LOBBYISTS FILE REPORTS

Give Account of Expenditures at Last Legislature.
RAILROADS SPENT MUCH CASH
Statements Show that Bills of Companies Interested in Measures Pending Bar Well into Money.
(From a Staff Correspondent.)
LINCOLN, Neb., June 17.—(Special.)—The lobbyists are having their turn at filing expense accounts with the secretary of state and began making reports yesterday.
Frank Ranson of Omaha says that he spent nothing in his efforts to make the legislature see things in the interests of the people and the public welfare. He represented the South Omaha stock yards.
J. N. Redfern of the Burlington railroad expended \$17.45 at the lobbying game, invested principally for food and other things.
G. W. Holdrege, general manager of the Burlington, says that there were 107 bills pertaining to the Burlington and he paid Judge Jesse L. Root \$600 to see that these bills went the right way. In addition to this he spent \$198.01 for stenographers, witnesses, postage stamps and the like.
Judge Root admits that he received the \$600 from the Burlington railway, a like amount from the Union Pacific, \$173.11 from the Rock Island, \$28.16 from the Missouri Pacific and \$98.55 from the Northwestern as attorney fees and expenses in giving advice to the committees of the legislature as to what the railroad wanted.
E. G. Flynn of the Burlington invested \$213.16 in the work of lobbying.
Charles Ware, general manager of the Union Pacific, coughed up \$2,321.76 as payment of expenses of witnesses, stenographers, attorney fees and other

necessary items incident to the business of the railroads before the legislature.
John V. Anderson, assistant superintendent of the Union Pacific, says there were 134 bills which were of interest to the railroad he represented. He paid out \$482.75 trying to carry on the work of the lobbyist, \$96 of which was spent for hotel bills, \$27.75 for telephone messages and \$6 for incidentals.
S. M. Braden, general superintendent of the Northwestern, donated \$1,700 to the cause, which included attorney fees, food, hotel expenses for witnesses and other minor items.
Insurance Agent on Trial.
The insurance department of the auditor's office will be the scene of another hearing in a case of "twisting." Joseph Wall, agent for the Union Fire Insurance company of Lincoln, has made complaint against A. C. Hull and D. D. Swigert of the Mutual Farm Central company, accusing them of "twisting."
State Normal Board Meets.
The state normal board is again in session this morning, but outside of the usual routine of allowing bills nothing has been done especially of interest. Before adjourning last night they agreed on the expenditure of \$18,900 for a new building at Chadron.
Debating Telephone Rates.
The telegraph county telephone hearing is on today before the railway commission and a large delegation is present protesting against the raise of rates proposed by the Lincoln Telephone company, which has taken over the Johnson county lines. W. A. Apperson, Joseph Derr and E. J. Jurr represent the county of Johnson, while delegations from Tecumseh, Cook, Oak Creek, Vesia, Crab Orchard, Graff, Sterling and from Adams, in Gage county, are looking after the interests of their own localities. In Adams the raise is proposed on business phones of from \$1.50 to \$2.00 and on residence phones of from \$1 to \$1.50. These people are opposing the raise which also contemplates other changes.
Exchange of Fish.
Fish Warden O'Brien, accompanied by

the state game warden, will make a trip to Valentine tomorrow, taking a car of fish with them which will be exchanged for fish from the hatcheries at that place and brought back to the Nebraska hatchery at South Bend.
On Dental Board.
Dr. Wallace, president of the State Dental association, has been reappointed as a member of the state dental board.
The governor of Iowa has asked for a requisition from Governor Morehead for George Wilson, wanted for horse stealing in Dumfries, Pottawattamie county in that state. The crime was committed June 8, and Wilson is being held in Omaha awaiting the granting of the requisition.
For the first time in the history of Nebraska, the session laws are ready for distribution before the laws go into effect. Secretary of State Wait has been burning the midnight electricity ever since the legislature closed its labors, in an endeavor to get the laws ready in plenty of time to send them out before the laws which did not bear the emergency clause would go into effect, and has been successful in doing so.
W. M. Somerville of McCook was a visitor at the office of the governor today. Mr. Somerville says that crops in the western part of the state, as a general thing, are looking immense. Winter wheat, however, is not up to the standard of other crops because of a lack of rain early in the spring, but spring wheat looks like a forest almost, and stands up tall and thick and is nearly ready to turn. Corn is especially good and the fields are clean.
John S. Spear, superintendent of the Omaha and Winnebago Indian agencies, was a caller at the office of the governor this morning accompanied by Assistant Attorney General Edgerton. Judge Flynn was also a state house visitor. Mr. Spear is preparing the record in the Indian marriage law and came to Lincoln to get some data in connection with it.
The State Board of Health won out

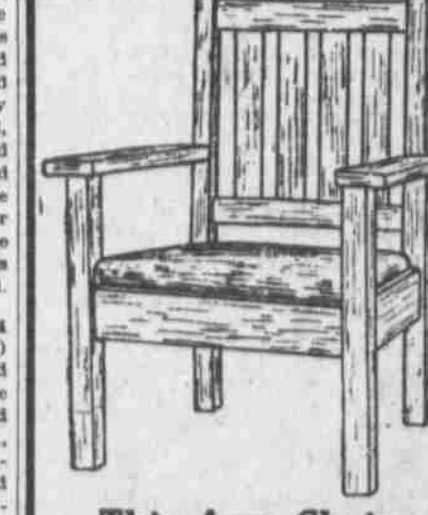

in its efforts to have the state bacteriological laboratory located at the state house. That much is settled, but where it will go and to what department is yet to be settled. Food Commissioner Harman was willing to have the institution as a part of the chemical laboratory, but no definite arrangement has been made.
Most of the offices in the state house were closed this afternoon from 2 to 3 o'clock, out of respect of the memory of Mrs. W. R. Mellor, wife of the secretary of the state board of agriculture, who died Sunday and whose funeral services were held this afternoon.
Work will begin on the fourth story of the state house on Monday, by putting in skylights and otherwise fixing the roof so that there will be plenty of light to make the changes. As soon as possible bids will be made on the work so that everything can be completed before cold weather comes.
Notes from Dealer.
DESHLER, Neb., June 17.—(Special.)—The explosion of an oil stove in the home of John Brauer came close to causing a disastrous fire Saturday evening. Prompt work of the fire department saved the building, the damage was about \$90.
Deshler now has the distinction of having the youngest working force of any third-class postoffice in the United States. Postmistress Mrs. Annie Austin recently resigned to get married and left Albert Sagehorn, a boy not yet 18 years, as acting postmaster. Her daughter, Miss Joie, aged 15 years, is clerk.
Work commenced Monday on the \$4,000 addition to the Deshler Missouri Lutheran church. It is hoped to have the building completed by September 1, about which time a conference is to be held here which will be attended by over 600 ministers of this denomination.
