KENYON INTRODUCES ANTI-TRUST CLAUSE FOR UNDERWOOD BILL

Iowa Senator Proposes to Put Product of Monopolies on the Free List.

ACTION TO BE AUTOMATIC Judgment of Court to Make Change Effective.

MIGHT OFFSET MANY SCHEDULES Proposal Contains Almost Unlimited Possibilities.

SUBCOMMITTEES ARE BUSY

Wool, Cotton, Sugar and Chemical Manufacturers Are Pleading to Be Heard on the Question.

WASHINGTON, May 19.—An amendment to the tariff bill introduced today by Senator Kenyon proposed that when any corporation or concern was adjudged a monopoly its products should automatically go on the free list. Mr. Kenyon has hoped that the finance committee may consider the amendment, but if not he will press it on the floor. The proposal has almost unlimited possibilities for overturning schedules.

The question of whether products of concerns reorganized since the supreme court held them to be monopolies still be under monopolistic control, also would enter into the application of the law should the Kenyon amendment be incorporated.

Subcommittees Report. Subcommittees of the finance committee plan to meet every day this week to consider the wool, cotton, sugar and chemical schedules of the tariff bill. On all these manufacturers are here pleading to be heard against the rates of the Underwood bill.

Chairman Simmons has called a meeting of the entire finance committee for tomorrow. A set of questions to manufacturers proposed by Senator La Follette are to be sent out.

"When does the senator expect to bring the bill out of committee?" asked Senator Smith of Michigan when the senate took up the bill today.

"I hoped we might be able to finish it during the first week in June."

"Does that include the caucus?" asked Senator Penrose.

"I don't know yet that we have decided to have one," answered Senator Simmons.

"Will it be open to the public?" continued Senator Penrose.

Senator Simmons declined to keep up the discussion.

Prize Fight in Jail Stopped by Janitor

SAN RAFAEL, Cal., May 19.—John (Jack) Mills and Paddy (Kid) Williams, devils of the prize ring, met in the county jail here yesterday and harking back in an argument to a former battle, a four-round bout to a draw five years ago, agreed to hold an immediate return bout.

Referee, timekeeper and seconds were chosen from their fellow prisoners. Lacking gloves, they went at it with bare knuckles, stripped and barefooted.

The bout had reached the sixth round and the men were bleeding and stoney, when the court house janitor heard the uproar and descended upon the ring armed with a mop. Again the decision was a draw.

Mills is serving a year for shooting and Williams six months for vagrancy. Mills is a negro.

EIGHT MEMBERS OF ALLEGED CLAIRVOYANT RING INDICTED

CHICAGO, May 19.—The eight indictments voted by the grand jury last Saturday in connection with the alleged swindling operations of the clairvoyant ring, were returned in court today. Six men are named as follows: Frank S. Ryan, alias Prof. Robert L. Milton; James Ryan, alias Prof. Charles T. Crane; Carlos De Alvarado, alias Manuel; Edward Hartley, alias Willie Shea; Dr. William Stone and Davis K. Ross.

The National Capital

Monday, May 19, 1913.

The Senate. Resumed consideration of Kern resolution for West Virginia coal state investigation.

Mrs. Helen D. Longstreet, former postmaster at Galvestone, Ga., heard before postoffice commission.

Senator Kenyon introduced amendment to tariff bill to automatically put in free list products of any concern adjudged a monopoly.

Passed urgent deficiency bill, appropriating \$600,000 for postoffice department.

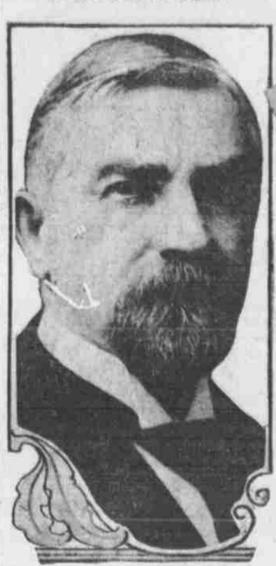

Passed house bill, requiring Panama-California Exposition company to deposit money guarantees for awards and prizes.

