

BRIEF CITY NEWS

Sarcophagus. Lightening fixtures, Burgess-Granden Co. Have Root Print It—Now Bacon Press. Fidelity Storage & Van Co.—Doug. 1516. English on a Vacation—Judge Leslie of the district court will occupy the bench in juvenile court Saturday during the absence of Judge English, who left last night for Kansas City.

Sees the Missouri Pacific—Patrick H. Carey has sued the Missouri Pacific Railway company for \$20,000 damages for injuries received while employed by the company in the local roundhouse.

Insurance Order Sued—Mrs. Mary J. Johnson has sued the Modern Brotherhood of America for \$4,000 alleged due on two insurance policies on the life of her late husband, Charles J. Johnson.

Different John Anderson—The John Anderson who was fined \$25 and costs for striking little Helen O'Neil of 330 North Nineteenth street, is not the John Anderson who resides at 2615 Leavenworth street. The latter is no kin whatever to the man who was heavily fined by Judge Altstad.

Ellis Back from Chicago—W. A. Ellis, assistant commissioner of the Commercial club, has returned from Chicago, where he has been for two weeks on account of the serious illness of his mother at that place. His mother, he says, is much better now and was up when he left Chicago.

Fined for Insulting Women—C. W. Alford, a laborer, was fined \$25 and costs by Judge Altstad in the police court for insulting the wife of G. N. Hoskins at Sixteenth and Leavenworth streets. Both men bore traces of the fight that followed. Hoskins' eye was discolored and Alford's lips were swollen.

Gerrit Fort Back—Gerrit Fort, passenger traffic manager of the Union Pacific, is back at his desk after a long trip over the road, during which he inspected the passenger facilities and made preparations with his local agents at the various points for the winter traffic to California and other winter resorts.

Seed Inspectors—C. M. Reed, the new superintendent of the fourth division of the railway mail service, has returned from a trip over the territory. He was gone five days and during that time rode on nine different railway mail cars where he took note of the work done and also acquainted himself with some of the men under him. He reports that he found everything along the line in good shape.

Exhibits at Toronto—J. T. Kelly leaves for Toronto, Canada, this week where he will be demonstrator at the Union Pacific Railroad company's exhibit to be held at the Canadian national exhibition August 23 to September 9. This is the third year the Union Pacific has made this exhibit. The special feature of the exhibit will show the standard roadbed, track construction and the automatic electric block safety signals.

City to Repair Hospital—Repairs at the city detention hospital will hereafter be made by the city carpenter and city employes instead of by contract. Police Commissioner J. J. Ryder says the contractor's profit will be cut out and the city will make all necessary repairs. Because of the fact that patients with contagious diseases are kept in this hospital contractors have been shy of bidding on contract for work there. When bids were received they have usually been high.

Omaha Man to Grand Forks—Grand Forks, N. D., has selected an Omaha man to be manager of its traffic bureau of the Commercial club. Joseph H. Brenner is the man selected. He has been a resident of Omaha since 1888. He has twenty-four years of experience in active work in the Burlington, Union Pacific, Nebraska Telephone company and the Only Way Transfer company in Omaha. The traffic bureau has just been organized in Grand Forks. The club at Grand Forks considered men from a wide field for the place and finally decided upon the Omaha man.

Robber Runs Away Leaving Behind an Easy Booty of \$100

After securing his point of vantage with a formidable looking revolver, a robber turned and fled from the grocery store conducted by Mrs. H. O. Banard, 127 Ferguson street, leaving behind an easy booty of \$100.

The stranger entered the store and asked Mrs. Banard for a drink of water. Just as she turned to get it for him he drew a gun and called to her to throw her hands up. She did and then after an interim of a moment's silence he turned and fled. Mrs. Banard had a little over \$100 in currency in change in the cash register and was alone in the building when the man entered.

