 OMAHA June II, 1915.
 The workerd day witherseed in several week was seen in the wheat market yet visco in the origin to several week was seen in the wheat market yet visco in the wither market on all weak spots. This support was given to the market on all weak spots. This support was given to the failer of a with of the wither spots. This support was given to the failer of a with of the wither at a spectra of the wither a dispose of the result of a with of the failer of the support was given to the spots. The following cash subset were reported with the failer of a with of the following cash subset were reported with the spectrum of the subset of the support was given to the subset of the subset grow wheat at a great an advantage as poor sible. Some sections of the wheat grow wheat the former for July and market and winter 2 cars. State No. 3 white: 2 cars. State No. 3 white: 3 cars. State No. 3 white: 3 cars. State No. 4 white: 3 cars. State No. 5 white: 3 cars. State No. 5 white: 3 cars. State No. 5 white. State No. 5 white: 3 cars. State No. 5 white: 3 c of the Trading. Features of the Trading and Closing Prices on Board of Trade. CHICAGO, June 31.—Balkan difficulties received some of the credit today for an advance in wheat. Unfavorable weather in both the spring and winter crop terri-tories did the rest. Closing prices were steady at %c to ic hikher. Corn in:-Bed We to %diffe down, oats off %c to %Qife and provisions varying from 2%c decline to an upturn of 507%c. Wheat traders, who have rescally been ignoring cables, were confronted today by reports that consols had been disturbed by demands for \$200,000,000 indemnity to the opponents of Turkey. The security market on this side was also said to re-flect fear of serious European trouble. Buil speculators here were not slow to apply the news to the wheat situation. I kain interforence with the Kansas har-vest and lack of molsture for the grow-ing grain in South Dakota were suffi-dent additional incentives for big houses to take all wheat offerings. A brief dip in prices at the opening formed the only exception to buillab control of the mar-ket. Corn weakened on account of the break-

from the southwest. Cash wheat was he to be higher. The much needed rains in Nebraska and lowa, with a promise of further precipitation to cover the entire corn belt during the next day or two were the weak-ening influences in that market yester-day. Those who have adhered to the bull side of corn for some time past, were in the lead as sellers. These people rold long corn and some of the old time bulls put out short lines, Cash corn was to ble lower. There were price losses in one yester-day on account of the rains in the west and the promise of rains cast of the Miss-scipp river, where moisture is badly needed. Additional new outs were sold in Chickgo yesterday for August ship-ment at 15 to 1 cent under the September opten far No. 3 white, Cash oats were be lower. Clearances were: Wheat and flour soual

CATTLIA-There was nothing of any consequence in the way of beef on sale today and the market was nominally steany at the week's decline. Beef trade has been in very unattsiactory shape inis week, not so much on account of local conditions as because of the demor-alized markets east. Not only have the eastern beef markets opened in bad shape, but Chicago, St. Louis and other points have been surfeited with half-fat cattle from lowa, linnois and Missouri, where a severe drouth exists and pastures are pretty well burned up. Strictly choice nandyweight beeves and the best heavy cattle have not declined more than 10g life, while there has been a decline of Magisto on the ordinary run of medium and heavy cattle, as well as on plain yearlings and lightweights. Demand has been of very fair proportions right along and prices have ruled lower in sympathy with the severe declines at eastern mar-kets. 90% 90% 93% 60% 60% 61% 61% 58% 59% 37% 41% 41% 41% 42 42% 43%@%
