HILL LINE TO BUILD CUT-OFF

Announcement is Made that Three Surveys Are Completed.

CHOICE TO BE MADE SHORTLY
Will Make More Direct Line to the Cities to the North and Redeem Promise Made by Burlington Officials.

That the Hill railroads propose to keep their pledge to Omaha and build a short line from this city to Sioux City, eliminating the round-about way into St. Paul and Minneapolis by way of the Ashland cutoff, is now certain.

Three surveys for the short line have been made and the route will be determined at the annual meeting the first of next year. As soon as this question is settled, plans will be made for starting construction early next spring, it being the purpose to complete the line early next year.

One survey leaves the Omaha-Lincoln line near Ralston and runs diagonally northwest through Douglas county, tapping the Ashland-Sioux City line near Gehling. Another leaves the Omaha-Lincoln line in the vicinity of Chalco and runs northwest, paralleling the Union Pacific into Fremont, where it connects with the Ashland-Sioux City line and the third leaves the main line near Belnap and runs northwest through Douglas county, between the Northwestern and Union Pacific, keeping on the divide all through Washington county and coming onto the Sioux City line a couple miles south of Oakland in Burt county.

Each of the surveys affords an easy grade, there not being much difference on this score. It is said that the last mentioned one is looked upon with the most favor, as it would shorten the line into Sioux City by several miles when compared with either of the others and at the same time give a larger territory from which to draw business.

Visitor Victim of an Old Watch Game

Hermann Rihnel of Sioux City has complained to Commissioner J. J. Ryder that Jeweler Fair and a "pal" "jipped" him out of \$15, and warrants for the arrest of Fair and his supposed accomplice are being prepared by Assistant City Attorney Louis J. De Poul.
Rihnel says he walked into Fair's jewelry store at Tenth and Farnam streets to have the crystal of his watch replaced. While talking to Fair a stranger came in and tried to sell a watch for \$50. The jeweler offered him \$15. The man pocketed the watch and walked out, and the jeweler told Rihnel to follow and buy the watch and he would pay him a commission. When Rihnel had purchased the watch and presented it Fair refused to buy it, saying it was worthless.
Patey Havey, assistant to Commissioner Ryder, is investigating the case. He says he has often dealt with men who worked the same game.

MOORHEAD IS TO TAKE TRIP AT OWN EXPENSE

H. G. Moorhead, election commissioner, will leave this evening for his vacation, to be gone ten days or two weeks, in New York City and Cleveland, O. A college associate of his of Oberlin and Columbus, O., George W. Morgan, was state superintendent of elections for the metropolitan district of New York. Mr. Moorhead has arranged with Mr. Morgan to make a thorough study of the New York system of registration and election, and said he expected to gain valuable information for checking registrations and preventing fraudulent voting.

The Nebraska election commissioner law is patterned after the New York, Ohio and Illinois laws. He will also study the Ohio system as it is in operation in Cleveland.

When asked whether the county would bear any portion of the expense Mr. Moorhead was emphatic in stating that the trip was being taken entirely at his own expense.

RECRUITING OFFICER SAYS IT'S A GIRL; WHEE!

Dr. F. B. Cochran of the United States navy recruiting office turned from the telephone with alacrity and exclaimed: "It's a girl, it's a girl, it's a girl—whee!" As the dumfounded recruiting officer looked on wonderingly, his doctor grabbed his hat and coat, rushed by a recruit and made a hasty trip down the elevator and to his home. By and by he came back with a box of cigars and the information that the girl weighed nine pounds, and everybody says she is the image of her pap. The doctor has a family of two boys and a girl now, which is just what he wanted, he says. The recruiting officers are now looking in the back of the dictionary for a suitable name.

SIGN PAINTERS INJURED WHEN SCAFFOLD BREAKS

Bennett Spratz, 224 North Seventeenth, and W. H. Rosenbloom, 2012 North Nineteenth, painters, suffered painful injuries when a scaffold on which they were working at 706 South Thirteenth, broke and they fell to the ground twenty-five feet below.

Spratz sustained a broken right ankle and internal bruises. He was attended by Dr. R. Hirschman and taken to Omaha General hospital for further treatment. Rosenbloom was badly bruised up, but was able to go home unassisted.

Mayor Declares German Day as a Half Holiday

Mayor James C. Dahlman has declared October 2 a holiday and has called upon the merchants of the city to close their places of business and participate in the Ak-Sar-Ben German day festivities. The mayor's proclamation follows:

Whereas, His Majesty, the King of Ak-Sar-Ben, in his great wisdom has commanded all his subjects of German lineage to take upon themselves the duty of showing the good people of Omaha and their many welcome guests who they are, whence they came, what they have done for this glorious country and what their new home has done for them;

Whereas, These loyal citizens of German extraction have nobly responded to the call and have arranged to entertain our good people of Omaha and their many guests with a grand parade and pageant of much beauty and historical and educational value at a large expenditure of time and money to celebrate this occasion, as well as the anniversary of the settlement of the first large contingent of Germans in 1833 at Germantown, Pa. and

Whereas, The school authorities have announced a half holiday for Thursday, October 3, I have

Resolved, That the business men of Omaha be requested to close their respective places of business on said Thursday afternoon between 2 and 4 o'clock, so as to give their employes an opportunity to view the parade and acknowledge the debt of gratitude to our German fellow citizens.
