

FAIR SPACE IN DEMAND

State Board of Agriculture Busy with Preparations.

BOYS' CAMP TO BE FEATURE

State School of Agriculture Will Give Company of 100 Young Men Special Advantages and Pay Portion of Expense.

(From a Staff Correspondent.) LINCOLN, Neb., Aug. 21.—(Special.)—The prospect of a curtailed corn crop in Nebraska has not had very much effect on the state fair and applications for space are fully up to that of any previous year.

In the new machinery hall every foot of space has been sold except one twenty-four-foot place and that will probably be taken in a few hours.

The boys' school encampment is a feature of the state fair which will be of interest to all. The State Board of Agriculture, realizing the great educational value of such a school and being anxious to make it a permanent feature, is preparing a sanitary camp through the cooperation of Governor Morehead and Adjutant General Hall, who have offered to furnish sufficient tents, etc., and other equipment with a large tent for a lecture tent.

The aim of the school is to offer a selection of young men a means for systematic observation and study under the direction of competent instructors of the animal, agricultural, mechanical and educational exhibits of the state fair. Two boys will be admitted from each county with Lancaster being given two extra and Douglas four extra, making a total of 100. One of these boys shall represent the rural schools of his county and the other the city schools. The age of the representatives shall be between 16 and 21 years.

The boys will be selected by a committee from each county, consisting of the county superintendents, chairman of the county commissioners, the members of the State Board of Agriculture from that county, the president of the County Agricultural society and the county farm demonstrator. Each boy will pay \$5 to cover board, tuition and incidentals and railroad fare up to a total of \$5.

Northwestern Appeals Suit. The Northwestern railroad company has appealed to the supreme court from a judgment obtained in the district court of Pierce county by Peter V. Smith and George J. Smith for \$154.4, obtained in a suit for \$35 for the killing of three steers, one cow and a calf by a train on that road.

The owners of the stock allege that the company had allowed a cattle guard across the track to become out of repair so that the stock got on the right-of-way and were killed by the train.

Pure Food at Fair. The pure food department of the state will have charge of sanitary conditions at the fair and will have two or three inspectors on the grounds at all times. Commissioner Harman says that a rigid inspection will be made and everything done to see that no one is allowed to sell impure food or drinks. Headquarters will be opened in the dairy building, where instruction will be given to all who may desire to know about the new law.

Orators Among Officials. Assistant Deputy Attorney F. E. Edgerton has blossomed out into an orator and seems to be in as much demand at picnics as Governor Morehead. In fact it is a neck and neck race between the two to see just which one will carry off the oratorical honors in Nebraska. Today Mr. Edgerton spoke at Eagle at a farmers' picnic. Yesterday the governor spoke at another picnic in the south part of the state.

Investment Company Hearing. The suit in the Lancaster county district court brought by the Western Investment, Loan and Savings company to compel the state banking board to issue it a license to do business in the state was on before the court most of the day yesterday, but before adjournment a recess was taken until Friday, when the case will be completed.

Visitors at State House. Senator H. H. Bartling and Mrs. Bartling of Nebraska City were at the state house this morning. They were accompanied by W. R. Ehrler and wife and Joseph M. Ebeling and wife of St. Louis. Mr. Ehrler is chief deputy recorder of deeds and Mr. Ebeling is a member of the city council of St. Louis. They came from the Missouri city by auto to Nebraska City and came to Lincoln with Senator Bartling, who took them out to Fairview, the state farm and other points of interest.

Forged Check Gets Horn Into Trouble

ALMA, Neb., Aug. 21.—(Special.)—Paul Horn, 22 years of age, was arrested here for passing a forged check on William Moore for auto livery hire. He pleaded guilty in county court and will be taken before the district judge for sentence. The prisoner made a drive to Phillipsburg, Kan., and while there passed a forged sight draft at one of the banks of an uncle at Riverton. Horn was sent to the reform school from Franklin county in 1910 and claims he ran away and would now rather go to the penitentiary than to the reform school. He tells the sheriff he has quite a record for forgeries and once stole a horse.

Bowman Brothers' restaurant was burglarized and a quantity of smoking tobacco and cigars stolen. The cash register was opened and about \$1 in small change taken. This is the third time this place has been entered.

Tung Buys a Bank. CEDAR BLUFFS, Neb., Aug. 21.—(Special.)—The David Tung company, which has been doing a general hardware and implement business here for a number of years, has disposed of its property to J. D. Martin. David Tung and family will move to Cadmus, Neb., where he has purchased a bank. Mr. Tung had been in business here twenty-five years.

Injured in a Fire. A fire in a building at Buckner's auto sales, corner 10th and Douglas, last night, caused considerable damage. The building was a two-story structure and was used for the storage of automobiles. The fire was caused by a gas leak and spread rapidly, burning for several hours before being extinguished. The damage was estimated at \$10,000.

Log Broken by Kick of Horse. PETERS, Neb., Aug. 21.—(Special.)—Charles Peters, son of the postmaster here, had his leg fractured below the knee by being kicked by a horse while riding in his father's pasture. The boy who is but 7 years of age, crawled about 100 rods toward home before being found by his elder brother.

