who are enthusiastic suffragists will assist in the observation of a sane Fourth of July at many public celebrations this year. Invitations have come to these women from the men in charge of the programs-some are staunch republicans and others democrats. Politics have not entered into the invitation, only the fact being that the demand is for the Nebraska women to appear on the program has been general throughout the state. Much enthusiasm for woman's suffrage is felt in all parts of the state and the fact the Nebraska women are taking interest in the affairs of the state is responsible for the cordial invitations which the women are receiv-

liow often have you fussed and puttered with your face on the eve of some important social event when you wanted to look your prettiest, and try what you would, you just couldn't get the desired result. Next time your face becomes unruly, here's something that will quickly transform it into one of radiant loveliness. Just get a tube of parafied plastoid jelly at your druggist's and put a thin coating over your entire face, including chin and forehead. It is perfectly harmless. Almost immediately the Jelly begins to dry, you feel a "firming up" of the muscular tissue, and your mirror shows that a fresh sirilah pink is creeping into the face, you experience a soothing, comfortable sensation and if you will lie down for a half hour or an hour you will doubtless drop off into restful slumber. Then remove the dried jelly with cold water and again consult your mirror. You will be delighted with the effect esher at with the improved contour of the face, youthful color and expression.—Advertisement.

the Greatest Piano Bargains Ever Offered.

This is the time of the year when several high grade pianos are being returned from schools, colleges, conservatories, etc., having been used by them the past season. These pianos must naturally be good ones, being used by the best musicians, and received exceptionally good care. It is our policy, however, to completely overhaul them as soon as they reach our warerooms, then mark them at a price low enough to move them off our floors at once, as floor space is at a premium just now. Tomorrow we offer some of these pianos at lower prices than we have ever before quoted and you are sure of a bargain, no matter which one you buy.
