BANKERS TALK MONEY BILL

State Financiers Gather in Convention at Lincoln.

YATES REPORTS FOR COUNCIL

Bankers Take View New Bill Will Affect State Banks to Certain Extent, and It Is Well to Be Prepared.

(From a Staff Correspondent.) LINCOLN, Sept. 25.—(Special.)—With the attendance over the 250 mark at noon of the first day and with a probability that the seventh annual Nebraska Bankers' association attendance will out number that of any previous year the bankers are talking shop here today.

The response to the mayor's welcome was delivered by Charles N. Hinds of Odell and the president of the association delivered the annual address which covered the work of the last year and a hope for continued or better growth for the year to come.

The report of Secretary William B. Hughes of Omaha showed that there had been an increase in membership during the last year from 979 to 1017. There are thirty-two new banks in the state which have started since the association met last year.

Yates Talks of New Law.

Henry W. Yates of Omaha, chairman of the executive council, read his report of the work of that body during the year. He spoke of the new currency law which had passed one branch of the national congress and was now awaiting its fate in the other body. In his estimation the proposed legislation was revolutionary, and while it was aimed at national banks, would effect state banks to a considerable degree.

Mortgages and Taxation.

J. M. Evans, cashier of the Farmers State bank of Shubert, delivered an address on "Deducting Mortgage-Secured Notes from Capital Stock for Taxation." His speech was in the main a criticism of the Smith law passed by the last legislature, which, he said, was intended to prevent double taxation. He did not exactly criticize the supreme court for its decision covering the constitutionality of the law, but he thought that the decision was not hardly fair to the banks; but added, "Just the same, I am not in favor of the recall of judges."

He said that the creation by the last legislature of a tax commission was a step in the right direction and he had a great deal of confidence in the personnel of the members chosen. He said that in the event the constitutional amendment relative to taxation carried at the next election, the members of the tax commission were empowered to draft a bill covering the new law wanted. "But," said he, "they have a hard job on their hands."

Bankers Must Be Watchful.

Mr. Evans thought that the idea of some people that the bankers should keep out of legislation was a poor idea. "I do not know why the bankers of Nebraska are not as competent and have just as much right to be interested in legislation as any other people," said he, "and surely we are as competent as some of the fellows who go to the legislature and introduce tomfoolery bills just so to get their names on the records."

This afternoon the session opened with a report by Carson Hildreth, chairman of the agricultural development committee. A paper by Prof. E. W. Hunt of the Twentieth Century Farmer was read, as Prof. Hunt could not be present.

J. C. McDowell of the United States Department of Agriculture delivered one of the principal and most interesting addresses of the convention touching on the relation of the banking business to the business of agriculture.

At 4:30 the delegates took a trip to the university state farm and enjoyed the hospitality of that institution.

The evening was spent in a cabaret luncheon and smoker at the Lindell hotel.

given by the banks of the Lincoln Clearing House association, in which music and vaudeville enlivened the occasion from 9 until 11 o'clock.

Tomorrow will be the big day of the session, in which business and pleasure will both eat a figure. The session will open in the morning with reports from the presidents of the six banker groups of the state and will be followed by a report by the protective committee.

A part of the forenoon program Friday includes an address by Governor Morehead, but the governor had already accepted an invitation to attend the opening of the new athletic park at Beatrice, and it is not known what arrangements have been made to fill the vacancy. Usually Private Secretary Morrissett acts for the governor, but as he is billed for an address at Columbus, it is not likely that he will fill the engagement.

However, the currency question will probably find plenty of volunteers to discuss it and the address of J. G. Berryhill of the Iowa National bank at Des Moines will take up a portion of the time, while the important address of the session by Festus J. Wade on currency legislation will bring out a great deal of discussion.

In the afternoon C. V. Nelson of the First National bank of Stromsburg will talk on the "New Thought in Banking." President W. J. Bailey of the Kansas Bankers' association will address the convention on "Manufactured Unrest," and then will follow the winding up of the convention with reports of committees, election of officers and a visit to the base ball park to see the game between Omaha and Lincoln.

In the evening the annual banquet will be given at the Lindell hotel, at which Church Howe of Atchison will preside as toastmaster.

DAIRY COWS ON STAGE AT ALLIANCE MEET

BROKEN BOW, Neb., Sept. 25.—(Special Telegram.)—The biggest night crowd along the Burlington line turned out tonight to greet the dairy train. The lecture was given in the assembly room of the public service club and a unique feature was the introduction of the three dairy cows which were taken from the train to the club rooms, led through the audience and up to the stage, where they occupied positions amid appropriate settings. Hundreds crowded into the building and many had to be turned away.

Attorney Accidentally Shot.

ST. PAUL, Neb., Sept. 25.—(Special.)—HENRY NUNO, a prominent attorney of this city, shot a couple of toes off his foot Tuesday while hunting ducks on the Loop river. Mr. Nuno was in a blind and in some way his gun caught in the brush and was discharged. He was alone at the time, but showed considerable nerve by gathering up all his decoys and other paraphernalia and carrying them to the shore. He managed to get to his home in this city before summoning the doctor.

PIMPLES ON FACE, NECK AND ARMS

Very Large, Itched Badly. Suffered Terribly. Used Cuticura Soap and Ointment. Entirely Cured Now.

411 Howard St., Dayton, Ohio.—"About a year ago my face, neck, arms and back were beset with pimples and blackheads. My pimples would get very large and appear to come to a head. If I tried to open them the pain would be terrible, but nothing could be taken from them. They itched very badly; I suffered terribly from itching. After scratching, the pimples would swell and after the swelling was gone my face would become very red and painful so for some time. My clothing caused the itching to be worse. When it was warm it was utterly impossible to sleep."

"I used a cream and the more I used the worse they got. Finally I read the advertisement of Cuticura Soap and Ointment and determined to use them. I bathed the pimples every night in warm water, using Cuticura Soap, after which I would apply the Cuticura Ointment. In the morning I would wash it off with Cuticura Soap and again apply the Cuticura Ointment. The itching stopped almost immediately. This was about three months ago and I am entirely cured now." (Signed) Miss Marguerite E. Jacobs, Jan. 13, 1913.
