AFFAIRS AT SOUTH OMAHA

Chief of Police Briggs Believed Slated for Decapitation.

VARIOUS CHANGES EXPECTED

Roads Will Probably Be Forced to Build a Viaduct Over Tracks at Fortieth and P Streets.

While there has been no official indication of such a move, there seems to be a well-understood impression that Chief of Police John Briggs is slated for decapitation at the hands of the new Board of Fire and Police.

Chief Briggs, it is understood, will not resign, and under the civil service rules charges must be filed and proven against him in order to warrant his dismissal.

Concrete Piers Completed. Nine of the big concrete piers for the new F street viaduct have been completed and the piles for the foundation of the east approach have been placed.

With the completion of the new viaduct at F street it is probable that the city will proceed to force the railroads to erect a viaduct over the tracks at Fortieth and P streets.

University of Omaha

Girls Are Hired to Teach in Nebraska

Following closely upon the announcement that the State Board of Public Instruction has given to the University of Omaha the right to grant state teachers certificates, comes the announcement that of the girls in the graduating class who are taking the normal work, several have already secured positions in schools for next year.

Of the girls who graduate six are taking the pedagogical work. Two will teach in the Omaha schools.

Miss Clara Hendricks will go to Gordon, Neb., where she will teach in the high school of that place. Miss Zella Beebe has been elected a member of the faculty of the Gretna high school.

The university officials feel that this is a deal of recognition, for it is the only school in Nebraska that has been given the right to issue teachers' certificates at this time to first graduates, and in addition it is said the school boards in different cities have shown their confidence in the standard of the work by hiring the young women before they receive their degree and before a reputation has been established.

The university is working toward the establishment of a teachers' agency, but contrary to the plan in vogue in most places, is not charging its graduates any fee for aiding them in securing positions.

Another recent addition to the department of pedagogy is the introduction in the curriculum of a course in the school laws of Nebraska. The book used is one compiled by James E. Delsell, state superintendent.

Omaha School Sends Out Seven Young Men to Preach Gospel

Seven young men received diplomas last night from the Omaha Presbyterian Theological seminary, following the commencement exercises held at the North Presbyterian church.

GARTER LAKE CLUB BOOMS

Organization Lots and Shares in Great Demand.

MEMBERS MEET AT ROME

Listen to Plans for Summer's Entertainment and Take Steps to Keep All Time Well Occupied.

One hundred and fifty Garter Lake club shares at \$50 each were sold during the last winter and of ten additional ones recently placed on the market at \$600 apiece only five are left.

The sale became known. There is plenty of provision, according to President Weaver, for the accommodation of 2,500 members and this number will be reached during the summer, according to his prediction.

This pleasing prospect for the club's future was made known last night when between 300 and 400 members and friends gathered at a general meeting of the organization in the Rome hotel.

Campaign for Members. No concerted effort has been made to increase membership by the board, as it was thought that it would be a better plan for members of the club to present applications of their friends.

A motion was carried that those present pledge themselves to bring in at least one application before midseason, and nearly all responded.

C. L. Dundey gave a brief outline of the work accomplished by the house committee for the coming season, of which the total expenditure amounted to \$2,500.

The safe, according to Dundey, will be second to none of any other club in the city, and the best material procurable, including linen, silverware and furniture, has been provided for the patrons.

New ranges, refrigerating plant and general culinary equipment have been bought and the cafe lease let to Dorsey & Walker, the former of the Happy Hollow club and the latter of the Henshaw, both men of considerable experience in the line.

Sea Wall Nearly Done. D. H. Christy, chairman of the buildings and grounds committee, reported that the 1,700-foot sea wall is all but completed, as is the water and sewerage system, and all will be in readiness for the opening date, May 30.

Particular attention has been directed to the dance hall, which will be bigger and in better condition than ever for the summer visitors.

Chairman Whitlock of the entertainment committee said two or more dances will be conducted each week. Motion pictures will be shown Sunday, Wednesday and Friday evenings.

D. H. Christy of the finance committee remarked that the financial condition of the club was splendid and that the forty-six lots at \$600 each, which are still to be sold to those desiring property on the grounds can be disposed of with very little effort should the occasion demand.

Dr. G. Williams spoke of plans to co-operate with the Omaha Gun club, across the river, which will result in shooting contests, adding greatly to the prestige and entertainment of the organization.

Reports were heard from Carl Johnson as to fishing. Dr. Sheppard gave an interesting talk on motorboating and Dr. Felix Despecher and Mr. Alabaugh told of their plans for the summer regarding canoe races, regattas, sailing and tilting contests.

Ely Hart of the tennis committee announced that clay courts will be provided this summer and city and midwest tournaments held at the grounds. On the canoe trip to Sioux City the Garter Lake club will be joined by the Lotus club canoeists of St. Joseph, C. Wells of the Omaha Auto club stated that the auto organization would join the Garter Lake club in an effort to improve the roads to the grounds.

