

AUDITOR REFUSES LICENSE

Kansas City Society Denied Admittance to Nebraska.

HAIL COMPANY IN SAME CLASS

Miss Jennie Adams of State Superintendent's Office Remembered by Her Fellow Workers—New Hotels to Be Built.

(From a Staff Correspondent.) LINCOLN, May 25.—(Special.)—State Auditor Howard announces he has refused a license to the National Development society of Kansas City, Mo. Upon the showing made it appeared the company has less than \$1,500 of assets to meet liabilities. Mr. Howard is of the opinion that companies should develop their own territory before branching out into other states. This society at one time was licensed in this state, but was refused a license last year.

Also the State Farmers Mutual Life Insurance company of Waukegan, Minn., was refused a license for the reason the law governing mutual companies makes no provision under which this particular company could be admitted to do business in this state.

Insurance Commissioner Clancy has accepted an invitation to address a meeting of the Nebraska fire insurance men at Fremont June 17.

Mrs. W. B. Howard, wife of State Auditor Howard, accompanied by her mother, Mrs. J. W. Howard, will visit her father, Rev. E. A. Russell, who will shortly move to Portland, Ore.

Secretary Royce of the State Banking board has issued a call to state banks for reports under date of May 25.

Miss Adams Remembered. The office force in the office of the state superintendent this morning reminded Miss Jennie B. Adams that she had served sixteen years in the office by presenting her with a cake on which there were sixteen burning candles clustered about a larger one in the center, which was supposed to represent the years to come in which the state was to have her valuable services.

The presentation was made by Miss Day of the office force, who reminded Miss Adams that each candle was supposed to represent each year of her age, and that she would be expected to make an attempt to blow out on one trial all the candles burning, those remaining lighted to represent the number of years she would have to wait before dread matrimony cut off single blessedness. Miss Adams made a gallant attempt to wipe the entire number out at one breath, but was dumfounded to discover that four lighted candles and the big one in the center withstood the attempt.

New Hotel Building. Three new hotel buildings will be erected in the state, according to information given out by Hotel Inspector Phil Ackerman this morning. The firms who will erect the buildings have written to Mr. Ackerman desiring to know just what the law requires in the building of hotel structures and their equipment.

Car of Oil Rejected. Food Commissioner and Oil Inspector Harman received word from Deputy Inspector Walrath that he had condemned a carload of coal oil at Grand Island, the property of the Manhattan company. The oil tested between 40 and 41, when the law requires that the test shall not be below 42.

State to Pay Premiums. The board of control members have discovered that the state will cheerfully pay the premiums on their bonds, notwithstanding the fact that other officials have to wince up for their own bonds. By a provision in the law it is specifically provided that the premiums on the bonds of the members of the board of control shall be paid by the state. The bond of each member is \$25,000 and the premium for the biennium is \$50.

Sharpshooters Developed. The State rifle company of national guardsmen in camp at the rifle ranges just south of the military developed ten sharpshooters and twelve marksmen out of the thirty-five men taking the instruction. One squad of twelve men developed two sharpshooters and seven marksmen, which is considered a good record.

NO CONVENTION THIS YEAR

(Continued from Page One.)

son, Mr. Adams, who is one of the largest manufacturers of such and doors in the world, in the meeting today was strongly opposed to any action which might have resulted in the organizing of a national republican convention this year. He said he was quite satisfied with the outcome of the meeting. He declared he long had favored changing the basis of representation in national conventions of the party, and it was pleasing to him that the sentiment of today's meeting was strong in that direction.

A majority of the committee declared themselves in favor of a radical change in the delegate basis. Mr. Adams said, and this change, he thought, will be made when the proper time comes, probably next year. When this change and others contemplated shall be worked out carefully and with due consideration of the

CURED TERRIBLE HUMOR ON FACE

Don't Get On Street Without Veil. Tells What Resinol Did For Her.

Philadelphia, Dec. 4, 1912.—"In December, 1903, my face became sore. I tried everything that was recommended, and my face got worse and worse. I spent over \$100 and got no benefit. The face and nose were very red and the eruption had the appearance of small boils, which itched me terribly. I cannot tell you how terrible my face looked—all I can say is it was dreadful, and I suffered beyond description. "I have not gone on the street any time since 1908 without a veil, until now. Just four months ago a friend persuaded me to give Resinol a trial. I have used three cakes of Resinol Soap, and less than a jar of Resinol Ointment, and my face is perfectly free from any eruption, and my skin is as clear and clean as any child's. It is about four weeks since the last pimple disappeared." (Signed) Mrs. M. J. Ransom, 4236 Viola St.

