WILSON ON MEXICAN STATUS

President to Issue Statement on Policy to Be Pursued.

PEACEFUL SOLUTION EXPECTED

Expected that the Huerta Administration Will Not Be Recognized by the United States Government.

WASHINGTON, Aug. 4.—Armed intervention in Mexico is neither a probability nor a possibility, for a peaceful solution of the situation is becoming more practicable.

This is the view President Wilson took today of the situation. He let it be known, too, that before the end of the day he would make a brief announcement of the first step in the policy of the United States toward Mexico.

Observers of the diplomatic situation predicted that the ambassador's resignation will be accepted soon. The only explanation, however, as to the purpose of his recall to Washington made at the White House was that it was for further consultation.

Shortly after the ambassador called Senator Bacon, chairman of the foreign relations committee, went into conference with the president. The president gave him to understand he would consult the chairman of the two congressional committees on foreign affairs before taking any action.

JAPS NOT COLONIZING MEXICO

Del Valle Talks on Situation in the Southern Republic.

LOS ANGELES, Cal., Aug. 4.—Reginaldo F. Del Valle is at home today, after having reported to President Wilson at Washington the results of his mission as special commissioner of the American state department of Mexico.

Mr. Del Valle said he talked to 1,500 Mexicans of all classes and while he found

SCALY PSORIASIS ON ARMS AND LIMBS

Small Dots Grow Larger. Scales Formed. Looked Horrible. Cuticura Soap and Ointment Cured.

Troop H. 6th U. S. Cavalry, Camp McCoy, Sparta, Wis.—"I was troubled with psoriasis for nearly two years.

It appeared in scaly form breaking out in very small dots and gradually grew larger and white scales formed when about the size of an ordinary match-head.

I tried several remedies, but the trouble seemed to grow worse instead of better, and I tried several treatments which cured me for a month, but it always broke out again.

One day a friend sent me the advertisement of Cuticura Soap and Ointment in the paper and I sent for a sample. They helped me so I purchased two more boxes of Cuticura Ointment and some Cuticura Soap and they completely cured me.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery, because they preserve and maintain the health of the skin and hair from infancy to age.

Best and Health to Mother and Child. Mrs. Wagoner's Story. My baby has been sick for over six weeks. I have tried everything for her. I have tried everything for her. I have tried everything for her.

ATHLETICS OUTPLAY NAPS

Cleveland's Winning Streak Broken by Philadelphia Victory.

SHAWKEY ALLOWS TWO SINGLES

Falkenberg Knocked Off Rubber in Three Innings and His Successor, Kahler, Retired in Seventh—Dasher Finishes.

PHILADELPHIA, Aug. 4.—Cleveland's winning streak was broken here today, Philadelphia outplaying the visitors in all departments and winning, 7 to 1. Shawkey held his opponents down to two singles and he was given grand support, especially by Barry, Collins, Strunk and Melnis.

Philadelphia knocked Falkenberg off the rubber in three innings and his successor, Kahler, drove to into retirement in the seventh session. Dasher, a southpaw from the Bayville (Ky.) team, stopped the home team's slugging in the latter part of the game.

Passes to Eddie Murphy and Collins, with singles by Baker and Melnis and error by Graney, gave the home team two runs in the first inning. Singles by Baker and Melnis and Oldring's double scored two more in the third, and Shawkey's double, with singles by Murphy, Strunk and Baker, an error by Leibold and Dasher's wild pitch, scored three more in the seventh. Cleveland's run was due to an error by Baker on Jackson's grounder, Jalo's single and Turner's sacrifice fly. Jackson failed to get a hit in three times at bat and Collins was struck out three times.

Pitcher Coombs, who has been recovering from an attack of typhoid fever, rejoined the Philadelphia team today.

WASHINGTON, Aug. 4.—The Chicago White Sox lived up to their reputation as "Hitless Wonders" here today, when they defeated Washington in the first of a four-game series. The White Sox were outbatted more than two to one, but their hits, coupled with Washington's misplays and two bases on balls by Engle, who started for Washington, gave them a lead which Washington could not overcome.

Both Russell and Engle were forced to retire, the former when two were out, after Washington secured a double, a home run and three bases on balls. Engle halted the game at that point for half an hour. Cloutie went in when play was resumed and pitched a brilliant score, but Washington to one run in the remainder of the game. Hughes held Chicago hitless the last three innings.

Mr. County Attorney

Mr. County Attorney, did you see the news item about a 19-year-old white girl attempting suicide in a notorious resort operated by a colored man?

What is the Albert law good for if it cannot put a place like this out of business?

To save you the trouble, Mr. County Attorney, The Bee has gathered the following facts for you:

The colored man who runs the place is Oscar Ricketts, with quite a police record.

The joint is located in a three-story brick building at 908 North Sixteenth street.

The first floor is occupied by a second-hand store; the floors above run by Ricketts purport to be a Chile parlor in the second story, and sleeping rooms in the third story.

The place is frequented and occupied by both white and colored girls of questionable reputation.

The property is on the tax books as owned by M. Marcus of Council Bluffs.

