Thompson Boldene & Co. 104 AND SIXTEENTH STREETS

Curtains Made Free

Until September 1st, we will make up, free of charge, drapery materials purchased from our Drapery Department.

RAILROADS MAKE CONCESSION

Lines Withdraw Demands for Arbitrating Their Grievances.

SETTLEMENT SEEMS PROBABLE

Articles of Arbitration Will Contain Sixteen Original Demands of Employees—Award to Become Effective October 1.

NEW YORK, July 26.—The eastern railroads today withdrew their demand that their grievances against the employees should be considered by the federal board appointed to arbitrate the demand for better wages and working conditions made by conductors and trainmen.

This concession apparently removed the only remaining obstacle to arbitration and the avoidance of a strike. With this issue disposed of the railroad managers and the labor leaders expected to reach a speedy agreement on the text of the articles to be laid before the board of arbitration.

In a statement explaining their position the managers said they have made these concessions because they felt it was their duty to protect the public.

After a brief conference with the labor leaders the mediators announced that the articles of arbitration would present the sixteen original demands of the employees without change.

The managers' decision was announced after they had spent the morning in consultation by telephone and telegraph with the presidents of their roads. It was announced in the form of a letter addressed to the board of mediation and conciliation. The letter said:

"To preclude the possibility of another crisis such as this arising when the railroads should desire to have considered important questions relative to the pay and working conditions of conductors and trainmen, the conference committee of managers on July 16, announced that in the interest of the public as a whole these matters—which were given in detail—should be passed on by the board which would arbitrate the demands of the conductors and trainmen for increases in pay."

The managers' committee has never refused to arbitrate the demands of the men under the provisions of the Newlands act but they thought in all fairness matters which the railroads desired passed on should be considered at the same time. They presented a list of inequity and excessive wages that the railroads felt should be corrected.

"The right to include these in the agreement to arbitrate was denied by the men; they also declined to let the United States Board of Mediation and Conciliation decide whether these matters should be arbitrated. They then refused the suggestion of these matters and announced that unless the railroads withdrew their request a strike would be called."

"It is evident the conductors' and trainmen's organizations would go to the full extent of subjecting the company to the calamity that a strike on the eastern railroads would cause rather than have all matters pertaining to the questions at issue submitted to fair and comprehensive arbitration."

"The railroads must protect the public. Therefore they waive their right to include their requests in the articles of the agreement to arbitrate at this time without prejudice to any other rights of the railroads."

Harold F. Henwood Sentenced to Death

DENVER, Colo., July 26.—Judge C. C. Butler this morning sentenced Harold F. Henwood to death within the week of October 24, for the murder of George E. Copeland for which he recently was convicted after his second trial. The judge, however, recommended that the governor of Colorado commute the sentence to life imprisonment.

DANIELS VIEWS WOMAN SUFFRAGE WITHOUT ALARM

SAN FRANCISCO, July 26.—Secretary of the Navy Joseph Daniels told the women of the San Francisco Civic league tonight that, whatever the opinion of individuals about the wisdom of woman suffrage, "we may as well get ready for the inevitable, for women are going to vote."

WILL TRY TO RECALL SIOUX FALLS OFFICER

SIOUX FALLS, S. D., July 26.—(Special.)—The local taxpayers' league, which was responsible for the filing of a recall petition against M. N. Gates, a member of the board of city commissioners of Sioux Falls, has secured a candidate to run against Mr. Gates at the recall election, which will be held August 12.

UNITED STATES WILL NOT MAKE CHANGE IN ITS MEXICAN POLICY

(Continued from Page One.)

but I don't think much of that suggestion."

Satire Directed at Bryan. The ambassador met Mrs. Henry Lane Wilson and his two sons, who had preceded him here. Asked just how soon he would finish his conference, he said: "I'll certainly hurry through, and then I'll be home today or tomorrow."

At the end of a half hour's conference with the ambassador, Secretary Bryan, saying the talk would be continued at 3 o'clock this afternoon, hurried to the capitol to meet the foreign relations committee. He said he would only discuss the Nicaraguan treaty there.

Secretary Bryan would make no announcement of his conference with the ambassador further than to say that Mr. Wilson had made a preliminary report. Mr. Bryan was asked about the statement that DeValle has been furnished with a copy of the State department code, but beyond saying he never had announced that DeValle was an agent of the State department, he refused to discuss the question.