Practically every druggist sells Resinol Ointment (50c and \$1.00) and Resinol Soap (15c) but if you are suffering from itching, burning, troubles, pimples, blackheads, dandruff, greasy hair, stubble, sores, or if it will cost you nothing to try these soothing, healing preparations, just send to Dept. 23-B, Resinol, Baltimore, Md., for a free sample of each.

LEADERS ENTIRELY AGREED

Harmonious Session Held to Discuss Party Affairs.

WASHINGTON, May 25.—Leaders of the republican party—members of the executive national committee from twelve states, reached here yesterday and laid preliminary plans for the congressional campaign of 1914, and the national political battle of two years later, to gain control of congress and possession of the White House. As a result the republican convention is expected not to meet until after the adjournment of the extra session of congress and an extraordinary republican convention is expected not later than a year hence. Changes in the basis of national representation and reforms in party procedure which have been subject to criticism, will be disposed of through these agencies. Changes in operation between the national committee and the congressional campaign committee was agreed upon.

Harmony Prevails. Today's conference was the first meeting of republican leaders since the 1912 campaign, and it was harmonious from the time Charles D. Hillis, of the national committee called for order until the last motion was adopted. The need for reform within the party was not denied and steps were taken to bring about concert in party methods which members in discussion declared to be of paramount importance. The suggestion of the progressive element for a national convention in the near future was heard and it was practically the unanimous opinion that such a convention should be called. It was decided to submit this question to the national committee, and the agreement of opinion among the executive committees was taken as an indication of what might be expected from the larger body.

Close Co-operation. Plans for the coming campaign agreed upon include close co-operation by the national committee with the congressional campaign committee, through district headquarters to be established here in July. Secretary James B. Reynolds of the national committee will be in charge. Chairman Hillis, Senator Jackson and former Senators Crane and Sanders were appointed to plan the details.

Charles B. Warren of Michigan, Sherman Granger of Ohio and Roy O. West of Illinois, members of the national committee; Senator Jones, James A. Fowier, assistant to the attorney general, Minority Leader Mann of the house of representatives, and former Representative Olindeast of Pennsylvania were named as a committee to consider questions affecting contests by the national committee and the recognition of the primary system of electing delegates to the national convention.

Separate Conventions. Chairman Warren announced that the western and eastern members would hold separate conventions. This committee is expected to advise the national committee whether it has authority to change the basis of representation. The executive committee was not agreed upon this question and legal advice was thought advisable. It was the general opinion, however, that a national convention would be called in any event. Senator Jones, representing progressives who met in Chicago recently to urge a national convention, and a clearer understanding of how primary delegate elections were to be regarded, the methods of settling contests, and a change of representation, expressed himself as satisfied with today's action.

National Committees Martin of Virginia made a speech against a reduction of southern representation, but other members were responsible for the statement that republican leaders in other southern states would not oppose this plan.

The decision to call the national committee together sixty days after adjournment of congress was reached, because by that time party leaders believe they will have a sufficient knowledge of what the country thinks of the senate tariff, currency reform and possibly other important legislation, to lay definite lines for the campaign.

Senator Cummins, chairman of the congressional committee, tonight expressed gratification over the outcome of the meeting. He declared the executive committee had granted everything the progressive faction had asked in its letter. Senator Cummins said he was satisfied that the outcome of the decisions reached by the executive committee would be good for the party as a whole. He was particularly gratified over the decision of the committee to recommend to the national committee that a convention be called some time next year.

Commencement Days

WEeping WATER, Neb., May 25.—(Special.)—The eighth grade graduating exercises of the country schools of the county were held here Saturday in the opera house, following the holding of a county school exhibit in the high school building in the morning, and a picnic dinner on the school campus at the noon hour.

There were 110 boys and girls who had passed the examinations and were entitled to diplomas permitting access to the high schools of the county.

The program started with a march, then music followed by an address by Superintendent Fred M. Hunter of Lincoln on "The Man of the Hour."

