## IMPORTERS RUSH TO TAKE ADVANTAGE OF LOWER TARIFF RATES

(Continued from Page One)

arrangements to the contrary, at the full rates laid down in the Underwood tariff act, unless they were imported into the United States in ships of American registry, in which case they will be entitled to a differential of 5 per cent.

The maximum duties will not apply to goods from Prussia, because of the continuance in force of the old treaty with that country, but goods from all other parts of Germany would have to pay the additional 5 per cent. Likewise, the Canadian shipping on lakes will be charged full rates for their cargoes imported into the United States while similar goods brought across the lakes in American ships will enjoy the 5 per cent remission.

The officials are now seeking an answer to the question as to whether rates will apply to the enormous store of goods now held in bond in New York for entry under the new tariff law.

The immediate effect of this stand on the part of the government is expected to be hasty application from the countries adversely affected for a revision of their existing treaties with the United States. Russia will also be obliged to negotiate a completely new treaty to replace that denounced last year, if it wishes to secure the favored treatment for its exports in Russian ships.

**Cheaper Meat on Coast.**  
SAN FRANCISCO, Oct. 4.—First effects of the new tariff law on the Pacific coast it was agreed here today will be felt in importations of foodstuffs from Australia.

In San Francisco the release of great quantities of butter held in customs stores was expected to affect the local market. Eighteen thousand pounds of Australian butter arrived Thursday and 50,000 pounds more will be here in a few days. Australian meats are now selling at prices lower than those charged for domestic meats, and the quantities imported are to be increased. Butchers advise their patrons that the imported meats shrink somewhat in cooking because of refrigeration.

Oranges, lemons, raisins, prunes and other products of this state will have less tariff protection than heretofore.

### MISSING IDA GROVE PAINTER FOUND IN ASYLUM

IDA GROVE, Ia., Oct. 4.—(Special.)—Ed Vols, the Arthur painter who disappeared on September 5, has been located in an Illinois insane asylum. When his wife went to Chicago in search of her husband the authorities told her they found him wandering about the streets there on September 6 in a half naked condition with no money and no ticket. He told them his name, but could not tell where he was from. Mrs. Vols was taken to the asylum and he recognized her. The experts say he has softening of the brain and upon their advice he was left there. They say he can live but a short time. Mr. Vols was bitten by a mad dog a year ago and worried himself sick with the fear he would develop rabies.

### GIRL CHANGES HER MIND; OELRICHS DIDN'T STAB HER

NEW YORK, Oct. 4.—Lucille Singleton changed her mind today about her charge of stabbing against Hermann Oelrichs, millionaire student at Columbia law school, whose automobile met with an accident while the two were riding in it on Tuesday night along Broadway. She declined in an affidavit that her injuries were caused by points of glass of the windshield through which she was thrown.

### MRS. BURGESS CONFESSES GIVING POISON TO BABY

MASON CITY, Ia., Oct. 4.—(Special Telegram.)—After a long conference with police last night most of the forenoon, Mrs. A. B. Burgess, who said she was the victim of a poison plot by a masked man last night, broke down at noon today and confessed she administered the poison to her baby herself to get rid of it.

### DEATH RECORD.

**Hunter-Dafoc.**  
TECUMSEH, Neb., Oct. 4.—(Special.)—Miss Bess Dafoc, one of the best known and popular young women of Tecumseh, and Earl L. Hunter of Weeping Water were married in this city, Thursday evening. The ceremony occurred at the home of Mrs. Carrie Dafoc, at 8 o'clock and was witnessed by a small company of near relatives. Rev. E. M. Purman, pastor of the Methodist Episcopal church, was the officiating clergyman, and the ring service was used. The bride was attired in a beautiful dress of chiffon voile, with shadow lace, and carried a bunch of yellow roses. A session of congratulations followed the ceremony, after which light refreshments were served. The party having enjoyed the wedding dinner at the home of Mr. and Mrs. Frank Dafoc at 4:30 o'clock. The bride is the adopted daughter of Mrs. Dafoc and is a graduate of Nebraska Wesleyan. The groom, who is the son of Mr. and Mrs. L. N. Hunter of Weeping Water, is also a graduate of Wesleyan. He is associated with the Weeping Water Republican, and is the editor of the paper.

