

CABINET DISCUSSES MEXICAN SITUATION FOR SEVERAL HOURS

Administration is Not Inclined to Change Attitude Toward the Huerta Regime.

MAY AWAIT THE ELECTION Little Likelihood that Wilson's Return Will Cause Change.

SHARP DEMAND FOR ACTION Protection is Asked for American Citizens in Durango.

DIAZ IS SENT INTO EXILE General Will Go to Japan on Diplomatic Mission, and Then He Absent During Election Period.

WASHINGTON, July 18.—Consideration of the Mexican situation took much of the time of the president and the cabinet at the regular session today, and Secretary Bryan had a long conference with the president before the other members arrived. Although reports are coming in from various sources, the administration is looking forward to first-hand information from Ambassador Wilson, on his way from Mexico City. It was again authoritatively stated today that the attitude of the administration still was unchanged.

It was reiterated that the cabinet unanimously was in accord with the president in waiting a return to stable conditions before extending recognition. Several officials stated that the cabinet had from the beginning been of the opinion that the changing conditions of Mexican politics warranted the "hands off" policy for some time.

Bryan May Cancel Engagements. Secretary Bryan authorized the statement that he would cancel any lecture engagements which would conflict with the conferences he and the president will have with Ambassador Wilson next week. Some members of the cabinet were not inclined to think any action would be taken following Ambassador Wilson's conference and repeated their belief that until elections were held in Mexico and an appearance of peace was in slight, formal recognition probably would be withheld.

Demand for Protection. In response to Consul Hamm's request for protection for Americans in the Durango district, the State department has demanded action from the Mexican federal authorities. The department went further than usual in that it requested the federal government to dispatch troops from Torreon.

Diaz Given Diplomatic Exile. MEXICO CITY, July 18.—General Felix Diaz, appointed special ambassador to Japan to express the thanks of Mexico to the Japanese for their participation in Mexico's centennial in 1910, is referred to editorially today by the newspaper El Pais as "the Mexican emigrant." The article says Diaz is being sent out of the country and expresses the opinion that there will be elections in Mexico in the time fixed.

El Independiente also frankly expresses the opinion that Diaz has been practically exiled, at least temporarily. An unusual honor is to be paid the new Japanese minister by the Mexican government. It is sending a commission consisting of one representative of the foreign office and two military attaches to meet him at the port of Manzanillo. Plans are being drawn up for a huge popular demonstration on his arrival here.

Return to Honor Extradition Papers. SAN DIEGO, July 18.—Refusal of Mexican authorities at Ensenada, capital of the northern district of Lower California, to honor extradition papers from the governor of California for the return of Joseph Leroy, charged here with highway robbery, will be reported to the Department of State by District Attorney H. S. Utley.

Proper requisition papers, it is asserted, were signed by Governor Johnson, but the governor of Lower California decided yesterday upon a hearing to ascertain the probability of Leroy's guilt, which is held by Utley to be a direct violation of the treaty with Mexico.

Ellsworth Will See Garretson. EAGLE PASS, Tex., July 18.—United States Consul Luther Ellsworth, stationed at Piedras Negras, Mexico, left today for San Antonio to consult secretary of War Garretson.

Refugees from Torreon report that place was attacked by a large force of constitutionalists on Monday and that the town was not expected to hold out more than two days, as the federals were outnumbered and provisions very scarce. Six hundred constitutionalists were reported to have defeated Colonel Lavarsite near Lampazos on Wednesday. They are expected to join Governor Carranza Saturday.

A discharged employe of the constitutionalists started the story that the American consulate in Piedras Negras was to be dynamited, it was declared today. His motive was to discredit the Carrancistas, it was said.

Denman Will Help Prosecute Oil Land Suits in California

WASHINGTON, July 18.—William Denman of San Francisco was appointed today a special assistant to Attorney General McReynolds to prosecute pending and proposed suits to recover the government's title to millions of dollars' worth of oil lands in California, Wyoming and other western states. The question involves the legality of President Taft's sweeping oil land withdrawals of 1900 to conserve the country's oil resources and especially to afford the government a supply of fuel oil for the United States navy.