The diplomas were presented by County Superintendent Mary E. Foster.

CLARE, Neb., May 25.—(Special.)—Dr. C. Ernest Brown, pastor of the Methodist Episcopal church, preached the baccalaureate sermon before the graduating class of the Clark high school in the opera house. The topic of the sermon was "The Making of a Great Life."

SHELTON, Neb., May 25.—(Special.)—The Shelton public schools closed a successful nine months' term last Friday and the commencement exercises were held in the opera house in the evening and were largely attended. The class consisted of twelve girls, Grace Bliss, Gladys Graham, Laura Livingston, Ada Quackenbush, Wainwright Reed, Sarah Reynolds, Mildred Smith, Mildred Fritt, Leona Turner, Laurel Uviller, Effie Washburn and Janus Walverton. The principal address was delivered by Superintendent J. H. Beveridge of Council Bluffs, Ia., and his subject was "Margine." With this educational marks great advances along educational lines in Shelton, having ready last fall at the beginning of the term the new \$40,000 school building, and a corps of twelve teachers. Splendid work has been accomplished under the superintendent of E. F. Morrison.

CLAY CENTER, Neb., May 25.—(Special.)—Commencement exercises were held here at the opera house last night, the following comprising the graduates: Elizabeth L. Fry, Harriet M. Ward, Mildred Epperson, Fred H. Haylett, Frances A. Thompson, Florence N. Secord, Horace M. Hastings, Mina G. Allen, Lacey J. Richerich, Gladys M. Campbell, Archie E. Leopold. Following the exercises the junior class play was given to a crowded house.

SUTTON, Neb., May 25.—(Special.)—The graduating exercises of the Sutton High school were held in the assembly room of the new high school building, Thursday evening, May 23, before a crowded house. The program was given entirely by the class, being a strong presentation of work closely related to the daily work of the school.

The following is the list of graduates: Ethel Brechin, Sylvia Corey, Myrtle Cindall, Rudolph Greiss, Freda Hanke, Zita Hoarty, Minnie Kleinmuth, Bertha Olinger, Arthur Schwarz, Marie Tower, Evelyn Ziegler and Carl Ziegler.

EURIS, Neb., May 25.—(Special.)—The graduating exercises were held here at the opera house Friday night. There were nine graduates, Misses Glicking, Esther Frew and D. Etta Pickering and Leo Pickering, Ludwig Ganger, Ed Green, Vern Hill, William Zurick and William Huffie.

DUNBAR, Neb., May 25.—(Special.)—Colonel A. L. Bixby, the poet-philosopher, and one of the best loved of all Nebraskans, delivered the commencement address here on May 23. The subject of his talk was "Things Worth While." A class of eleven constituted the Dunbar High school graduates this year, six girls and five boys. Dunbar has one of the strongest schools in the county. The school is composed of W. S. Ashton, M. T. Harrison and Fred B. Root.

FAIRBURY, Neb., May 25.—(Special.)—The fourth annual county commencement of the Jefferson county eighth grade was held in the Christian church of this city yesterday morning and 132 boys and girls were presented with diplomas. Rev. J. T. Parker, formerly of Rochester, N. Y., and pastor of the Baptist church, addressed the students on "Making of Men."

Charles H. Denny, president of the city schools, presented the diplomas. County Superintendent R. C. Harris presided at the meeting. Two prizes were awarded, and included 10 in gold to Hester Helvey of Powell for receiving the highest marks of the 132 students. Mrs. A. M. Hungerford presented a prize of \$5 in gold to Harold Bedell for receiving the next highest credit. This is an annual prize given by the Daughters of the American Revolution.

WAUSAU, Neb., May 25.—(Special.)—The graduating exercises of the Wausau High school were held at the Lutheran church Thursday evening. Five received their diplomas as follows: Henry Melnie, Melvin Newquist, Francis Anderson, Andrew Johnson and Miss Mary Woodard. The annual banquet and reception at the New Midway hotel on Friday evening. The eighth grade graduating exercises were held at the school house on Saturday evening.

UPLAND, Neb., May 25.—(Special.)—The class of 1913 is the first to graduate from the Upland High school. It consists of six girls: Mirrae Judkins, Catharine Shryock, Mary Ostergaard, Myrtle Schafer, Catharine Schachtler and Ethel Ostergaard. The exercises were held Friday night in the opera house. Mrs. Stanley Hill of Norman provided the musical part of the program. After the exercises the diplomas were presented by L. Hines.