Jake Rebold, giving his address at Lansing, Kan., was arrested later in the afternoon about three miles down the railroad tracks from the store at what is known as the Gibson yards. Mrs. Banard identified him as the man who attempted to rob her. He, however, strenuously denies ever having seen Mrs. Banard before. When arrested he had a revolver in his hip pocket.

NEBRASKA BANKERS TO GO TO KANSAS CITY MEETING

William B. Hughes of Omaha, secretary of the State Bankers' association; George F. Sawyer of Western, president of the State Bankers' association; and Carson Hildreth of Franklin, chairman of the agricultural development committee of the bankers' association, expect to leave on the evening of August 25 for Kansas City to attend the third annual meeting of the bankers' committee on agricultural development and education. The meeting is to be held August 25 and 27. Other business interests of Omaha and the state have announced that they will have representatives present. The railroads expect to have representatives there. The conference will represent the lines of cooperating with the farm demonstrator or county agent idea that has been successfully worked out in so many counties in the United States.

Take Plenty of Time to Eat. There is a saying that "rapid eating is slow eating." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. For sale by all druggists—Advertisement.

Key to the Situation—See Advertising.

BACK FROM INSPECTION TRIP

Officials of Union Pacific Railroad Look Over System.

WINCHELL PLANS NO CHANGES

New Director of Traffic Does Not See Any Need of Disturbing the Present Arrangement in That Department.

President A. L. Mohler, General Manager Charles Ware and Director of Traffic Benjamin J. Winchell of the Union Pacific lines returned Wednesday from a four-day inspection of the Union Pacific lines in Nebraska and Kansas. It was Mr. Winchell's first trip over the Union Pacific since he became connected with it, and it was the first trip of any kind he has taken over the road for many years.

Mr. Winchell arrived in Omaha at 4 o'clock and left on No. 22 on the northwestern a few hours later. He had barely time to make a hurried visit to the Union Pacific headquarters and consult the various officials of the traffic department, of which he is the head.

Mr. Winchell had little to say, but he expressed himself as well pleased that to be an official of such a wonderful system as the Union Pacific. "The Union Pacific is one of the greatest railroad systems in the world," said Mr. Winchell, "and Omaha should be proud that the headquarters of such a system are located within her boundaries."

Were Sight Seeing. "I did little beside sightseeing," continued Mr. Winchell, "as it is my first trip over the road. I may make a tour of inspection some time in the future, but when that will be I do not know. I was disappointed to see the deplorable corn situation, especially in Kansas, but, of course, such things are inevitable and we must make the best of conditions as they exist."

Mr. Winchell, in addition, said that he did not intend to disturb the organization of the present traffic system, as he believed it to be in no need of any changes.

Corn Crop Spotted. Mr. Mohler stated that although corn was down in many parts of the state and Kansas, a large stretch of corn land extending east from Grand Island will yield a bountiful crop, and some other parts, where streams are plentiful or local showers have been falling all summer, will yield a fair crop.

"Nebraska," said Mr. Mohler, "is in very bad condition in the southern part, and, of course, the corn along our Kansas lines is totally destroyed, but we expect to see a good yield from central Nebraska along the Platte valley and also along the branch lines that run north from Kearney, Grand Island and Columbus. Taken as a whole, the crop is poor, but it has been worse, and we cannot expect perfect crops every year."

City Changes Front on Location for the Fire Engine House

Because protests against the construction of a fire engine house on the city's property at Nineteenth and Harney streets have been strong and numerous, Commissioner C. H. Withnell of the department of fire protection and water supply introduced a resolution providing for the appointment of appraisers to fix the value of the city's lot with a view to sale.

"If we can get a reasonable price for this lot," said Withnell, "I can see no valid reason why we should not sell or trade it for the Gifford lot offered to the south. In a few years Nineteenth and Harney will be in the center of a thriving business district and the fire engine house would be in a more desirable location around the corner."

