DUTIES OF MULHALL DEFINED

Hired to Gather Information on the Status of Certain Legislation.

JAMES EMERY AS A WITNESS

Denies that Negro Employees at the Capital Were on the Pay Roll of the Manufacturers' Association.

WASHINGTON, Aug. 12.—James A. Emery, chief representative of the National Association of Manufacturers, declined to testify before the Senate committee today the duties of Martin M. Mulhall, who claimed to be that association's lobbyist.

"Mulhall kept me supplied with copies of bills and public documents in relation to the work here and got information of the status of legislation in which we were interested. In this work he gathered information and learned the views of members of congress. He made inquiries about things and requested an opportunity for me to appear," said Emery.

Emery denied that Henry Neal and Harry Parker, two negro employees at the capitol, were in the pay of the manufacturers.

Mulhall swore that for almost a year Emery gave him each month a \$100 check, of which \$60 was to go to McMichael, one time chief of police of the house, and \$40 went to Parker and Neal.

Emery denied he ever drew such a check. He declared Mulhall told him he had a friend at the capitol who could get the public documents and bills. Later Emery learned the friend was McMichael.

Emery testified, however, that he did draw a check for \$50, sent it to Mulhall and told him to divide it between Neal and Parker, "merely to pay for the many courtesies they performed for our members."

"Did you ever make any payments to Mulhall for McMichael?" asked Attorney McCarter, for the manufacturers.

"Yes," said the witness. "It never exceeded \$30 a month, and it terminated when I left for Europe in 1910."

The payments were made, he said, for services in getting bills and documents and for courtesies.

"Too absurd to comprehend," said Emery, when McCarter asked him about the secret room in the capitol which Mulhall swore was furnished to the association by Congressman McDermott of Illinois.

Before House Committee. WASHINGTON, Aug. 12.—Martin M. Mulhall continued his account of his relations with congressmen in his report to the National Association of Manufacturers before the house lobby committee today.

In a letter to Secretary Schwedman in 1908, Mulhall reported Representative Burke of Pennsylvania as pledged to vote for the anti-pilotage bill which the manufacturers were pressing in the house. Mulhall testified he had known Burke many years and that his support of the bill was not the result of any undue influence.

KNIGHTS TEMPLAR PARADE

(Continued from Page One.)

of the grand encampment Knights Templar of the United States of America; Second carriage, Right Eminent Sir Arthur McArthur, deputy grand master of the grand encampment; Most Eminent Sir Philip D. Gordon, supreme grand master of the sovereign great priory, Knights Templar of Canada; third carriage, Very Eminent Sir Lee R. Smith, grand captain general of the grand encampment; Most Eminent Sir William P. Ryrie, past supreme grand master of the grand priory.

In following carriages were other distinguished visitors from the sovereign great priory and other officers of the grand encampment, commanderies directly subordinate to the grand encampment, Delaware, Nevada, Hawaii, Alaska and the Philippine Islands.

In the second division marched the grand subordinate commanderies of Massachusetts, Rhode Island, New York, Vermont, New Hampshire and Connecticut.

Nebraska in the Eleventh. In the third division marched the commanderies of Ohio, Kentucky and Maine, Pennsylvania and Indiana were in the fourth division, Texas, Mississippi and Michigan, fifth; Missouri, sixth; California, Wisconsin and Georgia, seventh; Missouri, Alabama and Louisiana, ninth; Kansas and Maryland, tenth; Nebraska, Arkansas, West Virginia and North Carolina, eleventh; South Dakota, Oregon, Washington, Wyoming and Montana, twelfth; North Dakota, Arizona, Florida and Oklahoma, thirteenth; District of Columbia, New Mexico, Idaho, South Carolina and Utah, fourteenth; Colorado, fifteenth.

Several scores of bands were interspersed throughout the line and added much to the deep impression made by the parade by the manner in which they played the martial airs of the Templars' faith, predominant among which was "Onward, Christian Soldiers."

In the afternoon Governor Elias M. Ammons of Colorado addressed the Knights Templar in welcome at El Jabel

temple, in behalf of the state and Mayor John M. Perkins in behalf of the county, and Grand Commander Cornelius J. Hart, Pueblo, in behalf of the Colorado grand commandery. Most Eminent Sir William Bromwell Melish, grand master of the grand encampment, responded for the Templars.