The school directors have chosen all the teachers for next year. Mr. Nielsen, Miss Starrett and Miss J. Schroeder have been retained, and Miss M. Schroeder takes the place of Miss Kelso, who will teach in Missouri next year.

FAIRBURY, Neb., May 25.—(Special.)—The fifth annual county eighth grade commencement for the schools of Jefferson county was held in the Christian church at Fairbury on last Saturday. One hundred and eighty-five young people received diplomas which entitle them to enter the various high schools of the county.

The presentation of diplomas was made by C. H. Denny. Miss Hester Helvey won the 100 for the highest average mark on the state examination. Harold Bedell won the \$5 prize for the highest average in American history work.

RUSHVILLE, Neb., May 25.—(Special.)—The graduation exercises of the class of 1913 drew a large audience at the opera house tonight. The address was given by Dr. Shepherd of Lincoln, whose talk was largely on democracy. Music was furnished by the high school orchestra. The diplomas were presented by Editor G. M. Cooper in the absence of the moderator. The names of the graduates are Marie Aplan, Paul Herbert Black, Katharine Brooks, Scott Hugh Brown, Malcolm Maurice Curtis, Effie Lucia Grubb, Zelma Lee Lockman, Richard Jerome Ward and Ruth Marie Westover. At the close of the program the class were heartily congratulated along with Principal R. M. Stookey, whose work has given such satisfaction here that he is engaged for the next term.

EDISON, Neb., May 25.—(Special.)—Friday night the annual graduating exercises of the Edison High school took place. Seven seniors received diplomas and entrance certificates to the University of Nebraska. A C. Shullinger gave the class address, his theme being "The Value of an Educational Citizenship."

The Edison High school is now fully accredited to the University of Nebraska. Those graduating were Edna Cox, Lester Samples, Huel Rhyndola, Elan Peary, Leo Rotchiffe, Cris Ferguson and Mabel Mills.

Hoagland Insists Upon Town's Rights

(From a Staff Correspondent.)

LINCOLN, May 25.—(Special.)—Senator Walter E. Hoagland of North Platte spent Sunday in Lincoln, having been interested in a case in district court tried before Judge Cosgrove.

Senator Hoagland said he had filed a petition before the railway commission last night against the commission considering the claims of the people of Logan as intervenors in the petition of the people of Hoagland on the Union Pacific railway in Logan county for depot facilities for their town.

The senator says the town of Hoagland was laid out and incorporated before the people of Logan laid out their town four miles from Hoagland and that in all fairness the latter town is entitled to railroad privileges. His petition to the commission states that the people of one town have in right in law or business to intervene in a case where the contention is between the railroad company and another town.

OHIOHA Defeats Strang. OHIOHA, Neb., May 25.—(Special.)—Ohioha defeated Strang on the latter's candidacy for a seat on the 1st Saturday, William Denlinger, high school principal, led the last four innings for Ohioha, pitching a shutout ball.

CONVICT STILWELL OF BRIBE

State Senator Found Guilty of Offering to Sell Influence.

PENALTY TEN YEARS IN PEN

Official Had Previously Received Vote of "Exoneration" by His Fellow-Legislators After Making Plea.

NEW YORK, May 25.—Stephen J. Stilwell, state senator, recently exonerated by the New York state senate of charges of bribery, was found guilty of bribery this afternoon by a jury. The maximum penalty for the crime is ten years imprisonment and \$500 fine. He will be sentenced Wednesday.

The jury deliberated a few minutes more than two hours in reaching the verdict that automatically takes from Stilwell his seat in the state senate. The convicted legislator lurched forward a step when the foreman pronounced the jury's findings. Then he stiffened before the court clerk answered the usual questions concerning his "pedigree." He is 47 years old and married.

Verdict Just. Assistant District Attorney Nott said he considered the verdict just and warranted by the facts.

"I think one of the greatest benefits that will arise out of the verdict," he said, "will be to show that the legislature, having made an investigation into the conduct of one of its members, should decide the case on merits, and the legislature will realize that it is more dangerous to whitewash a case than it is to decide one."

Stilwell was led to the Tombs after Justice Seabury had denied the usual formal motion for setting aside the verdict. His counsel announced an appeal would be sought.

