-11 bills passed, 221 signed, none vetoed. The subject which seemed to engross the minds of many of the members when they came to Lincoln was the insurance proposition and a large number of bills covering this proposition were introduced in both houses. However, only a small number of them became laws, three in the senate and two in the house, the most important of these being the code insurance bill and the measure providing for employers mutual liability insurance.

Hall Questions Trouble. Another subject which troubled some of the members was that of the railroads. Attempts were made to pass measures, and some of them were successful, forcing a greater expense upon the roads in the way of appliances, etc., while another attempt was made to curtail the income of the roads by a reduction of rates. The latter failed, but several of the former went through and in all eleven laws touching railroads were passed.

Other corporations besides the railroads came under the notice of the members and ten laws were passed covering the corporation problem. The blue sky law, with its heart cut out, the workmen's compensation law which did not seem to satisfy either side, the loan shark law, the election law and others form a part of the work of the last session and, of course, will take time to show their effectiveness in covering the things they were intended to remedy.

UNDERWOOD BILL A MENACE

(Continued from Page One.) of Canada and Mexico, but more particularly Australasia and South America. Imports into this country will approximate \$4,000,000 this year with duties under the present law of more than \$9,000,000. If the duties to be raised hereafter under the new schedule are to equal 1912, it will require the importation of upwards of \$20,000,000 worth of farm products which will mean increasing and throwing into competition with our products, must have a demoralizing effect upon the farmer's prices.

Odd Fellows and Rebekahs at Dunlap

DUNLAP, Ia., April 22.—(Special.)—The Odd Fellows and Rebekahs county convention held here Friday was the largest and most successful held in the history of Harrison county. Mondamin, Modale, Missouri Valley, Magnolia, Logan, Woodbine and Dunlap lodges were well represented. After the evening program the guests were banqueted and a special train took them in attendance to their respective home towns late in the evening. The subordinate district convention elected the following officers for the ensuing year: President, G. W. Burbank, Missouri Valley; vice president, J. C. Wallace, Mondamin; secretary, J. J. Miller, Logan; treasurer, O. O. Brock, Logan. Modale was selected for the next meeting place.

MRS. KERR DIES, SON LEFT MILLION ESTATE

HEARINGS, Neb., April 22.—(Special Telegram.)—Mrs. Elizabeth Kerr, widow of William Kerr, died late Saturday evening in Waukecha, Wis., where she underwent an operation for a carbuncle ten day ago. Death resulted from blood poisoning. Mrs. Kerr and her son, Thomas, were the sole owners of the William Kerr estate, valued at about \$1,000,000. Broken in health by grief over the illness of her son, who is under treatment at a sanitarium in Kansas City, Mrs. Kerr was taken to the Waukecha institution several weeks ago.

NOTES FROM BEATRICE AND GAGE COUNTY

BEATRICE, Neb., April 22.—(Special.)—Anton Olson, a farmer living near Odell, was severely cut and bruised about the head and body in a runaway. He was operating a disc in the field when his team started, and in attempting to get off the machine his foot was caught in such a way that he was dragged for about sixty yards before being released. He was unconscious when found. It is thought he will recover in a few weeks. Announcement was received here yesterday of the death of George Hain, a former Beatrice resident, which occurred Thursday at Snyder, Colo. The deceased was 49 years of age and unmarried.

NEWSPAPER INSTRUMENTAL IN \$1,000 CONTRIBUTION

An interesting circumstance in connection with a \$1,000 contribution to the relief fund from Los Angeles is related in a letter from there telling of the instrumentality of a copy of The Bee in causing the gift to be made. An Omaha woman sent the paper to a brother in Los Angeles, who, after reading it, gave it to John Burke, a prominent banker of southern California. Mr. Burke, formerly of Omaha, took the copy to the Chamber of Commerce, where it was read by several members and \$1,000, which had been collected for the Ohio flood sufferers, was sent to Omaha instant.

NEBRASKA'S RATIFICATION RECEIVED AT WASHINGTON

WASHINGTON, April 22.—Nebraska today notified the State department of its ratification of the seventeenth amendment to the constitution, providing for the direct election of United States senators. Only South Dakota remains to be recalled before the proclamation can be issued officially announcing the new amendment as effective.

PRAISE VETERANS IN TOASTS

Come to Front at Crisis During Peace or War.

GOVERNOR MOREHEAD IS GUEST

Judge F. James Cosgrave of Lincoln, Toastmaster—Frank I. Ringer Elected to Be Head of the Organization.

