Foreman at Cudahy Found Today With Fractured Skull

John Green, age 60 years, 419 U street, South Omaha, died at his home yesterday morning as a result of a fractured skull and other injuries received in one of the best rooms of the Cudahy Packing company plant. He has been at the head of the conveying department for a number of years and did not return home Wednesday night after the work of the day was over. Mrs. Green became alarmed and later in the evening started a search around town, without securing any information of his whereabouts. Along toward morning a watchman at the plant found him in a serious condition lying on the floor of the conveyor room with his skull badly crushed above the left eye, several ribs broken and generally bruised up. Dr. H. T. Allingham was called and had the injured man conveyed to the South Omaha hospital, where he died at 9 o'clock. The body was taken in charge of by Undertaker B. J. Larkin and an inquest will likely be held. Dr. Allingham advances the opinion that death may have resulted from apoplexy. Surviving the deceased besides the widow are nine children.

Attorney Stopped from Concealing Facts in Petition

A blow was struck at a practice of local attorneys, who have removed petitions from district court after filing, and concealed their contents from the public, when J. E. Von Dorn, an attorney, was compelled to return a petition filed by him. Following a demand that the contents of the petition be made public Von Dorn asked Presiding Judge Sutton for an order allowing removal of the petition. The request was refused. "It is not the policy of this court," said the judge, "to say to men and women go ahead and do wrong and if you get into trouble the newspapers will not be able to print the facts." "While I know that apparent injustice is sometimes done to women by publicity, I believe that this is more than counterbalanced by the fact that many persons will not do wrong if they know that an account of their actions will some time be public property." Von Dorn was intercepted by an employee of the office of the clerk of the district court as he was coming from a court room and compelled to hand over the petition.

LUBRICK LIPHARD AGAIN IN LIMELIGHT OF POLICE

Lubrick Liphard, 298 Pacific street, aged 34 years, who created a mild furore in Washington, D. C., when he told the police there that he had been driven from his home in Omaha, has again attracted the attention of the authorities in his case. Since his return he has been conducting himself normally until yesterday, when he flourished a big six-shooter and started on the warpath, shooting at every object that displeased his fancy. A call was sent into the police station by neighbors, but when Detectives Dunn and Ring appeared on the scene he had slipped away. A search of the house was later conducted by Police- man Utner, who was apprised of the youth's presence, when the youngster took a shot at him through a closed door that the officer was trying to open. He was later brought out and taken to the police station, from where he was turned over to the juvenile court.

WOULD-BE SAFE CRACKER IS CAUGHT IN THE ACT

Frank Cummings, address unknown, was caught trying to work the combination of the safe of Goldsmith's saloon at Ninth street and Capitol avenue. Cummings gained entrance to the place early Thursday morning, when the youngster took a shot at him through a closed door that the officer was trying to open. He was later brought out and taken to the police station, from where he was turned over to the juvenile court.

CAT BADLY BITES AND CLAWS THE CHEF'S ARM

While ousting a vagrant cat, which had crawled into a cracker box under the counter of the Empeda restaurant, Sixth and California streets, R. H. Murrehouse, night chef, had the flesh of his left forearm lacerated by the cat's claws and the right arm bitten to the bone. Covered with blood, he came to the police headquarters for emergency treatment, where the wounds were cauterized to prevent blood poisoning.

JUDGE LESLIE ORDERS MANY BONDS FORFEITED

Judge Leslie of the district court dismissed four defendants who had appealed from sentences in police court and forfeited the bonds of Mark Bell, Ed Blunston, Will Hall, Peter McAvay, Oscar Johnson and Charles Karrafados, who failed to appear for trial.

KING AK AS A BALL PLAYER

May Have to Catch Keys of the City Thrown from Window.

MAYOR MAY STAND ON AN AUTO

Dahlman Says He Will Apologize for His Undignified Delivery, but Says that it is the Best He Can Do.

Mayor James C. Dahlman may hang suspended by a rope from his office window to hand King Ak-Bar-Ben the keys to the city when that merry old monarch parades up Farnam street. The city commission is without power to appropriate funds to build a grandstand in front of the city hall, which has heretofore held the city officials while the mayor officially handed over the keys. "I may get a big soap box or a step-ladder," said the mayor. "Some of the plain people could hold the ladder and the city officials could stand on the rungs while I sat on top and gave the king the keys."

FUNERAL OF WAGENSELLER TO BE HELD THIS AFTERNOON

William Henry Wagenseiler, whose funeral is to be held from the residence at Twenty-eighth and Spaulding streets at 2:30 o'clock, this afternoon, was born at Pekin, Tazewell county, Illinois, on February 1, 1865. After returning from an enlistment in Company C, One Hundred and Thirtieth Illinois Infantry, he married Ophelia Leighton on October 17, 1888. He was engaged in the wholesale saddlery business in Pekin with his father until the latter's death. After a short residence at Peoria, Ill., he moved to Omaha in 1884 and engaged in the hardware business on Sherman avenue until injured in a street car accident three years ago.

REMARKABLE CURE OF DYSENTERY

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months, when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes H. W. Hill of Snow Hill, N. C. For sale by all druggists.—Advertisement.

Prof. E. R. Missett.

Electric Car Just from the Shop Hits a Furniture Truck

C. W. Turner's electric car glittered and sparkled up Thirty-seventh street Wednesday afternoon, having been just fifteen minutes out of the paint shop, where it received an elegant finish. Then it committed suicide. It was Mr. Turner's sister-in-law that was driving the car. She got out to make a call near Thirty-seventh and Farnam streets. Somehow she did not properly "anchor the boat." She had no more than left it, when it began sliding nosily down the steep grade between Farnam and Dodge streets. Faster and faster it slid, keeping close to the curb. At 300 feet it had gained a good momentum. An Orchard-Wilhelm truck with the endgate down was standing in its way. There was a crash, and practically the whole body of the electric car was shaved off the trucks by the heavy endgate of the delivery wagon.

SUNDERLAND CERTIFIED COAL IS BETTER. This dry-looking coal talk is full of good common sense and every coal buyer who reads it should find good reason for ordering here. Better than what? Better than any coal in Omaha. What is "Certified" Coal? "Certified" Coal is not a particular brand of coal. It is a quality standard, nothing else. Read on, please. We sell 31 kinds of certified coal. These come from many different mining districts. Because of our enormous tonnage we have the pick of all the mines in all districts—of course we pick the best. Our rigid system of double inspection, first at the mines before shipment and then again upon arrival at Omaha, gives us two chances for rejecting if quality is not the best. If not the best it's not good enough for us to guarantee nor for you to use. We have soft coal for \$4.50, \$5.50, \$6.50, \$7.00, \$8.00 and \$8.50—all absolutely guaranteed by us. Folks who burn low price coal know that the quality is not equal to coal of higher cost, but we know they are satisfied if they receive the very best coal of the price. "Certified" Coal means we attach to every delivery ticket our "Guarantee Certificate" in which we contract to deliver the exact kind and weight ordered and agree to refund price and remove coal at our own cost if for ANY reason customer is not pleased. Is that plain? Maybe you have been thinking of changing dealers; perhaps your usual dealer has gone out of business; perchance this is a good time to invite you to commence using your choice of our 31 kinds of Certified Coal. SUNDERLAND BROS. CO. Entire Third Floor, N. E. 60 Yell-os Corner 17th and Harney, Opposite Court House Doug. 262
