

BRYAN STIRS UP RUMPUS

W. F. Kelley Appointed Private Secretary to Com. Sec.

REPUBLICAN GETS THE PLUM

Faithful in Capital City Greatly Housed by Selection Outside Ranks for the Confidential Position.

LINCOLN, Sept. 30.—(Special.)—The appointment of W. F. Kelley, a republican of Lincoln, as confidential secretary by Secretary of State Bryan does not set well on the political stomachs of many democrats of the capital city.

There are many reasons given by those who express themselves on the matter, why Mr. Bryan should go outside of his own party and pick a republican for an office where it was necessary to have a man who could take up Mr. Bryan's work in a confidential way.

One democrat this morning was feeling decidedly blue and almost with tears in his eyes, said: "For the life of me I can't see why Bryan should pick a republican for a job like that when there are so many democrats who have stood by Bryan in the past, who want jobs and can't get them. I don't like it. I have stood by Bryan like a good fellow and now to see him go into the ranks of the enemy and pick a man for confidential secretary, when there are so many democrats waiting around for something, it is fierce. It looks as if there weren't any democrats who could hold a job like that and in order to get a good man he had to go to the republicans."

"But," said another democrat in the group, "that's the kind of a stunt the Bryan crowd has been pulling off all the time, and yet, when it comes to a time that he wants anything Nebraska democrats, like a set of fools, will all crowd to his assistance and help him all they can."

Notes from West Point

WEST POINT, Neb., Sept. 30.—(Special.)—The death of Edward Edinger, a pioneer Nebraskan, occurred at the home of his son at Beemer late on Saturday night. The deceased was a native of Wurtemberg, Germany, and was 90 years of age. He had been a resident of eastern Nebraska for thirty-five years past, owning land at Wiener and a few miles west of Omaha. The cause of death was senility. He is survived by three sons—Joseph of West Point, Edward of Beemer and George of Omaha; also by three daughters—Mrs. Gust Wessel of Wiener, Mrs. Fred Ruhe of Omaha and Mrs. Chris Jansen of Fremont. Funeral was held on Tuesday.

The marriage of J. Schepper of Piller to Miss Elsie Wichert of West Point was performed by the county judge on Friday evening. The couple will make their home in Stanton county. Considerable fall plowing and seeding of winter wheat and rye has been done within the last few days, the copious rains having mellowed the ground and made it possible to work the soil with ease.

LINCOLN CITY COUNCIL WOULD CIRCUMVENT HUCKINS

(From a Staff Correspondent.) LINCOLN, Sept. 30.—As an indication that the city officials of the capital city of Nebraska have seen the light and that an effort will be made to circumvent the application made by Henry Huckins for a restraining warrant for the advances he is making to officials under the new charter, it was announced this morning that the city attorney would make an application for a continuance tomorrow, the council having drawn a new ordinance which covers salaries, and it is supposed that if the Huckins application can be sidetracked for a time, the city council will be able to get through a new ordinance which will put the Huckins application for an injunction to the bad.

LOWER RATE UPON CORN

Union Pacific Gives Right to Ship Into Certain Localities.

DUE TO FAILURE IN CROPS

Lower Rate on Buttermilk in Tank Car Lots from Omaha Also Put Into Effect by the Same Road.

(From a Staff Correspondent.) LINCOLN, Sept. 30.—(Special.)—The Union Pacific railroad has made application to the railroad commission for permission to put in effect an emergency rate whereby it will give the people along its line where the corn crop has been a failure the right to ship corn into their locality on a lower rate.

The rate will be in effect only until June 30, 1914, when it will be withdrawn. In making the rate, which is considerably lower than the regular rate on corn, the road sets out that the lower rate is not compensatory and is given only to enable those who have lost out on their corn this year to supply themselves until another crop can be grown.

Lucare Freed. A man named Lucare, who was accused at Oxford of setting fire to the Oxford flouring mills and whom the state fire commissioner has been endeavoring to convict of the crime, was freed by the district court of Harlan county, Judge Duncan presiding, yesterday, according to advice received by Fire Commissioner Ridgell this morning, there not being sufficient evidence to convict him of the offense.

Ayers to Central City. Deputy Attorney General Ayers went to Central City this morning to attend the funeral of his brother-in-law.

Reduction on Buttermilk. The railroad commission has granted a reduction on the buttermilk rate from Omaha to nearby towns. The rate applies only to tank car lots.

AGRICULTURE BOARD MAKES REPORT UPON ADMISSIONS

(From a Staff Correspondent.) LINCOLN, Neb., Sept. 30.—(Special.)—According to a report prepared by Secretary W. R. Mellor of the State Board of Agriculture, the total admissions this year were 128,091. The total paid admissions was about \$9,000, and possibly less, which would make the free admissions about \$9,000.

It takes a lot of free passes to accommodate everybody who takes some part in carrying on the big Nebraska exposition. In the first place, the editors and their wives take about 1,600 free admissions. These are given the newspaper men who contribute largely of their space to free advertising of the fair bulletins sent out by the secretary.