Senator Burton reintroduced his senator's involuntary servitude bill.

Senator Clapp introduced bill to prohibit senators and representatives from serving on or soliciting funds for any political committee.

The House. Not in session; meets at noon Tuesday.

FORMER PRESIDENT OF THE UNION PACIFIC DEAD

HORACE G. BURT.

HORACE G. BURT IS DEAD

Former President of Union Pacific Dies at Chicago.

DEATH FOLLOWS AN OPERATION He Was Chief Engineer for Chicago Association's Smoke Abatement Committee—Sixty-Four Years of Age.

Horace Greeley Burt, a resident of Omaha for many years, president of the Union Pacific from 1898 to 1904 and a prominent railroad man nearly all his life, died at his home in Oak Park, a Chicago suburb at 5:45 o'clock Sunday evening from complications following an operation performed early this month.

Funeral services will be held at the Chicago home Tuesday afternoon, after which the body will be taken to the old home, Terre Haute, Ind., for burial. Mr. Burt was 64 years old at the time of his death, and is survived by his widow and two sons, both grown.

Born in Terre Haute, Mr. Burt received his early education there, graduating from the high school in 1867. The following year he went out with a party of railroad surveyors and was with different parties in the field until 1870, when he

Colorado Lawmaker Charged with Murder of Wife and Daughter

CRIPPLE CREEK, Colo., May 19.—James L. Bacon, member of the Eighteenth general assembly from Teller county, was arrested here at 1:40 o'clock this afternoon on a warrant charging him with the murder of his wife, Ida Bacon, and stepdaughter, Josephine Davidson.

The women were killed in an explosion that wrecked the Bacon home April 28. Bacon has been in a hospital most of the time since the explosion, suffering from injuries received at the time. He recently attended the funeral of his wife in Denver and was accompanied on the trip by two deputy sheriffs.

The warrant on which Bacon was arrested was sworn out ten days ago by the sheriff, who has been conducting an investigation of the explosion.

After recovering consciousness at the hospital after the explosion Bacon told of having received threatening letters, and declared that he believed his house had been dynamited by enemies.

Suffs Hire Women of Lower Class to Do Incendiary Work

LONDON, May 19.—Confirmation of the hint that the militant suffragettes are hiring women of the lower class as members of their "arson squad" was received this morning when Nellie Robinson was arrested outside the famous new college chapel at Hampstead. The woman described herself as a servant and said she was awaiting the arrival of two suffragettes under whose direction she was going to fire the chapel.

The police magistrate before whom the woman was charged remarked that she "seemed to be in course of training as a professional petroleum incendiary under microscans worse than herself."

Lake Still Holds Bodies of Students

ITHACA, N. Y., May 19.—Cayuga lake still held the bodies of the four Cornell students last seen on its surface in a canoe Saturday night. The entire southern end of the lake was dotted with grapplers today. They went over every square yard of its surface. Preparations were made to dynamite the waters, firing many charges simultaneously. It was feared, however, the bodies might never be recovered.

JOHN A. SCUDDER, PIONEER STEAMBOAT CAPTAIN, DEAD

ST. LOUIS, May 19.—John A. Scudder, a retired capitalist, died suddenly at his home here today of apoplexy. He was 82 years old. In the olden days of river traffic on the Mississippi Mr. Scudder was a steamboat captain. He was one of the organizers of the Memphis and St. Louis line, known as the Anchor Line, and at various times had been a director in St. Louis financial institutions.

MINER CHARGED WITH SLAUGHTER OF WIFE AND STEPDAUGHTER

Arrested as He Descends from Train from Attending Their Funeral at Denver.

KILLED IN AN EXPLOSION Bacon Home Wrecked by Dynamite Blast, Two Inmates Die.

FIRST BELIEVED ACCIDENTAL Accused Man Declares Enemies Responsible for the Affair.

GETS MENACING LETTERS Spent Several Weeks in Hospital, Himself, as Result of Injuries—Coroner's Inquest Does Not Fix Blame.

