Honus a Crier. Regarding your outfielder, Burns, of the Giants, the New York "Sun" says: "It would be hard to improve on the mechanical excellence of George Burns' work either in batting or fielding. Again, he is fast on the bases, and although he doesn't always use his head in base running, he is the best left fielder McGraw has had in many a day."

DOCTORS ELECT OFFICERS

Michigan Man Chosen President of Medical Association. BLUE SEES LEPROSY INCREASE

Profession Blamed by One of Physicians for Poor Result in Campaign Against Tuberculosis.

MINNEAPOLIS, Minn., June 20.—At a late afternoon session of the sixty-fourth annual convention of the American Medical Association the following officers were elected:

President—Dr. Victor C. Vaughn, Ann Arbor, Mich. Vice Presidents—Dr. Walter Conway, Atlantic City, N. J.; Dr. Frank C. Todd, Minneapolis; Dr. Lillian South, Bowling Green, Ky.; Dr. S. G. Kahn, Salt Lake City, Utah.

Secretary—Dr. Alexander Craig, Chicago. Treasurer—Dr. William Allen Pusey, Chicago.

Board of Trustees for Five Years—Dr. W. Grant, Denver; Dr. Frank K. Lutz, St. Paul; Oscar Dowling, Baton Rouge, La.

Atlantic City was chosen as the next meeting place.

Profession Blamed. Charges that the medical profession is to blame for the poor results against tuberculosis caused by its failure in the section on preventive medicine and public health at the convention this afternoon.

Dr. Mary E. Lapham of Highland, N. C., said people are dying not from tuberculosis, but from blunders, mistakes and ignorance and that the medical profession is indifferent to the education which the public needs.

"I would rather be a healthy tramp than a sick king," said Dr. G. Sumner of Iowa in his address this afternoon. "In fact, a tramp has the best chance to be healthy. The ragged clothing he wears permits his skin to breathe. The robes of a king do not."

Fi-Fi Draws Well; Public is Pleased. "Fi Fi of the Toy Shop," a spectacular musical fantasy, was given by local talent for the benefit of the Jennie Edmondson Memorial hospital to a crowded house last night at the Nicholas theater.

The play deals with Bonnie, the toy maker's daughter, wandering in the woods and put into a magic sleep, who has a strange dream. It also tells of the wax love of the French doll, Fi Fi, and her lovers, and her trip on the milky way. She is finally married to the soldier doll.

The dialogue of the play is full of humor. There are a number of good songs and dances throughout the play, such as the Jumping Jacks, china dolls, paper dolls, the dance of the winds and the dance of the bride's maids, with Mary Aid as the solo dancer.

The paper doll dance was the best dance, with eighty pretty young girls dressed in paper dresses of blue, pink, red and yellow.

Della May Byers took the leading part as Bonnie, the toy maker's daughter, and made quite a hit. She was in every act, both in acting and singing.

Robert Hall Russell, as the sandman who put Bonnie in the magic sleep, has a good soprano voice and sang a number of songs. Harold Barr, who took the part of the toy maker in the first part of the play, made a better hit as the man in the moon.

Frances Metzger, who has played with moving picture companies, played the part of Fi Fi and was quite fetching, both in singing and dancing. G. E. Michael and H. Victor Kearney did well.

Robert Daniels as Lieutenant Tinhart, the soldier doll, has a good heart and finally all Fi Fi's lovers wins out.

Aurelia, a retired fairy, played by Marian Jarvis, did so well that her friends presented her with a large bouquet. Harold Griffith and Harry Galliers were the clowns and their antics amused the audience.

"Les Folles" danced, given by Miss Bernice Brown and Mary Aid, was much applauded. Miss Helen Kain as the Dutch doll was the hit of the play. She danced a Dutch dance and received two encores.

WRECK FATAL TO THIRTEEN

Electric Trains Collide at High Speed Near Vallejo, Cal.

CONFUSION OF ORDERS IS CAUSE. Three of Thirty or More Injured Perhaps Mortally Hurt—Hours Before Last of Victims Recovered from Debris.

VALLEJO, Cal., June 20.—A confusion of orders that may never be explained brought death to thirteen persons today when two electric trains met head-on near here while running at high speed.

Ten were instantly killed, three died within a short time and three of the thirty or more injured are perhaps fatally hurt.

The single car of the southbound train and the first car of the northbound were telescoped and not a person aboard either car escaped injury.

The conductor of one of the trains, who took orders by telephone from the dispatcher just before the accident, is among those probably fatally injured. The wreckage was heaped high on the roadbed after the crash. It was several hours before the last of the victims was removed.

A house-moving outfit and the appliances of the Vallejo fire department were needed to liberate them.

Nearly all of the killed and injured were residents of Vallejo and vicinity.

For the tabloid boozie drummer has come to Maine and is doing a rushing business in condensed drinks of all kinds, from plain whisky to cocktails, and from beer to gin fizzes.

The drummer carries a considerable stock of the tablets with him for immediate demands and arranges for further and unlimited supplies by mail. Many bars in Bangor, Lewiston and Portland are selling tabloid drinks today, while a great many men who just must have their whisky or beer when they want it, have obtained their own supplies and make their liquor at home while they wait—and the wait is not long.

Includes text: 'Rheumatic Blood is Whole Story', 'Scientific, Lumbago, and Dreaded Arterial Rheumatism Cured.', 'There is a host of pills, powders, tablets and what-not for rheumatism, but they all lack the first essential to being a real medicine. To begin with, rheumatism is simply a disease given to designate a variety of pains, and can only be reached by irritating the entire blood supply with a naturally assimilable medicine. True, the pains may be eased with narcotics or the acids may be neutralized for the time being. But such methods are merely temporary and do not even lead to a cure. There is but one standard rheumatism remedy, and it is sold in all drug stores under the name of S. S. S. It contains only pure vegetable elements and is absolutely free of mercury, iodide of potash or arsenic, and has proved a wonder for every form of rheumatism. The recoveries of all types of rheumatism by the use of S. S. S. is a tribute to the natural efficacy of this remarkable medicine. It is assimilated just as naturally, just as specifically, and just as well ordered as the most acceptable, most palatable and most readily digested food. Do not fail to get a bottle of S. S. S. today. You will be astonished at the results.