Later the grand encampment convened in secret session, at which only Knights Templar who have attained the exalted position of past grand commander are eligible to membership. At this meeting the business of the order was discussed. At night the first of the drills is to be given by Damascus commandery, No. 2, Detroit, at the drill stadium.

THIRTY-SEVEN ARE INJURED IN WRECK OF CIRCUS TRAIN

(Continued from Page One.)

blockade of the tracks at Richfield, which was not cleared away sufficiently to allow other trains to pass until late in the forenoon. Eight or nine cars were either wrecked or overturned, including the Pullman car.

None of the circus officials was on the wrecked train, they with the leading actors, riders and performers occupying a special train of Pullman cars, which had preceded the wrecked train.

Railroad officials have not thus far explained the cause of the wreck. That the equipment train was running at a considerable speed is apparent, because of the damage wrought. The local Rock Island operating officials do not control the southern line beyond Albright, the territory where the wreck occurred being under the direction of the Rock Island dispatchers at Fairbury.

Circus Train at Lincoln. LINCOLN, Neb., Aug. 12.—(Special.)—On account of the wreck of Barnum & Bailey's circus train at Richfield on the Rock Island road two sections of the train were held in Lincoln today until the road was cleared. The animals were unloaded and fed, watered and exercised during the day while the attaches of the circus filled up at the restaurants and hotels near the depot awaiting orders to move.

Former Postmaster Shot by Robbers

WEST LIBERTY, Ia., Aug. 12.—Former Mayor L. W. Swem was shot, the safe in the local postoffice partly wrecked and street lamps shot out by three robbers here early today. Swem received a load of buckshot in his left eye. The robbers fled.

The robbers had battered down the front door of the postoffice and had wrecked the door of the safe, when Swem, who lives above his store, was awakened and appeared upon the scene. The three men rushed into the street and shot out the surrounding lights and as Swem crossed toward the postoffice building opened fire on him. In addition to the shot, which struck him in the eye, Swem was hit in the arm and abdomen. Swem's son, who came to the rescue also was fired upon.

By this time citizens living near gathered in the street and the men escaped in the darkness. The attempted robbery took place shortly after 1 o'clock, this morning. Nitroglycerin was used on the safe, which withstood the attack.

ON THE BOAT WITH GLAVIS, MISS FAY TAKES POISON

OAKLAND, Cal., Aug. 12.—That Louis R. Glavis, former United States land office official, was on an Oakland ferry boat last night when he attempted to commit suicide by swallowing poison was the statement made in an emergency hospital here today by Miss Eleanor Fay of San Francisco. Miss Fay, who last night told local police that she was the wife of Glavis, said today she was merely engaged to him. She also stated that Glavis left her hurriedly after she had swallowed the poison.

Miss Fay said she was crossing the bay with Glavis to bid him goodbye at the Oakland wharf, where he was to take a train. "I think he will come back to me now," she said. "We have not quarreled, but persons had brought stories about him to me." That was the only explanation she would give.

A Shooting Scrape with both parties wounded, demands Buckler's Arnica Salve. Heals wounds, sore, burns, boils, cuts or piles. Only 5c. For sale by Beaton Drug Co.—Advertisement.

SEEKING TO IMPEACH SULZER

Friends and Foes of New York Governor Jockeying for Time.

SEVENTY-SIX VOTES NEEDED

Impeachment Program Imperiled by the Absence of Eleven Legislative Members Retired Upon.

ALBANY, N. Y., Aug. 12.—The appointed hour for considering the resolution to impeach Governor Sulzer found his friends and foes in the lower house of the New York legislature today jockeying for time to recruit their numbers and to gather in the two score and more absentees from last night's session.

Encounters preliminary to the real fight on the floor of the assembly indicated the inability of the governor's opponents to muster votes sufficient to carry through their program of impeachment.

The resolution, based on the report of the Frawley legislative committee, sustains the contention in that report that Governor Sulzer has been guilty of a fraudulent report to the secretary of state of contributions received by him in the gubernatorial campaign, that he converted to his private use campaign contributions; that he engaged in stock speculations at the time when he was governor and was pressing legislation to the New York stock exchange; that he induced witnesses to refuse to testify before the Frawley committee and used his office to reward those who favored his policies and punished those who opposed them.