### George Prentiss.

HUMBOLDT, Neb., Oct. 4.—(Special.)—George Prentiss, aged 76 years, died at 4 o'clock Friday morning from a stroke of paralysis. Mr. Prentiss was a native of Ireland, came to Ohio in his youth and to Humboldt thirty-two years ago. The funeral will take place Sunday morning. Mr. Prentiss had never married and leaves only distant relatives.

### Mrs. Melissa Billings.

MCCOOK, Neb., Oct. 4.—(Special.)—Mrs. Melissa Billings of South McCook died last night, aged 69 years. Funeral services were held at the home Saturday morning at 10 o'clock, after which the body was shipped to Indianapolis for burial.

### M'GILL BUYS INDIANAPOLIS

Denver Owner and Associate Takes Over the Team.

### DEAL IS FULLY COMPLETED

Still Retains Ownership of Gently Franchise, but Negotiations Are on for Its Sale at Early Date.

INDIANAPOLIS, Ind., Oct. 4.—The Indianapolis American association baseball club was sold here today by Sol Meyer, owner, to James C. McGill, George A. Wahlgren and Jack Hendricks of Denver. The purchase price is said to be \$100,000, the largest ever paid for a minor league organization. The disposal of the franchise by Meyer comes after a year of futile effort to build up a winning aggregation. He became owner during the summer of 1912, and that season and the one just ended the team finished in last place in the association race. Since 1908, when the local team won the association pennant, base ball from an Indianapolis standpoint has been disappointing and attendance has been poor.

This city is said to be one of the best base ball towns in the circuit and with a team playing fairly well the returns to the promoters have been large.

The negotiations that led up to the sale were opened in mid-summer when McGill stopped here on a trip east and made an offer for the club. At that time, it is said, Meyer held out for \$175,000.

The season just finished was particularly disappointing to the owner. It generally was conceded that all of the Indianapolis players were individually among the best in the league. They could not play together, however, and lost regularly.

McGill for years has been president of the Denver team of the Western League, Denver story.

DENVER, Colo., Oct. 4.—It was announced here tonight that Jack Hendricks would assume the management of the Indianapolis team of the American association acquired today by J. C. McGill, George Wahlgren and himself. Hendricks has led the Denver team of the Western league to second place four years ago and won the pennant each succeeding year. His successor here has not been chosen.

Mr. McGill still retains ownership of the Denver team, though negotiations are pending for its purchase by E. D. Smith of the Chicago Americans.

It was announced tonight that all arrangements had been completed for the post series games between Denver and Milwaukee, winners of the Western league and American association pennants, for the championship of minor leagues. The first game is scheduled to be played here October 12. All of the games will be played in Denver.

### Police Stop Match, Arresting Buckles and John M'Cormick

Guy Buckles and John M'Cormick, who were trying to give the fifty spectators gathered in Washington hall last night a sample of fistie art, were arrested by the police under orders of Commissioner Ryder and charged with prize fighting. The men promoting the engagement secured permits for a boxing match from Sheriff McShane and from Mayor Dahlman. While the bout was going on, someone called up the police commissioner and he ordered the police to stop the contest. Captain Helfield and Officer White made the arrests. The men were not released on bond last night. They were arraigned in police court this morning and each fined \$5 and costs.

The match had been arranged to permit a go between Art Magier, the Oklahoma bearcat, and Buckles, but this match was postponed in view of the small attendance and it was said an effort would be made to have it pulled off next Friday night. However, Magier went three rounds with the Baltimore Kid and showed his wares. Only Buckles and M'Cormick were arrested.

The first preliminary went but part of a round and Young Mack put Kid Smith under the ropes with a sleep-producing punch.

The second bout between Tommie Smith and Alexander went six rounds to a draw and was a tame affair.

Magier is one of the classiest middleweights seen in Omaha in some time. He is quick as a cat with his mitts and gets about on his feet in a lightning-like manner. He follows his leads for all they are worth, is a good judge of distance and is a good ring general. With proper handling he should make a good match with the best in his class.

