The next year Mr. Morrison, who is a good deal of a thinker, conceived the idea that it might not be hate, but love that actuated the dog, and the experiment of putting a downy little chick before him was cautiously tried, demonstrating that it was affection that inspired him.

For the succeeding two years when the venerable Rhode Island red hen was given her annual care of a setting of thoroughbred eggs, the dog never left her side, day or night. When the chicks were hatched the dog devoted his whole attention to their care. He was on duty as their guardian all of the time.

Replaces Hen on Nest. This spring the hen succumbed to the infirmities of age and died on the nest one week before the chicks were due to appear. The dog, who stayed day and night by her side, discovered the calamity at dawn one week ago Sunday morning and aroused his master by frantic cries. He was heartbroken, and Mr. Morrison says he wept real tears when the hen was lifted from the nest and buried. It was expected that the embryo chicks would perish in the eggs, but an hour after the funeral of the hen Mrs. Morrison was astonished to find that the dog had crept upon the nest and was warming the eggs with his own body.

For the week that followed food and water had to be taken to him, for he would not leave his post. Since the chicks have appeared he would suffer death in any form rather than desert Cameras were pointed at the dog yes-

HATCHES CHICKS Hole in Diamond Not Grounds for a New Game is Ruling

NEW YORK, May 6.-The New York Nationals had no undue advantage over the Philadelphia club in the games played at the Polo grounds late in April, by rea son of the fact that there was a hole scooped out of the diamond back of the pitcher's box. This is the finding of President Thomas J. Lynch of the National league on the protest of the Philadelphia club and he orders that the result of the games shall stand as played The Philadelphia club protested the games played April 23 and 24, alleging that a hole several inches deep was jet black. Scores of people who had read scooped out back of the pitcher's box, in violation of the rule, which requies the every base line. New York won the first game, 3 to 1, and the second game,

During the series President Locke of Philadelphia made a verbal complaint to headquarters relative to this hole, and Umpire Klem was instructed to have the ground keeper level off the ground in order to avoid the possibility of a ball thrown from center field striking back of the rubber. The New York club in answering the protest, stated that it became necessary this season to put in and that owing to the rains and the of the box.

Holds Writing Love Letters at 77 Does Not Show Man Crazy

KANSAS CITY, Mo., May 6.-When a man 77 years old writes love letters, the fact does not constitute evidence of mental incapacity. Judge Ellison laid down that ruling in a decision handed down in the Kansas City court of appeals today. The case was one from Boone county in which a son sought to break his father's will. The love letters were introduced to show that the testator was incapable of making a will. In the letters the writer said he was only 65 years old. Judge Ellison held that this misrepresentation had nothing to do with the case. The fact that he was able to deceive, the judge said, showed that he was in possession of all of his faculties.

ARIZONA HITS AT JAPANESE Eskimo Traps Foxes House Passes More Drastic Anti-Alien Bill Than California's.

SENATE WILL FOLLOW SUIT Washington Administration Finds

Problem Arising Out of Legislation Directed at Orientals Complex.

PHOENIX, Ari., May 6,-To take the place of the unenforced measure, enacted year ago, the lower house of the state egislature passed an anti-alten land own ership bill today that is far more drastic than the California legislation on the same subject. The act prohibits any alien who has not declared intention to become a citizen from acquiring title to real field to slope from the pitcher's box to property. It is expected the senate will pass the bill.

WASHINGTON UP

Administration Finds Alien Land

Question Complex. WASHINGTON, May 6.-The Japanes mbassy was supplied by the State department to-day with a copy of the alien land-owning bill passed by the California legislature and the ambassador will employ the time between now and Secretary Bryan's return to Washington in prepara new pitcher's box at the Polo grounds ing a formal protest against the measure. It is well understood that to settle the fact that the field is in use every day question, no matter what may be the by the National or American league point of objection, will require the action clubs, a slight depression resulted back of the United States courts and much consideration must be given to the procedure to be followed in arranging for s judicial test of the California law. It will be for Secretary Bryan to determine whether the United States government itself shall become a party to a suit of this character. International lawyers hint that the administration is in an exseedingly delicate position, for the reason that while apparently a champion of the Japanese cause through the secretary of state before the California legislature. probably from this point on it must defend the California law against Japan in the diplomatic struggle about to begin.

ANTI-JAPANESE

California Senate Refuses Action or Fishing Measure.

SACRAMENTO, Cal., May 6.- Fear that the bill by Senator Rush, requiring Japanese fishermen to pay \$100 for an annual license when other allens are taxed but \$10 and natives only \$2.50, is to violation of the existing treaty between Japan and the United States caused the senate to refuse action on the measure today, pending a decision by the comon federal relations. A similar bill has passed the house.

Senator Kehoe raised the question as to the possible violation by pointing to a section in the treaty which guarantees to Japanese subjects equal taxation with American citizens.

STOVALL MAY BE REINSTATED

Deposed Manager of St. Louis Americans Not Clear Out of Game.

JOHNSON GIVES HIM HOPE

Ordered Off Field for Pulling Off Umpire's Cap and Spitting on His Coat Satur-

CHICAGO, May 8 .- George Saravall, de sed as manager of the St. Louis Ame an league team and indefinitely susended as a player by B. B. Johnson resident of the league, as a result of Stovall's attack on Umpire Ferguson, Saturday, may get permission to play again this season and also may be retn stated in his managerial berth, accordng to Mr. Johnson tonight.

"The case is not closed," said Mr. Johnson. "Stovall is relieved as manager indefinitely and is suspended indefinitely from playing. He may be allowed to play again and it is possible that he may manage the team again, but the two are separate propositions. If he is allowed to play his position again it does not folow that he will be permitted to manage

the team." The deposition of a manager by the president of the league is said to be the first action of the kind ever taken by a

najor league. Stovall was ordered out of the game by Ferguson in the sixth inning of the game at St. Louis Saturday with the Cleveland team. In a rage at the order, Stovall pulled Ferguson's cap from his head and spat upon the umpire's coat, according to the reports received here.

Loot of Fremont Holdups is Found

Council Bluffs police department officers yesterday recovered a solid gold watch worth \$100 and a platinum chain valued at \$50 which was taken from John Rex Henry, a prominent business man of Fremont, Neb., when two thugs held him up near his home on Sunday night. Notification of the robbery was not given Chief of Police Froom of the Bluffs until after 11 o'clock yesterday and the valuable loot was sold at a pawnshop early in the day.

If the notification had come early in the morning the arrest of the man who laited the pawnshop could have been effected. The thugs also robbed the Fremont man of \$30 in cash. The watch was turned over to Sheriff Condit of Dodge county last night.

Henry and his wife were stopped on a residence etreet of Fremont and he was forced to give up his property at the point of a buge bowie knife, while a second man prevented Mrs. Henry from giving an alarm. She wore valuable diamond earrings that were not taken.