Stenographer Reports Interview. Ambassador Wilson, however, received the correspondents in Mr. Bryan's office. While he was questioned, Secretary Bryan's private secretary made a stenographic record of the interview, which turned out to be not at all illuminating on the situation further than bringing from the ambassador a denial of the statement that he had been asked to prepare a report on the mediation proposition. The ambassador spent the first part of the day going over copies of his previous reports to the State department. Later it was definitely determined that Ambassador Wilson will not confer with the president until Monday. He spent the remainder of the day conferring with Mr. Bryan.

De Valle Sees Bryan. De Valle is former California state senator from Los Angeles. President Wilson recently stated he had received letters directly from him on conditions in Mexico. He is supposed to be Secretary Bryan's personal representative, but Mr. Bryan has not disclosed De Valle's connection with the department.

State department advice confirmed earlier reports of the capture of Torreon by the constitutionalists and said the federalists still occupy Monclova. De Valle also had a conference with Secretary Bryan, at which it was understood he submitted something in the nature of a report or recommendations based on his observations in Mexico.

Whether it related to Ambassador Wilson was not established. Both he and Mr. Bryan declined to discuss it. It became known today that De Valle came to Washington from Mexico on the same train and the same ship with Ambassador Wilson.

As a result of its conference with Secretary Bryan the foreign relations committee will call in Ambassador Wilson probably early next week for an explanation of Mexican conditions. The ambassadors' appearance will be arranged to occur after he has concluded his conferences with the president and the secretary. The committee will endorse no line of action and reach no conclusion as to policies until after the conference with Ambassador Wilson and Secretary Bryan.

Intimations were given by Secretary Bryan to the committee today that the administration was prepared for any developments in Mexican affairs, but the nature of the policy being shaped at the White House and State department was not disclosed. The proposals for mediation were not brought up at the senate conference and no suggestions on that point were volunteered by the secretary of state.

Americans in Madera Safe. The Americans in Madera, for whose safety much fear has been felt, have been unharmed, and all is quiet there, according to a report by messenger from Madera to Chihuahua, which American Consul Letcher today wired the State department.

Consul Letcher at Chihuahua has been instructed to demand the release of Charles Hessel and Bernard McDonald, reported held there by the Mexican federalists in a prison pen under sentence of death.

The State department has taken a more aggressive attitude than in most similar cases and has made representations to the Mexican government through the embassy in Mexico City and the consul at Chihuahua.

Hessel and McDonald are mining engineers. McDonald is said to be an Englishman. They were captured while attempting to take American refugees from Parrel.

Stores in Durango Destroyed. EL PASO, Tex., July 26.—Practically all of the larger stores in the city of Durango and between forty and fifty smaller ones were destroyed by rebels when they took that city a few days ago.

Ben Aguirre, who is in El Paso after walking more than 100 miles to escape from Durango, brought with him a list of the larger stores that were destroyed. The list includes: La Suta, German, general hardware; Francis Martini, French, dry goods; La Perla, Greek-Turkish, jewelry; La Espanola, Greek, dry goods; Puerta de Vera, Cr. Spanish grocery; Durango Clothing company, American; Durango Mercantile company, American; general merchandise; American Grocery company, American; groceries; Cafe de Landon; El Lefre, Turkish, hats; Hortecia, Belgian.

Trains leaving Juarez yesterday for Chihuahua ran into a band of rebels at Samalayuca, about seventy-five miles south of Juarez, and a fight ensued between the rebels and the scouting federal troop train. The rebels, who were from Orestaga's command at Guadalupe, forty miles east of Juarez, are said by the federalists to have been repulsed. General Ines Salazar is arranging to pursue the rebels with his cavalry from Juarez.

Sharp Fight in Monclova. EAGLE PASS, Tex., July 26.—Five hundred federalists who made a sortie from Monclova yesterday were driven back by constitutionalists, according to reports to Piedras Negras today. Considerable losses on both sides were reported. Federalists were said to have executed two well-known Mexican business men.

Shop Saturday Before 6 P. M.

Beginning Saturday, August 2, the Associated Retailers of Omaha have agreed to close their places of business at 6 p. m. instead of 9 p. m. as has been their custom.