CRIPPLE CREEK, Colo., May 19.—When James L. Bacon, mining man and former Colorado legislator, stepped from a train today on his return from Denver, where he had attended the funerals of his wife, Ida, and her daughter, Josephine Davidson, killed in an explosion which wrecked the Bacon home here on April 28, he was arrested on a warrant charging him with the murder of the woman and child.

Bacon is accused by the authorities of having caused the explosion which killed his wife and stepdaughter and caused injuries which resulted in his spending several weeks in a hospital. The explosion was at first thought to have been accidental, resulting from an attempt to throw dynamite in a kitchen stove oven. Later Bacon recovered sufficiently to give his version of the affair, in which he declared his belief that enemies had blown up the house. To substantiate this he told of having received threatening letters. The coroner's inquest failed to clear the mystery, a verdict of death as the result of an explosion, with cause unknown, being rendered.

Since Bacon's partial recovery he has been closely watched and two deputy sheriffs accompanied him to Denver when he attended his wife's funeral. The warrant for his arrest was sworn out secretly by the sheriff ten days ago.

Police Seek Lost Heiress to Close to Half a Million

CHICAGO, May 19.—The local police were asked today to search for Margaret Hawthorne, 25 years old, and according to a telegram from a law firm at Hastings, Mich., heiress to a fortune of \$400,000 left by David Shafter at Vassar, Mich., who died five years ago.

The young woman was the daughter of Almina and Harry Hawthorne, but they separated shortly after her birth. The mother died at Amethist, Cal. The father was then at Des Moines, Ia., and was last heard from several years ago at Honolulu. The child is supposed to have been left in this city and asylums will be searched for records of her, as the police fear she may be unaware of her own identity.

Hundred Thirty-Four Candidates for Six Officers in Denver

DENVER, May 19.—Today marked the close of Denver's campaign preparatory to its first election under the commission government to be held tomorrow. The names of 134 candidates for the six commissions will appear on the ballot, divided as follows: Fourteen for auditor, twenty-seven for commissioner of public property, fourteen for commissioner of finance, twenty-seven for commissioner of public safety, twenty-three for commissioner of improvements and twenty-nine for commissioner of social welfare.

The list of candidates includes five women and twenty-one of the present city and county officials.

The headless ballot and preferential system of voting will be used in tomorrow's balloting.

