HOWARD AND SIXTEENTH STREETS

Railroad Track Scales Give Shippers the Worst of the Deal

WASHINGTON, Aug. 5.—Investigation of alleged irregularities and discrepancies in the weighing of freight has disclosed the imposition of unreasonable charges, said to constitute as great a discrimination as would a difference of freight rates.

In a report of an investigation issued today the Interstate Commerce commission declares that "a majority of track scales now in use should at once be rebuilt in order to obtain accurate results."

Sharp criticism of the methods of weighing such commodities as grain, coal and lumber is made. It is being alleged that shippers almost invariably get the worst of the transaction.

The commission has no authority under the law to issue an order correcting the evils disclosed, but it recommends that

congress confer on it powers to fix points at which track scales shall be installed to prescribe their standard to test or supervise the testing and supervise the operation of scales.

The American Railway association in compliance with suggestions of the commission will shortly promulgate weighing regulations.

Milwaukee Welcomes Flagship Niagara

MILWAUKEE, Aug. 5.—The Perry flagship, Niagara, with its escort, was given a great ovation on its arrival in Milwaukee today. There was a dipping of colors, blowing of whistles and ringing of bells by all craft in the harbor.

In Juneau park, on the lake front, 1,000 boys dressed in red, white and blue caps and caps, representing a human flag, sang the "Star Spangled Banner."

Today's program included a reception and luncheon for the Perry guests, and in the afternoon a red, white and blue automobile parade.

FORAKER ON WITNESS STAND

Before Senate Lobby Committee Ohio Man Denies Mulhall's Story.

UNION PACIFIC SALE IS UP

Witness Says He Figured in the Re-organization Only to See that the Government Got Its Share.

WASHINGTON, Aug. 5.—Congressional investigation of Martin M. Mulhall's story of his alleged lobbying activities for the National Association of Manufacturers took on a dual aspect today, when the special house committee began grinding on the thousands of letters already introduced before the senate committee and prepared to cross-examine Mulhall on his claims of influence with various representatives. The first part of the day was taken up with preliminary testimony of Louis Seibold of the New York World.

The senate committee having finished with Mulhall, began hearing some of the men referred to in his correspondence. Former Senator Foraker was the first and he generally denied Mulhall's claims of influence with him.

Chairman Overman today notified former Representative Charles E. Littlefield of Maine that the committee would be glad to hear any statement he desired to make. Mulhall claimed him as one of the friends of the National Association of Manufacturers in many fights before committees of congress. Littlefield recently wrote Senator Overman from Switzerland, asking for a hearing and denying many of Mulhall's charges.

Foraker Explains.
 Foraker explained his connection with the sale of Union Pacific to a reorganization committee in 1897, which was brought into the lobby investigation by David Lamar.

Lamar testified that Foraker, through influence in Washington, took a leading part in the deal at Lamar's solicitation. Foraker testified that at the time of reorganization the Union Pacific owed the United States \$2,000,000 and one proposal was that the government received only part of that sum. Foraker swore that he did not figure in the case except in an effort to see that the government got the whole sum.

Foraker said he had known Mulhall since 1885, when he (Foraker) was a candidate for governor of Ohio. He did not know how active Mulhall was in his behalf in that campaign.

"I don't remember that I ever asked him to work for me, and I don't know that I asked him not to," he said. Foraker denied that he ever favored any legislation wanted by the National Association of Manufacturers or that he talked with Mulhall about legislation in Washington. He said he frequently talked to men in the capitol, however, in those days about legislation.

"Before we got so good as we are now," he said, "I thought it was all right to answer questions. Of course, I never had any idea that these conversations were

LIND LEAVES FOR MEXICO

Goes to Southern Republic to Take Place of Wilson, Resigned.

IS ARMED WITH INSTRUCTIONS

Will Sound the Sentiment Before Taking Any Steps Toward a Policy Looking Toward Mediation.

WASHINGTON, Aug. 5.—No announcement of policy or further steps will be taken by President Wilson in the Mexican situation until former Governor Lind of Minnesota, appointed ambassador to Mexico to succeed Henry Lane Wilson, resigned, arrives in Mexico City and familiarizes himself with conditions.

This was made clear at the White House today. Mr. Lind carries instructions to talk informally with prominent Mexicans. Administration officials indicated that no steps toward a mediation policy would be attempted until after Mr. Lind had sounded out sentiment in Mexico and determined whether the assistance of the United States in adjusting the dispute would be received.

Mr. Lind will inform inquirers on authority of President Wilson that only the government constitutionally set up will be recognized by the United States. This will involve the resignation of Provisional President Huerta in favor of the provisional president selected by the Mexican factions, the new president to be first appointed minister of foreign relations in conformity with the law of succession in Mexico.

It was pointed out in administration circles that while Mr. Lind's position is that of adviser to the American embassy, he will act in reality as an unofficial ambassador, to be named ambassador when a stable government is organized and recognition is extended by the United States.

Just what part Mr. Lind will take in peace negotiations is not made clear here, but there is every reason to believe that he will merely represent the views of the American government to those who consult him and will not directly interfere with the progress of events unless the Washington government finally decides to mediate the dispute.

Secretary Bryan said that Mr. Lind would take a ship from New Orleans if he could save time by such a route and otherwise would go to Galveston, Tex., to embark on the New Hampshire.

Chicago Police Women Get Stars

Two Are Injured When Hotel Burns

PHILADELPHIA, Aug. 5.—The Blue Mountain house at Fenmar, on the Pennsylvania-Maryland line, was destroyed by fire today. B. F. Metzgar and Malcolm Frank, Norfolk, Va., were badly burned and bruised in attempting to escape.

The fire started at 8 a. m. in the main building, driving the guests to the lawns in scanty attire.