If this move proves to be popular and in line with public sentiment the Associated Retailers of Omaha will make this a permanent, all-the-year-round feature.

This step is in line with other progressive cities and will be of undoubted benefit to both the buying public and the great army of employes. By buying early the public gets the benefit of better assortments and more courteous treatment from the sales people for the reason that they are not played out, as they sometimes become by 6 o'clock.

The Buying Public Will Decide

whether or not the retail stores in Omaha will continue this early closing throughout the year, by its attitude during the month of August. If this move proves popular with the public, the membership in the Associated Retailers of Omaha will gladly stand whatever loss there may be, believing that it will be only temporary.

Help make this movement a success. Will you take enough interest to let us know by mail what you think of this move?

Address letters to the Secretary's office, Room 508 City National Bank Building.

ASSOCIATED RETAILERS OF OMAHA, By H. A. Thompson, President.

ROADS OBEY LIQUOR LAW

Serve Notice Will Follow it Strictly Hereafter in Iowa.

STATE LAW IS NOW PARAMOUNT

Lines Decide They Want No Complications with Webb-Kenyon Law and Will Insist on Full Compliance.

DES MOINES, Ia., July 26.—(Special Telegram.)—State officials received word today from representatives of the railroads that after August 1 the railroads will do their business in this state will refuse to accept any shipments of intoxicating liquors into dry territory except under the strictest regulations of the state law.

This decision was reached in order to avoid complications growing out of the Webb-Kenyon law, which makes the state law paramount.

Attorneys for railroads in Iowa generally took the position that the Iowa law are such that shipments cannot be made without grave consequence unless the certificates showing that the consignee is legally entitled to sell liquor accompany each shipment. The railroads will insist on this hereafter, which will prevent all shipments into the dry territory. The express companies have taken the same position.

Want Revenue Officers. Des Moines commercial organizations are planning a strong fight to secure the location of the revenue office for the state in Des Moines. For some time the booster organizations of the city have been preparing data to show why Des Moines should be favored with the office rather than other cities in the state which are mentioned in connection with it.

It is probable that the Des Moines boosters will journey to Washington in the near future to see what can be done toward securing the location of the office in Des Moines. It is believed that with one office in the state improvement will be given to between 100 and 150.

Will Try Anti-Typhoid Serum. The State Board of Health is arranging for securing a supply of anti-typhoid serum to be kept on hand for immediate use in the state when needed. It has not been used officially in the state except at Fort Des Moines, where the war officials made good use of it on the soldiers.

At present there is practically no typhoid in the state, but conditions are such that an outbreak is regarded possible at almost any place.

The governor today appointed Daniel Morey to be a state boat inspector at Ottumwa.

State Officials Attacked. Surprise was expressed at the state house today over the fact that the principals in the effort to head off the plans of the legislature for enlargement of the capitol grounds have turned to personal attack and misrepresentation of the state officials. The plaintiff in the injunction suit makes a bitter attack on the state officials and is declared to be engaged in misrepresenting the whole situation.

The state officials have no alternative but to go on doing their duty as officials and could not, if they would, prevent the carrying out of the will of the people as indicated through the legislature.

Get Together Among Officials. A plan is on foot among state officials for a getting-together program with special regard to the inspection services of the state. Iowa now has a large number of special agents and inspectors who go about the state for various purposes in

AMERICANS ARE AHEAD NOW

United States Team Leads by Two Match's at Wimbledon.

ANOTHER VICTORY NECESSARY

Play Goes to the Fullest Extent of Five Sets, of Which British Take Two to Their Opponents' Three.

WIMBLEDON, England, July 26.—As the result of today's victory by Maurice E. McLaughlin of San Francisco and Harold H. Hackett of New York over H. Roper Barrett and C. P. Dixon, in the doubles match, the United States team leads by two matches to one in the struggle for the Dwight F. Davis lawn tennis trophy and requires only one more victory in the two remaining singles matches to carry off the cup.

The match went to its fullest extent of five sets, of which the Americans took three to their opponents two, the score reading 5-7, 6-1, 6-4, 7-5, 6-4.

Rules Without Avail. The English defenders, who began to play tennis together when McLaughlin was still in knickerbockers, tried all the wiles of which they are masters, but without avail. McLaughlin had recovered his form and lost only one of his service games. Once Hackett played the game which his opponents liked by feeding them low volleys at the net, where the English veterans formed an absolute stone wall. They made every possible return to effect, recognizing in him the weak link of the American defense.