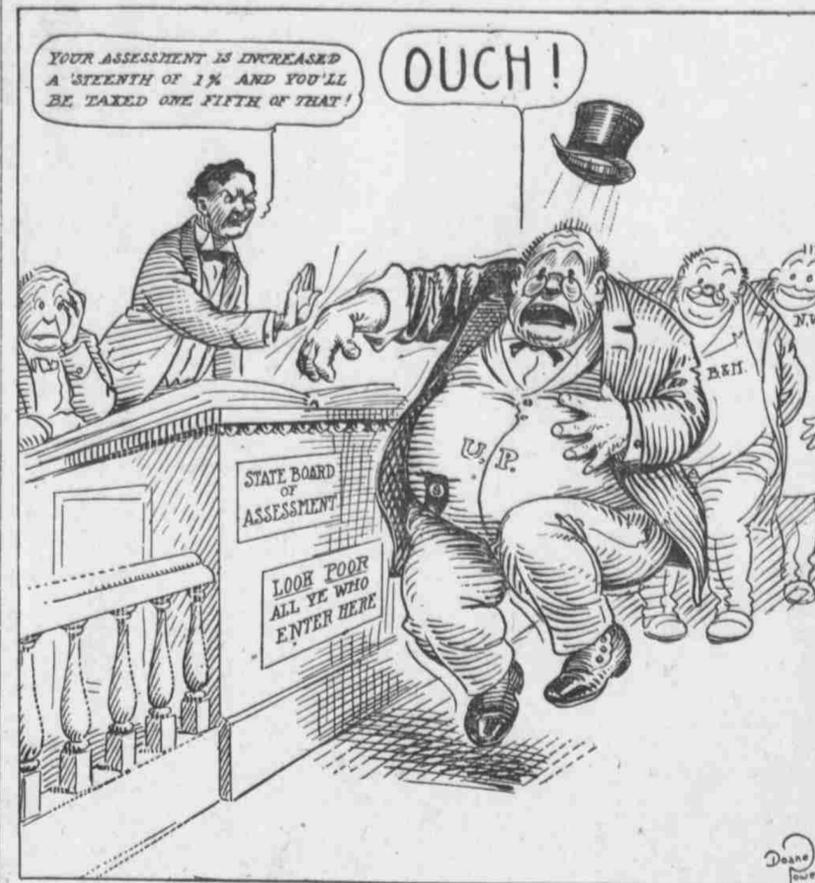

Manufacturers Meet at Detroit

DETROIT, Mich., May 19.—A ten-year precedent was broken today when the National Association of Manufacturers met here in annual convention. For the last decade all meetings of the organization have been held in New York. A number of matters of vital interest to American business, workmen and consumers, will be discussed during the three-days' session.

South Dakota State Official Pays Fine

PIERRE, S. D., May 19.—Fred D. Brinker, former South Dakota land commissioner, was today fined \$50 for participating in a contract in which he was interested while a public official. Brinker admitted his guilt.

The Blow Falls

PRESIDENT JORDAN RESIGNS

Head of Stanford University is Made Chancellor.

RETIRES FROM ACTIVE WORK He is Succeeded by John Caspar Branner, Professor of Geology and Vice President Since 1899.

STANFORD UNIVERSITY, Cal., May 19.—Dr. David Starr Jordan, president of Stanford university, resigned his position today, to accept the office of chancellor, which will be created by the board of trustees next Friday for his special benefit. The announcement was made by Dr. Jordan to the student body in the course of an address he delivered during the commencement exercises on "The Conquest of Europe by America."

John Caspar Branner, professor of geology, and since 1899 vice president of the university, will become president.

President Jordan's retirement as active head of the university will leave him free to devote his time to his work in behalf of world peace. He will receive the same salary he is drawing now.

Statement by Prof. Stillman. His brief announcement was followed by an explanatory statement by Prof. John N. Stillman of the department of chemistry.

"For twenty-two years," he said, "Dr. Jordan has been the inspiration of Stanford university. What it is is due largely to his high ideals, his breadth of view and his warmth of sympathy."

Dr. Jordan has been president since 1891. He began his connection with the university as a specialist in biology. Born in Gainesville, N. Y., he is now 62 years old.

Prof. Branner, the new president, has been at Stanford since 1892 and is a life-long friend of Dr. Jordan. Before that he was at various times, since graduating from Cornell, professor of geology in the Indiana State university, state geologist of Indiana and in the service of the Brazilian government as a geologist.

Cornell Students Earn Large Sum Each Year

ITHACA, N. Y., May 19.—Cornell university students earn \$184,900 annually to assist them to obtain an education, according to statistics compiled by Scroll and Spade, a working students' society. The total number of working students at Cornell this year, who partially or wholly support themselves, is 1,000, making the average earnings \$172 per student. Of the total number 124 earn more than their board and room rent. The earnings students annually spend \$23,734, or an average of \$237 during the year.

The figures have been turned over to Prof. G. W. Wilcox, statistician, to help in his high cost of living statistics.

Woman Attacked By Negro; Hounds Put Upon the Trail

FALLS CITY, Neb., May 19.—(Special Telegram.)—Mrs. Anna Keller was assaulted by a negro here last night. He followed her in the darkness and dragged her into a small building in the residence part of town. He terrorized the neighborhood and no alarm was given until this morning.

Bloodhounds were placed upon the trail, which led to the Missouri Pacific railroad tracks. It is thought the man lives in Hiawatha, Kan.

Darkness Hangs Over Kansas City

KANSAS CITY, Mo., May 19.—A heavy pall of darkness that hung over Kansas City for two hours this morning sent hundreds of citizens scurrying into their cellars in fear of a tornado, resulted in a series of minor traffic accidents and culminated in a terrific thunderstorm. Reports from nearby towns said the same conditions prevailed, but no serious damage was reported from any point.

