FIND GIRL IN ROAD HOUSE

Police Locate Edna Case at Metcalf Place.

RETURNS HOME WITH FATHER

After Escaping from the Mount Loretta School, Starts Out in Search for School Friend, She Says.

Miss Edna Case, the 15-year-old girl, who escaped from the Mount Loretta Catholic school, Council Bluffs, by letting herself down upon an improvised rope made of sheets and blankets and disappeared in the darkness and rain after midnight Wednesday, was found yesterday afternoon at Mrs. Metcalf's roadhouse on the Iowa side of the river and returned to her father. Her discovery was due to the newspaper publicity given the case.

Mr. Baker yesterday questioned the girl and quickly ascertained that she had a mission of her identity. She said she was seeking to find 287 Broadway, where a school mate, Miss Mabel Metcalf lived and assured the Bakers that if she could find her school girl friend she knew she would be cared for. She said Mabel and she were great friends, and that since Mabel left the school at the end of the spring term and did not return at the beginning of the present term she had regularly corresponded with her, addressing her letters to 287 Broadway.

Friendship of Two Girls

Miss Mabel Metcalf, whose friendship for Edna Case led the latter to make a strong effort to find her, is a remarkably bright and handsome child, with a history that is not without public interest.

Sauerkraut Goes Up in Cabbage Center

FREMONT, O., Sept. 27.—To be added to the high cost of living is an increase in the price of sauer kraut. Today kraut cabbages reached \$1 a ton. Kraut makers in this city, the center of the American kraut industry, had hard work getting material at that price.

MITCHELL ACCEPTS THE ENDORSEMENT OF LEAGUE

NEW YORK, Sept. 27.—John Furrov Mitchell, fusion candidate for mayor, accepted the Independence league endorsement today after selecting Robert Adams, who was the secretary of the late Mayor Gaynor, as his campaign manager. Several weeks ago Mr. Mitchell declined the league's support because of his fusion associates, William A. Freudenberger, for controller, and George McAnany, for president of the board of aldermen, had not also been endorsed.

One Gambling Game is Found Running on the King's Highway

Although the Ak-Sar-Ben board of governors made an effort to cut out gambling on the King's Highway, the fine comb road must have had a broken comb, for last night there was every evidence of gambling at one booth on the main thoroughfare. Ten pins, nine inches in height, are placed on a table in a manner similar to ten pins in a bowling alley. Three ordinary base balls are sold to the customer for 10 cents. If he knocks down less than six pins from a distance of fourteen feet, with the three balls, he gets nothing but a pleasant smile.

If the thrower knocks down six or seven pins he wins a cigar. Eight pins down win five 5 cents cigars or 25 cents in cash. Nine pins win 50 cents or ten cigars and all ten pins a box of cigars or \$1 in cash.

GRAND ISLAND WOULD CUT OFF THE TRAIN ALTOGETHER

(From a Staff Correspondent.) LINCOLN, Sept. 27.—(Special.)—Commissioner Taylor of the railway commission went to Grand Island this evening, where there will be a hearing tomorrow on the application of the people of Grand Island for a better passenger service over the St. Joseph & Grand Island railroad between that city and Hastings.

HAY BREAKS RECORDS MAY CLIMB STILL HIGHER

ST. PAUL, Minn., Sept. 27.—Prices of all grades of hay today broke all local records and gave indications of still higher prices. Choice timothy sold today at \$30 a ton, with but little for sale. No. 1 clover mixed went to \$17.75 and choice upland sold at \$15 a ton. Packing hay was sold at \$25 and what little alfalfa sold went at \$17.75.

EXPERTS TO VALUE ROAD Public at Des Moines Objects to Four Million Value.

INDIGNATION OVER THE FIGURE Word of Qualified Men Must Be Taken Before This Figure Will Be Allowed to Go Into the Franchise.

(From a Staff Correspondent.) DES MOINES, Sept. 27.—(Special.)—Members of the city council have virtually agreed, it is reported, to let the street railway property in order to satisfy the public that the \$4,000,000 valuation fixed by the council is not excessive or to secure in the new franchise a fair valuation as a basis for purchase of the plant by the city.

A storm of indignation has been aroused over the high valuation on the plant that the franchise would be adopted until that matter is settled.