### TO DROP MURDER CHARGES AGAINST WILLARD, ET AL

LOS ANGELES, Cal., Oct. 4.—The prosecution of Jess Willard and others on charges of murder resulting from the fatal Young-Willard boxing bout at Vernon will be dropped.

Information charging them with prize-fighting was filed late today in the superior court by W. J. Ford, assistant district attorney. The charges were based on the fact that the murder charge was not backed by sufficient evidence or legal precedent to warrant a prosecution. Promoters of the Vernon boxing cards are busy preparing for another match here on October 14.

### EIGHT HEATS CAN'T SETTLE IT

Trotting 2:08 Race Becomes Longest of Grand Circuit Season.

### RACE WILL BE SETTLED TODAY

Doctor Thorne and Morine Fight a See-Saw in 2:16 Trot, the Former After a Rally Winning by a Neck.

COLUMBUS, O., Oct. 4.—Eight heats of the 2:08 trot on today's program did not settle the race, which becomes the longest of the Grand Circuit season. Derby Boy and Denmore will trot a ninth mile again to determine the winner.

Etawah, the 3-year-old colt of the Geers stable, was the favorite. He lost the first two heats, won the next two and made a break near the finish of the fifth heat. Prior to the start of the sixth heat he was withdrawn on account of lameness.

Douglas McGregor, that took the first two heats, was not up to a long struggle, but managed to remain in until the seventh, when he was too weary to avoid being distanced. Derby Boy prolonged the race by winning the eighth heat, after Denmore had taken two of the previous seven heats.

There was no resumption of the Buckeys' stakes, five heats of which were contested on Thursday. It was discovered that Peter McCormick has no right to start the fifth heat, as he did not stand as a money winner after the fourth heat. Consequently he was disqualified and the race awarded to Lady Gratian. Pan Fatch, Tommy Horn, Vaster, Nata Prime and Harry J. S. were the other money winners, the stakes being divided six ways.

Dr. Thorne and Morine fought a see-saw in the 2:16 trot. The former, rallying in the fifth heat after Morine had passed him a few lengths from the finish, won by a neck. The victor was the first choice.

Bradford Direct and Margot Hal, favorites for the champion stake and the 2:18 class pace, won in straight heats without much opposition.

The track was in good condition, but the weather was cool and cloudy. The meeting will be finished tomorrow.

### Denies Crops Damaged Because of Ditch

WASHINGTON, Oct. 4.—(Special Telegram.)—Charges made by residents near Kearney, Neb., that their lands and crops had been impounded by seepage from water impounded by the Pathfinder dam were denied today by Acting Director Davis of the reclamation service. Many complaints have come to the department from farmers near Kearney that sub-irrigation from the ditch had injured their products and W. W. Barney of Kearney recently set forth in a letter the conditions he claimed caused the trouble.

Acting Director Davis declared today that the charges were unfounded and that on the contrary conditions had been much improved by the ditch.

"As a matter of fact," said Mr. Davis, "it has made conditions better for the upper part of the valley by the excess water turned down during the late summer that had been stored during the winter and spring."

### DISASTROUS PRAIRIE FIRE RAGING NEAR VERMILION

VERMILION, S. D., Oct. 4.—A disastrous prairie fire is raging tonight four miles west of Vermilion. The blaze is thought to have started from sparks from a Milwaukee railway engine.

Already more than fifty stacks of hay or 500 tons have been destroyed and the flames are still spreading across the bottom lands. The heavy losses will be C. E. Prentiss of Vermilion and C. C. Singledreker, living six miles west of the city. The loss thus far totals \$2,000.

### HOME LAUNDRY methods—the wash board—the old fashioned wringer—main strength and awkwardness—are rougher and less efficient than the process we use.

Our laundry is equipped to do all of your washing, and many of the thrifty housewives of this city send us all their work because they have tried us to their complete satisfaction. They have figured out that it doesn't pay to give up one-sixth of the week to a disagreeable task that we can do cheaper and much better than they can.

Counting up everything—including tired backs and steamy, unpleasant, ill smelling homes, the advantage is all with the new way.