Chicago Police Women Get Stars

Chicago's ten police-women, clad in modest blue tailor made suits and wearing silver stars and hats with blue bands, went on duty today.

Two Are Injured When Hotel Burns

PHILADELPHIA, Aug. 5.—The Blue Mountain house at Fenmar, on the Pennsylvania-Maryland line, was destroyed by fire today. B. F. Metzgar and Malcolm Frank, Norfolk, Va., were badly burned and bruised in attempting to escape.

The details of their duties, apparel and powers have been set out by a committee of women social workers and the chief of police. The chief had considered assigning police women to stations in the social evil districts, but it was decided they would be of greater service in the public parks and other places of recreation.

The police-women will visit the public dance halls, excursion boats, beaches and railroad stations and will try to keep young folks off the streets late at night. They will obtain information, rather than make arrests, although on occasions they may be called upon to arrest someone.

Whether the police-women shall wear brass buttons and carry revolvers and clubs will be decided after the civil service examination for the positions.

Daniels Will Not Divide the Fleet

WASHINGTON, Aug. 5.—"With this trip ended," said Secretary Daniels, "I have visited every navy yard, station and training school in continental United States." Secretary Daniels said he had not decided at what Pacific port he would recommend construction of new works, such as a great dry dock, coaling station and other equipment which the opening of the Panama canal will require for battlements of the Atlantic fleet when they are on that side of the continent. He denied that he said the Atlantic fleet would be divided after the canal is opened.

"I merely stated," said he, "that herebefore the Atlantic fleet had been in Pacific waters only occasionally, whereas in the future it will be equally at home in either the Atlantic or the Pacific ocean."

FATHER WILLIAMS MAY VOTE

pel foreign born citizens, with the exception of Father Williams, to produce their naturalization papers before registering.

He said he would not decide about this until he had seen the court order, which may not be ready for a day or two.

Mr. Moorhead also said he would not accept Father Williams' registration until he had received Judge English's order.

He announced that the case would be argued and before noon a transcript of the evidence was ordered to go to the supreme court. "I believe that Judge English's decision will be overturned by the supreme court," the election commissioner said, "but his order with respect to Father Williams will be obeyed."

GENERAL DIAZ IS STILL MAKING PARIS HIS HOME

PARIS, Aug. 5.—There is no truth in the report published in the United States that General Porfirio Diaz left Southampton July 15 for Japan to meet his nephew, Felix Diaz, and accompany him back to Mexico. The former president is still in Paris.

1914 Chalmers "Thirty-Six" \$1775

Twenty Big Features of the 1914 "Thirty-Six"

- Long stroke Motor (4 1/4" x 5 1/4")
- 21-gal. Gasoline Tank in Rear
- Chalmers Self-Starter
- Gray and Davis Electric Lights
- Adjustable Electric Dash Light
- Power Tire Inflator
- Clean Running Boards
- Warner Speedometer
- Rain-Vision Windshield
- Dash Adjustment for Carburetor
- New Design Molded Oval Fenders
- Four-forward Speed Transmission
- Non-Rattling Live Carrier in Rear
- Gasoline Gauge
- Aleven-inch Upholstery
- Continental Demountable Rims
- Genuine Turkish Cushions
- Chalmers Silk Mohair Top
- 36x4-inch Tires
- Gasoline Pressure System

Here is a great new Chalmers "Thirty-Six" for 1914 at the sensational price of \$1775.

For the past two seasons the "Thirty-Six" has been acknowledged the greatest four-cylinder value on the market. Ten thousand cars of this model in daily service have built up its reputation for endurance, easy riding, mechanical smoothness, convenience, luxury and economy.

The 1914 "Thirty-Six" is more than ever before a wonderful value. Fine new features have been added; there have been material improvements in design—yet the price is only \$1775.

How We Get the Price

The price of the 1914 Chalmers "Thirty-Six" has been made possible through increased production facilities and improved manufacturing methods. There has been no change in the quality of materials.

Fenders of an entirely new molded oval design—very popular abroad—are a feature of the "Thirty-Six." These fenders not only add to the graceful appearance of the car, but afford greater protection from dust and mud. These beautiful fenders are a distinctive 1914 improvement which you will be unable to get on any other car at the price.

We Are Ready to Write Dealers' 1914 Contracts.

STEWART-TOOZER MOTOR CO.,

2044-2046-2048 Farnam Street.

Gas Tank and Tires in Rear

The entire car has been made more clean-cut and snappy in appearance. The gasoline tank and the spare tires are in appearance. The gasoline tank and the spare tires are now carried at the rear, giving that much-desired appearance of length, clean running boards, and better riding qualities.

The 1914 "Thirty-Six" is convenient. Every driving operation is controlled from the seat. A button operates the efficient Chalmers Self-Starter. One simple switch controls the Gray & Davis Lighting System. Carburetor is adjusted from the dash. Ignition switch, gasoline pressure pump, light meter, horn and Warner speedometer are all on the cowl dash. A new adjustable dash light illuminates all the control devices.

The new car is designed for utmost strength and safety. Axles are of nickel-steel; the double drop frame is unusually heavy. Steering connections are all drop forgings. Brakes are of maximum strength and power, 25 times as strong, in proportion, as the brakes of a locomotive.

Full Equipment Included

The 1914 "Thirty-Six" at \$1775 is fully equipped with Chalmers mohair top, genuine rain-vision windshield, Chalmers patented self-starter, 36x4-inch tires, Continental demountable rims (one extra), Warner speedometer, Gray & Davis full electric lighting system, with special new dash light and provision for inspection lamp, new design non-rattling tire carrier, power tire inflator, horn, pump, jack, full set of tools and tire repair outfit.

See this new "Thirty-Six" at our show room and you will be convinced that it is a most unusual value at the price. Quick deliveries guaranteed.
