COLDS

A hard stubborn Cold that hangs on, is broken up by Humphreys' "Seventy-seven" Colds. The second sign of a Cold is a sneeze, a shiver, or a hot flushed face, which never would have been if you had heeded the first sign of lassitude, as described last week. Even now it is not too late to break up the Cold if "Seventy-seven" is taken at once. Don't wait until the cough and sore throat set in, or it may take longer. "Seventy-seven" is a small vial of pleasant pellets, that fits the vest-pocket, easy to carry, easy to take. Is for sale in every store in America that sells medicines; prices, 35c and \$1.00, or mailed on receipt of price. Humphreys' Homeo. Medicine Co., 159 William Street, New York.—Advertisement.

HURRY WORK A SPECIALTY

"Speed" at Dresser Bros' Cleaning Plant is Cultivated and Studied.

QUALIFIED THOUGH QUICK

"Rush" work is one of the evils of a cleaners' and dyers' establishment. No cleaner loves "rush" work, but any cleaner of importance is continually confronted with jobs that require SPEED and lots of it. And Dresser Brothers, the cleaners and dyers with the \$7,000 plant at 2311-2313 Farnam St., have planned a clever system to meet the "rush" work that continually falls their lot. Dressers maintain an entirely distinct force which they designate as the "Rush Squad." The "Rush Squad" is a bunch of speedy experts and certainly plays pranks that make a streak of lightning look jealous occasionally. Sometimes the "Rush Squad" will completely clean and press a suit or dress in a mere matter of hours; sometimes it will take a suit or dress and completely alter its style and clean and press it in a day. In any case the "Rush Squad" will put through your work with the quickest speed ever allotted to business. A few hours make a big difference in the length of time required to get out a job. Leave Dressers to have it in the regular way and you'll have your clothes back quicker than you would from any other establishment; but if you persist and specify that the "Rush Squad" takes the work in hand, rest assured that you are going to GET the package SOON. The "Rush Squad" will serve in good stead now that a lot of strangers want clothes cleaned and pressed in a hurry. The same "Rush Squad" will prove a salvation for the man or woman who has cut off the cleaning and general fixing up of the garments they laid aside at the close of last winter. Folks NEED cool weather clothes now and they look for a cleaner who can SPEED up a job of cleaning on the clothes they were LAMB year. Just phone Tyler 35-Cive Dressers a little time if you are fearful-but demand that the "Rush Squad" sets in its work if you are REALLY in a hurry.

CROSS CALLS IT JOY RIDE

Details Trip from Walla Walla with Detective Murphy.

OFFICER TAKES IN TOWNS

In Minneapolis Puts His Prisoner in the Bull Pen and Then Goes for an Outing with His Family.

(From a Staff Correspondent.)
LINCOLN, Sept. 27.—(Special.)—Herbert E. Cross, charged with wife abandonment, who was brought back to Omaha on an application made by Governor Neff, arrived in this city yesterday morning. Details of which were given in The Bee Thursday, in connection with the expense account filed by City Detective Frank Murphy of Omaha for bringing Cross back, has sent the following communication to the state auditor relative to the claim of \$25.00:
OMAHA, Neb., Sept. 25.—W. E. Howers, Lincoln, Neb., Dear Sir: Having seen the article in The Omaha Bee relative to expense account turned in by Officer Frank Murphy, I am writing regarding same, as I am the party sent for.

Murphy arrived in Walla Walla Sunday evening, August 3, 1913. I had a preliminary hearing Monday, August 4, at which time Mr. Murphy did not have the necessary extradition papers, but as I was willing to waive extradition he agreed to telegraph the governor of Washington regarding papers. We left Walla Walla Monday evening, arrived Spokane Tuesday morning, somewhere about 7 o'clock. We could have left Spokane at 3 the same morning, but he stated he had never been in that country before and wanted to see the town. He placed me in the bull pen and left me there twenty-four hours and we left on the same train on the morning of Wednesday, August 7, Tuesday he took me to Spokane, listed some people who previously lived in Omaha and in the evening was out with the bull pen and as his wife and child were visiting in Minneapolis he went to where they were and took his daughter and niece out to the state penitentiary Friday. We left Minneapolis Saturday morning, August 9, in a day coach, arriving in Omaha Saturday evening at 10:30 o'clock, or near that time. My friends here wanted me to enter complaint regarding my treatment on this trip, but have not done so, but writing the article in the paper my friends should be satisfied. He simply made a pleasure trip out of a business trip and held me in jail while doing so, as we could have been in Omaha two days sooner than we did arrive. If you in any way doubt my statements you can write or call on W. E. Howers, or can refer you to other residents in Omaha. Yours very truly,
HERBERT E. CROSS,
Platton, Omaha.