Patrons of the public library have been the chief protesters against the construction of a fire engine house at Nineteenth and Harney streets, where the contract has been let. The city commission passed the resolution and will have the property appraised. George T. Morton, representing the protesters, asked for the appointment of appraisers.

In the Summertime Prepares for Skates

Joe B. Hummel, city park commissioner, will begin at once preparation for skating ponds in the several parks where they can be constructed and in the Gifford playground tract. The skating pond at Bemis park will also be prepared against the fall freeze. Hummel has prepared a foot ball field on a tract of city ground at Thirty-first and Dewey avenue and will allow its free use when the foot ball season opens. The park commissioner has also established comfort stations in several parks and will so equip all parks before the summer is over.

Lawyers Favor the Late Court Opening

Omaha lawyers have "recalled" a decision of the judges of the district court that the fall term of court should begin the middle of September instead of the first Monday in October as formerly. In the referendum taken by the Omaha Bar association, postponement of the opening date was favored by a vote of 117 to 2. The judges will hold a meeting, which will yield to the "popular will."

NEBRASKA CLOTHIERS HAVE ANNUAL PICNIC

Employees of the Nebraska Clothing company held their annual outing at Kruza park, Wednesday evening. The celebration was under auspices of the Efficiency club, an organization to promote a mutual co-operation between the concern and its help, whose entertainment committee for this occasion was Chairman W. G. Toll, Miss Iona Mustane, Miss Edna Galloway and Mrs. W. H. Krebs.

There was a spread for 150, and after the feast the evening was spent in dancing and taking in the amusements at the park.

Persistent Advertiser Is the Road to Big Returns. PERSONAL PARAGRAPHS. Robert Smith, colonization agent of the Union Pacific, returns from a business visit in Chicago this morning and left this evening for Kansas, where he will conduct further operations with regard to the forage lands of that state.

Two Prisoners Make Their Escape from the County Jail

Gilbert W. Looker, sentenced August 1 to six months in the county jail for breaking into a saloon, and Jim Jones, serving a ninety-day sentence for vagrancy, escaped from the jail at 1 o'clock yesterday morning.

Both men were ordered to move a quantity of liquor and gambling paraphernalia confiscated in a raid to the fourth floor of the courthouse and when no one was watching, rode the elevator down and walked away. They stole two suits of clothes from the jail lockers and substituted them for their prison garb.

Judge Cahill made an ineffectual attempt to suppress the news of the men's escape. Search for them yesterday was unavailing.

CITY MAY ASK FOR TRUSTEE

Would Take Care of Excess Charges of Gas Company.

RECALL PETITIONS NOT FEARED

Members of the City Council Hear Rumors of Threatened Action Against Them, but Think No Danger Exists.

The city legal department may ask for a trustee to take charge of excess charges of the Omaha Gas company in case the suit of the gas company to enforce the enforcement of the dollar gas ordinance should fail. A trustee in charge will be asked by the legal department Saturday or the first of next week.

Rumors that recall petitions would be circulated against certain city commissioners by the anti-gas franchise forces were commented on at the city hall. Police Commissioner Ryker said he was not afraid of the result of any such petition.

"If I should be recalled for standing by what I believe is right I think I could make a living anyway," said Commissioner Ryker. "I managed to get along before I became a city commissioner and have no doubt but what I could go back to my work and make good."

Judge Leslie Would Stop Bad Practice of the Police Court

Judge Leslie of the district court has served notice that if any lawyer in the future secures release of an offender convicted in police court by getting a fake bond approved by that court he will, himself, ask that the Omaha Bar association disbar the attorney.

The judge strongly criticized lawyers who have been guilty of such practice and said he believed that a police judge who put his signature below a statement that a bondsman had personally qualified before him should be impeached.

"Several years ago," he said, "a notary public was fined \$50 for acknowledging an instrument when authorized to do so over the telephone by a person whose voice he recognized. The remedy in the case of a judge is impeachment and it should be applied."