The rental agent for the place is Louis Harris, 676 Brandeis building.

Mr. County Attorney, get busy.

WILSON IS RELIEVED OF AMBASSADORSHIP TO MEXICAN REPUBLIC

(Continued from Page One.)

became heated and that a disagreement arose over the formal acceptance of the resignation. The ambassador had expected that the president would commend him for his activity at his post on the occasion of various emergencies and that some mention should be made approving his record.

Secretary Bryan carried the suggestion to the president, but on return for conference with the ambassador, announced the resignation in practically the same form as agreed on earlier in the day, though special provision was made for the protection of the ambassador's personal effects in Mexico City during his absence.

May Not Return. It is the wish of the administration that Mr. Wilson should not return to Mexico City at this time, as he is regarded as a factor in the political situation.

Senator Bacon, leaving the executive offices after a half-hour talk with the president, said he was not at liberty to discuss his visit. Senator Bacon's view has been that arms should be denied both factions as long as peace proposals were under way.

Should peace proposals utterly fall, however, and every method for reaching an understanding be suspended, he has told friends he would not be averse to lifting the embargo on arms so that both sides might get them on an equality. That is said to be the president's opinion also.

Senator Bacon declared attempts were being made to reorganize the committee as being in opposition to the president because it had summoned leading Mexicans to obtain information. He declared the committee was in accord with the president and at the White House it was said the president approved the course as a means of throwing light on the situation.

No ambassador to succeed Mr. Wilson is likely to be appointed until a stable government has been established there. William Bayard Hale, the president's close personal friend and biographer, now in Mexico at the president's request, and who has been making personal reports on conditions there for months, is being advanced as a probable selection.

HIGH SCORES BY MARKSMEN

Three Men Break Every Target in Practice Matches.

ONE AMATEUR HAS CLEAN SCORE

Bart Lewis and the Professionals, German and Crosby, Hit Target Every Shot in Practice for Western Handicap.

Three perfect scores, one of 99 and seven of 98, were turned in at the practice matches of the Western Handicap shoot at the Omaha Gun club yesterday in addition to a large number of 97 and 96 scores. Lester German, Aberdeen, Md.; Bart Lewis, Auburn, Ill., and W. R. Crosby, O'Fallon, Ill., turned in the perfect scores and J. S. Day of Cincinnati, O., made 99.

Yesterday was an ideal day for shooting, there being little wind to blow across the shooting grounds. The traps were in excellent condition.

Most of yesterday's high scores were turned in by professionals, but Bart Lewis, who broke 100 targets, is an amateur.

Seventy-eight shooters took part in the shooting yesterday and prospects for a large entrance list are more than favorable as a large number applied for entrance late yesterday. The shooters come from all parts of the country, but the majority are from the middle west, Illinois, Minnesota, Missouri, Iowa, Oklahoma, Nebraska and Kansas are well represented.

Day and Lewis were shooting in the same squad and, as both were shooting down every target as fast as the leverman released it from the trap, a large crowd congregated and even those engaged in shooting ceased their contests in order to watch the two experts. Day eventually missed a shot when the target sailed from the trap very low and to one side.

Today there will be ten events of fifteen targets each. In addition, a special event of twenty-five double targets will be shot. Wednesday the preliminary handicap will be held and on Thursday comes the big event, the Western Handicap.

Nebraska's Millers Object to Rate Raise

LINCOLN, Aug. 4.—(Special Telegram.)—Milling firms at Schuyler, Lexington and Grand Island, have called upon the State Railway commission to file complaints with the Interstate Commerce commission against the proposed raise in rates of 25 per cent on Nebraska flour to points in Iowa, Illinois, Wisconsin and Missouri. The tariffs have already been prepared by the railway companies and will go into effect September 1, unless the interested board stops it.

Twenty-Two Scotch Coal Miners Dead

GLASGOW, Scotland, Aug. 4.—Twenty-two coal miners perished in a fire which broke out last night in the Mavis valley pit of the Calder colliery near here. The bodies were recovered today.

Only one man escaped alive of the shift of miners in the pit at the time of the fire. A widow lost three of her sons.

State Experts Back from Inspection Trip

(From a Staff Correspondent.) LINCOLN, Neb., Aug. 4.—(Special.)—C. H. Gerber, engineer in the physical valuation department of the railway commission, and E. W. Reed of the right-of-way department, have returned from an inspection of the new tracks of the Union Pacific in the western portion of the state. They visited Cheyenne, Gering and other points and found there is very little of the town left, and at the time they were there every business firm but one had moved to Stapleton, a rival town on the new line of the Union Pacific, and the lone business man left, it was said, had purchased a lot in Stapleton on which he expected to build a store building.

Mr. Gerber thinks that the opening of the government reserve this fall in McPherson county is going to help conditions in that section and will tend to build up the country. Crops are looking well and the grass on the range is as green as in May.

The new lines built by the Union Pacific have been put in the best of shape and are classed as first-class trackage for branch lines. The rails are seventy-five-pound and are all new, while the grade is the best that is put in on lines of that class.
