

**What
Women Are
Doing in the World**

MAHIA club women have turned their thoughts to other things than study for the summer. A number of them have spent several weeks at some cool summer resort or in the country. Mrs. L. M. Lord, who has her cottage at the Seymour Lake Country club, is enjoying entertaining her friends at that most attractive place. Not long ago Mrs. Lord was hostess at a luncheon to the members of the literature department of the Omaha Woman's club. Mrs. C. W. Hayes, president of the club, attended and said that in no way was there any reference made to the work for the coming year—all were enjoying their rest from study. Each week has found some member of the club or other woman's clubs of either Omaha or South Omaha as a guest at her cottage. Mrs. Lord is corresponding secretary for the Woman's club and one of the energetic workers of that club. She has also taken an active interest in the work of the new suffrage league of South Omaha.

One of the few societies which has not ceased its work during the warm weather is the Equal Franchise league of South Omaha. It was organized early in the summer and the enthusiasm has not lessened as the days grew warmer. The next meeting will be held Wednesday, August 6, when Mrs. Sarah H. Bligh and Mrs. M. R. Schildknecht will be the hostesses at the home of Mrs. George F. Copper, 1005 North Twentieth street, South Omaha. Mrs. Edward D. Kenney of Chicago will be the speaker and will tell of the work done by the Chicago women in getting the franchise in Illinois. Others who will take part in the program are Dr. Ada Wiley Ralston and Mrs. George F. Copper.

The Western City conference under the auspices of the National Board of the Young Women's Christian associations of the United States of America will be held at Estes Park, Colorado, from August 12-21. A splendid program of lectures, educational courses, recreation and social life has been planned to meet the needs of the holiday-maker who desires something more than a round of meaningless pleasures for a vacation. All young women are invited to this conference regardless of membership in an association; those from cities or towns where no association has yet been organized will be most welcome.

The mornings will be given up to Bible study courses, mission study courses, community study and various other classes which help prepare one for real service in their own community. The afternoons will be given up to recreation of the most varied kind. Every opportunity of enjoyment is offered from tennis, basket ball, field day sports and walking, to the delightful excursions to the places of historic interest and scenic beauty in the vicinity. The enthusiastic walker may join an early mountain climb and be rewarded by a view never to be forgotten. The evenings will be given up to a general social time or an occasional interesting lecture.

The athletics will be under the leadership of a trained instructor, and the conference itself will be led by Miss Emma Hays of the conference department of the national board. Miss Hays' work gives her an unusual equipment as leader of this Western City conference.

Some of the well known teachers and lecturers who will take part in this conference are Miss Clarissa Spencer, London, England, general secretary of the world's committee; Mrs. William Shaw Ward, chairman of the West Central field committee, Denver; Miss Anna V. Rice; Rev. Ryland Knight, Tennessee; Miss Henrietta S. Gay, Kansas City, Mo., who will teach a class on India; Mrs. E. H. Silverhorn of Denver, who will teach a class on China; President Frank K. Saunders of Washburn university, Topeka, Kan., who will have a class on Country Life; Dr. William Pierson Merrill, D. D., New York City, who will give an interesting series of lectures on "The Fundamentals of the Christian Faith," and Bishop Francis J. McConnell of Denver.

The young peoples' branch of the Frances Willard union of the Women's

HAS ENTERTAINED CLUB WOMEN
AT SUMMER HOME.

Mrs. L. M. Lord—Corres. Sec. and Delegatess.

Christian Temperance union held its first meeting since the tornado Friday evening, July 11, at the home of Misses Sara and Lillian Givens. Last Friday the society met at the home of its president, Miss Esther Karel. They made plans for picnic to be held some time within the next two weeks.

The Mothers' Culture club will meet Wednesday afternoon at 2:30 o'clock at the home of Mrs. George E. Mickel. The regular program will be postponed until a later date.

Howard Bruner Gets Big Cut Glass Set

As a parting gift from associates in the freight offices of Union Pacific headquarters, Howard Bruner, former assistant general freight agent, but promoted to chief clerk in the offices of E. W. Winchell, traffic director of the Harrison system of roads, was the recipient of a beautiful cut glass table set of twelve pieces.

Mr. Bruner was in his office, busy closing up the business before going to Chicago, when the buzzer called him to the office of Freight Traffic Manager Wood. During his absence, his associates filed into his office and on his table left the glassware, together with a note expressing the high appreciation in which he is held by his co-workers. He goes to Chicago Sunday morning.

Boosting for Omaha Day at State Fair

Manager Parrish of the publicity bureau is making arrangements for Omaha day at the state fair. There were more than 4,000 Omahans at the fair last year when the first annual Omaha day was given. It is intended to get a bigger crowd this year. All records for a day's attendance were broken then.

The Commercial club, Knights of Ak-Sar-Ben, Real estate exchange, Ad club and Automobile club will be asked to cooperate as they did last year to make the next Omaha day a success.

DR. T. S. PALMER TO SPEAK ON SPRING SHOOTING LAW

Dr. T. S. Palmer of the United States Department of Agriculture will be the guest of the western handicap shooters August 7, the last of the three days that they will meet in Omaha.

