

The Society Bee-Hive

By MELLIFICIA

Friday, May 16, 1913.

THE engagement is announced of Miss Evelyn Bergman, daughter of Mr. and Mrs. Sol Bergman, to Mr. Meyer Fridenstein of Milwaukee. The announcement does not come as a great surprise to her many friends, but just which man was the winner has been an open question. Miss Bergman is an attractive brunette, and last winter spent several weeks visiting in Milwaukee. Since then seven different young men from the Wisconsin metropolis have paid visits to Omaha. There have been flowers galore, with a different card in nearly every box, and even the young woman's parents have been kept in doubt as to which was the favored one.

The situation has been rather strenuous in other ways for this young woman, inasmuch as her friends had determined to find out for themselves which was the lucky man. But they have been saved the bother, and the announcement was made this afternoon, when Miss Bergman entertained informally for about twenty friends.

King-Zimmerman Wedding.

The wedding of Miss Augusta W. Zimmerman and Mr. Albert L. King was celebrated at 8 o'clock Wednesday evening at the home of the bride's mother, Mrs. R. Schuler, 2223 Caldwell street. Rev. Mr. Schaffer of the German Lutheran church officiated.

The bride wore a white serge tailor suit and a corsage bouquet of white roses. Mr. and Mrs. J. A. Henry were the attendants. Mrs. Henry is a sister of the bride. Her gown was white, charming, and she wore a corsage bouquet of pink roses.

Following the ceremony a wedding supper was served. Covers were laid for eight. Mr. and Mrs. King are at the New Carlton hotel and will later take an eastern wedding trip.

Invitations Issued.

Invitations were issued today for the wedding of Miss Mary Alice Rogers, daughter of Mrs. Thomas Jefferson Rogers, to Mr. Frank Stephen Keogh, which will take place Tuesday, June 3. The ceremony will be celebrated at 12 o'clock at St. Cecilia's church, and will be followed by a breakfast at the home of Mr. and Mrs. Louis Nash. The invitation list is necessarily small as the church is not large and the guests at the wedding breakfast will include only relatives and members of the younger set.

Mrs. Louis Nash, sister of the bride, will be matron of honor, Miss Mildred Rogers will be maid of honor and Miss Elizabeth Condon will be bridesmaid. Paul Gallagher will be best man and the ushers will be Louis Nash and Ben Gallagher.

Rosalba Club Dance.

The Rosalba club will give a dancing party May 23 at Krug park, preceding the opening of the park.

Where They Are.

Mrs. Cyrus Bowman, who was seriously injured in the tornado of Easter Sunday, was removed from the Clarkson hospital to the home of her parents, Mr. and Mrs. C. C. Troxell, Thursday. Her home at

The Athletic Girl and Her Gowns

BY OLIVETTE

The stay-at-home summer girl finds in canoeing one of her most delightful pastimes. We picture here a remarkably effective and useful model for her wear, as well as for the use of her sisters in the country—a plain white pique skirt, with a modified middie blouse cut on Norfolk lines. The soft silk tie, patent leather belt and checked cloth hat should match, and are most effective in black. The home dressmaker will find it possible to duplicate this girlish costume under \$5.

—OLIVETTE.

Cecil Withnell, another of the three women graduates, was assigned to Grace hospital, Detroit, Mich., has given up that position and has accepted an internship in the Institute of Feeble-Minded at Beatrice, Neb. She has already gone to Beatrice. Her position at Detroit will be filled by Dr. W. J. Stech, who was to have gone to St. James hospital, Butte, Mont. The opening thus left at Beatrice will be filled by Dr. Adam Konigsmacher, who had hitherto not been assigned any hospital.

NEW LAW BLOCKS ELECTION

No Legal Machinery Ready for Voting Proposed Bonds.

SAME FOR DOLLAR GAS PLAN

Seven-for-a-Quarter Initiative on Street Railway Involved—All Grows Out of Over-Hasty Emergency Clause.

"There is more of a muddle in this new election commissioner law than appears on the surface, and what will have to be done about it is a puzzle," explained a city hall man.

"Here we have two or three special elections in front of us, the tornado bond election, the dollar gas election and a seven-for-a-quarter street railway ticket election assuming that they are all to materialize, and how are the elections to be held? Every one who has had experience declares that to get things ready to put the machinery in motion under the new law will take at least six months, for there has to be a census of voters, and a complete new registration, a redistricting of the city into new voting precincts and a whole new set of registration and election officers organized. For an election to be held within forty to sixty days, it simply can't be done except by make-shift of using the old registration lists and reapportioning most, if not all, of the election officers. The difficulty really comes from the haste of the law makers that put an emergency clause on the law, when it should have been left to become operative as other laws are, and made applicable to all elections after a specified date.

"No, I don't know what will be done. I should worry when we have so many lawyers hired for that purpose."

Most Wonderful Healing.
After suffering many years with a sore Anson King, Port Byron, N. Y., was cured by Bucklen's Arnica Salve. For sale by Beaton Drug Co.—Advertisement.

OUTLOOK IS EXTRAORDINARY

Railroad Crop Experts So Give Out Their Estimates

INVESTIGATED A LARGE AREA

Covered Small Grain Country of Nebraska, Colorado and Wyoming and There Were No Bad Spots Anywhere.

If crop conditions at this time are an index of what the harvest is to be, Nebraska is bound to be in line with a bumper crop this season, say those who are keeping in touch with the situation. General Freight Agent Lane and General Advertising Agent Smith of the Union Pacific and D. Clem Deaver of the Burlington homebakers' department are all in from a trip of several days spent along the lines of the two roads. They visited with farmers in the fields of Nebraska, Colorado and Wyoming and all agree that at this time the outlook for an immense crop was never so good as now.

In Nebraska, eastern Colorado and Wyoming, the greatest winter wheat growing area in the United States, the normal crop is declared to be in perfect condition and without a bad spot. These crop experts are of the opinion that with the abundant rains that have fallen everywhere the crop would mature almost to perfection without another drop of moisture. However, they express the opinion that a light rain the latter part of this month and not more during June would possibly increase the yield.

In some localities farmers are expressing fears that they will be late with their corn, but the railroad men say there is no cause for alarm and that with a couple of days of sunshine to dry the top of the soil, the ground will be in prime condition for planting.

Alfalfa Looking Up.
Alfalfa has made wonderful headway, and the plant is almost ready for the first cutting. The rain has caused the growth to be exceedingly heavy and thick upon the ground. Pastures are in perfect condition and cattle are in about the flesh that ordinarily would be expected the middle of June.

The Union Pacific is out with its first crop report viewing crop conditions up to May 15. This report is made up from data sent to the general freight agent by the agents, and covers every county along the main line. Practically one story is told by each and every agent. This story is simply that conditions are perfect and that wheat is growing rapidly and much of it almost ready to commence heading. Corn has been somewhat retarded by the continued wet weather, but a few days of sunshine will rapidly advance the season.

So far this season in the irrigated sections of Colorado and Wyoming, rainfall had supplied the necessary quantity of moisture. Only once have farmers turned the water from the ditches onto their lands.
