BULGARS FLEE BEFORE FOE

Victorious Greeks Drive Them Over River Struma.

IVANOFF'S FORCES VANQUISHED

No Formal Armistice Has Been Arranged, But It is Believed in London Hostilities Are Virtually Ended.

ATHENS, July 12.—General Ivanoff's army, together with three divisions of the Ispit force, aggregating 112 battalions, made its last stand in a strongly entrenched position near Demitrisar, on the left bank of the River Struma, and on the adjacent heights of Intrina, which were well defended with siege artillery.

In a brilliant charge the Greeks dislodged the Bulgars from the heights and drove them across the Struma. In their retreat the Bulgarians destroyed the railway for some distance, again charging the Greek advance.

The Greeks again directed their march along the right bank of the river, supported by mountain batteries, and compelled the Bulgarians hurriedly to abandon their position, leaving behind four heavy guns and a quantity of ammunition.

While this battle was in progress the Greeks attacked and dispersed the Bulgarian forces from Ispit, advancing towards Patrich, by way of Strumitsa, capturing twenty guns.

By these two victories, the Greeks are considered to have vanquished finally General Ivanoff's force, whose rout has been complete. The Greeks occupied Demitrisar on Thursday, when the evacuated the town.

Wilson Explores the Hills of Hampshire

CORNISH, N. H., July 12.—President Wilson went exploring in his automobile today. He took an unfrequented road and his big car picked its way slowly and cautiously over a mountain ridge.

The machine mounted the hills with little difficulty, but frequently in the descents the brakes were thrown on tight. The trip was made without mishap and the view of the surrounding hills amply repaid the president for the bumping he got, as both he and Mrs. Wilson saw the Green mountains from unusual vantage points.

JAP FINDS A FRIEND ON BENCH IN GOLDEN STATE

LOS ANGELES, Cal., July 12.—An order from Secretary of Labor Wilson was reversed today by Judge Olin Wellborn in the United States district court. The court vacated the order for deportation on the broad ground that the prisoner had not been given a fair hearing.

Judge Wellborn scored immigration officials who appeared against the Japanese, who had been arrested originally on a charge of disorderly conduct. Judge Wellborn said such methods of procedure would not be tolerated. Gennaro, he said, had not been given a chance to defend his case.

Paid Advertisement by the Omaha Gas Company.

To You--A Citizen

Warfare is costly--no less to service companies than to cities or individuals.

The proposed gas franchise, to be submitted to the people, is a COMPROMISE between the people's representatives and the Company.

In this compromise the City has won its chief contention--GAS AT NOT TO EXCEED ONE DOLLAR NOW, and the power to regulate future rates by contract.

TWO YEARS AGO when the Mayor and City Council passed a dollar gas ordinance, the COMPANY KNEW, as it knows now, that dollar gas will NOT give it a fair return upon the actual value of its property devoted to public use.

The Company felt compelled to resist by litigation. The city employed experts, investigated conditions, OBTAINED ALL THE FACTS, and studied the situation long and carefully.

AFTER this searching inquiry, the City Commissioners requested the Company to confer with them with the object of finding out whether a compromise could not be reached, OUT OF COURT, by dealing with each other in good faith as two neighbors might come to draw a business agreement of MUTUAL, but not excessive, advantage.

The result of prolonged conferences is the gas compromise franchise, which is to be referred to the voters for approval.

No one can vote intelligently upon an important question of this kind UNTIL HE HAS HEARD BOTH SIDES.

The Company knows of no better way of telling its side of the story to the people than by purchasing a reasonable amount of advertising space in the newspapers and setting forth the facts and arguments, AS IT UNDERSTANDS THEM.

This is what we propose to do, asking merely that you read as many of the advertisements as you can, and that you DECIDE FOR YOURSELF HOW YOU WANT TO VOTE.

The Gas Company is engaged in a needed and useful public service. It is conducted with the hope of earning a reasonable profit in exchange for valuable functions, performed efficiently and economically, under the highest class engineering and commercial management possible to secure.

As in other lines of business endeavor, the Gas Company is forced to meet conditions which vary greatly from year to year. Only the most alert and painstaking supervision, supported by a loyal force of hard working men and women, can make or keep it successful.

Public measures properly are subject to criticism. INTELLIGENT criticism is helpful; any other kind is detrimental to the best interests of citizens. Many statements already have been made about the proposed gas franchise which are based upon misinformation or lack of information.

Our publicity campaign will explain why the Company is willing to accept the compromise, and will state plainly why the Company should receive the same fair treatment cheerfully given to any other legitimate business enterprise.

The present issue is to be decided by the VOTERS. It should be dealt with according to reason, not in the mysterious shadows of prejudice. It ought to be considered in the light of TODAY, free from confusion with ancient personal and political feuds.