Girl Would Leave Again. Margaret Luka, the girl who was found at Centerville after four weeks' disappearance, was granted the right to visit today with her parents before being taken into custody by the probation officer for detention at the juvenile home. She will be kept at the home for some time and then be sent to some other institution, but will not be permitted to return permanently to her home. She arrived today and declared that she would run away again if given the chance.

Victory for Automobile Driver. The supreme court set aside a judgment against an automobile driver today. A judgment for \$200.00 had been obtained in Crawford county in the case of Turner W. Hensell because two women were thrown from a buggy when their horses became frightened at an automobile. The supreme court reviewed the evidence and reached the conclusion there was nothing to show that the driver of the automobile contributed to the accident and declared he has the same right in the road as the driver of the horse.

Criticism Too Much Heard. The supreme court has been much annoyed because lawyers insist on making too much record and too long arguments. In one decision the court called attention to the fact that the record is of 400 pages in which more than 300 cases are cited, and that the appellant has seventy-eight alleged errors relied on for reversal, and the appellee cites 111 points in his favor. The court hints there are other cases on the docket and voluminous citations sometimes tend to bog burdens on the court.

Report on School Legislation. Members of the Better Iowa Schools commission, authorized by the State Teachers' association, were in consultation today in preparation of their report to be made to the association in November. They will report on the success in securing needed legislation through the last general assembly. The legislature will act on the report on the conservative and advanced of any in the history of the state. The legislation secured for schools was more important than any that had been put on the books in any state. The program for the future is to make the most of the legislation already secured and to bring public sentiment up to the standard.

A report was read the commission by Mrs. Anna Burdick of the West Des Moines High school on observations in Massachusetts last year on vocational training as it is developed there.

Barber Using Prohibited Stuff. The state pharmacy commission is making investigations into the free use of wood alcohol by barbers. They have found in use in barber shops in this city a hair tonic prepared and sent out by a barber supply company in another state which carries the label that it contains 47 per cent of methyl alcohol. Under the Iowa law any use of this methyl or wood alcohol for any medicinal purpose, either internal or external, is forbidden. It can only be used for burning and mechanical purposes. The commission will undertake to get the facts before the proper authorities so that prosecutions will follow if the poisonous stuff is further used.

Horse Leaps Into a Automobile. GRINNELL, Ia., Sept. 26.—(Special.)—A curious accident happened a few days ago in the eastern part of this county. A horse, driven to a buggy, met an auto on a culvert. The horse had shown no fear of the auto and both were going at a very moderate speed when the horse suddenly made a leap and landed on the running board of the auto, breaking the fender and the wind shield and also breaking his own leg, necessitating his being killed. There was plenty of room for both vehicles and no blame is attached to any one but the horse.

Baby Drabs Lye. GRINNELL, Ia., Sept. 26.—(Special.)—The 14-month-old daughter of Mr. and Mrs. Louis Dammers, living east of this city on a farm, wandered out a few days ago to a brush pile beneath which some old cans had been thrown. One of these had contained concentrated lye that had been partly filled with water from the recent rains, and the little girl got hold of the can and drank enough of the contents to cause her death. She was taken to the hospital after a few hours and died about 4 o'clock in the afternoon until nearly noon the next day.

Omaha Association Compares Well with Others in Country

Facts which place the Omaha Young Men's Christian association in a favorable light when compared with other cities in the United States are given in the new year book of the Young Men's Christian Association of North America, which has just been issued. It is shown that the Omaha association spent more money last year for association work than any other city in the country under 200,000 population, but raised a smaller percentage of it by subscription from business men. This city spent sixteenth in the amount of money spent in cities over 100,000.

AUDITOR REFUSES TO PAY TWO SALARIES TO CLERK

(From a Staff Correspondent.) LINCOLN, Sept. 27.—(Special.)—On the construction of the word "incompatible" hinges the payment of a claim for \$48 filed by Miss Jessie Austin, a stenographer in the office of the stallion registration board and which has been held up by the state auditor's office because it is claimed that Miss Austin was already in the employ of the state and had no authority to draw two salaries. Miss Austin, during her vacation on pay, worked in the office of Insurance Commissioner Brian for a stenographer on vacation who drew her pay for the time also.

Rev. J. A. Maxwell, D. D., of Philadelphia, Pa., has accepted a call to become pastor of Calvary Baptist church. He will begin his work with this church November 1. Rev. Mr. Maxwell is said to have been a very successful pastor in several eastern churches, and in coming to Omaha gives up the work as one of the district secretaries of the American Baptist Home Mission society.
