Room a pleasant place. It's

(Continued from Page One.) proached by apyone for himself or for

ry interests in behalf of any legislation that seemed to me improper." Benator Gallinger took exception to testimony Senator Hollis of New Hampshire had given in which William Whit-

man Winthrop and ether New England textile representatives were referred to us "lobbyists." "So long as men can properly exert

influence to secure legislation as has been done in very high quarters, it ought to be permitted to the interested parties use personal appeal in opposition to that legislation," said be-

Chairman Overman asked Senator Gallinger for his opinion on the changing of a public document after it had been ordered printed by the senate. It developed in testimony yesterday that such a thing had been done in a document franked by Senator Lodge.

"I would consider that absolutely indefensible, if not criminal," said Sen-ator Gallinger. He saw no objection to "He un the use of congressional franks for the general distribution of public documents provided they were in the precise form in which the senate had ordered them

Ludge Approved Changes. Trumen G. Palmer, head of the Wash insten office maintained by the best sugar interests, testified further today on senate because of ill health Dr. W. H. Parker in a speech on the sugar tariff and was at Mason City, Ia. He was 61 years old.

the beet sugar bureau under his frank. British Ministers the beet sugar bureau under his frank. When the senate granted Mr. Lodge's request that certain charts and data be

printed as a document, said Palmer, many of the charts were not completed. He fin ished the work and submitted a complete dummy form to Senator Lodge. The latter wired him from Boston that he would 'forward the dummy to the public printer with my approyal." Palmer produced letters and telegrams.

Senator Lodge also wrote Palmer, telling him the completed document was a "fine piece of work." In forwarding the document to the public printer, Lodge wrote that it "meets with my entire approval in its present form."

The letter from Lodge to Palmer, the strength of which the latter told the committee yesterday that he felt he was authorized to "act for Senator Lodge," was also produced from the government printing office. It referred only to the reprinting of some of the plates in the celebrated sugar, document, where the work had been poorly done and presented Palmer as one who would be able to tell the officials just what Senator Lodge

"He understands just what I desire and can speak for me," said the letter.

Acquitted of Guilt in Marconi Scandal HIGHWAY COMPLETED

LONDON, June 2.-British cabinet min isters were today absolved by the parliamentary committee from all blame in connection with the scandals alleged to have surrounded the contracts between the British government and the Marconl Wireless company.

The report of the parliamentary committee which investigated the affair was issued today. It declares that there is no foundation for any of the charges made against Attorney General Sir Rufus D. Isaacs, Chancellor of the Exchequer David Lloyd George or Postmaster General Herbert L. Samuel.

The committee finds that all of the ministers concerned acted throughout in the sincerest belief that there was nothing in their action which would conflict with their duty as ministers of the crown. The report further says that "no evidence was given showing that any member of the British government exercised any influence in order to procure the contract from the English Marconi company, or in any way acted contrary to the public interest in behalf of that company or used knowledge acquired in his official capacity for his private profit or was concerned in any dealings in the shares of the company."

The report in conclusion strongly co emns the publication of charges which were absolutely untrue and which those responsible for their circulation had no reason to believe true.

The foregoing extracts are from the majority report. The majority of the parliamentary committee was composed of liberal and radical members of Parliament. It is understood that there will be minority reports, but these have not yet been made public.

NOTES FROM BEATRICE AND GAGE COUNTY

BEATRICE, Neb., June 11 .- (Special.)-Mr. and Mrs. Jacob Shaw yesterday celebrated their fifty-ninth wedding anniversary at their home in this city. They came to Beatrice June 10, 1884, where they constructed a log cabin on Court street where the Welbach block now stands. In 1968 they erected the first brick residence in town, where they still reside. Mr. Shaw is 79 years of age and Mrs. Shaw

 Both are enjoying good health.
Hollie Dull, a pitcher for the Beatrice ball team in the Mink league last season. was married yesterday at Geneva to Miss. Nora Jordan of this city. Dull recently signed to pitch for the Geneva team for he remainder of the season.

Edgar L. Salts and Miss Florence Folden, both of this city, were married at Council Bluffs Thursday. They will make their home at Logan, In., where he groom is engaged in the ice business with his brother.

The 4-year-old child of Mr. and Mrs. John Anderson, Hving nine miles southwest of Beatrice, was saverely scalded bout the body yesterday by falling into a pan of boiling water.

The United Brethren hospital, which was purchased of Dr. H. M. Hepperien of this city three years ago, was sold caterday to the German Lattieran burch, which owns hospitals in Slous City and St. Louis. There will be no change in management and Dr. Hepper-

ACROSS KNOX COUNTY

CENTER, Neb., June 13.—(Special.)— The Omaha, Rosebud, Black Hills Scenic Highway is now a realty. June 9 was a day set apart for the construction of the was done all along the route, which is now open to tourists.

The town of Center, the county seat of Knox county, furnished twenty-five teams and thirty-five men, who worked with the end in view of making this the best and mose beautiful section of the 800 miles of road.

Frem Center to Niobrara the highway crosses the Historic Niebrara Indian reservation, which is occupied by the Sloux and Santee Indians, where one may see them in their native surroundings, with their teepes, ponies, 'dogs and living the lives of their historic ancestors.

The region is hilly, but the tourist, by following the Bazile creek road from Creighton to Niobrara can cross Knox county without changing gears, having practically a water level road for fifty

METCALFE TO BE GUEST AT A BANQUET IN OMAHA

Begins Celebrating Silver Anniversary

BERLIN, June 13.—The festivities in onnection with the completion next Sunday of the twenty-fifth year of the reign of Emperor William opened this morning with a review of the Imperial above highway and a great deal of work Automobile club, the military volunteer corps and other automobile organizations on the "army chausses" in the western auburbs of Berlin.