Two hundred veterans, many accompanied by their wives, enjoyed the banquet that closed the two days' session of the United Spanish War Veterans of Nebraska at the Woodmen cafeteria Saturday night. Songs were sung and speeches were made that smacked of the old days of 1898 and 1899. Governor Morehead was among the speakers. Judge James P. Cosgrave of Lincoln was toastmaster. In opening he praised the work of the army and dwelt particularly on the value of the regular army in time of peace as well as in time of war. He recalled the earthquake in San Francisco and mentioned the efficient work the regular troops had done there in the relief work and in guarding the ruins to prevent looting. He cited the tornado and catastrophe of Omaha as another instance in which the regular troops were quickly upon the ground and rendered invaluable service. He said the regular army was not appreciated as it should be by the general public.

Hartmann on the Army.

Major Carl F. Hartmann, commander of the signal corps at Fort Omaha, addressed the banquet on the work of the regular army. He reviewed the work of the army both in time of peace and time of war. He detailed the work of the army troops in time of great calamity such as that in the San Francisco earthquake and in the Omaha tornado. He recited the advantages the army offers to men, especially the signal corps, where men are taught telegraphy and other interesting proficiency that they are able when they get out to command good salaries in a similar line of service in civil life. Rev. Mr. Underwood, who was chaplain of the Third Nebraska regiment, told the boys some stories and reviewed army life from the standpoint of a chaplain. Governor John H. Morehead made the shortest speech of the evening. He told a story and announced that he was glad to meet at the banquet with the veterans.

TELLS OF UNIVERSITY FIGHT

(Continued from Page One.) and inject the liquor fight into the removal proposition. "If the liquor proposition is brought into the university removal fight, nobody but the selfish business interests of Lincoln will be responsible for it. The end of the removal conference committee had been ready to do business from the very start and numerous propositions were put up to the house for their consideration and it was not until the very last moment that the house end would do anything whatever. "I think that the charge that the liquor interests were behind the senate committee was about the most foolish thing the Lincoln papers could have pulled off. Why, everybody knows that four of the five members of that committee are strong dry men and have fought liquor legislation this whole session, and the bringing into this fight, as I said before, of the liquor question is unequal for and unfair. "The thing that bothers me is why the people of Lincoln are willing to sacrifice truth and honesty in their arguments to keep the university downtown instead of assisting to move it to a place only two miles distant where it will have plenty of chance to expand. If the proposition was to move the university to some other town in the state it would be perfectly legitimate for the people of Lincoln to put up a fight to keep it here, but when it is to move to another portion of the city only it is bound to raise a question in the minds of the average individual whether their object is a selfish one or not. "Lincoln as a whole will lose nothing by the removal to the state capital where it can be controlled with the rest of the university. It is true that there will not be much of an opportunity for the students to spend their money every evening on the streets as if they were right in the heart of the city, and I am of the opinion that this is the sole reason why the business interests of the city are fighting the removal idea. But in my mind there is only one question which the people of the state should consider when voting for the proposition at the next election, and that is the best interest of the students, personally and educationally. Will or will they not have a better opportunity to get through their studies away from the busy downtown location and out on the farm where they can study undisturbed by the noise of street cars, the shrieking of locomotive whistles, the rushing to and fro of trains and the close proximity to some other things of which I will not mention."

Joseph Garrett.

HUMBOLDT, Neb., April 22.—(Special.)—The funeral of the late Joseph Garrett took place from the home of his daughter, Mrs. John Hoagland on Saturday. Rev. W. H. Hawley of Auburn, officiating. Mr. Garrett was 81 years old and well known in this part of the country. His death was due to old age. Surviving him and present at the funeral, were his three daughters, Mrs. John Hoagland and Mrs. Abe Hoagland of this county, Mrs. Curtis of Pawnee city, and George Garrett of Warrensburg, Mo.

MISS YOST NEW SECRETARY OF CHARITIES AT PUEBLO

Miss Matilda Yost, former assistant secretary of the Associated Charities of Omaha, has been chosen secretary of the Associated Charities of Pueblo, Colo., a city of 6,000 inhabitants, according to word received from there. She succeeded Mrs. W. H. McDonald. Miss Yost's home has been in Omaha for the last two years, though she spent some time in Denver in charities work.

PARKS COMMITTEE WOULD TAKE POLES OFF CITY STREETS

(Continued from Page One.) of two saloon licenses. He advised the council to investigate the saloon situation in Los Angeles before deciding definitely upon what to do. W. F. Wappich, representing the German Alliance of Nebraska, asked that provision be made in the new charter for the designation of a German daily paper as one of the official organs of the city. In a letter to the council from a resident "for inspection that inspects" was urged, the writer's plan being to compel the fremen to inspect buildings and to see that insurance companies canceled contracts of the careless or unreliable.

