SAY MONEY BEING DIVERTED

Effort to Protect General Fund Results in Use of Cash from Other Funds for Purposes Not Legal, Some Declare.

(From a Staff Correspondent.)
DES MOINES, Ia., Sept. 17.—(Special Telegram.)—Steps are being taken in Des Moines to have a committee of citizens start suit to stop the practice of the city council in making use of various funds of the city for purposes not designated. An informal investigation is said to have developed that the city government has not been very careful in its use of the special funds and that the incidental expense of various departments have been paid from funds which should be used for entirely different purposes. This has been done in order to protect the general fund of the city, but in so doing it is alleged by the taxpayers that the special funds were diverted and the council members are liable.

HANS SCHMIDT ROBS GUEST AND EASTER COLLECTION PLATE

(Continued from Page One.)
The police say, are part of a plan to feign insanity.

Schmidt posed as Dr. Moller, a physician, as he is said to have admitted, was indicted last night by the grand jury for robbing a collection plate for the Lutheran church. The use of some of these is prohibited by law. Dr. Ernest Arthur Muret, the dentist who was arrested following a raid of the West 13th street flat, is today in a cell awaiting trial on a charge of having in his possession a revolver in violation of the Sullivan law. This is merely a technical charge and Muret faces arrest at the hands of the federal authorities on the more serious charge of counterfeiting. The hope of the federal authorities of connecting Muret with the counterfeiting, which Schmidt admitted yesterday he had entered into with the dentist, was heightened last night by the discovery in his rooms of a new set of photo-engraving tools. These tools were of the same pattern as those found in the counterfeiting flat.

AD-itorial

by the Store Ad-itor

Lord Cornwallis said to George III—"Let's go over there and give those Americans a good licking." Sounded fine to his kingship. Result—big promise—little accomplishment. "We will the finest clothing on earth" is the burden of most every apparel "ad." Sounds fine to lots of people. Result—big promise—little accomplishment. It's results that count. This store is not so much on Promise as it is on Accomplishment. When you're reading of great Promises—have a thought of poor old King George's disappointment.

What would you do with 10,000 dollars?

Perhaps you have thought of farms, houses, automobiles, stocks and bonds, extension of business, or maybe a trip around the world. Here is what we did: We had 1,500 sacks of \$10,000 each, and we used each sackful to improve one mile of the Chicago Great Western—we spent a total of \$15,000,000 to rebuild and repair 1,500 miles of road—\$10,000 per mile! We laid new rails, double track, regraded, rebalanced and straightened the road bed, bought new steel, asbestos lined passenger cars, new steel freight cars, new engines, installed automatic electric safety signals, bettered our terminals and generally fixed up everything. The Chicago Great Western is a good road today, and the best and shortest between Omaha and St. Paul and Minneapolis—it's the line of GET-THERE-FIRST TRAINS for GET-THERE-FIRST people. Trains leave Omaha 7:44 a. m. and 8:10 p. m.

DIGGS SENTENCED TO TWO YEARS IN PEN; 18 MONTHS FOR PAL

(Continued from Page One.)

sent Wilson that political influence was brought to bear on the attorney general to prevent the case from coming to trial. McNab's resignation was accepted by the president in a brief note reprimanding him for breach of discipline. Special prosecutors were named and the case finally came to trial on August 5. Diggs and Caminetti seemed unoppressed until sentence was pronounced. A few minutes later they laughed and chatted with the newspaper men over their plight.

The mother and brother of Caminetti and the wife and father of Diggs were in court. The mother and father listened with bowed heads to Judge Van Fleet's words. Mrs. Diggs stared blankly at the judge, giving no sign that she realized what his words meant.

Meaning of Mean Act. "This was a crime of opportunity," said Judge Van Fleet in passing sentence. "I mean that the laxity of social conditions and the lack of parental control made it possible. I wish to say that all through this case there is the evidence that drink had its paralyzing influence upon the morals and the minds of these men and these two young girls, with whom they went on that trip to Reno. The terrible, debasing influence of the saloon, the deadfall and the roadhouse is too disgustingly apparent in this pitiful situation, and I make the observation here that society must pay the price for permitting the existence of these highly objectionable places.

be called on to testify before the high court, sitting as a member of the tribunal.

Will Attack Validity of Proceeding. These questions and others, including the expected attack by Governor Sulzer's counsel on the validity of the impeachment proceedings will be determined by the court of impeachment itself. Until these preliminaries are decided, no evidence will be taken. Scores of witnesses will be called for both sides during the trial, estimates as to the length of which vary from one to two months. Although the impeached executive's legal advisers have not disclosed any of their plans, it is generally understood that Governor Sulzer will not attend the sessions of the court while the preliminary arguments are under way. His friends assert that his presence on the opening day of the trial would be at least a tacit admission that the proceedings are constitutional, a point which his counsel are prepared to contest vigorously. Should the validity of the proceedings be upheld by the court, it is expected that the presence of the accused in the court room daily will be one of the features of the sessions.

Quorum to Pass Revenue Bill May Be Lacking. ALBANY, N. Y., Sept. 17.—Acting Governor Glynn and legislative leaders were none too hopeful today that a sufficient number of assemblymen would be present tonight when the state legislature is to reconvene to put through the financial program. The state faces a very serious financial embarrassment unless the revenue bills and appropriations for bond interest are passed.

Great French Army Ends Sham Battle Lasting Seven Days

CARTEL-BARRASIN, France, Sept. 17.—A pitched battle in which 130,000 men clashed was fought near here today in the presence of President Raymond Poincaré. It was the closing feature of the French maneuvers. The northern line army and the southern line army marched thirty to forty miles yesterday, the soldiers carrying the full active service equipment, weighing over fifty pounds. Before daybreak cavalry, artillery and infantry were striding in preparation for the decisive battle, while aeroplanes were fitting over the respective positions endeavoring to discover the commanders' intentions. President Poincaré, with Eugene Etienne, minister for war, observed the battle from a hill near this town. He was surrounded by a brilliant staff and accompanied by the military attaches of the foreign embassies. The president repeatedly expressed his admiration for the endurance and marching powers of the troops. Many of the infantry regiments marched thirty to thirty-five miles yesterday, the soldiers carrying the full active service equipment, weighing over fifty pounds.

Mrs. Acoff Gets Two Years for Forgery

KANSAS CITY, Sept. 17.—Mrs. Minnie Acoff, of Des Moines, who when arrested for passing worthless checks at two local department stores, gave an excuse that she forged the checks to save her two young children from starving, was sentenced to two years in the penitentiary by Judge Laishaw in the criminal court today. Mrs. Acoff's story of being deserted by her husband and of a struggle with poverty failed to impress the court. Evidence was cited that the woman was charged with forgery in Wichita, Kan., and other cities. Mrs. Acoff's daughters, 8 and 11 years of age, were placed in care of the juvenile court.
