SCHOOL AND COLLEGE WORK

Plans for National Convention of Teachers at Salt Lake.

CITY PROMISES A GOOD TIME

Commencement Preparation Monopolizes the Energies of Students and Faculty—Educational Notes.

School teachers who attend the National Education association convention in Salt Lake City, July 5 to 11, will have an opportunity of making a first-hand study of the inland sea at a time when properties of the water are demonstrated daily by hundreds of bathers. Swimmers and non-swimmers alike float like cork atop the water. No one ever drowns in the Great Salt Lake.

This peculiar body of water, covering many square miles, contains 22 per cent salt. It gives the water a buoyancy that causes the human body to float without effort or employment of aquatic skill by the bather. A dip in the lake is invigorating in the extreme. So solid is the salt substance that piles and supports for the wharves, casinos and pavilions of Saltair beach are thickly crusted with salt formation. Boats used on the lake must be specially constructed, brass being used instead of copper in bolts, fixtures and keels. Salt barnacles soon destroy copper bottoms.

One session of the National Education association convention will be held at Saltair, the bathing resort on the lake. Delegates, however, can take a daily dip in the lake if they choose, for the beach is only thirty minutes from the center of the city and train service is frequent. Convention visitors may go from the inland seashore to the mountains, from the one kind of summer resort to the other, in an hour or so. The convention city has the shimmering sea on one side and the Wasatch mountains on the other. Canyons and foothills extend into the city proper. Mountain climbing vies with salt water bathing as a popular sport. One of the sightseeing trips offered visitors is a trolley ride up Emigration canyon, the trail of Brigham Young and his company of Utah pioneers into the Valley of the Great Salt Lake.

HASTINGS COLLEGE.

Tableaux, Talks, Picnics, Proveder and Other Diversions.

Taking advantage of the fine weather on last Monday, the Junior class held their annual picnic at Shimmer's lake, near Grand Island. They left on the morning train, spent the entire day at the lake and returned in the evening, bringing back with them sunburn, blisters and fish stories.

The freshman class took the opposite direction, and drove south to the Blue river. They also spent the entire day in picnic fashion. The faculty, not to be outdone, adjourned to the country club in the afternoon. The time was spent pleasantly in playing tennis, the women serving; and after dinner, in singing and telling stories.

The announcement was made that Prof. Crone and Field Secretary Smith are meeting with success in their endeavor to raise money for the new building. The women's advisory board of the college gave a "tableau of famous paintings" at the Presbyterian church on Wednesday night. The titles of some of the pictures represented, were Hosesa (Sargant); Age of Innocence (Reynolds); Joan of Arc (Le Page); His Mother (Whistler); Boat Awakening (Sand); Asking a Blessing (Gay); the Confidence (Aubert); Madonna (Deger); Girl with Muff (Le Brun); Minute Man (Kitten); Madam Le Brun and Her Daughter (Le Brun); the Courtship (Davy); Her Tribute (Kline).

CHADRON STATE NORMAL.

Commencement Days Followed by Summer School.

Summer school will begin June 2. Papers and grades were given to the classes on Wednesday, and Thursday's class exercises were dispensed with to give the teachers an opportunity to complete final records.

Commencement exercises took place Friday evening. The baccalaureate address was given at the Loomer opera house last Sunday by Dr. Shipherd of Lincoln, his subject being on the need of loyalty to an ideal life.

Several members of the faculty will spend the ten days' vacation out of town. Miss Price, Miss Deibel and Mr. Philpott will go to Lincoln; Mrs. Rustin to Hemingford, Miss Paine to Hot Springs, Miss Praxler to Alliance and Mrs. Philpott to Minnatare.

The Greek play, "Antigone," rendered in English by the dramatic club, assisted by the Girls' Athletic association, at the Loomer opera house last Saturday evening, was one of the most successful student productions in the state this year. Despite the limited stage capacity, the play was produced with much of the spirit of the old Greek drama.

DOANE COLLEGE.

Rush of Tasks Incident to the Closing Days.

The semester examinations begin next Friday. The Juniors and seniors get through theirs on the following Tuesday, and the other classes finish up the following Friday. Commencement week begins this year on June 5 with the baccalaureate address to the graduates. A large number of alumni are expected back, and elaborate preparations are being made for their entertainment. The commencement program will be varied considerably this year from what has been the custom in other years.

Last Thursday evening occurred another public music recital to which a large audience was in attendance. Pupils of the school of expression also took part.

Friday evening occurred the Junior expression recital given by Miss Julia Rucker of Crete. She was accompanied by Miss Buda Orth, violinist, and Reed Higby, tenor. The townspeople are taking advantage of these numerous recitals at the college and were in attendance in goodly numbers Friday evening.

