SUBSTANTIAL business men demand an abstract of the character, habits and ability of their employes, just as they demand an abstract of their employes, just as they demand an abstract of title to real estate. Employers who get their help through us, either male or female, no matter at any station, from a grocery clerk to general manager of a railroad, either in high class cierical, mechanical arts, professional, trades, travelers or kindred lines, get an abstract of the character, habits and ability of the applicant, as reliable as the abstract to a city lot.

We are the only concern in the world today specializing in the abstracting of ability of men and women "brains." Remember that a business properly organized, subsidized and supervised is a successful business. Let us serve you.
