## PROFIT EVEN AT REDUCTION Grand Army Vets

Appraiser Figures Gas Could Be Sold for Ninety-Three Cents.

FRANCHISE IS NOW COMPLETE Details of Instrument Are Practically Agreed Upon-However,

Another Conference Must Be Held.

City Commissioners will have the power under the gas franchise ordinance now being prepared to contract with the gas company for gas at any price for any period of time not exceeding ten years, if the price of the gas to the private consumer is not more than \$1 per 1,000 cubic feet. The price may be % cents, or any reasonable leaser rate.

W. D. Marks, an appraiser who was secured by the city to appraise the gas company's property, reported that gas could be furnished at a profit at 53 cents He figured the valuation of the company's property, not including franchise value, at \$1,500,000, whereas the gas company fixes the value at \$3,000,000.

These variations in the supposed value of the property would be the bone of contention in court proceedings if the gas company, refusing to reach an agreement with the city council after the franchise had been voted by the people, should carry the price demanded by the council to the couris. as confiscatory.

It is now the general understanding that if the franchise is granted the gas Need Not Pay Duty company for another twenty-five years it will date from January 1, 1918, and the reduction it will carry will also date from the first of the year, making it necessary for the gas company to rebate the difference to consumers.

Franchise Complete. another conference must be held. the plant, if it desires, at the end of entitled, "The United States Against fifteen years, or when the franchise has Eighty-Five Head of Cattle." The franchise value is specifically exof purchase.

No provision is made in the ordinance regarding the price of gas, except that it shall not be more than it to private conomers or 30 cents to the city, the matter not dutiable. being left to the city council and the gas company. It is possible that the council will ask for a rate of 95 cents, or else consent to the \$1 rate and a short-

The council has the power to make a Three Injured in contract for gas at any price not exceed-ing \$1 for any length of time not exceeding ten years or to contract for \$1 gas for one or two or five years, and M-cent gas for the remainder of the tenyear period, or else contract for a fixed period without reference to the price after the expiration of the contract.

## INQUIRY INTO FALL OF PIER Tornado Uncovers

Charges of Graft Made in Connection with Its Erection.

OPINION OF

James Twombly Says Collapse Was Due to Vibration Caused by Marching of Parade

on Pier.

LOS ANGELES, Cal., May M.-Coroner Calvin Hartwell and District Attorney John D. Fredericks conferred today with reference to handling the inquiry into the pier disaster Saturday at Long Beach which cost thirty-six lives, and it was decided that there would be no grand jury investigation.

The coroner's jury, it was said, was vested with powers sufficient to cover the case and had the right to prosecute persons for manalaughter if the evidence developed at the inquest, which begins Thursday, warrants such action.

The coroner's jury will go into phases of the disaster and will delve into the history of the municipal pier and the city auditorium, the construction of which was accompanied by charges of graft. The structures were completed in 1995 and 1906, J. B. Losee, who attended a meeting of the city council at that time, and Mayor Eno, were charged with having accepted bribes from the contractor. Losee was the only man brought to trial. The jury disagreed, and without going to trial a second time. Lossee turned \$1,000 into the city treasury. No action was taken against the contractor. John Baird, and the structures, as built, were accepted.

The allegation that since the building of the pier it never has been systematically inspected will also be probed by the

coroner's jury. Experts will be appointed to examine the damaged pier and report on its condition. One expert will be named by Mayor Hatch of Long Beach, another by "Would the fact thatthe plaintiff had the British societies which were celebrating Empire day when the disaster occurred, and the third will be selected by Coroner Hartwell and District Attorney Fredericks.

> Inquest Begins Thursday. LONG BEACH, Cal., May 26.-Evidence to be presented Thursday at the inquest over the thirty-six persons who lost their lives in the collapse Saturday of a portion of the municipal pier will bear directly upon the question of who was responsible for the condition of the structure which proved too weak to withstand the weight of several thousand men, women and children, who had gathered to celebrate the birth anniversary of the

late Queen Victoria. Broken timbers, showing evidence of decay and the corrosive action of sait their treatments, but there has been no ceived notions as to the merits of the air from the ocean, were under guard today awaiting the requisition of the coroner's jury. Several construction engineer's, among them Lather Munson and J. P. Kennedy, who were appointed on behalf of the city of Long Beach, began

an official inspection and investigation. Daughters of the Empire and Sons of St. George, the two principal organizations which had charge of the Empire day celebration which ended so tragically, started a campaign today for the dians have known Ogaliala Tonka for relief of victims.

While those seriously hurt in the disaster numbered not more than sixty-five. nearly 200 were injured sufficiently to partially disable them, and aid will be given them as well as to their more had adjourned. unfortunate companions and friends.