New Schedule of Passenger Fares Will Be Lower

CHICAGO, July 18.—A revision downward of interstate passenger fares has been begun by western and central passenger associations in compliance with an order by the Interstate Commerce commission that the new rates will be made effective May 1, 1914. Passenger officials of railways entering Chicago last night said it is doubtful if the task of revising the tariffs can be completed within the time limit prescribed by the commission.

Waits Fifty Years Then Files Suit for Breach of Promise

PATERSON, N. J., July 18.—Miss Emma Mahoney, 97 years old, of Wooster, O., asks a heart-broken \$25,000 from John Wolff, a 77-year-old veteran of the civil war and a retired merchant, in papers which have been served upon him here.

Elliot or Willard May Succeed Mellen

NEW YORK, July 18.—Directors of the New York, New Haven & Hartford railroad were to meet here again today to act on the resignation of President Charles S. Mellen, tendered late yesterday. Although it is understood that some of the directors urged Mr. Mellen to reconsider his decision, according to the present plans he will retire as the head of the New Haven and allied lines not later than October 1, next.

Whether a successor to Mr. Mellen will be agreed upon at the meeting scheduled for today was not announced. Among those mentioned in this connection is Howard Elliot, head of the Northern Pacific.

Cummings Named for Receiver at Pierre

WASHINGTON, July 18.—President Wilson today sent to the senate the following nomination: Minister to Ecuador, Charles S. Hart.

United States judge for northern district of California, Maurice T. Dooling of California.

MANUFACTURERS FOR "UNCLE JOE" CANNON

Mulhall Says N. A. M. Chiefs Proposed to Concentrate to Re-elect Former Speaker.

VAN CLEAVE GREATEST OF ALL Given High Praises in Letters Written by Schwedman.

EXALTED ABOVE POLITICIANS Greater Than Roosevelt, Taft, Foraker or Sherman.

M'CLAVE WILL BE A WITNESS Committee Decides to Summon Republican Candidate for Congress in Sixth New Jersey District—Under Fire.

WASHINGTON, July 18.—How the National Association of Manufacturers proposed to concentrate its energies if necessary for re-election of former Speaker Cannon in the 1908 campaign was described in one of the first "Mulhall letters" brought before the senate lobby committee. Mulhall, confessed lobbyist for the manufacturers, was about one-third through his stack of correspondence when the committee resumed. The letter bearing on Cannon was written to Mulhall by Secretary Schwedman of the manufacturers on August 17, 1908, and declared all energies would be concentrated in Cannon's district "if there is the slightest occasion for it." A letter from Mulhall to former Representative J. Henderson of New Jersey said the manufacturers had field workers out in the campaign in many New Jersey, Pennsylvania and Indiana districts.

Senator Reed questioned Mulhall about Congressman Bartholdt.

"I always understood Schwedman and Van Cleave looked after Bartholdt, and that the brewery interests helped," replied Mulhall.

McClave Will Testify. The committee decided to immediately hear S. W. McClave, republican candidate for congress in the Sixth New Jersey district, where a special election is to be held Tuesday.

Mulhall testified yesterday that he had run McClave's campaign against William Hughes in 1910. McClave, who was elected Senator Cummins he would leave Jersey City at noon and the committee decided to hear him as soon as he reached Washington.

The cross-examination of Mulhall on McClave yesterday aroused the ire of the two republican members of the committee, who declared it was an attempt to play politics.

Schedman wrote Mulhall August 26 about the situation in Indiana, which he said was "very critical," and ended "I win, most of the credit will be due to your good work. If some of our political friends should forget it later on, I want to take a trip with you into Indiana for the specific purpose of laying these good people over our knees and giving them the kind of spanking they ought to have."

Brewers Fight Jenkins. In August a fight in the Eleventh Wisconsin district, where Jenkins was up for re-election, apparently was worrying the manufacturers, although the National Brewers association, through its national chairman, wrote Mulhall it was "their fight."

