CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, May 16.-Squeezing of shorts in May pats counted strongly against the bears today in all kinds of grain. Net advances were: Oats, 'derliac; wheat, "Provisions finished 1061214c off to 50 up.

Renewed complaints of insufficient Renewed complaints of insufficient moisture made cais nervous. Vigorous commission buying, attributed to a con-centrated long interest, however, started a stampede to cover and spread buillah influence to the neighboring pits. May delivery was bld up 1½c, reaching 28% o before holders were willing to accept profite. Even at that price the sales of May were accompanied by equal sized purchasing of September. In the wheat crowd, new sellers were scarce. Kausas sent word of chinch bugs threatening and there were less favorable advices concerning the crop outlook in Rumsia. Clearances of wheat and flour for the week were the larg-est since 1902.

and flour for the week were the larg-est since 1902. The total today equalled \$35,000 bushels. Primary receipts of wheat today were \$94,000 bushels; a year ago, 18,000 bushels. Corn gained support because of stop-page of offerings from Iows. Provisions averaged lower on account of a liberal run of hogs west. Packers, however, through commission houses, steadied the market. Wool Market. BOSTON. May 16.-WOOL-The Com-mercial Builetin will say of the wool market tomorrow: "There probably has been a less volume of business this week in the Boston wool market, but prices have dropped no lower and, if anything, the underfone of the market is slightly more cheerful, considering the uncer-inisty manufacturers face on account of the tariff. In the west the purchase of the tariff. In the west the purchase of the new clip has moved very moderately and practically on the same basis noted last week. At the mills little new sp-pears to have developed, some mills run-ning under fair schedule and others un-der a poor one."

Make Vacant Places Far More Beautiful

Announcements will be made at' the various Sunday schools and parochial schools next Sunday of the beginning of the competitive garden contest instituted by the Omaha Civic league, Vacant lots will be assigned to the schools on appli-

cation to the league and the children will beautify them with gardens, working for one of the big primes the league has ofered.

More than twenty-five vacant lots have been assigned to children and gardens have been started. They will be protectsd and designated by metallic signs, "Civic League Garden." Photographs will be taken of the lots before the improvement and again afterwards and the prizes allotted to those of greatest change from unsightly to beautiful.

At a meeting of the competitive garden . committee of the Civic league at the University club Thursday noon \$25 was received from the Omaha Society of Fine

Arts to be added to to the prize fund. Her-

bert Rogers and Clement Chase wate

George T. Morton, president of the league, and Thomas R. Kimball, tho

architect, made a report on their attendance at the National Civic league

meeting in Chicago recently. They said Omaha has much greater advantages for

such work than other cities because of

the greater number of open places to be

City Building Inspector Brown is protesting against the attitude of the Water board in installing meters. Brown lives at 3010 Emmet street in a house owned by Judge Macomber. A water board employe called on Mrs. Brown yesterday

and told har they were going to put in a meter. As she had but recently paid a flat rate up to July 1, she protested. "We'll put that meter in or your water

will be shut off within twenty-four

hours," said the employe and took his leave.