Reed at Ogallala; May 23, Prof. Buck spoke at Cadams; Dean Fordyce at Chadron; Dr. Maxey at Axtell, and Prof. Staff at Pleasant Dale; May 24, Prof. Buck spoke at Strang; Prof. Chaburn at Dwight, and Principal Bradford at Nebraska City. Most of the speakers return to Lincoln tomorrow. The latter part of this week several others from the faculty make similar trips, giving talks at different places.

Every day, with all its custom, was celebrated last Wednesday, and the whole school took the opportunity to have one last jollification. All during the day the moving picture men were on the campus taking views of the various celebrations, which will be shown with the other pictures taken of the day last week. The Forest Club Annual, the foresters' yearly technical publication comes from the press this week and will be sent out at once. The annual is one of the few student publications put out entirely without the aid of advertising.

Miss Mary Graham, new dean of women, is an alumna of Nebraska and at present a teacher in Dayton, O. Miss Graham graduated from the University of Nebraska in 1908, and until last year was an assistant in the department of chemistry.

Examinations in the college of law start this week and examinations in the other departments will be held the week following and will finish the recitations for this semester. Commencement exercises will take up the following week and the summer session will start the same week, June 8.

All the new members of the various class societies and fraternities for next year having been chosen, several of the organizations initiated their successors last Thursday evening. The two senior societies, the Black Masque, the girls' organization, and the Innocents, the men's society; the Silver Serpent, the junior girls' society, and the sophomore girls' society; the Xi Delta, performed their respective ceremonies.

According to both the editor-in-chief and the business manager, the Cornhusker, will be ready for distribution some time this week.

With many old alumni back and all of the active members present, the Greeks made their annual Pan Hellenic dance, one of the grand occasions of the season. The party was held last Saturday evening at the city auditorium and was the last of the large dances for this season. About 150 couples were present.

Nebraska Wesleyan Notes.

The home concert of the Ladies' Glee club of Nebraska Wesleyan university last Monday was a great success and was largely attended in spite of the rainy weather.

The Ladies' Faculty club entertained the men of the faculty at a picnic last Monday evening. It was held indoors, because of the stormy weather.

Rev. J. D. Hollister of the class of '12 has recently been appointed pastor of the Elm Park Methodist Episcopal church in Lincoln.

The literary societies have been enjoying a number of social events within the last two weeks. Beginning Monday there will be no further social functions until the close of examinations.

Root Lee, a Korean, now a sophomore at Wesleyan, gave a stereoscopic lecture on his native land last Tuesday evening in the English rooms. Mr. Lee expects to return to Korea as a missionary as soon as he can finish his college course.

Extensive preparations are under way for alumni day, Tuesday, June 10. Rev. Harry F. Smith, one of the class of '08 will deliver the alumni address. His subject being, "The Nazarene."

Partridge and Davis for Wesleyan won in a one-sided tennis match with Doane last Friday. The team will go to Omaha next week for a round with representatives of Creighton university.

Educational Notes.

Commencement exercises at St. Teresa college, Winona, Minn., begins May 23 and ends June 4.

Records of Cornell college show that 1,908 students earned \$24,500 last year. The earnings represent 12 per cent of the expenses of students working their way through college.

Of the more than 3,000,000 children of kindergarten age in the United States, according to the report of the Kindergarten Congress committee last week, only 280,000 are in actual attendance. The report shows that there are 8,886 kindergartens in 1,115 cities.

The orator for a summer convocation at the University of Chicago on June 10 will be his excellency, Dr. Jonkheer John Loudon, minister plenipotentiary and envoy extraordinary of the Netherlands to the United States. Dr. Loudon, after securing his education at the University of Leyden, entered in 1870 the diplomatic service of the Netherlands. In 1895 he was envoy extraordinary and minister plenipotentiary to Japan, and since 1906 he has served in the same capacity to the United States and to the republic of Mexico.

### MAKES YOUR BACKACHE VANISH, DRIVES RHEUMATIC PAINS AWAY

Eases Stiff, Sore, Swollen Joints and Muscles, Relieving Backache and Bladder Disorders After Few Doses are Taken.

This is what Croxone, the new scientific discovery, does for sufferers of such troubles. It promptly relieves these diseases because it reaches the cause. It soaks right into the walls and lining of the kidneys and cleans out the stopped-up, inactive organs like water does a sponge—neutralizes, and dissolves every particle of uric acid and makes the kidneys sift from the blood all the waste matter and poisons that lodge in the joints and muscles to scratch and irritate and cause rheumatism. It soothes and heals the delicate linings of the bladder and leaves the kidneys in a clean, strong, healthy condition, so they can filter the blood and keep you well.

If you suffer with backache—have pains in the neck or side—nervous or dizzy spells—a few doses of Croxone will relieve the congestion and you will be surprised how quickly all kidney, bladder and rheumatic troubles will disappear.

Croxone is different from all other remedies. It is so prepared that it is practically impossible to take it into the human system without results. An original package of Croxone costs but a trifle, and all druggists are authorized human system without results. An original should fall in a single case.
