BY MELLIFICIA. Tuesday, August 26, 1913.

IT WILL be difficult for some of the globe trotters to realize the tropical heat of Omaha this summer. During the first part of August, when the thermometer registered over 100 degrees, many Omahans were in the mountains of Switzerland, where there was at least two inches of snow. In fact, the hot wave has not seemed to have reached any part of Europe as it did last year. The large colony of Omahans in London have written that it has been most comfortable there the entire summer.

Among those who have been in Switzerland this summer are Hon. J. H. Millard and Miss Jessie Millard, who have been motoring. Mr. and Mrs. W. J. Burgess and Mr. and Mrs. George H. Kelly, who have left Lucerne for Paris for a stay before returning home. Mrs. Ida M. Hancock has been spending several weeks enjoying the scenery of the Italian lakes and Switzerland, and after a brief stay in Cologne, Germany, and Paris, will go to London. Dr. G. A. Young spent a delightful summer in the mountains of Switzerland and returned home Monday.

Among those who have spent much time in and near London are Miss Mary Munchhoff, Miss Margaret McPherson, Dr. and Mrs. A. B. Somers, Mrs. F. L. Haller, Mrs. F. H. Cole, Mrs. E. M. Fairfield, Mrs. Charles Kountze and Mrs. Ward Burgess. Mrs. Warren Blackwell spent the summer in London visiting her sister.

**Davis-Cunningham Wedding.**  
The wedding of Miss Nancy Cunningham, daughter of Mrs. W. C. Cunningham of Grand Island, to Mr. Raymond Ewing Davis of Oklahoma City was quietly celebrated this afternoon at 2 o'clock at the residence of the bride's sister, Mrs. Howard Kennedy. Rev. D. K. Jenkins, president of the University of Omaha officiated.

The rooms were attractively decorated with pink roses and palms, and only the immediate relatives were present. The bride wore her traveling suit of navy blue broadcloth with borders of chiffon and lace and a small blue hat to match. Mrs. Ward wore the coral corsage bouquet.

The out-of-town relatives present were the bride's mother, Mrs. W. C. Cunningham of Grand Island, Mr. and Mrs. J. L. Cleary, Miss Elizabeth Cunningham, Mr. T. J. Cunningham, all of Grand Island; Mr. and Mrs. H. J. Hall, Miss Helen Hall and Mr. Stanley Hall of Lincoln.

Following the ceremony there was a buffet luncheon for the wedding guests. Mr. and Mrs. Davis left for a short wedding trip and will make their home in Oklahoma City, where the groom is in the automobile business. The bride has made her home with her sister, Mrs. Howard Kennedy, for several years and is an accomplished pianist and organist. She is a member of the Kappa Kappa Gamma society.

## BRIEF CITY NEWS

**Seraphs.**  
Lighting Fixtures, Burgess-Grandin Co. Have Root Print Co.—New Stock Press. Fidelity Storage & Van Co.—Doug. 1212

**On Way to Leavenworth.**—Ten military prisoners from San Francisco came in over the Union Pacific yesterday, and were transferred to the Missouri Pacific, where they took them on to Leavenworth, Kan., where they will be confined in the military prison. The ten prisoners were accompanied by fifteen guards.

**Special Train Sunday.**—Next Sunday the Burlington will run a special from Chicago to Minneapolis, carrying the eastern delegations to the convention of the National Paint, Oil and Varnish association. Several Omaha parties will attend the convention, but there will not be enough of them to justify taking a car.

**Assault His Wife.**—James Panek, 1114 Grace street, was given a sixty-day suspended sentence by Judge O'Brien for assault and battery on his wife. Mrs. Panek stated that her husband would not come to supper until several hours after the meal and when he did come would beat her for not waiting for him. Panek denied her statement.

**Says Story Erroneous.**—Charles Savage, who sustained a broken leg Saturday night when attacked by another man and about whom a story was printed Sunday morning to the effect that he had said he could whip anyone, says the publisher's statement is erroneous; that the attack on him was unprovoked.

**Back From Canada.**—After having spent three months in Calgary, British northwest, H. M. Higgins of the Union Pacific is home. In Calgary Mr. Higgins met George Craig, city engineer there, and who held a similar position in Omaha for years. Craig, he says, has introduced city methods into the Calgary office and has become very popular.

**Has Slight Sores.**—Fire Captain John W. Wel, who was injured at the Burgess Grandin company fire, is reported as suffering a slight headache. He was removed from St. Joseph's hospital to his home, 3708 Cuming street, last Saturday and in some way caught a cold. His outlook, however, is very good and within a couple of weeks he will be out and around again.

**Fined for Ordinance Violation.**—W. C. McClain of Equality, Ill., was arrested by Officer R. E. Ford Monday afternoon for violating an ordinance by lashing signs on prohibited places throughout the city. The signs were advertisements of the Northwestern Teat company of Chicago. Judge O'Brien fined the offender \$5 and costs and promised him the maximum penalty for a repetition of the misdemeanor.

**An Ambitious Start.**—Harold Gifford, Tamocian, son of Mr. and Mrs. J. I. Tamocian, of Dundas, born August 19, is starting out auspiciously for a baby's first day old, for he now has a bank account that promises a healthy increase. A dollar was the original deposit, then his father's birthday came along and 44 cents, one for each of his day's years, were added, and now he has the parental promise that the price of every share is to be saved and added to the account.

Your last chance to buy a cloth suit or coat for \$5. See advertisement on page 2, column 3, 1510 Douglas street.

## GIRLS TELL OF LOW WAGES

One Factory Docks Pay of Five Dollars Per Week Employed.  
Foster Hears Account of Suffering Caused by Insufficient Pay from Workers Who Complain to Him.

