McGee Ecol Estate Co., 165 Pearl St.

urchase of your own farm?

Cash payments on farms are less and terms easier in western New York than here in the west. You can not only buy a spiendid farm that will produce more bushels of grain and hay than the aver-age best land in Nebraska and Iowa, but you can buy it for 30 per cent to 60 per cent less money than you would have to pay for as good land in either of these states.

You can not only buy such a farm for less money, but you can have it for a cash payment of one-fourth to one-third and five to ten years on the balance at a low rate of interest.

Perhaps you figure on buying a place in your own locality. If so, consider this:

A farm fifteen miles from Omaha sold the other day for \$125 per acre. We have nothing in western New York one-half so hilly. The improvements consist of a small, unpainted oid house of about four rooms, and a fair stable. For the same price we will sell you a farm having on it a ten-room house in fine repair and three big barns, located within three miles of a good sized city and the soil is just as rich and produces just as big crops, if not better than the western farm mentioned.

Besides, the New York farm is only about 300 miles from the biggest markets in the United States, and every single thing you raise there brings you 25 per cent or more better price than it does here

"LAKE VIEW FARM"-130.30 acres. all in cultivation except 7 acres of pasture. \$110 per acre. \$13.300; 12-roem house and barns that could not be reproduced for less than \$7.500; full bearing five-acre ap-ple orchard and many young fruit trees. soll so fortile that it produces bigger drops every year than the best land in the middle west averages: situated on west shore of beautiful Cayuga Lake. Near three towns. Good terms.

FARM NO. 226-51 acres. 592.50 per acre. 56.706. Two small farms thrown into one with two sets of improvements, each con-sisting of house and barns, natural drain-age, stream runs through land. Six acres of pasture and four or second-growth timber. Burrounded by other good farms. Hait mile from McDougall.

FARM NO. 221-157 acres, 570 per acre 18.600. Big bargain, in midst of rewion of farms of great fertility. Good land though a little rolling. Five-acre or-chard: twenty acres wood and pasture. Cobblestons house that would cost \$5,600 today. Three barns. Only one mile from church and school.

FARM NO. 217-128 acres. 56 per acre \$10,880. Good soil, only partly tilled Enght-room house, two barns; big anap for active farmer.

Write for our booklet, containing sev-enty beautiful illustrations of western New York farm scenes, which have just been taken by Louis R. Bostwick, the country's most famous landscape pho-tographer. Mr. Hostwick has spent a month in New York getting these pic-tures. If you plan to take this trip with us we must known at once to make sleep-ing car reservations.