Edward Hines, the Chicago lumberman, who figured in the Lorimer case, came into the hearing again today. Mulhall swore that in a letter to the manufacturers August 27, Hines spoke of a promise to send \$1,000 to "go into the right channel to be used for legitimate purposes in Jenkins' district."

Schedman wrote Mulhall on August 25: "I don't consider Teddy nor Taft, nor Sherman, nor Foraker, nor the rest of those great men equal to Van Cleave, Parry, Kirby and the others, who have given freely of their energy and their money to the great cause which is expressed in the principles of the National Association of Manufacturers."

A letter of September 1, 1908, from C. B. Anthony, vice president of the manufacturers, to Van Cleave asked him if there was any way for the association to aid "our good friend, Hon. Edwin Denby, of the First Michigan district."

It added the suggestion was made without the knowledge of Denby. An unsigned letter to Anthony, September 2, which Mulhall said was from Van Cleave, said:

"We must, of course, do all that is in our power for Mr. Denby." September 11, 1908, Mulhall wrote E. Schwedman about a visit to Cincinnati and breakfast with A. I. Vorzy, "Mr. Taft's chief of staff."

"Vorzy was an entirely different man to what he was in Chicago," the letter said. "He is more than anxious to have some of our people see Judge Taft, and to get our people actively to work. I convinced Vorzy that if he wished to get a large percentage of our organization busy he had better get Judge Taft to get in communication with Mr. Van Cleave, Mr. Parry, Mr. Kirby, Mr. Schwedman and the other leaders. This he claimed he would bring about in the very near future and wanted me to aid him."

Swindler Paroled on Condition that He Repay Victims

HELENA, Mont., July 18.—On condition that he repay those he swindled within five years, Sam A. Hall of Butte was granted a pardon today by Governor Stewart. Hall was convicted of having defrauded clients of his investment firm out of from \$20,000 to \$75,000 and his sentence would have expired in 1920. The governor appoints the state board of examiners to pass upon the claims of Hall's victims and designate the bank through which the repayment is to be made. Hall is to be subject to the orders of the board of pardons and should he fail to make the repayment or should the board be convinced he was not attempting to live up to the terms of the contract, he must return to prison to complete his sentence.

The Veterans of Many Battles

From the Cleveland Plain Dealer.

ROADS WRONG, SAYS LOW

Says New Issue Cannot Properly Be Injected Into Controversy.

CHAMBERS OPENS HIS OFFICE

New Commissioner of Mediation and Fellow Members Call Upon President Wilson at White House.

NEW YORK, July 18.—Seth Low, president of the National Civic Federation, an organization which was instrumental in smoothing the way for arbitration under the Newlands act of the wage dispute between forty-five eastern railroads and their trainmen and conductors, came forward again today in an endeavor to straighten out the tangle arising from the roads' demands that their grievances be arbitrated along with those of the men.

Mr. Low who has sided with the unions in their contentions that the railroads could not properly inject their troubles into the situation at this stage was to confer this afternoon with the conference committee of railroad managers in the hope that some agreement might be reached.

Unions Send Out Bulletin. Messrs. Lee and Garretson made public this afternoon a bulletin which is being sent to members of unions. It recites the demands of the railroads of arbitration of certain grievances and concluded:

"It is needless to say that no arbitration embodying these propositions will even be considered and if insisted on by the managements only one result can follow, namely:

"The setting of the hours for retirement of the men, and the men will remain where word by wire or letter will reach them promptly.

The bulletin is now in the mails on its way to the 84,000 members of the organization.

DeWitt Cuyler, chairman of the board of directors of the Pennsylvania road, said he did not believe there would be a strike. "I believe they will reach a solution," he said, "but I am firm in the opinion that the time is at hand when the railroads, not the unions, have something to say about wages."

Hundred Injured in Panic in a Picture Show at Newark

NEWARK, N. J., July 18.—Nearly 100 persons, many of them children, were injured, fortunately not more than two of them seriously, when a stampede followed the setting off of a flashlight to make a photograph of the crowd.