CANDIDATES IN SEVENTY-SIX

(Continued from Page One.) cratic ticket. For first senator Charles T. Holloway was the republican candidate and A. N. Ferguson the democratic. On the precinct ticket for the Sixth ward Experience Eatabrook was running for justice of the peace as a republican. Joel T. Griffin was the republican candidate for county commissioner, and Fred Drexel was his democratic opponent. Scanning these names, and considering the high place these men held in the community, it is interesting to recall that they were all nominated for office under the caucus and convention plan, which has been discarded in favor of the direct primary. Another interesting comparison might be made between the length of the ticket then voted and the one out last fall.

Voters Leave Records.

The tickets were apparently pasted in the place they were found by Charles Frey and V. L. Yofiska, as their names are signed to the tickets, with the date of November 7, 1912. The information is sent to B. Julien, general foreman of the Union Pacific car shops, from J. C. Lawler, district manager for the American Car and Foundry company at St. Charles, who is trying to trace the history of the car, and who especially asks for Charles Frey, who was a long time inspector of the Union Pacific at the St. Charles shops.

Odd Fellows and Rebekahs at Dunlap

DUNLAP, Ia., April 22.—(Special.)—The Odd Fellows and Rebekahs county convention held here Friday was the largest and most successful held in the history of Harrison county. Mondamin, Modale, Missouri Valley, Magnolia, Logan, Woodbine and Dunlap lodges were well represented. After the evening program the guests were banqueted and a special train took them in attendance to their respective home towns late in the evening. The subordinate district convention elected the following officers for the ensuing year: President, G. W. Burbank, Missouri Valley; vice president, J. C. Wallace, Mondamin; secretary, J. J. Miller, Logan; treasurer, O. O. Brock, Logan. Modale was selected for the next meeting place. G. S. Dunn of Sioux City gave instructions in the work of the lodge. In the afternoon the Golden Rule lodge of Dunlap conferred the initiation, and the first degree work was exemplified by the Woodbine lam.

MRS. KERR DIES, SON LEFT MILLION ESTATE

HEARINGS, Neb., April 22.—(Special Telegram.)—Mrs. Elizabeth Kerr, widow of William Kerr, died late Saturday evening in Waukecha, Wis., where she underwent an operation for a carbuncle ten day ago. Death resulted from blood poisoning. Mrs. Kerr and her son, Thomas, were the sole owners of the William Kerr estate, valued at about \$1,000,000. Broken in health by grief over the illness of her son, who is under treatment at a sanitarium in Kansas City, Mrs. Kerr was taken to the Waukecha institution several weeks ago.

NOTES FROM BEATRICE AND GAGE COUNTY

BEATRICE, Neb., April 22.—(Special.)—Anton Olson, a farmer living near Odell, was severely cut and bruised about the head and body in a runaway. He was operating a disc in the field when his team started, and in attempting to get off the machine his foot was caught in such a way that he was dragged for about sixty yards before being released. He was unconscious when found. It is thought he will recover in a few weeks. Announcement was received here yesterday of the death of George Hain, a former Beatrice resident, which occurred Thursday at Snyder, Colo. The deceased was 49 years of age and unmarried.

NEWSPAPER INSTRUMENTAL IN \$1,000 CONTRIBUTION

An interesting circumstance in connection with a \$1,000 contribution to the relief fund from Los Angeles is related in a letter from there telling of the instrumentality of a copy of The Bee in causing the gift to be made. An Omaha woman sent the paper to a brother in Los Angeles, who, after reading it, gave it to John Burke, a prominent banker of southern California. Mr. Burke, formerly of Omaha, took the copy to the Chamber of Commerce, where it was read by several members and \$1,000, which had been collected for the Ohio flood sufferers, was sent to Omaha instant.

NEBRASKA'S RATIFICATION RECEIVED AT WASHINGTON

WASHINGTON, April 22.—Nebraska today notified the State department of its ratification of the seventeenth amendment to the constitution, providing for the direct election of United States senators. Only South Dakota remains to be recalled before the proclamation can be issued officially announcing the new amendment as effective.

That "SKUNKY" Taste in Some Beers is caused by the action of Light. "Beer acted upon by light soon takes up the very disagreeable so-called 'light-taste,' and also a repulsive skunk-like odor. Beer so affected is offensive to the palate of most consumers, and there is probably nothing that will influence them more against any brand of bottled beer than to have once tasted beer possessing this 'light taste' to a marked degree. The presence of this defect, however, is not always the bottler's fault, as the consumer himself very often lets the beer stand in the light. But the consequences must usually be borne by the bottler." Extract from "The Beer Bottler's Handy Book," published by the Wahl-Henius Institute of Fermentology.

Schlitz is sold in Brown Bottles to protect its purity from the brewery to your glass. In our brewery we spend more in purity—in time, in skill and in money—than any other cost. Why don't you, too, demand the pure beer—Schlitz in Brown Bottles? See that crown or cork is branded "Schlitz."