MURPHY'S EXPENSE ACCOUNT.
The expense account filed with the auditor shows that Murphy spent nine days on the trip, for which he is to receive \$15 per day. The railway fare was placed at \$12.50, though the rate to Spokane and return is given out by the railroads to be \$20. The fare for one man from Spokane here is \$33.75. The officer spent \$33.50 for Pullman sleeper and \$30.00 for meals, which for the nine days put in for the four days for the prisoner on the way back would make about \$135 a day for meals for each man. Hotel bills were placed at \$1 at one place and \$1 at another. Taxes with minor items, run the cost of getting Mr. Cross back to Nebraska up to \$12.00.

COUNTY MAY SUSPEND THE ROAD DRAGGING LAW

(From a Staff Correspondent.)
LINCOLN, Sept. 27.—(Special.)—In answer to an inquiry made by C. N. McElfresh, county attorney of Platte county, relative to a construction of house roll No. 32, which provides for a system of road dragging in its various counties of the state, the attorney general's office has placed a construction on the law. The Platte official asked, "Is it discretionary with the county board to refuse to adopt said system, irrespective of the fact whether or not the roads of said county can or cannot be improved by dragging?"
The attorney general says in part: "In order to suspend the provisions of the county board shall, by majority vote, decide two things: First, that it will not be practicable for the county to adopt the dragging system. Second, that the roads of the county cannot be improved by dragging, on account of natural conditions of the excessive amount of sand, rock or gravel of which said roads are composed."
These matters may be determined by the county board on a hearing. If it sees fit, or they may be determined by the county board by reason of its general knowledge of the conditions of the county. When the county board makes a finding, which includes both of these things, that finding would have the effect to take the county out of the provisions of the act and entirely exempt it therefrom. These findings of the board, by a ma-

NAME NOT ON WIFE'S Tombstone and He Sues Stepchildren

MARYVILLE, Mo., Sept. 27.—Olive S. Deles, wife of E. L. Pierce, born in Franklin county, Massachusetts, July 24, 1861, died March 2, 1912.

These words on a tombstone in a cemetery here led to the filing today of a damage suit for \$10,000 by Joseph D. Pickett against three children of his late wife, Edwin L. Pierce, who was a rich farmer who lived at Winslow until his death in 1902. In 1902 his widow married Pickett. She died March 2, 1912.
Of Pierce's five children, three, Charles and Edwin Pierce and Mrs. Emma Bivens are blamed in the suit for alleged libel, in their failure to have inscribed upon the tombstone the name of Pickett as their mother's second husband.

HOW NEW FRUIT RATES WILL AFFECT BUSINESS

LINCOLN, Sept. 27.—(Special.)—The opinion handed down by the state railway commission yesterday on the freight rate on apples and other fruit in Nebraska has been further augmented by the filing with the commission by Rats Clark U. G. Powell of a statement showing the difference in rates the new ruling will put in effect. The statement shows the old and new rates from the principle apple growing towns of southeastern Nebraska to those points where apples are most frequently shipped and shows in some instances a lowering of rates over fifty per cent.
For instance the rate is shown below on shipments on apples pears and peaches to North Platte from two of the towns shown:

RECALL ELECTION FAILS TO OUST SCHOOL HEAD

HANFORD, Cal., Sept. 27.—The recall election against Mrs. N. E. Davidson, superintendent of schools of Kings county, who was charged with neglect of duty, failed today. Returns from twenty-eight precincts give Mrs. Davidson 1,541 votes to 1,284 for her recall. Mrs. Davidson was the first application of the new law against a school official in California. The recall was initiated by friends of Thomas J. Roseman, former principal of the Hanford Union High school, after his certificate had been revoked by the County Board of Education as a result of charges of immoral conduct filed against him by Mrs. Davidson.