The exhibition was being given by the State Board of Health in conjunction with the Newark Anti-tuberculosis association and hundreds of foreigners were among the 1,500 or more persons present. The failure of the foreigners to understand a notice, flashed upon the scene, that the picture would be taken is believed to account for the panic which succeeded the setting off of the flashlight.

Man Pinned Under Engine Kills Himself

DECATUR, Ala., July 18.—Pinned under an overturned locomotive, Houston Fleming, an engineer, put an end to his torture by cutting his own throat late last night when spectators of his plight refused his request to kill him. Fleming, with Floyd Hamlin, an air inspector, was testing a new locomotive in the Louisville & Nashville yards when it was hurled from the tracks by a switch engine and overturned. Hamlin died today.

McMillan Party Will Go North on Sealing Ship Erik

NEW YORK, July 18.—The sealing ship, Erik, formerly used by Commander Peary, is being prepared at St. John, N. P., to go to the aid of the steamer, Diana, which went ashore in Belle Isle Straits with the MacMillan expedition on board. This was announced by Prof. Edmund Otto Hovey of the American Museum of Natural History, which sent out the expedition jointly with the American Geographical society.

Prof. Hovey said that the Erik, which is a larger ship than the Diana, probably would be ready to sail within a week and would continue with the expedition if the Diana was found unseaworthy.

Prof. Hovey received the following telegram yesterday from MacMillan from Red Bay, Quebec:

"Diana ashore. Am landing equipment. Order Neptune for trip. All safe and well."

The Neptune is a sealer, but is not available for the relief of the Diana at the present time.

Metcalf eFriend of Mayor Dahlman

(From a Staff Correspondent.) LINCOLN, July 18.—(Special)—If there has been any hitchet waving in the air since the memorable campaign in which Richard L. Metcalf opposed the candidacy of Mayor James C. Dahlman of Omaha in his race for the governorship, it was pretty effectively put to rest last night at the farewell banquet tendered Mr. Metcalf by his friends on the eve of his starting for his post as governor of the Panama canal zone.

Both Mayor Dahlman and Mrs. Dahlman came all the way from Omaha and spoke feelingly of their admiration for Mr. Metcalf and the hope that his mission to the new field would be a success.

In response Mr. Metcalf said that while he had been compelled to oppose Mayor Dahlman in his campaign for governorship, he has not done so for any feeling he may have had against the mayor as a man, but his opposition was because of something else. "In all my campaigning against Mr. Dahlman," said Governor Metcalf, "I never said one word regarding the mayor which I could not have said in the presence of his many good traits of character, and it was with regret that I saw that our paths would have to diverge at that time."

Governor Metcalf will leave Lincoln Sunday afternoon for Omaha, leaving there Wednesday afternoon for Washington, where the family will stay until about August 1, when they will sail for Panama.

Coalition Cabinet Formed in Bulgaria

SOFIA, Bulgaria, July 18.—A coalition cabinet was formed today by M. Radovitch, the liberal leader in the Bulgarian assembly, to take the place of the cabinet of Premier Danef, which recently resigned. The new cabinet consists of liberals and Stambouloff nationalists. M. Guendieff has been appointed foreign minister.

The general commanding the Bulgarian army operating against the Greeks officially charges the Greek troops with deliberately raking with their cannon fire the hospital at Demir-Hisar, in spite of the fact that the Red Cross was flying over the building.

A few of the hospital attendants fled, the general says, but the remainder of the nurses and aid the patients were killed. A few of the sick and wounded killed were managed to crawl out of the ruins were shot down by Greek soldiers.

The general also charges the Greek troops with massacring the entire population of Kilkish.

Man Pinned Under Engine Kills Himself

DECATUR, Ala., July 18.—Pinned under an overturned locomotive, Houston Fleming, an engineer, put an end to his torture by cutting his own throat late last night when spectators of his plight refused his request to kill him. Fleming, with Floyd Hamlin, an air inspector, was testing a new locomotive in the Louisville & Nashville yards when it was hurled from the tracks by a switch engine and overturned. Hamlin died today.

BRISTOW THRUSTS AT BRYAN; STARTS ROW ON FLOOR OF SENATE

Ashurst Tells Kansas He Was Once Desirous of Fat Job with Little Work Appertaining.