Dr. Palmer will address the assembly in the auditorium at the Paxton hotel and speak upon the significance of the new national game law against spring shooting of wild fowl. The law has been passed, but still remains to be signed by President Wilson.

THEY'RE OFF TO WINNIPEG

About Twenty Omaha Realty Dealers
and Their Wives Leave for the
Sixth Annual Convention.

About twenty Omahans, together with twenty-seven Kansas citizens, two Denverites, six real estate dealers of Council Bluffs, and a couple from Salt Lake City left Omaha last night at 9 o'clock on the Northwestern train for the sixth annual convention of the National Association of Real Estate exchanges at Winnipeg.

The outsiders came to Omaha yesterday morning and were the guests of the local realty dealers until train time. The Kansas City delegates arrived in the morning at 7 o'clock and were taken to the Commercial club for breakfast. There they were entertained with motion pictures of Omaha and the effects of the tornado. Later an automobile ride was given them, which was followed by a luncheon at the University club. The afternoon they spent at the tennis tournament at the Field club.

While the delegation from Omaha to the national convention is not as large as was first expected, those who leave are all live ones and no doubt will make Omaha prominent on the map. All of them are boosters for the home town and well versed in their special line of business as well. They can tell the other realty dealers of America just what the business is like and undoubtedly will create a great deal of favorable sentiment for Omaha.

To Talk of Omaha.

C. F. Harrison, ever a booster, is on the program of the national convention for a speech on Omaha. He will be one of the contestants who are slated to tell some of the good points of their home towns and of the work of the real estate exchanges. Each of these speakers will be limited to five minutes, but it is rumored about that Harrison has a string of facts framed up for a speech of just such length that will “knock ‘em cold.”

He has been preparing it for some time, it is said, and for succinct statements of general information about Omaha it is a masterpiece. Prizes will be awarded for the best speech among this list. Omaha men who have heard Harrison talk, think the prize will come back to Omaha.

Alfred I. Creigh, secretary of the local exchange, is also on the program for a talk at the national session. After Harrison tells them about the tornado and the relief work, Creigh will tell the convention about the work of the Omaha exchange. How it has interested itself in municipal government and improvements will be the thought of his talk.

The delegation which left Omaha last night will arrive in Minneapolis today. An entertainment there has been prepared for them by the twin city real estate men. Automobile rides luncheons are the features of the day's amusement there.

In the delegation from Omaha were: Mr. and Mrs. K. M. Slater, Mr. and Mrs. Byron R. Hastings, Mr. and Mrs. Fred D. Wead, Bert C. Fowler, J. F. Miles, J. W. Griffith, C. F. Harrison, John Brandt, Alfred I. Creigh, W. H. Smalley, C. G. Franke and P. J. Tebbins.

Convention Big Event.

In the varied 1913 program of civic activities of Winnipeg, Manitoba, there is no event which looms so large or is looked forward to with keener anticipation than the coming convention. In the business community at large and amongst the members of the Winnipeg exchange particularly, there is no subject that has been generally under discussion, and the convention promises to be a record breaker in the way of entertainment and in lasting benefit to be derived by Winnipeg and western Canada and by the visiting delegates themselves.

Owing to the fact that the program will include an excursion through the prairie provinces, interest in the convention is not confined to Winnipeg alone, but every ambitious community in the provinces is anxious to extend a royal welcome to the visiting real estate men. Several of the centers west of Winnipeg are as keenly interested as in Winnipeg, and the Boards of Trade of Brandon, Regina, Moose Jaw, Edmondson, Calgary, Prince Albert, Red Deer and Saskatoon have placed on record resolutions desiring to be included in the wheat belt itinerary.

There are sixty-five hotels in the city, all good, and some equal to the world's best. The hotel accommodation of Winnipeg is good, reliable and reasonable, and the best that money can buy can also be obtained; in fact, in this respect, everybody can get what they want. The street car service is one of the best on the continent, and operates 300 cars on sixty-six miles of city lines and forty-five miles of suburban lines.

Headquarters Ample.

The Winnipeg industrial bureau was started six years ago to centralize efforts in promoting the general interests of the community and now has over 1,400 members. It is thoroughly representative of the whole city and occupies quarters with over 11,000 feet of floor space with exhibit by governmental, dominion and provincial, railways, boards of trade and Winnipeg manufacturers. This building also forms convenient, central headquarters for convention headquarters, having numerous rooms suitable for committee meetings of all sizes, and includes a large convention auditorium, with a seating capacity of 5,000, and in addition a banquet and lecture hall. This industrial bureau will be the official headquarters and convention hall for the national association meeting.

The city government is uniting with the Winnipeg exchanges in plans for entertainment and convenience of delegates, and every public-spirited citizen is doing all that is possible to make the visit of the real estate men a pleasant and profitable one.

Easy Payment Season.

According to a number of local real estate men, this is the easy payment season. While the big stuff is not so active on the local market, there are a great many transfers being marked down yet to come. First payments are being made, the deeds to be received later.

Promising the condition of the market now is the result of what was expected a short time ago when nearly all the transfers recorded were on big properties. Probably all the changes have been made in the larger deals that could be made for a while, and the dealers are now taking a rest. Be that as it may, Omaha real estate agents are still making money on the smaller negotiations.