Army Officers Pleased with War Waged by Guard

(From a Staff Correspondent.) LINCOLN, Neb., Aug. 21.—(Special.)—Adjutant General Hall was on duty at headquarters in the state house this morning feeling exceedingly good over the success of the maneuvers.

"Everything passed off in fine shape," said General Hall to the newspapermen, "and the members of the guard received instruction which will be of inestimable benefit to them should we be called to take up arms at any time in the future. The officers are now in shape so that they can look after their men and prevent much loss on the march or in the camp."

According to General Hall the regular army officers were much pleased with the maneuvers and said they were the best ever undertaken by a state guard.

A record was made in paying off the troops and in leading them back to camp. The men were paid off in one hour. It took something over \$10,000 to pay the men, most of which was in gold. The equipment and baggage was loaded on the cars in one hour and a half.

When asked what would be done in the case of the Kearney company, which had some trouble in one of the towns on their march, the general said that as far as he had been able to discover by the testimony of the men and officers the trouble was started by some young fellows in the town who had been drinking. It seems that the soldiers had been invited into the hall and after getting there some of the young fellows began making remarks about them. The members of the guard undertook to leave the hall and were set upon by the fellows and a fight ensued. The commanding officers of the company, however, will be called to account and the blame for the trouble fully investigated. If the soldiers were responsible for the trouble they will be punished and discharged.

Broken Bow Asking for a New Depot. BROKEN BOW, Neb., Aug. 21.—(Special.)—The Public Service club gave its initial banquet Tuesday evening in the new club rooms. The affair was probably the classiest along this line that has ever occurred in the city. The guest of honor was Superintendent Weidenhamer of the Alliance division of the Burlington, who was accompanied by F. E. Duerow, in charge of the engineering department.

The Public Service club tendered this banquet in order that the leading men of Broken Bow and Burlington officials might get together on common ground and discuss the proposition of a new depot here. Talks bearing on the subject were by Grand Master Alpha Morgan of the Grand Masonic Lodge of Nebraska, Judge Humphrey and F. M. Currie. In response, Superintendent Weidenhamer made a brief, but highly satisfactory talk, in which he promised that a new depot for Broken Bow would be placed upon the 1914 budget and he would do all in his power to aid in its erection.

In the absence of President Purcell, Vice President Steen officiated as toast master. The banquet was a most elaborate affair and under the personal supervision of the P. E. O. members.

Falls City Has Bad Early Morning Fire

FALLS CITY, Neb., Aug. 21.—(Special Telegram.)—At about 5 o'clock this morning the department store of Hughes & Fisher was discovered to be on fire, the second story and roof being a mass of flames. After two hours of hard work, the fire was under control. The building, valued at \$5,000, was fully insured. The stock was damaged by smoke, fire and water to the extent of \$25,000, covered by \$100,000 insurance. Repairs will begin at once.

MOTH BALLS IN FOUNTAIN, PUBLIC BUYS ITS DRINK

CLAY CENTER, Neb., Aug. 21.—(Special.)—Some ambitious concessionaire of soft drinks at the county fair played a joke on the public by putting moth balls and Haasem oil into the public drinking fountains at the fair grounds this morning, making it necessary for the public to quench their thirst with purchased drinks.

A warrant has been issued for the arrest of the offender and he will be brought to trial.

Beatrice News Notes. BEATRICE, Neb., Aug. 21.—(Special.)—Word was received here Wednesday from Frankfort, Kan., stating that Tom Watson, a former resident of Beatrice, had died at that place from injuries received when a handicap on which he was riding left the track on the Union Pacific road a few weeks ago. He was about 40 years of age and leaves a widow and two children. Some years ago he was a catcher for the Beatrice ball team.

Charles F. Eckerd of this city and Miss Carrie Lovelace of Lodge Pole, Neb., were married Wednesday evening at the home of the groom's mother in this city by Rev. U. G. Brown. The young couple will make their home in Beatrice.

Alleging that her husband deserted her the day after their marriage, Emma Frankenkopf of this city has filed suit for divorce against Erwin Frankenkopf. The couple have one child and the mother asks that she be given the custody of it.

A meeting of the dayrmen of this vicinity was held Wednesday evening, when Farm Demonstrator Lebeaux gave an interesting and instructive address on dairying.

The 7-year-old son of Cornelius Ahl of Holmerville was kicked in the face by a horse and seriously injured. Missy Graves and Miss Elizabeth Denney, both of this city, were married yesterday afternoon by Rev. U. G. Brown.

News Notes of Clay Center. CLAY CENTER, Neb., Aug. 21.—(Special.)—Yesterday was the first day of the Clay county fair and a big crowd was present. The exhibits were unusually fine, considering the dry weather, and the races are especially good.

James C. Brown of Exeter and Miss Nellie E. Marshall of Friend were married at the Christian parsonage at this place today.