Twenty Silk Mill Employes Return to Work Under Guard

PATERSON, N. J., May 19.—Through a lane of police two blocks long, twenty hands, formerly employed by the silk mill of the Arthur Price company, went back to work today after a strike of more than two months. Hundreds of pickets of the Industrial Workers of the World sought to prevent their return, but the police guard was too effective. There was a lively scuffle for a time and sixty pickets were arrested.

The Price mill is a comparatively small one, employing normally thirty hands. The return of its strikers with demands unsatisfied is heralded by the manufacturers as meaning the near end of the strike. Leaders of the Industrial Workers of the World on the other hand maintain the fight will go on unabated and that few others will yield.

Howell Gives Out Earnings of Water Plant This Year

According to Water Commissioner Howell's statistics the gross earnings of the water plant are \$2,175 a day and the total earnings for the last four months, three months of which have been under the "reduced price," amount to \$263,000. Howell says the cost per day amounts to \$1,772 now and that net earnings for three months are \$49,000.

Hydants now in service number 2047 and twenty-four and one-half inches of main are in use. Twenty thousand and ninety-three meters have been installed, and there are 234 unmetered consumers, making a total of 23,997 services. Water pumped each day, on an average, amounts to 17,800,000 gallons.

Woman Attacked By Negro; Hounds Put Upon the Trail

FALLS CITY, Neb., May 19.—(Special Telegram.)—Mrs. Anna Keller was assaulted by a negro here last night. He followed her in the darkness and dragged her into a small building in the residence part of town. He terrorized the neighborhood and no alarm was given until this morning.

Bloodhounds were placed upon the trail, which led to the Missouri Pacific railroad tracks. It is thought the man lives in Hiawatha, Kan.

Darkness Hangs Over Kansas City

Reports from nearby towns said the same conditions prevailed, but no serious damage was reported from any point.

LOOKS LIKE A DOUBLE-CROSS

Governor Makes Promises to Jim, but Doesn't Keep Them.

DIFFERENT BEFORE ELECTION Mayor Jim Went Good to Friends for Morehead and Now Gets a Throw-Down When Local Patronage is Handed Out.

"How long do you think 'Jim' is going to stand for that?" asked the city hall man.

"Stand for what?" came the question in reply.

"Stand for being double-crossed by Governor Morehead. The governor promised 'Jim' as plainly as a man could, to give the appointment of deputy election commissioner to the mayor's next-door neighbor, Matt Greedy, and here he's thrown him down cold. The mayor wanted the head job for Lee Bridges, but the governor managed to wheedle him into consenting to some one else who had never been with him. And now I hear that another part of the understanding, which was that Senator Grossman be named district judge, is in danger of being upset."

Different Previous to Election. "Oh, it was different before election when Morehead was up here begging 'Jim' to front for him, and 'Jim' went around at his request with personal assurance that Morehead was his friend, and would be liberal in spite of the idiotic letter he had written against repealing the 8 o'clock law. If 'Jim' stands much longer for this kind of a hand-out, he's not the kind I take him to be."

EMERY SUCCEEDS OSTROM

Land Commissioner Beckmann Fills Vacancy in His Office. (From a Staff Correspondent.)

LINCOLN, Neb., May 19.—(Special Telegram.)—Land Commissioner Fred Beckmann this afternoon announced the appointment of George Emery, who has been serving as chief clerk in the office as deputy, to fill the position made vacant by the retirement of Henry Ostrom, who accepts the position of deputy election commissioner of Douglas county. No announcement is made who will fill the position held by Mr. Emery.

"I told Mr. Moorhead when I appointed him election commissioner that I should hold him responsible for the selection of a good man for deputy," said the governor this morning. "I am not very well posted as to the kind of a man Mr. Ostrom is, but I have been informed that he is an exceptionally good man. The law requires that the deputy should be of different political faith than the commissioner, and as I have appointed a democrat to the commissionership, of course, the deputy will have to be a republican or a bullmoose."

The governor said that in looking into the political standing of Mr. Ostrom he had been informed that Mr. Ostrom was very friendly to the candidacy of Mr. Roosevelt for the republican nomination, but after the nomination was made of Mr. Taft he had refused to follow Mr. Roosevelt into a new party.