Dr. G. Williams, M. Pegau and J. Van Rensselaer, was appointed to confer on the subject with one of the Omaha Auto club's choosing.

Mrs. Grant Williams moved that the women present give a rising vote of thanks to the committee and officials who had provided so well for their entertainment and comfort. The motion was heartily carried.

WATER DECISION MAY BE HANDED DOWN SATURDAY

The decision of Judges Troup, Kennedy and Day of the district court as to the constitutionality of the law on which the Water board bases its demand that the city council levy the costs of extending water mains on adjacent property, probably will be announced Saturday morning at 2:30 o'clock by Judge Troup. It is possible that the court will not have the decision ready then, but it hopes to do so, according to Judge Troup.

REBATES WHEN MAINS LEAK

Water Board to Have Rule that Will Be Uniform to the Consumers.

COMMITTEE TO PLAN MEASURE

Howell Opposes Granting the Relief Sought to Be Given, but is Overridden by His Associates.

Over Water Commissioner Howell's objection, the Water board at a meeting yesterday afternoon decided to prepare a uniform rule of rebating to customers whose bills had run high because of unavoidable leaks, and the following committee was named by Chairman D. J. O'Brien for that purpose: F. D. Weal, C. R. Sherman and R. B. Howell.

"Of ten cities owning their water plants only two rebate," said Howell. "We'll get into trouble the minute we try to rebate. If the water passes through the meter the customer ought to pay for it."

"There ought to be some relief for the customers who find their pipes have been leaking through no fault of their own," replied Weal.

"They sure ought to be helped," agreed Sherman.

Chairman O'Brien submitted a plan, but it met with little favor.

"Why not find the average of the customer's bills for the several months preceding, strike this average and deduct it from the excess bill and then split the remainder, the Water board paying half and the consumer the other half."

So many consumers have appeared before the board and protested against excessive charges and attempts to collect patently unfair bills, because of unavoidable leaks, that the Water board reached the conclusion that something would have to be done.

Just what will be done none of the members of the Water board can say, but Howell earnestly urges no proceeding.

THE GOLD DUST TWINS' Philosophy

ONE day, when Mr. Jones returned with what his weekly toil had earned, he found his little wife in tears and mood not suited to her years. It seemed the cook had bade "adieu," likewise the washerwoman, too.

At first within the House of Jones there followed sad despondent moans. No hopeful word could reconcile, no honied kiss inspire a smile. "I never knew before," said she, "how horrid household cares could be."

"Upon my word I'm up at six and working still as midnight ticks. I scrub and run and wash and shine to keep the little things in line, and yet around me here and there I see undone another share. I almost feel as if I'd like to join the other ones on Strike. Some morning try it—get a mop; go through from cellar to the top, and I will venture you must see the greater burdens fall on me."

Now Mr. Jones was passing wise and later, sprang a glad surprise. Through friends who praised the "GOLD DUST WAY," he brought a package home one day.

From tears to sunshine, Wifey now has found the good of "Knowing How" and striking servants fall to stir, the placid calm content of her.

RESINOL QUICKLY CURED HER BABY'S SEVERE ECZEMA

Had Not Had a Good Night's Rest in Night Months.

Chelsea, Mass., Jan. 15, 1913.—"My son had been troubled with eczema for about one year. It first appeared when three months old. I tried everything that was recommended and also different prescriptions, but of no avail. For eight months my child did not enjoy a good night's rest. I was finally told to try Resinol. This I did, and from the first application the child got relief and put in a good night's sleep. In three days there was no sign of eczema—today he has as fine a complexion as any healthy child and is entirely cured." (Signed) Mrs. T. S. Brown, 54 Crescent Ave.

Resinol positively stops itching instantly and speedily heals eczema, and other skin humors, dandruff, sores, burns and piles. Prescribed by doctors for 15 years. Sold by every druggist. Resinol Ointment in opal jars, 50 cents and \$1.00. Resinol Soap, 50 cents. For generous free trial, write Dept. 19-S, Resinol, Baltimore, Md. TRADE-MARK.

Two Men Badly Hurt When Bank Caves In

James Jensen, 504 North Twenty-third street, and W. E. Henke, 1411 Chicago street, were badly hurt late yesterday afternoon, when a wall in a cellar at Ninth and Dodge streets, caved in, completely burying them.

Other laborers, seeing their plight came to their rescue, and it was with great difficulty that the buried men were brought out.

They were taken to their homes. Physicians say their hurts will not prove fatal.

Health a Factor in Success. The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. For constipation you will find nothing quite so good as Chamberlain's Tablets. They not only move the bowels, but improve the appetite and strengthen the digestion. They are sold by all druggists. Advertisement.