PRODUCES OWN LETTER IN PROOF Other Comes Back with Charge of Arizonan's Grafting.

U. S. MONEY FOR OWN TELEGRAMS Bull Mosser Declares He is Not on Trail, Anyway.

JAMES MENTIONS 'GLASS HOUSES' Many Members Attack in Strong Language Action of Secretary in Giving Lectures When State Affairs Neglected.

WASHINGTON, July 18.—Secretary Bryan's policy of lecturing in his vacation time involved the senate in a bitter controversy today. It began when Senator Bristow, ignoring the defeat of his resolution directed at Mr. Bryan's action, insisted upon being heard in severe criticism of the cabinet officer.

Before the debate ended charges and counter charges between senators on the two sides of the chamber had been brought to the senate to a high pitch of excitement. Senator Ashurst produced an old letter of Senator Bristow's, which he declared indicated that Mr. Bristow in 1906 had been perfectly willing to take a federal position and devote only part of his time to it.

Senator Bristow retorted with the charge that Senator Ashurst had spent over \$200 of public funds sending private telegrams that should have been paid for from his own pocket, a charge denied by Senator Ashurst, but which Senator Bristow agreed to prove by producing original telegrams that had been paid for out of senate funds.

From these personal accusations the debate went into the general field of public lecturing and writing and democratic senators called attention to the chautauqua platform work of Senator Bristow and many others and to the newspaper writing that Senator Bristow had done at the last Baltimore convention. The Kansas senator emphatically declared that he never had neglected his duties of his office.

"I am not on trial here," he said. "I simply want to show that people who live in glass houses should not throw stones," said Senator James.

Senators Bristow, Townsend, Fall and others attacked in strong language the action of Secretary Bryan in following public lectures at a time when his claimed public questions required his close attention to affairs of the state department.

Says Sulzer Tried to Get Votes by Threats

ALBANY, N. Y., July 17.—Counsel for the Frawley legislative investigating committee decided today that he would take up the matter of "widely published efforts to improperly influence legislators." He then called as a witness Assemblyman Thaddeus C. Sweet of Oswego, who testified to having asked Governor Sulzer to approve a bill appropriating \$50,000 for a bridge.

"Assemblyman, how did you vote on my direct primary bill?" witness said the governor asked him. Mr. Sweet replied that he had voted against it.

"How are you going to vote on it at the extra session?" the governor continued. "Remember, I take good care of my friends."

Mr. Sweet said he continued to oppose the primary measure and his bridge bill was vetoed.

SILK MILL STRIKERS RETURNING TO WORK

PATERSON, N. J., July 17.—The announcement that "Big Bill" Haywood had withdrawn from active participation in the silk mill workers' strike here, caused a break in the strike ranks today and there was a rush of hands to the mills. Most of the weaving mills are running and manufacturers predict an end of the strike. Haywood's withdrawal is explained by Joseph Ettor, the Industrial Workers of the World leader, who says Haywood is physically unable to continue leadership.

Continuity in Advertising Effective

The advertiser who expects to build a successful business out of occasional advertising deserves himself.

To be effective you must advertise constantly. Mr. Mansueti, a bank recently decided to do some advertising. Half a dozen advertisements were written and placed. The result was insignificant, and the advertising was stopped.

Another bank watched the advertisement. Then it started to advertise.

But it didn't stop when six advertisements had been printed. It kept right on.

When a dozen advertisements had found their way into type business began suddenly to take an upward trend.

Each day more and more new faces were seen within the bank building.

And now that bank is a regular advertiser.

The Weather

Table with weather forecast for Omaha and vicinity for Saturday, slightly warmer.

CUMMINGS NAMED FOR RECEIVER AT PIERRE

WASHINGTON, July 18.—President Wilson today sent to the senate the following nomination: Minister to Ecuador, Charles S. Hart.

Swindler Paroled on Condition that He Repay Victims

HELENA, Mont., July 18.—On condition that he repay those he swindled within five years, Sam A. Hall of Butte was granted a pardon today by Governor Stewart.