"Personally," said the governor, "I would prefer a good, strong Taft republican, as I don't have much use for Mr. (Continued on Page Two.)"

CHINA RECEIVES REPLY TO PROTEST CABLED TO TOKIO

Contents of Note in Answer to Japan's Objection to Alien Land Bill Not Given Out.

GOVERNOR JOHNSON SIGNS Measure Becomes Law in Ninety Days, August 10.

MOVEMENT FOR REFERENDUM Democrats and Asiatic Exclusion League Dissatisfied with Act.

PRESENCE OF JOKER CHARGED Panama Exposition Board Also Active in Opposition to Legislation on Ground of Violation of Faith.

WASHINGTON, May 19.—Secretary Bryan late today handed Ambassador China the reply of the United States government to the Japanese protest against the California alien land legislation. The ambassador immediately cabled it to Tokio. No indication as to the nature of the reply was given out.

Johnson Signs Bill. SACRAMENTO, Cal., May 19.—Against the protests of Japan and the representations of President Wilson and his personal envoy, Secretary of State Bryan, Governor Johnson signed the alien land bill and ninety days after the adjournment of the legislature, or on August 10, the law becomes operative.

While the governor was signing the bill the steamship Korea was passing through the Golden Gate bearing two distinguished Japanese, one a former pupil of President Wilson, on a mission of investigation.

Meanwhile complications, national and sectional, beset the bill. Overshadowing all is the outcome of the negotiations now in progress between this country and Japan, which has interpreted the act as discriminatory and offensive.

Hostility in California. Within California itself the act has encountered triple hostility, which may delay its actuality until November, 1914. Democrats opposed state legislation at this time, as a matter of party regularity. Nevertheless so plain to them seems to be the demand for the bill that, after exhausting parliamentary tactics the senate gave but one adverse vote and the assembly but two. As an expression of this opposition, Theodore Bell, late democratic candidate for governor and former chairman of the democratic state central committee, has issued an invitation to his party to submit the issue to the people by invoking the referendum against the bill. He grounds his opposition on two contentions—one that the bill is insufficiently drastic, because it permits leases running three years, and second because at the present it embarrasses the national administration.

Exclusion League in Game. The Asiatic Exclusion league, an organization of which the president is Chief V. Y. Talmage, recently convicted of complicity in the national dynamite plot originating in Indianapolis, announced last night that it would invoke the referendum purely because it opposes the bill as faint-hearted. Thirdly, the powerful Panama-Pacific International Exposition company, backed by many chambers of commerce, has placed itself on record in opposition to the bill on the ground that it is a violation of faith. "Any action of the legislature," said the directors of the company, "is hostile to any foreign country, to their pride as a people or to their honor as a nation, must challenge the good faith of the commonwealth."

In reply to this threatened hostility, Governor Johnson said today in signing the bill:

"California for the first time in its history has an anti-alien law. Any man who wishes another kind of law may constitutionally invoke the initiative. No man who really wishes an anti-alien law will sign the referendum as to this law. If another law is sought, it may be presented by means of the initiative, and in the meantime the present law will be in operation."

HEARING ON JOHNSON'S MOTION IS POSTPONED

CHICAGO, May 19.—Federal Judge Carpenter today postponed hearing on a motion for a new trial for Jack Johnson, the negro pugilist, recently convicted of violation of the Mann white slave act.

Information in Good Advertising

"I never realized until the other day how much information you can get out of advertising," remarked a well-known man. "I picked up a paper and began to read a rug advertisement. The headline, being unusually attractive, caught my eye quickly. Then I read and I was astonished to note how much information that advertisement contained concerning rugs."

"It went back centuries in a few sentences, and when I got through in less than five minutes I knew more about rugs than I ever did before."

"I read an advertisement of silk about when I finished I knew more about silk than I ever knew before. The headline, being unusually attractive, caught my eye quickly. Then I read and I was astonished to note how much information that advertisement contained concerning silk."

Well written advertising is a delight. You have simply to read some of THE BEE'S ads to appreciate that fact.