Nebraska Artist Takes First Honors in Paris Salon

Another Nebraska artist has come into his own. Lawton Parker, once a farmer boy in this state, has achieved what no other American ever has, the winning of first prize in the exhibition of the Paris salon. "In fact," says the Continent of New York and Chicago, in relating the story of Parker's fame, "the second prize has been awarded to only nine Americans since Sargent first got it in 1881."

Parker owes his distinction as an artist to the late Dr. William C. Gray, for years editor of the Interior of Chicago, the predecessor of the Continent, who conducted an art competition for his paper over a period of twenty years.

"I suppose if it had not been for Dr. Gray," said Mr. Parker, "I would be plowing corn today in Nebraska."

Dr. Gray's Interior competitions were open to all under 18 years of age. Parker was 14 when he sent in a specimen of his handiwork. He had never drawn anything except a few simple pictures for the amusement of his schoolmates and the edification of his proud father and mother, who, sure they could perceive the talents of a great artist in their son, encouraged him to draw by giving him simple presents as tokens. The Interior's prize was a book of trivial intrinsic value, but rich in sentiment. It fired the ambition of the Nebraska plow-boy. He soon went to Chicago and entered the Art Institute.

Dr. Gray found him and from the first took a deep personal interest in him; so deep, in fact, as to have the boy arrange his studio in his Chicago residence, and deck the walls of the Interior office with many of his drawings. Then Lawton went to Paris and studied there. In the meantime he was a prolific producer and drew portraits of many prominent Chicago men and women.

WILL HOLD JUNIOR TOURNEY

Younger Tennis Sharps Will Have Meet at Omaha Field Club.

SOME FAST PLAYING EXPECTED

As Many of the Best Contestants for Title in the Game Are Within Age Limit Lively Work Is Looked For.

The annual city junior tennis tournament for all lads 15 years old or under will be held on the courts of the Omaha Field club starting next Monday at 9 o'clock and continuing throughout the week. About forty entries have been received and as several more have announced their intentions of entering it is probable the entry list will be larger this year than any before.

Several of Omaha's crack players are still under 15 years of age and as all of them will enter the tourney, some fast playing is anticipated. Joe Adams, who was runner-up in the city tournament, will participate. Last year Adams won the cup for the third consecutive time, which gave him permanent possession. This year he will be compelled to play through the tournament.

Larmon Picked to Win.

Russell Larmon, who was runner-up at the state tournament and who beat Harry Koch, city champion, at the Hasty Hollow tournament and who lost Edward Hoer, Missouri Valley champion, in the national clay court tournament, is also entered. It is probable that he and Adams will play in the final match of the tourney. Larmon is picked to win because he is playing a much faster game this year and has beaten Adams several times.

George Riley, Creighton champion, is another of the youths who will enter and of whom great things may be expected. Riley plays a dandy game of tennis and although not as clever as Adams or Larmon, he is exceptionally good.

A special tournament for boys under 12 years of age will also be included, as the younger lads do not start much show when competing with the older boys.

GREEN'S BAND PLAYS AT FONTENELLE PARK TONIGHT

George Green and his band will give a free band concert at Fontenelle park, West Ames avenue, this evening. The program starts at 7 p. m., is divided into two parts and is as follows:

- Part I.
 - March—The Marathon.....Phillips
 - Aisha (Indian Intermezzo).....Lindsay
 - Hearts and Flowers (A Flower Song).....Lindsay
 - Waltz—Jolly Fellow.....Vollstedt
 - Sextette from Lucia.....Donizetti
 - A Slippery Place (A Trombone Suite).....Hacker
- Part II.
 - Two songs:
 - (a) "My Hero".....Strauss
 - (b) "When His Apple Blossom Time in Normandy".....Jemlich
 - Medley: Selection—Popular Melodies.....Jerome & Solwartz
 - Grand Fantasia—Home Sweet Home, The World Over. The composer describes the manner in which Home Sweet Home is played in different countries, as follows: No. 1, Air 2, Germany; 3, Spain; 4, Russia; 5, Italy; 6, Scotland; 7, Hungary; 8, China; 9, Ireland; 10, America—Lamp
 - Highland Patrol.....Almira
 - Finale—America.....Lamp

Can't Keep It Secret. The splendid work of Chamberlain's Tablets is daily becoming more widely known. No such grand remedy for stomach and liver troubles has ever been known. For sale by all druggists—Advertisement.