Beatrice Wagner Shot By Boy's Carelessness

Beatrice Wagner, 14-year-old daughter of Mr. and Mrs. W. E. Wagner, 423 Capitol avenue, was shot and perhaps fatally wounded yesterday afternoon when Kenneth Shepard, 9-year-old son of Mr. and Mrs. W. E. Shepard, 414 Capitol avenue, secured a twenty-two calibre rifle belonging to his older brother and in shooting at a mark, accidentally pointed the weapon in the direction of the Wagner home some 100 yards away. The bullet entered the girl's abdomen, penetrating the intestines, and in spite of an operation performed at Clarkson hospital, to which the child was removed immediately after the accident, the lead was not located.

HALL COUNTY CORONER FATALLY HURT IN UPSET

GRAND ISLAND, Neb., Sept. 27.—(Special Telegram.)—Thomas O'Gorman, coroner of Hall county, probably was fatally injured, and William Nelson, barber, and E. F. Younkin, wholesale poultry dealer, were seriously cut and bruised in an automobile accident two miles east of Wood River at 3:30 tonight. With Frank Spethman as driver they were in a mob of about thirty automobiles making a Commercial club booster trip to the Kearney fair, and were on their return when they struck a railroad crossing at an angle. The car was thrown upon the track, badly wrecked, and all but the driver were injured either by falling on the rails or under the wreckage.

LOOKING AFTER HOME LIFE

Many Speakers Discuss Problems at African Methodist Conference.

ALL URGE MORE EDUCATION

Mite Missionary Society at Work to Rescue the Boys and Girls and Improve Their Condition.

"Throw Out the Life Line" was used to open the Mite Missionary society, the female branch of the African Methodist conference yesterday afternoon. Mrs. W. T. Osborne of Omaha, presided, and in her opening remarks, said: "We as women are striving to throw out the life line to rescue our boys and girls. We are looking after the home life of our race. No time in the history of our race was there as much required of us as today. Our children must be educated, they must be kept from the streets and receive the proper home training. We have too many young people in the jails, too many young people in the dens of sin. Let us save them."
Mrs. H. Moore read the scripture lesson and Mrs. J. W. Johnson made the opening prayer. "Woman's Work in Missions" was the theme discussed by Mrs. W. T. Higgins of Leavenworth, Kan. A literary and musical program was rendered. A collection of \$29.25 was raised for missionary work.
"Education" was the theme discussed in the conference last night. Bishop H. B. Parks spoke and music was rendered by the choir.
The report of the committee on education, opened the discussion. Prof. E. R. Vaughn, dean of the theological department of Western university, Quindaro, Kan., spoke on the "Necessity of a Trained Ministry," followed by Prof. H. T. Kealing, A. M., president of the Western university, who delivered an address. He urged that the young people take advantage of the schools opened to them.
"This is an age of thought," he said, "and I am anxious to produce in this race a number of thinkers, and they will work out the future of our race. We have not given to the world enough thinkers."
Dr. A. M. Ward of Denver, Colo.; Dr. J. C. Owens and Rev. W. T. Higgins made short addresses. Dr. H. F. Watson of Washington, D. C., who left the city at the close of the session last night, said that he was glad to visit Omaha once more in life and to see the progress being made by his people.
Plans Judicial Decisions Recall.
KANSAS CITY, Sept. 27.—The recall of judicial decisions was opposed in a speech by Judge Frank K. Dunn, chief justice of the supreme court of Illinois, before the Missouri Bar association.

A new office boy challenged Thomas A. Edison at the door of his own laboratory. He knew what he was there for but he didn't know "the wizard" when he met him face to face. Lots of people are just like that office boy. They realize the importance of style—they determine that only real styles should receive recognition and then when Dame Fashion really does come along they fail to recognize her.

We're the Whole Show

when it comes to **Refined Fashion** for Womenfolk

Pardon the boastfulness of this assertion—but a few moments spent in our much improved and greatly enlarged Garment Section will give you the same opinion as we ourselves hold.

In this store you will find nothing that is tawdry or vulgar in style, but on the contrary—you will find styles that are the very embodiment of refinement and elegance.

Some are the creations of master American style-crafters—others are reproductions and adaptations of the better class of French Styles. They are uncommon and exclusive with this store.
