#### Omaha Looks Good to Eastern Eyes or shocked and saved for winter feed.

A big boost for Omaha was made by John H. Fahey of Boston, chairman of the executive committee of the National Chamber of Commerce, in a recent speech in the east. He said in part: "In Omaha, a city of 150,000, there is a Commercial club with 1,600 members who pay \$30 a year and in addition raise special funds of \$15,000 each for a traffle fund and publicity bureau. That the organization is a tremendous factor in the city was demonstrated by the fact that the club took the lead in the work of restoration after the city was visited by a cyclone. Although the time I made a visit there was 100 days after the cyclone, it was difficult to realize that it had occurred."