Pigs in the Drouth District May Be Had at a Small Price

As a result of the drouth that has extended over southern Nebraska and Kansas this summer many farmers throughout the afflicted district are killing their pigs because they lack corn with which to feed and mature them. Railroads receive reports from shippers and their station agents asserting that Nebraska will ship the smallest quantity of hogs in the history of the state.

In Red Willow, Webster and several other counties in that part of the state where there is absolutely no corn, pigs are positively ratty and a hog that shows signs of development is a curiosity. And because it is impossible to obtain pigs and starve them to death farmers are killing their entire supply. One discouraged farmer announced to the freight agent, who was soliciting his business, that he had seventy-five pigs that he was going to have killed immediately because he knew nothing else to do with them.

The railroads which are suffering from the drouth by lack of freight business are working on a scheme to transport hogs and pigs to farmers, gardeners and dairymen who occupy well chosen land where they do not have to depend on rain for moisture. It is thought that many places around Omaha occupied by truck gardeners and dairymen are favorable to maturity of hogs, and if such is the case it is probable that scores of the small pigs and sows will be transported from the drouth-stricken parts of the state to Omaha for distribution.

LOSES JEWELRY AND MONEY WHILE SWIMMING

V. B. Foyle, Florar hotel, Seventeenth street and Capitol avenue, notified the police that while bathing at Carter lake he lost a quartercarat diamond ring, a gold watch, a scarf pin and \$5 ring, a gold watch, a scarf pin and \$5 ring, a gold watch, a scarf pin and \$5 ring. He had left these articles and money on the bunk with his clothing and when he returned from his swim they were missing. He saw four boys in the vicinity at the time and believes that they knew something about the missing property. All are youths ranging from 10 to 12 years of age, and are being held for the juvenile authorities.

JAPANESE ARE TO TEST THE CALIFORNIA ALIEN LAND LAW

LOS ANGELES, Cal., Aug. 21.—The first test of the constitutionality of the California alien land law will be begun here by H. Taniuchi, a wealthy Japanese, according to his attorney, H. A. Chamberlain.

Taniuchi desires to transfer 200 acres of land to fellow countrymen for agricultural purposes.

ECZEMA BROKE OUT IN WATER BLISTERS

Scatched It So Hard All Sore. On Hand, Then on Legs. Cuticura Soap and Cuticura Ointment Cured in Six Weeks.

748 Congress St., Chicago, Ill.—"My eczema broke out like little water blisters. Each one was full of water and would itch until I would scratch it open, then the water would run out and it would get sore. I first got the eczema on the back of the hand and I scratched it so hard I made it all sore. Then I got it on my legs just above the ankle and above the knee. "I used what they call and it stopped the itch but it got worse. Then I used Cuticura. In all I had the trouble for about two years. One day I saw the advertisement of Cuticura Soap and Ointment in the paper. I wrote for a sample of Cuticura Soap and Ointment and I tried them and then bought some more. Cuticura Soap and Ointment left my sores nice and smooth. I used them for six weeks, and am now cured; the eczema left no marks." (Signed) F. W. Horrich, Oct. 19, 1912.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery because they promote and maintain the health of the skin and hair from infancy to age. Cuticura Soap (25c) and Cuticura Ointment (50c) are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

SOME SUMMER CLUBS WITH The World's Best Magazines

50c a Month Buys The Evening and Sunday Bee 3 Months for \$1.50 and Any One of the Following Magazines:

- The Woman's Home Companion