Although often tempted, McLaughlin did not touch on his partner's preserves, often heroically allowing him to take the overhead balls, which he himself loves to smash. Toward the end of the match Hackett became more sure in his volleys and lob, which had been falling short before.

Snatches Hackett. McLaughlin smashed his racket in the fourth set and the Britons were within a point of winning the set and the match, but the Californian never faltered and pulled his own service out of the fire. If the draw is adhered to for the singles to be played on Monday, McLaughlin will face Charles P. Dixon, who was defeated by Williams in Friday's match, while the young Harvard player will be sent against John C. Parke, who took the Californian's measure Friday.

Scores of Today's Games. The scoring in the match of today, showing sets, games, points, placements, netted balls, outs and double service faults, follows:

Table with columns: S, G, P, T, PL, N, O, D. Rows for First set, Second set, Third set, Fourth set, Fifth set, and Totals.

Hackett and McLaughlin (United States). S. G. P. T. PL. N. O. D. First set 0 5 20 12 15 10 0

Barrett and Dixon (England). S. G. P. T. PL. N. O. D. First set 1 7 30 17 19 10 0

Totals 3 25 172 84 80 27 0. TOTAL SCORES TO DATE. A recapitulation of the three matches played to date in the challenge round follows:

United States 3 25 172 84 80 27 0. England 1 7 30 17 19 10 0.

HYMENEAL

Fletcher-Shumaker. Miss Josephine Shumaker of Fremont and Charles Fletcher of St. Paul, Minn., were married at the Paxton hotel Saturday at 11 o'clock. Quite a company of relatives and friends witnessed the ceremony. The services were performed by Rev. Charles W. Savidge.

A. HOSPE CO. DALMORES PRAISES THE MASON AND HAMLIN PIANO

WASHINGTON, July 26.—Secretary Wilson of the Department of Labor, who has informed congress that one touring car automobile, an electric runabout and an automobile truck are necessary to the good conduct of the new department, apparently has launched his request on a rocky legislative road.

Secretary Wilson's regulation will develop tire trouble, bad cylinders and bent axles," said one of the democratic leaders, "before it gets past the minority objections. Other department heads have their motors and Mr. Wilson should have his, but this is the day of reprisals."

Secretary Wilson had estimated that the three cars would cost not to exceed \$5,000. This amount, however, may be cut down by the appropriations committee through the substitution of cheaper cars.

Binghamton Inquiry Takes Another Turn. BINGHAMTON, N. Y., July 26.—A new trend may be given the inquiry into the cause of the fatal fire in the factory of the Binghamton Clothing company by the evidence offered by Mrs. William Whitney, one of the employees, who declares she called attention to the unusual heat in the building at 1 o'clock and smelled smoke at 2 o'clock and called the attention of the girls to it. The flames were discovered at 2:30. This would sustain the theory that fire started in a large number of rags stored in the basement. The search for the bodies has ended, the last being found outside the ruins beneath a fallen wall, crushed and burned so as to be unrecognizable.

The insurance companies have agreed to pay life policies without demanding identification of victims and the Binghamton Clothing company announces it will resume work at once. The public funeral and interment of the unidentified will be held tomorrow. All of the injured are expected to live.

Porter Charlton Is Writing Novel. NEW YORK, July 26.—Porter Charlton, who was recently said to be ill in the jail of Hudson county, New Jersey, where he is awaiting extradition to Italy for trial on a charge of wife murder, is in good health. Charlton is denying the report of his illness by mailing to his friends photographs which he has had taken of himself in the jail during the last week. He appears from them to be almost robust.

It is learned that during three years' confinement he has engaged in interviewing many other prisoners with whom he came in contact and has attempted a novel of underworld life. The prisoner declares such confidence that he will be acquitted in Italy that he told a friend in jail yesterday that he would surely be back in this country for a dinner with him on Christmas day. Judge Paul Charlton, his father, and his stepmother have been staying for the last ten days at a little hotel opposite the jail, and they spend several hours daily with the prisoner.

Skinned From Head to Heel was Ben Pool, Throat, Ala., when dragged over a rough road, but Hicken's Arnica Salve healed all his injuries. For sale by Heaton Drug Co.—Advertisement.