The crime, for which Stilwell stands convicted, is soliciting money in return for his promised influence in reporting out in the senate and assembly a bill aimed to set aside a regulation of the New York stock exchange against listing securities not printed by designated bank note companies.

George H. Kendall, president of the New York Bank Note company, sought to have this bill passed, alleging his company had been discriminated against by the stock exchange for years. He charged that Stilwell wanted \$500 to expedite the bill out of committee.

Given Whitewash Vote. Kendall's charges were investigated by the senate, which exonerated Stilwell by a close vote after he had made a dramatic plea in his own behalf, but his indictment here followed. The testimony developed in the trial, which began last Wednesday, was largely the same as was presented to the senate during the hearing of the charges. Stilwell took the stand in his own behalf.

Justice Seabury, in charging the jury

MANSLAUGHTER FOR PELKEY

(Continued from Page One.)

Immediately hailed as a white hope, but failed to live up to his reputation. His best battle was with Al Paizer last New Year's day, when he defeated the conqueror of Bombardier Wells in eighteen rounds. His last fight previous to the fatal battle of today was a ten-round victory over Frank Moran in New York on April 30.

Arthur Pelkey, whose blow under the heart caused McCarty's death, is one of the new crop of heavyweights which sprang up after the defeat of Jeffries by Jack Johnson. He hails from Chicopee Falls, Mass., and is a powerful six-footer who fights at about 300 pounds. While never a clever boxer, he has always been noted as a terrific slugger with a knockout blow in either right or left hand. He has fought a number of bouts throughout the east, usually meeting third-raters with rather indifferent results. His two bouts of importance were with Jess Willard in New York last July and Tommy Burns at Calgary several weeks ago.

Burns, former heavyweight champion, announced a heavyweight elimination tournament to be staged at his club at Calgary and as the opening attraction billed a bout between Pelkey and himself. The contest was declared a draw at the end of ten rounds and Burns immediately matched Pelkey against McCarty, the winner to meet Gunboat Smith.

MRS. MCCARTY STAYS AT WORK. An article made her husband's death survive for a period for forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by all dealers.—Advertisement.

Fairfield Captures Cup. CLAY CENTER, Neb., May 25.—(Special.)—The Clay county field meet was held here Saturday. A large crowd was in attendance. The Fairfield High school won the most points in the contests, and this making the third consecutive year, they were awarded the cup.

Persistent Advertising is the Road to Big Returns.

A Viper in the Stomach. Is dyspepsia, complicated with liver and kidney troubles. Electric remedies help all such cases or no pay. Try them. 50c. For sale by Beaton Drug Co.—Advertisement.

NEW YORK HAS A NEW SONG CRAZE

IT IS A SAD LOVE BALLAD WITH RATHER PRETTY MUSIC.

The man who wrote the recent song hit, "Mine!" one Alfred Solman, has just penned a new ballad, which seems to be all the go in New York. It is a love affair called, "Why Did You Make Me Care?" and is full of that so-called heart-sentiment which women seem to like. Here are a few bars cut from a copy of the music just received:

Why did you make me care... Why bring me dreams so rare... You told me that sweethearts should never part, Then why do you leave me and break my heart? Why should we meet no more... Why can't we love as we fore... The secret of the song's popularity seems to lie in the fact that it aimed to bring out the voice, containing a number of very odd harmonies, although no high notes. It is also out for male and female quartets, bands, orchestras and all class of dance music.

Why did you make me care... Why bring me dreams so rare... You told me that sweethearts should never part, Then why do you leave me and break my heart? Why should we meet no more... Why can't we love as we fore... The secret of the song's popularity seems to lie in the fact that it aimed to bring out the voice, containing a number of very odd harmonies, although no high notes. It is also out for male and female quartets, bands, orchestras and all class of dance music.

It is also out for male and female quartets, bands, orchestras and all class of dance music.

Why did you make me care... Why bring me dreams so rare... You told me that sweethearts should never part, Then why do you leave me and break my heart? Why should we meet no more... Why can't we love as we fore... The secret of the song's popularity seems to lie in the fact that it aimed to bring out the voice, containing a number of very odd harmonies, although no high notes. It is also out for male and female quartets, bands, orchestras and all class of dance music.