Leg Broken by Kick of Horse. PETERS, Neb., Aug. 21.—(Special.)—Charles Peters, son of the postmaster here, had his leg fractured below the knee by being kicked by a horse while riding in his father's pasture. The boy who is but 7 years of age, crawled about 100 rods toward home before being found by his elder brother.

DIG WELL IN RIVER BED TO FIGHT FIRE ON BRIDGE

GRAND ISLAND, AUG. 21.—(Special.)—The digging of a temporary well in the bed of a river for the purpose of securing water with which to fight the fire of the Burlington bridge over the river was the unusual experience near here yesterday. Men 15 shovels excavated in the soft sand and inserted and sunk a barrel, open at both ends, as the excavating and caving sand permitted, until it was down about three feet. Water then appeared in the barrel-excavation as rapidly as it was taken out in buckets and placed in the chemical engine. A workman on the job reported nineteen spans burned out before the fire was extinguished.

Grand Island Plans Festival. GRAND ISLAND, Neb., Aug. 21.—(Special.)—At the meeting of the fall festival committee of the Commercial club last evening, further arrangements were made for the aviation meet and fall festival to be held next month, and Wednesday, September 17, was designated as German day at the request of the thimble German societies of this city.

The carnival will begin on Monday, September 15, and continue to September 20, the aviation meet taking place on Wednesday, Thursday and Friday. Two aviators of renown will be here.

Save Your \$5 and Wait for Saturday

Your Five Dollars will be very valuable in our Cloak and Suit department Saturday.

The best lot of Suits, Coats and Dresses ever dared to place on sale by any merchant before at such a little price of \$5.00. Even if you don't expect to buy you should be here anyway, and wonder how it could be done. Watch Friday evening papers for particulars.

THE NOVELTY CO., 214-216-218 North 16th St.

CHARGES AGAINST SPEER Federal Judge's Alleged Misconduct Probed by Committee.

NO ACTION TAKEN, HOWEVER Jurist Accused of Presiding in Cases in Which Son-in-Law Was Attorney on a Contingent Fee.

WASHINGTON, Aug. 21.—Charges which, it is claimed, may lay the foundation of another impeachment in the senate, are made against Federal Judge Emory Speer of the Fifth Georgia circuit, in papers considered today in a carefully guarded session of the house judiciary committee. The committee had before it the report of an investigation of Judge Speer's conduct by Special Examiner R. Colton Lewis, submitted by the department of justice along with numerous affidavits and other exhibits. No action was taken, the committee adjourning until Friday and each member pledging himself not to discuss the charges in the meantime.

It is possible that at Friday's session of the house the matter may be formally brought up with a view to outlining a plan of action by the committee in the event it should determine to reach the charges to the house, either favorably or unfavorably.

The most serious charges dealt with in the examiner's report are: That Judge Speer unlawfully permitted the wasting or dissipation of bankruptcy estates that came within his jurisdiction as a federal judge.

That he presided in cases in which his son-in-law was an attorney on an evening fee, with full knowledge that his decision would affect the fee of his son-in-law.

That he was guilty of imposing unlawful punishments for contempt in cases coming before his court.

That he ignored the mandates of the circuit courts of appeals and of the supreme court of the United States in certain cases.

That he was absent from his district when he should have been attending to his duties in court.

That, contrary to law, he tried cases outside of his district.

Little Tot Rides in Runaway Auto and Escapes Injury

Little Carmen Henriksen, 4-year-old daughter of J. E. Henriksen, 212 Capitol avenue, narrowly escaped serious injury or possible death, Wednesday afternoon in a runaway automobile, the property of M. D. Brodkey, 2615 Capitol avenue. Mr. Brodkey, who is proprietor of the Brodkey jewelry company, Fourteenth and Douglas streets, had left his child in front of his house, which is on the steep Capitol avenue hill, west of Twenty-third street, and the little one clambered in.

She managed to release the brake and the car sped down the hill. The child clung tight and so was not thrown out. Upon reaching the bottom of the hill the machine suddenly swerved toward the curb and struck it with such force as to shatter the front of the car and upset. The little tot was thrown from the machine upon a plot of grass without a scratch. The damage to the car will not exceed \$75.

PROSTRATED BY HEAT WHILE IN FUNERAL PROCESSION

While driving carriages in a funeral procession to the Mount Hope cemetery, J. J. Snider and Alex Rhoades, two drivers employed by the Windsor stables, were prostrated by heat and toppled from the top of the carriage boxes. The occupants crowded into other vehicles and the sick men were brought back to Omaha.

Rhoades was so ill that he was taken to St. Joseph's hospital. Snider was taken home very ill. Both men were attended by Police Surgeons Footman and Foltz, and are reported as being much better today.

COUNTY DADS MAKE OFFER TO M'SHANE FOR FEEDING

The Board of County Commissioners yesterday passed a resolution offering Sheriff McShane 25 cents per day for feeding each prisoner in the county jail while the sheriff's appeal to the supreme court to collect 50 cents per day is pending. Mr. McShane expects to accept the offer as his claim for the full amount will not be affected if the high court decides in his favor.
