CATTLE-Cattle receipts were very moderate for a Monday, only as cars being reported in. In other words, the run was smaller than for any recent week and smaller than a year ago by 13,02 head. The quality of the cattle on an average was also very much poorer than last week, there being nothing right good in the yards.

Beef steers were in fair demand, but buyers were not sufficiently analous for supplies to make the trade very active. On the contrary the market was slow and duil from start to finish. Here and there buyers could be found, who thought they unloaded at better prices than last week unfavorable close, while others thought they did not do as well as last week. To quote the market slow but about steady would probably cover the situation.

way through. The trade slowed up a little on the extreme close and packers tried to buy what hogs remained at lower figures, but sellers held on for the same prices that were paid early and in the majority of cases they got them. Shippers and speculators bought very freely and a good share of the offerings, especially towards the close, went to them. The market was not active at any time, and it was nearly II o'clock before anything like a clearance was made. Even at this time there were several lone, well-in first hands.

in first hands.

Bulk of the hogs sold at \$8.45@5.55 and quite a few bunches sold as high at \$5.60. The supply included something like eighty-three cars, or 5.600 head. This is over 2.360 head smaller than last Monday and is more than 2.000 head short of the run on the corresponding day a year ago.

Negotiations are about to be com pleted for the Harle-Haas Drug company of Council Bluffs to move to Omaha and occupy the building at Eleventh and Douglas streets now occupied by the Beebe-Runyan Furniture company. Farnam Smith and the firm are expected to get together soon and sign up a lease on the building. Glover & Spain repre-

sented the drug firm.

The new building of the Beebe & Runyan company at Ninth and Douglas streets is expected to be completed by November. When that firm moves into the new place the Harle-Hans company will come across the river.

The Harle-Haas Drug company is of the largest jobbing houses of its kind in the west. Its business is said to amount to nearly \$1,000,000 a year and its acquisition will mean another stride in Omaha's advancement as a jobbing center. By moving to Omaha it probably also will bring several hundred employes, including traveling salesmen who will

make their headquarters here. The Harle-Hass company has been gotiating for a building or a site for a building since the first of the year, The

ater at Fourteenth and Harney streets and the other at Eleventh and Farnam streets, were considered by the company and found unavailable. Then the Beebe-Runyan building was decided upon. The Beebe-Runyan building will be vacated about October 1.

Captain of Detectives James Sheaham vesterday afternoon, released Z. Even Lepotich, of Twenty-ninth and R streets on his own recognizance because it apappeared that the man was ill from worry. Lapotich was arrested reck ago for bootlegging. He was arrested a few days after for alleged assault. Each time be is said to have paid a fine. Yesterday on complaint of Mike Stanich he was arrested a third time for bootlegging.

Lepotich was arrested in the morning and in the afternoon had become se overwrought and nervous that Deak Sergeant Tony Smith called City Physis cian Shanahan. The city physician found Lepotich in an extremely nervous condition. Captain Sheahan took a hand and ordered the man released to appear when able.

"There is such a thing as erucifying a man," said Sheahan. "This man had a government Hoense and he did not understand the state laws. Later he is made the butt of persecution among his own people. He is ill from trouble and the police are not to blame. There is no need to keep him in jall today. I think it might be dangerous."

As a matter of fact the council or part of it is bucking the reappo ment of Street Commissioner John Fenpell. That, and only that, the council says has caused the mayor to withhold other appointments and place the blan on the council.

Pat Lavelle pushed a resolution through the council looking to the erection of a new bridge over the Burlington tracks at F street. A resolution to drain the pond near the Burlington railroad roundhouse was fathered by the same councilman and endorsed by the other members. The ordinance relating to the con-struction of buildings along the sidewalks, vetoed by the mayor, was passed over his head. The ordinance is the same as formerly except that permission to erect special buildings along the sidewalk is placed in the discretion of the whole council instead of being vested in the mayor. The council seemed to be convinced that unless the amended are dinance were passed, even over the mayor's veto, the little stand of Blinds Frank at Twenty-fourth and N atreets