Hurry Members to Albany. Telephone and telegraph wires throughout the state were alive during the morning with appeals to absent members to hurry to Albany and align themselves on the question.

Majority Leader Levy, facing the possibility of a failure to procure seventy-six votes necessary to impeach, today directed that every absent member be peremptorily summoned to Albany.

Republican Leader Hinman and Assemblyman Schaap, leader of the handful of progressives who have espoused the governor's cause, worked no less hard to swell the numbers of their followers.

The entire program of impeachment today was imperiled by the absence of eleven men relied on by majority leaders to gather under their standards. This was indicated by the vote of last night when only sixty-five of the 149 assemblymen cast their votes with Mr. Levy. A majority of the elected members is necessary to impeach.

Although seventy-five votes constitutes a majority of the house as it now stands, seventy-six votes are needed, inasmuch as the full membership is 150. One member has resigned since election.

Few assemblymen were in their seats when the hour for meeting arrived, and on the senate side the members were still more scarce and the indications were that it would be nearly 1 o'clock before the speaker would call the assembly to order. The senate planned to wait for action in the house.

Sulzer Has Nothing to Say. Governor Sulzer went over to the capitol a full hour before his customary time and entered his private office. The governor's secretary announced that there would be no word from the governor until after the vote.

"If the vote is to impeach," said the secretary, "Mr. Sulzer will have nothing to say, but will reserve his answer for the impeachment proceedings before the senate. Should the resolution to impeach be defeated, the governor will give out a statement setting forth his side of the controversy in the assembly."

Because of the probable closeness of the vote on the impeachment resolution and because some democrats feel that the assembly should not attempt to rush it through, it is possible the assembly will defer its action for several days, possibly a week.

ARMIES ASSEMBLE TO DECIDE CITY'S FATE

(Continued from Page One.)

Blues will fight like good patriots to defend the threatened Omaha. The Blues have heard that the army of the Reds is advancing to ransack the state metropolis and they are marching rapidly to the defense, their principal plan being to meet the advancing army before the bridge is crossed and drive it back into its own territory.

Captains of the companies on the march report the young soldiers in good condition, despite the fact that many of them are right out of offices. To be sure, there are blistered heels and sore toes and red noses, due to sun burn, but the general health of the men is excellent.

The companies to arrive first on the battlefield will lay down their munitions of war to engage in divers sports and recreations General Hall has provided. There will be boxing and wrestling and base ball.

"It is better to let the militiamen play in the camp," said the adjutant general, "for if they go to town they are surrounded by influences which do not tend toward a hearty, wholesome existence."

"This camp is going to be one of the biggest things in the history of state militia maneuvers. And one of the best things about it is that it will cost the state but little, for marching is much cheaper than riding on the trains. The guardsmen are learning the art of foraging. They know how to live while marching. Of course they purchase all their provisions, but they have learned that it requires some skill and considerable foresight to keep provisions."

Medical Problems Discussed. Medical officers, gathered about their headquarters, are discussing the problems of real war. "If 13 per cent of those engaged in the battle were wounded

ARMIES ASSEMBLE TO DECIDE CITY'S FATE

(Continued from Page One.)

and 30 per cent of the wounded should die and 40 per cent of the remainder are so grievously hurt they cannot sit up in ambulances how would we handle the situation?" asked one and there were a dozen answers, all of them more or less practical.

The battlefield is now occupied by a detachment of about sixty men and half as many officers. Instead of the rattle of rifles the sounds of mowing machines are heard and the guardsmen have valiantly set themselves to the task of clearing the field of hay and straw.

In the road which runs by the field for heavy hauling must be done there the 1,200 arrive to be fed.

The route of the two armies follows: Fourth Regiment (blue)—First Battalion—Major Fraser, commanding, companies A, B, C, D, Omaha, Benson, Irvington, Bennington, Washington, Arlington to Fremont.

Second Battalion—Major C. H. Johnson, commanding, companies E, F, G, H, Irvington, North Bend, Ames to Fremont.

