### WIDOW IS STILL KEPT IN JAIL

She is Accused of Placing Poison in Her Husband's Food After a Series of Domestic Quarrels.

HINGHAM, Mass., Oct. 2.—Several new witnesses were heard when the inquest into the death of Rear Admiral Joseph Giles Eaton was resumed today. Among them were Mr. and Mrs. John Hiltz, neighbors of the admiral, and Edward S. Alger of Rockland, a newspaper man, who interviewed the widow soon after her husband's death, and a woman nurse who attended the naval officer in his last days.

No reason for reopening the inquest twelve days before the date set for the trial of the widow, Mrs. Jennie May Eaton, for murder, was made known. Admiral Eaton died of poisoning on March 8, and the inquest, held soon afterwards, was interrupted by the arrest of Mrs. Eaton, who has since been in jail at Plymouth. She is accused of having placed poison in her husband's food after a series of domestic troubles.

Men going to work were stoned and mounted troops were compelled to use their riot sticks to disperse the mob. Warrants have been issued for several other persons.

Fifteen hundred strikers and sympathizers, including many women, had gathered to stop workmen from entering the mine. The crowd was in an ugly mood and many of the persons in it were armed with stones and clubs. The cavalry, however, gained control of the situation.

Picketing throughout the strike district was in evidence today. One arrest was made in Calumet.

### TWO THOUSAND STOLEN FROM SAN FRANCISCO MINT

SAN FRANCISCO, Oct. 2.—An inventory filed today of the estate of the late Lester Jacobs, United States sub-treasurer here during the great fire of 1906, shows that the vaults were robbed of \$2,000 on or about April 15, 1906, the date of the fire. Jacobs made good the loss privately, and the claim of his heirs against the government for reimbursement is valued at nil.

During the confusion of the fire and the days immediately after the sub-treasury vaults were guarded by United States soldiers. A week later they were opened by a locksmith and \$2,000 was found to have disappeared. The loss was never publicly known before today, although there were rumors at the time.

### CAPTAIN FISHER DECLARES DAWES IS ALFALFA COUNTY

(From a Staff Correspondent.) LINCOLN, Oct. 2.—(Special.)—Dawes county produces some of the best alfalfa seed that is grown today. In fact I will be more emphatic and say that the seed put out by Dawes county cannot be excelled anywhere.

So declared Captain Allen G. Fisher of Chadron, who was in Lincoln on local business Wednesday. The new industry has attracted much attention and is producing substantial revenue.

"The seed is grown under conditions which makes it hardy and vigorous," he continued. "The growers are organized on this score. The growers are organized, the seed inspected and absolutely guaranteed as pure and fresh. It is entirely free from weed seeds. First the climate is ideal for the production of hardy seed; second, the growers have made a scientific study of alfalfa seed production; third, the association inspects and stands back of the product."

"Alfalfa is an important factor in the prosperity of our section of the state and the industry should receive the encouragement of all."

According to figures on file with the state board of agriculture the alfalfa acreage for Dawes county was 12,929 acres in 1912. The value of the 28,112 tons of hay was estimated at \$83,900.

Before Muret was surrendered to the federal authorities he was arraigned today for sentence on his plea of guilty to a charge of having in his possession a dangerous weapon in violation of the Sullivan law. ### Grandma Used Sage Tea to Darken Hair

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss, thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.