Then everybody who has a concession is entitled to a ticket so he can come and go as he desires. The concessions brought in nearly \$15,000 this year and they were allotted tickets according to the space they occupied, every \$10 space entitling the concessionist to one ticket.

With the fireworks people, the race track men, the police, the watchmen and the school camp this year the number of free admissions counted up. It is the rule of the fair board that every exhibitor of live stock is entitled to a ticket of admission that he may look after his stock, and with the large exhibits this year the live stock free list was a large one.

Last week before leaving Beatrice he complained of pains in his head and told his wife he was going to Fremont to secure a better position. Charles De Voark furnished the only conviction for gambling this town has produced for a number of years. He started a little game of putting the cards at 11 a throw within a few feet of the city hall. He drew fifteen days, when the authorities recovered from the shock.

Two Plans Proposed For Representation in National Convention

WASHINGTON, Sept. 30.—Comprehensive plans to reduce southern representation in republican national conventions will be submitted tomorrow to the republican congressional campaign committee by an advisory committee of five members of the house, which will offer three proposals, each based on the idea that delegates to national conventions shall represent votes actually cast in elections.

Efforts will be made to keep a quorum of the congressional committee in Washington long enough to act on one of these plans and send it to the republican national committee so that an extraordinary national convention may be called next winter to determine its merit.

The plan, which has many friends in the advisory committee, provides for one delegate from each congressional district where the republican vote is 40 per cent or less of the total; two delegates where it is from 40 to 60 per cent. There would be four delegates-at-large from each state. The south had 228 men seated in the last national convention. Under the plan outlined it would have 148. The total number of delegates at the last convention was 1,052, and under the new plan would be 1,044, so that the proportion of northern to southern delegates would be largely increased.

Another plan gives one delegate for each 10,000 votes, with four at large from each state. Under it the southern representation would be seventy-eight.

Coyotes May Put in New Fullback

VERMILLION, S. D., Sept. 30.—(Special.)—The Coyotes turned out to the first practice after the Minnesota contest with a full complement of regulars and scrubs and in fine physical condition after the grueling game of Saturday. Coach Henderson put them through a smart signal practice, giving most attention to the reserves, whom he hopes to develop into a very formidable team. There seems to have been some trouble with the fullback position at Minneapolis and Paulson, Henge and Carlson were all given flings at it Monday evening. In case Henge is pulled back permanently, a new end will have to be developed. Henge seems to have the call on that position at present.

New Buildings at Ida Grove

FORT DODGE, Ia., Sept. 30.—(Special.)—A long row of unsightly frame buildings has been demolished here in the last few days, that have persisted in holding their own between the fine modern business buildings, are to be given the count in almost one round of business building operations, beginning now. McQuilkin, a furniture dealer, is to build a big brick business block. In the next block George W. Mason, who is a pioneer lumberman, is excavating for a big fireproof business structure. In the block above that, A. W. De Lano is erecting a similar building.

Prison Director Learns Basket Making Rapidly

AUBURN, N. Y., Sept. 30.—Thomas Mott Osborne, chairman of the state commission for prison reform, completed his first day in Auburn prison today as a self-convinced inmate for the purpose of studying prison conditions. The report of the prison physician showed that he stood the prison diet satisfactorily. With the broom and basket factory gang he was marched from his cell at 6:30 this morning to empty cell buckets, wash and eat a breakfast of rolled oats, bread and coffee. Mr. Osborne at home usually has lead cantaloupe, cereal, breakfast bacon, eggs and coffee. After breakfast he proved an apt pupil at basket weaving. A mass of letters, telegrams and other communications addressed to Mr. Osborne at the prison was sent back to his office, as he is not permitted to receive communications. Charges Against Ida Grove Lawyer. FORT DODGE, Ia., Sept. 30.—(Special.)—Judge C. G. Lee has appointed D. M. Kelleher, A. N. Botsford and Judge F. H. Heisel a committee to investigate the charges against William E. Condon, who recently stirred up a sensation in legal circles here by starting disbarment proceedings against several prominent attorneys of Fort Dodge. The cases were all dismissed and the judge ordered the preparation of papers asking the disbarment of Condon for unprofessional conduct. Condon declares today he will ask for a continuance until next term. Judge Lee has already made arrangements to exchange with Judge Nichols of Marshalltown during this trial. Lee, who demanded that the charges be filed, offered to bring in an outside judge to hear them. Key to the Situation—See Advertising.

O'Hara Committee Will Resume Work

CHICAGO, Sept. 30.—Private subscriptions have made possible the resumption of the investigation of the senate vice committee, Lieutenant Governor Barrett O'Hara, the chairman, announced today. The committee ceased its investigations three months ago when the appropriation of \$10,000 was exhausted. State Senator Edmund Beall, member of the committee, heads the subscription list with \$1,000, Mr. O'Hara said. The committee will renew its activities following the making of a report of its investigations today, which will be in about two weeks. Among other things, this report will claim that as a result of the committee's work the wages of 100,000 girls have been increased in seven states and thirty-four states have taken some action toward bettering the working conditions of female help.