Wage conditions existing in at least one large factory of Omaha as a result of the nine-hour working law for female employees was vividly revealed by two working girl Monday to Dr. Henry A. Foster, member of the legislature. Following an article in The Bee Sunday morning giving an account of conditions as the labor commissioner had found them and saying that Harry Foster had declared he would make private investigation, these girls sought him and told their tale. They said the girls in the factory were hired with the understanding that they were to work for \$5 per week, but that the employer now maintains that a week is six days of ten hours each. Also he bows to the dictate of the new law and works his girls no longer than nine hours a day, but docks them for the hour which he claims would be required to make a day as he understands days. Thus at the end of five days he has five hours to cut off the \$5 salary. Further than this, he lets the girls off on Saturday afternoon. This is another half day. So at the end of every week the girls are docked a full day in their wages. That makes 53 cents reduction per week.

Thus on the books of the company for purposes of inspection, the girls are listed as working at \$5 per week. Their check at the end of the week is written for \$4.15.

One of these girls reported that after dilatory saving amounting only her board and car fare, she has 25 cents left at the end of the week. This left her nothing for clothes and almost nothing for even as much entertainment as a moving picture show.  
Unable to Live on Wages.  
The girls told of many instances of pitiable circumstances. They told of one girl who was found crying quietly at her work a few days ago, when the floor lady asked her what was the matter she sobbed, "I can't live on the wages I'm getting. I've tried and tried to make it reach, but I just can't do it."  
The floor lady reported the matter to the manager who told her he would pay no more. The girl got her hat and started for the door, saying there was no use of staying any longer as she was falling behind every day. The manager then called her back and promised to put her on the \$5 list. She had been on the \$4.50 schedule.

Dr. Foster advised the girls to see Robert Cowell at once, as he is the chairman of the minimum wage commission that is to investigate cases of ridiculously low wages paid to help. The girls said they would do so.

## New Secretary of Bohemian Society is Popular in Omaha

Another Omaha man has been accorded honors by a national society at a national convention. Charles Spalek, one of Omaha's most prominent Bohemians, was elected secretary of the Sokolska Jednota, which is the Bohemian gymnastic society of the United States, in Baltimore, Md., Monday.  
Mr. Spalek has never before been a delegate to the national convention, but his immediate election to the office of secretary is a reflection of his worth as a representative of Omaha. He is well qualified for the position, as he has been the secretary of the local Tel Jed Sokol organization for the last five years and has always taken an active interest in the business affairs of the order during his membership. He has been a member of the local order more than fifteen years.

## Knights Entertain Orphans With Auto Rides and a Picnic

Under the auspices of the Knights of Columbus over 100 little tots from St. James church in Omaha were given a taste of new pleasures and enjoyments yesterday when they were all taken for an automobile ride around the city followed by a picnic at Krug park. The children were safely seated in the battery of automobiles furnished by some of Omaha's charitably inclined citizens and at 9 o'clock in the morning started on a twenty-mile journey over the city and environs. The little tot's joy was manifested by their shrill screams and loud peals of delight as the drivers of the machines accelerated their speed a bit or took a corner with sufficient velocity to throw the children to one side of the car.

After the tour they were taken to Krug park and the lunches served them. The relish with which they made the choice delicacies vanguard was a delight to the older people present. Most of the children were in favor of another automobile ride and after the children had been allowed to explore the mysteries of the park for a couple of hours another trip was given them.

A dinner was served them in the evening after the second auto ride and then the little tot's were conveyed back to the orphanage in Benson.

## HOTEL GUEST COMES HOME LATE AND DISTURBS PEACE

Chris Christiansen was arrested Monday evening on complaint of S. P. Hansen and Chris Larsen, proprietors of the Hansen hotel, who asserted he disturbed the peace in their establishment at Seventh and Leavenworth streets.

According to them Christiansen came home late at night and expressed his wish to smoke the second pipe. Not heeding the objections of the landlady, he drove the guests into the street, after which he ordered both Hansen and Larsen to leave. The police were summoned and yesterday morning Christiansen was fined \$5 and costs by Judge O'Brien.

## HUGO PETERS GETS THIRTY-DAY SENTENCE IN JAIL

Hugo Peters, bartender, was sentenced to thirty days in jail on two charges in police court. The first was for carrying concealed weapons and the other for using obscene language over the telephone.  
Peters said that he was being jobbed, but the appearance of several witnesses against him gave no substantiation to his statement. Peters was also charged with vagrancy and disturbing the peace, but was discharged by Judge O'Brien on both of the latter charges because of lack of evidence.

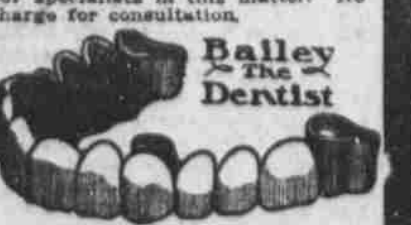

## Today's Beauty Recipes

By Mima D'Alille

"A complexion rivaling the lilies in purity naturally follows the use of a plain mayasone skin lotion, made by dissolving an original package mayasone in one-half pint of water. This simple emulsion applied to the face, neck and arms in the morning insures throughout the day a soft and clear complexion. Any greasiness caused by powder or cream. For tan, freckles and other complexion blemishes the mayasone lotion is unequalled and not only gives to the skin a velvety smoothness, but is actually invisible and is a fine protection for the complexion.  
"Superfluous hair can be removed quickly and without pain or expense by the application of a delicate paste, which is prepared by mixing enough of the powdered delatone and water into a paste sufficient to thickly cover the object operable hairs. This is to be applied and in two minutes rubbed off and the skin washed to remove the remaining paste. Every trace of hair vanishes with the simple treatment and the skin is left smooth, firm and spotless. No harm results from its use.—Advertisement.
