DO NOT DISPLAY NUMBERS

Petitions Are Started in the Restdence Section of City Complaining of the Racing Tactics of These Machines.

If there were a campaign in Omaha to eliminate unnecessary noises, the motorsycle would be one of the first institution attacked, according to members of the Economic league, who have their discussions seriously hampered by the roaring volley of explosions that pour In through the open windows as the motorcycles tear down the street on the nights when the league is in session. The league is not the only organization that would have the noise of the motorcycle abolished, but it is only one of the many that feel the need of a better muffling system on the motorcycles.

In the midst of the discussion Thursday night Ollunr T. Brickson of Seattle had his voice completely drowned several times by the storm of rapid fire reports of a speeding motorcycle that dashed down Harney street. The members of the Economic league-chairman and alt. leaned forward with their hands to their ears in an effort to hear the speaker. A street car clanged by immediately afterward and the speaker's voice was much more readily heard while the car was passing than while the motorcycle was in the neighborhood.

Hen Beats Erie Express Train

LOUISA, NEW JERSEYS'S FAST HEN

the fast pacing hen, and Ed Short, the local hotel keeper, are the two most distingulahed beings in this town today. Louisa's claim to fame is that she outfooted an Eric express train by pacing it from Demarcht to Cresskill in fourteen seconds. Ed Short's distinction is that he is the owner of Louisn.