> Headed by Prince Henry of Prussia, commander of the corps, and the duke of Ratibor, president of the Automobile club, hundreds of motor cars decorated with flowers and bunting were reviewed by his majesty. The duke of Ratibor then presented the first of the innumerable addresses which the emperor is to receive on his jubilee. Joseph Grew and Willing Spencer, sec-

their own cars past the reviewing stand. The emperor and empress afterward proceeded to the stadium elected for the next Olympic games, to witness the jubilee equestrian tourney. Seven thousand school children gath-

rehearsed the songs which they will wake their majesties on Monday morning. The city of Berlin has appropriated \$35,000 for the decoration of the streets. Of this sum, \$15,000 is to be spent on Unter den Linden, which already has

On Sunday the real silver jubilee anniversary, very few celebrations will occur, as it marks the date of the death of the emperor's father, Frederick III.

ST. JOSEPH PACKERS BRING **BUTCHERS FROM CHICAGO**

ST. JOSEPH, Mo., June 13-The places of the packing house butchers who went on strike in South St. Joseph yesterday, have been filled by workmen brought from Chicago and Kansas City and the packing plants are running to usual sale by Beaton Drug Co.-Advertisement, capacity.

dustries have been able to send their products to every part of the world, accompanied, where necessary, by repre-sentatives of their producers and distributors and, as a result, show phenomenal gains in their foreign sales. Exports of iron and steel manufactures (including automobiles and agricultural implements with the group usually designated "iron and steel manufactures") have grown from \$35,000,000 in the fiscal year 1893 to approximately \$375,000,000 in 1918, or more than ten times as much as two decades ago.

LEADERS IN THE EXPORTS

Foreign Commerce.

Every Part of Known

World.

Copper manufactures show an even greater gain, from \$5,000,000 in 1893 to approximately \$140,000,000 in 1913. Manufactures of wood (including in this term lumber as well as the completely finished types of manufacture) show a growth from \$24,000,000 in the fiscal year 1893 to about \$110,000,000 in 1913. Cotton manufactures increased in exportations from \$12,000,000 in \$893 to approximately \$52,000,000 in 1913, making it probable that this year's record will pass the figure of the former high record year, 1906. Leather and manufactures thereof show a gain from \$12,000,000 in 1893 to approximately \$65,000,000 in the current year. and refined mineral oils from \$37,000,000 in 1893 to approximately \$130,000,000 in 1913. Taking these six great groups of manufactures-Iron, copper, wood, leather, cottons and refined mineral oils-their aggregate exportation shows a growth in the 20-year period from \$125,000,000 in 1893 to \$386,000,000 in 1903 and about \$875,-000,000 in 1913. This indicates a gain of 600 per cent in the exports of

the six great groups of manufactures

in the twenty-year period, against a gain

of 126 per cent in the exports of all other domestic products during the same

Copper's Great Gain.

Enormous Sums of Money. The vast sums of money which these manufacturing organizations are bringing into the country through their sales abroad is illustrated by official figures of the bureau of foreign and domestic ommerce, Department of Commerce, covering the past decade. The total value of iron and steel manufactures exported from the United States in the ten fiscal years which end with the current month is, in round terms, \$2,000,000,-000; of copper and refined mineral oils, each about \$1,000,000,000; manufactures of wood, \$750,000,000; leather and manufactures thereof, \$500,000,000, and manufac tures of cotton, nearly \$500,000,000, making a total for the six groups named of approximately \$5,500,000,000 out of a total of about \$18,000,000,000 worth of domestic products exported during that period.

MOREHEAD'S SUPPORT ASKED FOR LABORATORY SCHEME

(From a Staff Corespondent.) LINCOLN, June 13.-(Special.)-Governor Morehead attended a banquet and session of medical men at the Lindell hotel today. The purpose of this meeting, so it is said, is to devise ways and neans to have the new state labaratory ocated at the university, and the doctors interested in that scheme hoped to fill the governor up with good things and land him on their side.

However, there is another side to the question. The State Board of Health does not want the labaratory located at the university, but has plans of its own which are diametrically in opposition to those of the university men and it is expected that the fur will fly when the time comes to locate the institution.

ARNOLD MAN CHARGED WITH ATTACKING PREACHER BROKEN BOW, June 12 .- (Special.)-

Charged 'with assault to commit great bedily injury upon the person of Rev. Mr. Slick of Arnold, Clun Shields was retaries of the American embassy, drove arrested at that place by Sheriff Wilson and brought to Broken Bow for hearing. The minister alleges in the complaint that Shields waylaid him after church services and made an assault upon him. Shields defends his action by stating that Mr. Slick had been talking sred in the castle court this morning and | about him and this caused the trouble When taken before Justice Fodge of this city, a continuance of thirty days was asked for and granted, bonds being fixed in the sum of \$300, the prisoner furnishing the same.

LEE HILL ELEVATOR AT EDGAR BURNED

large grain elevator of Lee Hill was discovered on fire this morning and was burned to the ground. The total loss is on the building, \$7,000; on grain, \$2,000; insurance on building, \$4,200; on grain, \$2,000; loss above insurance, \$2,800. A box car standing on track, near was entirely consumed and another badly burned before it could be rolled away. The origin of the fire is unknown. Mr. Hill will begin the erection of another elevator as soon as a contract can