Third Battalion—Major I. S. Johnson, commanding, companies I, K, M, Lincoln, City, Octavia, Linwood, Morse Bluffs, Saunders to Fremont. Company E will march from Schuyler and join the battalion at Octavia.

Fifth Regiment (red)—First Battalion—Major Hollingsworth, commanding, companies A, B, C, D, Lincoln, Havelock, Waverly, Greenwood, Ashland to Gretna.

Second Battalion—Major McCormick, commanding, companies E, G, H, M, Elmwood, Weeping Water, Manly, Louisville, Springfield to Gretna.

Third Battalion—Major Sterrick, commanding, companies F, J, K, L, Lincoln, University Place, Prairie Home, Greenwood, Ashland to Gretna.

Officers in the regular service, some from New York, have been detailed to the camp as instructors. They are: Lieutenant Colonel Waldo E. Ayer, Infantry, with the Fourth Infantry.

Captain Walter C. Babcock, Thirtieth Infantry, with the Fourth Infantry.

First Lieutenant Forrest E. Overholser, Fifth Infantry, with Company A, Signal Corps, University Place, Prairie Home, Greenwood, Ashland to Gretna.

Captain Alfred A. Starbird, Fifth Infantry.

Captain Edwin S. Harshorn, Fourteenth Infantry.

Major F. B. Nicholson has been assigned to the fourth regiment as surgeon and Captain Cameron is surgeon to the Fifth regiment. Other medical officers assigned to duty at the camp or with the marching regiments include Captain John L. McGill and five first lieutenants.

Major J. F. Spelman has been placed in command of the field hospital. Captain E. J. C. Sward has been detailed to duty as assistant to Chief Surgeon Walden. Major J. M. Birkenr is umpire and chief topographical officer. Colonel A. D. Falconer is chief quartermaster and commissary.

Colonel A. D. Fetterman of Omaha, state inspector general, will be general inspector of the militiamen at the camp and several regulars have been detailed to assist him.

Brigadier General Joseph A. Storch will be in command of camp from August 16 to 20.

First arrivals at the camp have found time to try fishermen's luck in the Elkhorn, in spite of the strenuous work of surveying the grounds and pitching the tents. The only catches reported were of several gars, which the officers persistently refused to eat.

The signal corps is planning to send a wig-wagger to the hills to the north, several miles, and receive and send messages. Owing to the distance, field glasses must be used by the receivers of messages.

The members of the signal corps who have not had thorough instruction are being taught the code. Many of them will be letter perfect before Saturday.

THREE MILLIONS FOR THE BANKS IN KANSAS CITY

KANSAS CITY, Mo., Aug. 12.—The national banks of the Kansas City Clearing House association will receive \$3,000,000 of the fund to be deposited by the government in national banks for the movement of the crops, according to an announcement today by P. W. Goebel, president of the association.

"TUXEDO IS PERFECT" SAY OMAHA PIPE SMOKERS

The opinion expressed here regarding Tuxedo in an endorsement of Tuxedo by one of Omaha's most prominent men, is that of thousands of other Omaha pipe smokers. Inquiry among your neighbors will quickly convince you that Omaha smokers have found Tuxedo so much cooler, milder and more satisfying in every way that it fully justifies the highest praise they can give it.

Tuxedo is unique, individual. It is the only tobacco that stimulates and soothes without a bite, or sting, or irritation. This is because the famous "Tuxedo Process"—which no other manufacturer knows—is used in preparing the best, selected Burley tobacco, ripened, cured and aged until it has reached the tip-top of mildness, mellowness and sweetness.

Mr. D. M. Carr, well known to Omaha and the country at large as editor of The Motorist, one of the leading monthly publications, is one of the many prominent Omaha men who have discovered the extra pleasure and satisfaction Tuxedo always gives to pipe smokers because of its rare mildness, flavor and fragrance. Mr. Carr says:

"A pipe always seemed to me an overrated pleasure because it invariably burned my tongue. With Tuxedo for ammunition, I find my pipe a boon companion. Tuxedo has stood the test. It is cool, fragrant and finely flavored—all I could ask in any tobacco."

Illustrations are about one-half size of real packages.
